## **LOCAL MEASURES**

**Measure 21-177 – Lincoln County – Proposed by Initiative Petition** – Prohibits aerial pesticide spraying and creates rights of local citizens.

**QUESTION:**

Should voters enact ordinance prohibiting corporations from aerial spraying of pesticides and create rights to natural communities and ecosystems?

**SUMMARY:**

Enactment of measure establishes local rights: Right to be Free from Toxic Trespass; Right to Clean Air, Water and Soil; Right to Rural Preservation; Right of Local Community Self-Government. Rights established are self-executing. Measure also provides that governmental systems destructive to the rights of the community are not legitimate, lawful or constitutional.

Measure makes it unlawful for any "corporation" to "engage in aerial spraying of pesticides" as defined within measure, or to otherwise violate any enumerated rights. Measure invalidates any permits issued by state or federal entity that violate any enumerated rights. Measure provides that state and federal laws apply only to extent they are not in violation of ordinance.

Measure authorizes direct action by person if county or courts fail to enforce law. Corporations that violate ordinance are not "persons" and are prohibited from asserting state or federal law preemption. Measure establishes strict liability for damages to residents and ecosystems caused by aerial spraying.

Measure repeals inconsistent provisions of County Code and pre-empts state and federal law inconsistent with rights or prohibitions of measure.

---

**Measure 21-178 – Coronado Shores Special Road District** – Dissolution of the Coronado Shores Special Road District.

**QUESTION:**

Shall the Coronado Shores Special Road District be dissolved?

**SUMMARY:**

Approval of this measure would dissolve the Coronado Shores Special Road District (the "District"). The District does not have taxing authority; historically the District has received revenue from a home owners association (the "Association"). In August of 2015, the District Commissioners took action to begin dissolution of the District. The District Commissioners turned over its funds to the Association, and directed it not to give the District any more funding in the future. In addition, the Commissioners placed future responsibility for all maintenance and repairs with the Association. In August of 2015, all of the District Commissioners resigned; no one has since been appointed to fill the vacancies. The District has not been functioning since the summer of 2015.

Dissolution of the District would eliminate the District. The Plan of Dissolution and Liquidation, which is available for examination at the Office of the County Clerk, recognizes that the District no longer has any assets or liabilities. If dissolution is approved, there will be no need to transfer any assets or pay off any debt.

**Measure 21-179 – Proposed Greater Toledo Pool Recreation District – Formation of Greater Toledo Pool Recreation District/Establishment of Levy.**

**QUESTION:**

Shall Voters form Greater Toledo Pool Recreation District, adopt permanent rate levy of \$0.77 per \$1,000 beginning FY2017-18?

**SUMMARY:**

At the request of residents of the greater Toledo area, Lincoln County initiated formation of the Greater Toledo Pool Recreation District and adoption of a permanent District tax rate levy, both subject to voter approval in a single vote. The intent of this measure is to create the District to maintain, improve and operate the Toledo swimming pool and related facilities. The District formation was approved by the Toledo City Council. The District boundaries include the Toledo City limits and generally the existing boundaries of the Toledo Rural Fire Protection District. A map of the proposed boundaries is included with this measure.

Approval of this measure authorizes formation of the Greater Toledo Pool Recreation District and adopts a permanent District rate levy of \$0.77 (77 cents) per \$1,000 of assessed value beginning Fiscal Year (FY) 2017-18. A "yes" vote forms the District and establishes the District tax rate levy. A "no" vote will reject both the District formation and the establishment of the tax rate levy.

---

**Measure 21-180 – Proposed Southwest Lincoln County Water People's Utility District – Formation of the Southwest Lincoln County Water People's Utility District.**

**QUESTION:**

Should the Southwest Lincoln County Water People's Utility District be formed?

**SUMMARY:**

At the request of petitioners, this measure would create a People's Utility District (PUD) to provide domestic water service in the area currently served by the Southwest Lincoln County Water District. The PUD is intended to replace the Southwest Lincoln County Water District as the water service provider. The boundaries of the proposed PUD will be the same as the existing boundaries of the Southwest Lincoln County Water District.

The PUD would be governed by a five member Board of Directors elected from the PUD. The PUD would have power to provide water services and set water rates. The PUD does not propose to provide electricity services. Formation does not include a tax levy.

For the area that is within both the City of Waldport and the proposed PUD boundaries (the overlap area), a majority of electors in the overlap area must approve formation of the PUD for the overlap area to be included within the PUD.

---

**Measure 21-181 – North Lincoln Fire & Rescue Rural Fire Protection District – Local Option Levy Measure**

**QUESTION:**

Shall District impose a tax of \$.84 per \$1,000 of assessed value for five years for general operations beginning 2017-18?

This measure may cause property taxes to increase more than three percent.

**SUMMARY:**

If this local option levy is approved by the voters, North Lincoln Fire and Rescue District #1 will use the tax revenue from this measure to do the following:

- Hire twelve paid firefighters and one Paramedic Fire Officer. Currently, the District relies on Volunteers rather than paid firefighters. The District has seen a trend of increasing call volume and decreasing Volunteer response. These tax revenues would allow the District to maintain sufficient staff to ensure that three paid firefighters are on duty and available to respond to calls 24 hours a day, seven days a week, and hire one Paramedic Fire Officer to oversee emergency medical programs and training.
- Continue current Volunteer programs. These tax revenues would allow the District to continue to maintain and strengthen Volunteer response.
- Repair and maintenance of District facilities, equipment, and general operations of the District.

The proposed rate will raise approximately \$1,629,894 in fiscal year 2017-2018, \$1,662,492 in 2018-2019, \$1,695,742 in 2019-2020, \$1,729,657 in 2020-2021, and \$1,764,250 in 2021-2022, for a total of approximately \$8,482,035.
