

With MyChartCentral and Lucy, managing all of your health information is now easier than ever!

With **MyChartCentral** you can access all of your MyChart accounts, including those from your Madison-area healthcare organizations and other organizations nationwide, from one place using a single username and password.

MyChartCentral also provides you access to Lucy. **Lucy** is a personal health record that gives you a permanent home to organize all your medical information. You can request an updated copy of your medical record at any time and store it in Lucy. You can also add personal information about your health and choose to share it among all organizations where you receive care.

## Benefits

With MyChartCentral and Lucy you can:

- Access all of your MyChart accounts and Lucy with a single username and password.
- Share your health information from one organization with another.
- Add personal notes about your health information and choose to share them with your healthcare organizations.
- Store the most recent copy of your medical record from any linked organization.
- Save your health record to a thumb drive and take it with you wherever you go.

## Safe and Secure

Like your MyChart accounts, MyChartCentral and Lucy are password-protected and delivered via an encrypted connection to keep your health information safe from unauthorized users.
