This measure will ensure the continuation of emergency service delivery and community services provided by the District. The purpose of this levy funds staffing, ensuring emergency responses. Should this measure fail, the District will be forced to remove nearly 50% of the staffing resulting in a reduction of services such as EMS responses, fire prevention programs, and non-emergent service calls. The quality of service will be affected due to a loss of personnel and operational funding. The districts ISO rating will be affected negatively due to the inability to maintain operational/staffing costs. This will result in an increase in insurance premiums as the ISO rating falls from the current rating of 4 out of 10. The five-year levy increased at \$0.60/\$1000 would raise approximately \$299,173.80 in revenue for 2025-26, \$308,149.01 in revenue for 2026-27, \$317,393.48 in revenue for 2027-28, \$326,915.29 in revenue for 2028-29, and \$336,722.75 in revenue for 2029-30.</p> <p><input type="radio"/> Yes</p> <p><input type="radio"/> No</p>	<p>21-234 A five-year levy for needed equipment and disaster preparedness</p> <p>Question: Shall East Lincoln Fire District seek a .39cent five-year levy beginning 2025-2026, for firefighting equipment and disaster preparedness? This measure may cause property taxes to increase more than 3 percent.</p> <p>Summary: East Lincoln County Fire District has had to recently separate from the City of Toledo. Circumstances beyond our control made this a requirement. We now are responsible for equipping the volunteer firefighters. This is a start-up process and we have many needs to protect the 50 square mile district, in the many areas of service provision. As this is a new process for us, we need to acquire all the equipment that was previously provided by the city. This levy would protect the firefighters with the proper safety protective equipment, but also provide them with the proper tools to mitigate emergencies. We are a district that utilizes volunteers, which keeps the cost-of-service provision to a minimum. It is vital to provide the volunteer responders with the proper Personal Protective Equipment and tools. This levy would allow for the pro-active and timely provision of the needed equipment. The levy will also allow for development of small caches of disaster supplies for major emergencies. The financial impact of the five-year, .39 cent per thousand is as follows. (Fiscal year 25-26) \$97,500 (FY26-27) \$100,425 (FY 27-28) \$103,437 (FY 28-29) \$106,540 (FY 29-30) \$109,736.</p> <p><input type="radio"/> Yes</p> <p><input type="radio"/> No</p>
