COLD CASE HOMICIDE – KELLY DISNEY MEDIA RELEASE

WE NEED YOUR HELP!

17-year-old Kelly Disney was last seen in the early morning hours on **March 9, 1984**, walking eastbound on Highway 20 near U.S. 101 in Newport, Oregon. Kelly was observed on Highway 20 by several witnesses before disappearing and never being seen alive again.

In July 1994, Kelly's skull was found in an abandoned vehicle near Big Creek Reservoir outside of Newport, Oregon. It appeared her skull had recently been placed at that location and her death was ruled a homicide. Kelly's disappearance and homicide remain unsolved.

The Lincoln County District Attorney's Cold Case Team is seeking information from the community in an effort to solve the 40-year-old disappearance and homicide of Kelly Disney. We believe there are individuals in our community who may have information that could assist in this investigation. If you knew Kelly or heard about her disappearance, we want to hear from you. Whether you experienced something firsthand or heard information thirdhand, that information is valuable. **No matter how insignificant you feel the information might be, we still want to hear from you.**

It is never too late to come forward and share information. If you do not want to reveal the circumstances in which you obtained the information, you can report information anonymously.
