Public Access Closures at Lincoln County

(3.17.20 – Lincoln County, OR)

Oregonians are working together to stop the spread of the COVID-19 virus across our State and Country through implementing new actions to institute social distancing guidelines. Lincoln County is taking steps to keep our citizens and employees safe and healthy while keeping county services available. **Beginning March 18, 2020 at noon**, Lincoln County will be closing to public access all county offices and facilities except for the Lincoln Community Health Centers and Behavioral Health. More information on those facilities and services can be found [here](#).

During this time, County employees will be available to assist you through alternative methods of communication, including online, email, phone and by appointment for services that cannot be done remotely. We will communicate through local media and on the county website ([www.co.lincoln.or.us](http://www.co.lincoln.or.us)) as this situation develops to provide clear and concise information about the County response. You can find individual office contacts below or by contacting us at 541-265-6611 for a county directory or emailing us through [Contact Us](#).

We will be posting this notice on all locations that are subject to this temporary suspension of public access. Additional important information is provided below:

State Courts’ schedules and directives are set by the Presiding Judge and can be found on the state court website [Lincoln County Circuit Court](#).
