What is the purpose of a face covering?
Face coverings block the spread of larger respiratory droplets, reducing the potential spread of COVID-19.

When should I wear a face covering?
Anytime you are not able to maintain 6 feet of distance between you and someone that does not live with you. All food service employees, regardless of job task, are required to wear face coverings at all times while in the establishment.

What is a face covering?
Cloth face coverings can be made from household items like wearing a scarf or bandanna that covers the nose and mouth. Here is a tutorial to make your own: https://bit.ly/36Ddx8w

Is there anyone that should not wear a face covering?
Cloth face coverings should not be placed on children under 2, anyone who has trouble breathing, or anyone that cannot remove the face covering on their own.

Do I need to socially distance if I am wearing a face covering?
Face coverings are one part of preventing the spread of COVID-19. Frequent hand washing, cleaning surfaces, and social distancing are also needed.

Do I need to wear a face covering in my car?
If you are alone in your car you don't need to wear a face covering. Some people may choose to keep theirs on if they are making stops that have them getting in and out of their car or interacting with others.
