SHERIFF'S PREFACE
Law enforcement policy manuals involve content that is developed from state and federal laws and court opinions that can change over time. This policy manual cannot predict every aspect or potential situation that might be encountered by members of this Office. This manual establishes a framework of rules and guidelines involving expected performance for all members.

Our policies and procedures define who we are and reflect our values as an agency. Many of these policies are well-founded on state and federal laws and others are formulated from experiences and successes.

Your safety and security depends upon your awareness and compliance with these policies, rules, and procedures. The policies are designed to provide you with guidance in fulfilling your responsibilities on a daily basis. The rules and procedures are designed to provide consistency in how all of us perform specific responsibilities.

If you have questions about or additional input into our policies, you are encouraged to discuss your ideas with your supervisor. While the Sheriff is responsible for approving the policies, anyone can offer suggestions for change. Successful policies require participation from everyone. I am very proud of our Sheriff's Office and the members who contribute daily to making our agency successful in keeping our citizens and visitors safe through excellent customer service and professionalism.

Sheriff Curtis L. Landers
CRIMINAL JUSTICE CODE OF ETHICS
As a criminal justice officer, my fundamental duty is to serve humankind; to safeguard lives and property; to protect all persons against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all people to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. Without compromise and with relentlessness, I will uphold the laws affecting the duties of my profession courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence, and never accepting gratuities.

I recognize my position as a symbol of public faith, and I accept it, as a public trust to be held so long as I am true to the ethics of The Criminal Justice System. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession.
MISSION STATEMENT
Our mission is to enhance public safety, reduce the fear and impact of crime, and improve quality of life.

Chapter 1 - Law Enforcement Role and Authority
Law Enforcement Authority

100.1 PURPOSE AND SCOPE
The purpose of this policy is to affirm the authority of the members of the Lincoln County Sheriff's Office to perform their functions based on established legal authority.

100.2 PEACE OFFICER POWERS

Certified members of this Sheriff's Office are peace officers pursuant to ORS 161.015. Peace officer authority extends to any place in the State of Oregon.

100.2.1 AUTHORITY TO ARREST
Pursuant to ORS 133.235:

(a) A peace officer may arrest a person for a crime at any hour of any day or night.

(b) A peace officer may arrest a person for a crime, pursuant to ORS 133.310(1), whether or not such crime was committed within the geographical area of such peace officer's employment, and the peace officer may make such arrest within the state, regardless of the situs of the offense.

(c) The peace officer shall inform the person to be arrested of the peace officer's authority and reason for the arrest, and, if the arrest is under a warrant, shall show the warrant, unless the peace officer encounters physical resistance, flight or other factors rendering this procedure impracticable, in which case the arresting peace officer shall inform the arrested person and show the warrant, if any, as soon as practicable.

(d) In order to make an arrest, a peace officer may use physical force as justifiable under ORS 161.235, ORS 161.239 and ORS 161.245.

(e) In order to make an arrest, a peace officer may enter premises in which the peace officer has probable cause to believe the person to be arrested to be present.

(f) If after giving notice of the peace officer's identity, authority and purpose, the peace officer is not admitted, the peace officer may enter the premises, and by a breaking, if necessary.

(g) A person may not be arrested for a violation except as provided by ORS 153.039 and ORS 810.410.

100.3 CONSTITUTIONAL REQUIREMENTS
All members shall observe and comply with every person's clearly established rights under the United States and Oregon Constitutions.
100.4 POLICY
It is the policy of the Lincoln County Sheriff's Office to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, deputies are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate abuse of law enforcement authority.

100.5 INTERSTATE PEACE OFFICER POWERS
Peace officer powers may be extended to other states:

(a) As applicable under interstate compacts, memorandums of understanding or mutual aid agreements in compliance with the laws of each state.

(b) When a deputy enters California, Idaho or Nevada in fresh pursuit of a person who the deputy has probable cause to believe has committed a felony (Penal Code § 852.2 (California); Idaho Code 19-701 (Idaho); NRS 171.158 (Nevada)).

(c) When a deputy enters Washington while in pursuit of a person the pursuing deputy has probable cause to believe has committed a felony; or violation related to driving while intoxicated, driving while under the influence of drugs or alcohol, driving while impaired or reckless driving (RCW 10.89.010).

Whenever a deputy makes an arrest in California, Idaho, Nevada or Washington, the deputy shall take the offender to a magistrate or judge in the county where the arrest occurred as soon as practicable (Penal Code § 852.3; Idaho Code 19-702; NRS 171.158; RCW 10.89.020).
Public Safety Certification

102.1 PURPOSE AND SCOPE
This policy outlines certain state certification and training requirements for Office members.

102.2 BASIC CERTIFICATION
The Department of Public Safety Standards and Training requires that all sworn law enforcement officers and dispatchers employed within the State of Oregon receive certification within 18 months of appointment. Corrections officers are required to receive certification within 12 months of appointment (OAR 259-008-0060).

102.3 SUPERVISORS AND MANAGERS
In addition to basic certification, supervisors and mid-level managers are required to complete the supervision course or middle management course, respectively, within 12 months of appointment unless a time extension is granted by DPSST (OAR 259-008-0025). Supervisors and managers should also seek the appropriate level of certification (OAR 259-008-0060).

102.4 MAINTENANCE OF CERTIFICATION
In order to maintain certification, all active law enforcement officers and dispatchers are required to meet on-going training requirements as specified in OAR 259-008-0064 or OAR 259-008-0065. Active police officers who hold Supervisory, Management or Executive certification must complete at least 24 hours of office-approved Leadership/Professional training every three years, as part of the on-going training required for all peace officers (OAR 259-008-0065).
Oath of Office

104.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that oaths, when appropriate, are administered to members.

104.2 OATH OF OFFICE
All members, when appropriate, shall take and subscribe to the oaths or affirmations applicable to their positions. The form of oath should be as follows:

"I, (state your name), do solemnly swear that I will support the Constitution of the United States, and the Constitution of the State of Oregon, and that I will faithfully perform the duties of (state your position) in and for the County of Lincoln and the State of Oregon, to the best of my ability."

104.3 POLICY
It is the policy of the Lincoln County Sheriff's Office that, when appropriate, department members affirm the oath of their office as an expression of commitment to the constitutional rights of those served by the Department and the dedication of its members to their duties.
Flag and National Anthem Protocol

105.1 PURPOSE AND SCOPE
This policy establishes standards for the demonstration of proper respect for the National Flag and Anthem.

105.1.1 POLICY
Sheriff's Office employees are highly visible representatives of government, and will show proper respect and protocol to our national and state flag.

105.2 PROCEDURES
Employees in uniform will render the military salute only when wearing a hat.

Normally, employees will remove their hat while indoors. For formal occasions, instructions will be given when a hat should be worn.

105.2.1 NATIONAL ANTHEM - STAR SPANGLED BANNER
Employees in uniform, while wearing a hat, should render the military salute at the first note of the anthem and retain that position until the last note. All persons not in uniform shall stand at attention facing the flag with the right hand over the heart. Members not in uniform should remove any headdress with their right hand and hold it at the left shoulder, with the hand over the heart.

When the flag is not displayed, those present should face toward the music and act in the same manner required as if the flag were displayed.

105.2.2 PLEDGE ALLEGIANCE TO THE FLAG
The Pledge of Allegiance should be recited while standing at attention, facing the flag. Members not in uniform should remove any headdress with their right hand and hold it at the left shoulder, with the hand over the heart. Persons in uniform shall remain silent while standing at attention, or render the military salute when wearing a hat.

105.2.3 CONDUCT DURING HOISTING, LOWERING OR PASSING OF THE FLAG
Those employees present in uniform and wearing a hat should render the military salute. All other persons present should face the flag and stand at attention. Members not in uniform should remove any headdress and hold it at the left shoulder, with the right hand over the heart.

105.2.4 RESPECT FOR THE FLAG
(a) The national flag shall not be dipped to any person or thing. Regimental colors, state flags, and organization or institutional flags are to be dipped as a mark of honor.

(b) Flags shall never be fastened, displayed used or stored in such a manner as to permit them to be easily torn, soiled, or damaged.

(c) The lapel flag pin is a replica of the flag and shall be worn on the left lapel near the heart. Lapel flag pins are not authorized to be worn while in uniform.
Flag and National Anthem Protocol

105.2.5 TIME AND OCCASIONS

(a) Universally the flag is displayed only from sunrise to sunset on buildings and on stationary flagstaffs in the open. The flag may be displayed twenty-four hours a day if properly illuminated during the hours of darkness. It is not displayed during inclement weather, except when an all weather flag is displayed.

(b) The flag should be displayed daily on or near the main administration building of every public institution.

(c) On Memorial Day, the flag should be displayed at half-staff until noon only, then raised to the top of the staff.

105.2.6 POSITION AND MANNER OF DISPLAY

(a) No other flag or pennant should be placed above or, if on the same level, top the right of the flag of the United States of America.

(b) When displayed from a staff in a public auditorium, the flag of the United States of America should hold the position of superior prominence, in advance of the audience. Any other flag displayed should be placed on the left of the speaker, or to the right of the audience.

(c) The flag should be hoisted briskly and lowered ceremoniously.

(d) The flag, when flown at half-staff, should be first hoisted to the peak of the flag staff for an instant and then lowered to the half-staff position. The flag should be again raised to the peak before it is lowered for the day.

(e) The Governor of a state may proclaim the national flag be flown at half-staff in the event of the death of a present or former official of the government of any state, territory, or possession of the United States.

Concealed Handgun License

delivery, within 45 days after the application was made. If no decision is issued within 45 days, the person may seek review through the procedures set out in ORS 166.293(5).

A Sheriff may deny a concealed handgun license if the Sheriff has reasonable grounds to believe that the applicant has been or is reasonably likely to be a danger to self or others, or to the community at large, as a result of the applicant's mental or psychological state, as demonstrated by past pattern of behavior or participation in incidents involving unlawful violence or threats of unlawful violence (ORS 166.293).

218.5 ISSUED CONCEALED HANDGUN LICENSES
If the application for the license is approved, the Sheriff shall issue and mail or otherwise deliver to the applicant at the address shown on the application, within 45 days of the application, a wallet sized license bearing the photograph of the licensee. The license must be signed by the licensee and carried whenever the licensee carries a concealed handgun. Failure of a person who carries a concealed handgun also to carry a concealed handgun license is prima facie evidence that the person does not have such a license (ORS 166.292).

The Sheriff shall keep a record of all the licenses that are issued or renewed.

Unless revoked, an Oregon concealed handgun license is valid for a period of four years from the date on which it is issued.

218.5.1 LICENSE RESTRICTIONS
When a Sheriff issues a concealed handgun license, the Sheriff shall provide the licensee with a list of those places where carrying concealed handguns is prohibited or restricted by state or federal law (ORS 166.292).

218.5.2 CHANGE OF LICENSEE'S ADDRESS
If a licensee changes residence, the licensee shall report the change of address and the Sheriff shall issue a new license as a duplicate for a change of address. The license shall expire upon the same date as would the original (ORS 166.295).

218.5.3 REVOCATION OF LICENSES
Any act or condition that would prevent the issuance of a license under Oregon Revised Statutes 166.293 as set out above, is cause for revoking a concealed handgun license.

A Sheriff may revoke a license by serving upon the licensee a notice of revocation. The notice must contain the grounds for the revocation and must be served either personally or by certified mail, restricted delivery. The notice and return of service shall be included in the file of the licensee. The revocation is effective upon the licensee’s receipt of the notice.

Any peace officer or corrections officer may seize a concealed handgun license and return it to the issuing Sheriff when the license is held by a person who has been arrested or cited for a crime that can, or would otherwise disqualify the person from being issued a concealed handgun license.
Concealed Handgun License

The issuing Sheriff shall hold the license for 30 days. If, after 30 days, the person is not charged with a crime the Sheriff shall return the license unless it is revoked.

A person whose license is revoked may seek review by following the procedure set forth in Oregon Revised Statutes 166.293.

218.5.4 LICENSE RENEWAL
A concealed handgun license is renewable by repeating the application process, except for the requirement to submit fingerprints and provide character references. An otherwise expired concealed handgun license continues to be valid for up to 45 days after the licensee applies for renewal if: the licensee applies for renewal before the original license expires; the licensee has proof of the application for renewal; and the application for renewal has not been denied (ORS 166.295).

218.6 ANNUAL REPORT OF LICENSE REVOCATIONS
The Sheriff shall submit an annual report to the Department of State Police containing the number of concealed handgun licenses revoked during the reporting period and the reasons for the revocations (ORS 166.297).
Retiree Concealed Firearms

220.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the issuance, denial, suspension or revocation of Lincoln County Sheriff's Office identification cards under the Law Enforcement Officers Safety Act (LEOSA) (18 USC § 926C).

Oregon law authorizes honorably retired peace officers from Oregon or other states to carry a concealed weapon in Oregon. This provision does not authorize Oregon retired peace officers to carry concealed weapons in other states (ORS 166.260).

A State Standard Firearms Qualification Card issued annually is not required for honorably retired deputies to carry a concealed weapon in Oregon. The endorsement is, however, required for retired deputies who wish to carry concealed weapons in other states in accordance with this policy.

220.2 POLICY
It is the policy of the Lincoln County Sheriff's Office to provide identification cards to qualified retired deputies as provided in this policy.

220.3 LEOSA
The Sheriff may issue an identification card for LEOSA purposes to any qualified retired deputy of this office who (18 USC § 926C(c)):

(a) Separated from service in good standing from this office as a police certified deputy.
(b) Before such separation, had regular employment as a law enforcement officer for an aggregate of 10 years or more or, if employed as a law enforcement officer for less than 10 years, separated from service after completing any applicable probationary period due to a service-connected disability as determined by this office.
(c) Has not been disqualified for reasons related to mental health.
(d) Has not entered into an agreement with this office where the deputy acknowledges that he/she is not qualified to receive a firearm qualification certificate for reasons related to mental health.
(e) Is not prohibited by federal law from receiving or possessing a firearm.

220.3.1 IDENTIFICATION CARD FORMAT
The LEOSA identification card should contain a photograph of the former deputy and identify him/her as having been employed as a deputy with this office, including the date of retirement.

220.3.2 AUTHORIZATION
Any qualified former law enforcement officer, including a former deputy of this office, may carry a concealed firearm under 18 USC § 926C when:
Retiree Concealed Firearms

(a) In possession of photographic identification that identifies him/her as having been employed as a law enforcement officer, and one of the following:

1. An indication from the person’s former law enforcement agency that he/she has, within the past year, been tested or otherwise found by the law enforcement agency to meet agency-established active duty standards for qualification in firearms training to carry a firearm of the same type as the concealed firearm.

2. A certification, issued by either the state in which the person resides or by a certified firearms instructor who is qualified to conduct a firearms qualification test for active duty law enforcement officers within that state, indicating that the person has, within the past year, been tested or otherwise found to meet the standards established by the state or, if not applicable, the standards of any agency in that state.

(b) Not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.

(c) Not prohibited by federal law from receiving a firearm.

(d) Not in a location prohibited by Oregon law or by a private person or entity on his/her property if such prohibition is permitted by Oregon law.

220.4 FORMER DEPUTY RESPONSIBILITIES
A former deputy with a card issued under this policy shall immediately notify the Supervisor of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Employee Convictions Policy.

220.5 DENIAL, SUSPENSION OR REVOCATION
A LEOSA identification card may be denied or revoked upon a showing of good cause as determined by the Office. In the event that an identification card is denied, suspended or revoked, the former deputy may request a review by the Sheriff. The decision of the Sheriff is final.

220.6 PROCEDURE
(a) Members who retire or are retired from the Sheriff’s Office in good standing and desire to carry concealed firearms in accordance with HR 218 shall comply with the following:

1. During the most recent 12 month period, the retiree has met, at their own expense, the Oregon Department of Public Safety Standards and Training (DPSST) firearm qualification standards.

2. Retirees will schedule their range time with a Training Sergeant to occur at the convenience of the Sheriff's Office Rangemasters overseeing the qualification. Retirees may schedule this during regularly scheduled qualifications if space is available.

3. The Rangemaster will submit to the Training Sergeant the application of any retirees who successfully qualified with their firearm.
Retiree Concealed Firearms

(b) Retirees residing outside of Oregon or those who choose not to use the Sheriff's Office rangemasters will:

1. At their own expense, must meet the firearm qualifications standards for their state of residence counterpart to DPSST.

2. Retirees must submit their completed application and documentation of the qualification on official letterhead from the law enforcement agency overseeing the qualification.

220.7 DOCUMENTATION OF QUALIFIED RETIRED PERSONNEL
The Training Sergeant will maintain a file for each qualified retiree. The file will include the name of each retiree with a current address and the proof of qualification.

220.8 FIREARM QUALIFICATIONS
The Rangemaster may provide former deputies from this office an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.
Chapter 3 - General Operations
Use of Force

300.1 PURPOSE AND SCOPE
This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this office is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

300.1.1 DEFINITIONS
Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Force - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed or restrained.

300.2 POLICY
The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Deputies are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Deputies must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Sheriff's Office recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting deputies with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE
Any deputy present and observing another deputy using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. A deputy who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

300.3 USE OF FORCE
Deputies shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the deputy at the time of the event to accomplish a legitimate law enforcement purpose. The use of force shall be limited to the degree and duration which the deputy reasonably believes necessary to accomplish the objective.

The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that
Use of Force

deputies are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation a deputy might encounter, deputies are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which deputies reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Sheriff's Office. Deputies may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires a deputy to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST
A deputy is justified in using force upon another person only when and to the extent that the deputy reasonably believes it necessary (ORS 161.235):

(a) To make an arrest or to prevent the escape from custody of an arrested person unless the deputy knows that the arrest is unlawful; or

(b) For self-defense or to defend a third person from what the deputy reasonably believes to be the use or imminent use of force while making or attempting to make an arrest or while preventing or attempting to prevent an escape.

300.3.2 DEADLY PHYSICAL FORCE PLAN
Lincoln County Deadly Physical Force Plan

300.3.3 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE
When determining whether to apply force and evaluating whether a deputy has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

(a) Immediacy and severity of the threat to deputies or others.

(b) The conduct of the individual being confronted, as reasonably perceived by the deputy at the time.

(c) Deputy/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of deputies available vs. subjects).

(d) The effects of drugs or alcohol.
Use of Force

(e) Subject’s mental state or capacity.
(f) Proximity of weapons or dangerous improvised devices.
(g) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
(h) The availability of other options and their possible effectiveness.
(i) Seriousness of the suspected offense or reason for contact with the individual.
(j) Training and experience of the deputy.
(k) Potential for injury to deputies, suspects and others.
(l) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the deputy.
(m) The risk and reasonably foreseeable consequences of escape.
(n) The apparent need for immediate control of the subject or a prompt resolution of the situation.
(o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the deputy or others.
(p) Prior contacts with the subject or awareness of any propensity for violence.
(q) Any other exigent circumstances.

300.3.4 PAIN COMPLIANCE TECHNIQUES
Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Deputies may only apply those pain compliance techniques for which they have successfully completed Sheriff's Office-approved training. Deputies utilizing any pain compliance technique should consider:

(a) The degree to which the application of the technique may be controlled given the level of resistance.
(b) Whether the person can comply with the direction or orders of the deputy.
(c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the deputy determines that compliance has been achieved.

300.3.5 CAROTID CONTROL HOLD
The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is subject to the following:
(a) The deputy shall have successfully completed department-approved training in the use and application of the carotid control hold.

(b) The carotid control hold may only be used when circumstances perceived by the deputy at the time indicate that such application reasonably appears necessary to control a person in any of the following circumstances:
   1. The subject is violent or physically resisting.
   2. The subject, by words or actions, has demonstrated an intention to be violent and reasonably appears to have the potential to harm deputies, him/herself or others.

(c) The application of a carotid control hold on the following individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective, or would present a greater danger to the deputy, the subject or others, and the deputy reasonably believes that the need to control the individual outweighs the risk of applying a carotid control hold:
   1. Females who are known to be pregnant
   2. Elderly individuals
   3. Obvious juveniles
   4. Individuals who appear to have Down syndrome or who appear to have obvious neck deformities or malformations, or visible neck injuries

(d) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until examined by paramedics or other appropriate medical personnel.

(e) The deputy shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the subject lost consciousness as a result.

(f) Any deputy attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.

(g) The use or attempted use of the carotid control hold shall be thoroughly documented by the deputy in any related reports.

300.3.6 USE OF FORCE TO SEIZE EVIDENCE
In general, deputies may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, deputies are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, deputies should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be
restricted. Deputies are encouraged to use techniques and methods taught by the Lincoln County Sheriff's Office for this specific purpose.

300.4 DEADLY FORCE APPLICATIONS
Use of deadly force is justified in the following circumstances:

(a) A deputy may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.

(b) A deputy may use deadly force to stop a fleeing subject when the deputy has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the deputy reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the subject is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if a deputy reasonably believes any of the following:

1. The person has a weapon or is attempting to access one and it is reasonable to believe the person intends to use it against the deputy or another.

2. The person is capable of causing serious bodily injury or death without a weapon and it is reasonable to believe the person intends to do so.

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES
Shots fired at or from a moving vehicle are rarely effective. Deputies should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. A deputy should only discharge a firearm at a moving vehicle or its occupants when the deputy reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the deputy or others.

Deputies should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE
Any use of force by a member of this office shall be documented promptly, completely and accurately in an appropriate report depending on the nature of the incident. The deputy should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Sheriff’s Office may require the completion of additional report forms, as specified in policy, procedure or law.
Use of Force

300.5.1 NOTIFICATION TO SUPERVISORS
Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

(a) The application caused a visible injury.
(b) The application would lead a reasonable deputy to conclude that the individual may have experienced more than momentary discomfort.
(c) The individual subjected to the force complained of injury or continuing pain.
(d) The individual indicates intent to pursue litigation.
(e) Any application of the CED or control device.
(f) Any application of a restraint device other than handcuffs, shackles or belly chains.
(g) The individual subjected to the force was rendered unconscious.
(h) An individual was struck or kicked.
(i) An individual alleges any of the above has occurred.

300.5.2 ANNUAL REVIEW
During February of each year, the Division Commander or his/her designee shall provide to the Sheriff an annual review of all use of force incidents for the previous calendar year. The report will focus on the effectiveness and trends in the use of force that might suggest training or equipment needs, or policy modification. Specific detail including items such as deputy names, case numbers, location of occurrence are not needed for this purpose and therefore will not be part of the process.

300.6 MEDICAL CONSIDERATION
Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the deputy's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another deputy and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling deputy shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the deputy reasonably
believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple deputies to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Deputies who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY

When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

(a) Obtain the basic facts from the involved deputies. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

(b) Ensure that any injured parties are examined and treated.

(c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her Miranda rights, the following shall apply:
   1. The content of the interview should not be summarized or included in any related criminal charges.
   2. The fact that a recorded interview was conducted should be documented in a property or other report.
   3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.

(d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.

(e) Identify any witnesses not already included in related reports.

(f) Review and approve all related reports.

(g) Determine if there is any indication that the subject may pursue civil litigation.
   1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
Use of Force

(h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 DIVISION COMMANDER RESPONSIBILITY
The Division Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING
Deputies will receive periodic training on this policy and demonstrate their knowledge and understanding.

300.9 USE OF FORCE ANALYSIS
At least annually, the Patrol Division Commander should prepare an analysis report on use of force incidents. The report should be submitted to the Sheriff. The report should not contain the names of deputies, suspects or case numbers, and should include:

(a) The identification of any trends in the use of force by members.
(b) Training needs recommendations.
(c) Equipment needs recommendations.
(d) Policy revision recommendations.
Use of Force Review Boards

302.1 PURPOSE AND SCOPE
This policy establishes a process for the Lincoln County Sheriff's Office to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

302.2 POLICY
The Lincoln County Sheriff's Office will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REMOVAL FROM LINE DUTY ASSIGNMENT
Generally, whenever an employee's actions or use of force in an official capacity, or while using Sheriff's Office equipment, results in death or very serious injury to another, that employee will be placed in a temporary assignment pending an administrative review. The Sheriff may exercise discretion and choose not to place an employee in a temporary assignment in any case.

302.4 REVIEW BOARD
The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training, to euthanize a non-domesticated animal (deer, elk, etc), or recreational use.

The Sheriff may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Administrative Lieutenant will convene the Use of Force Review Board as necessary. It will be the responsibility of the Division Commander or supervisor of the involved employee to notify the Administrative Lieutenant of any incidents requiring board review. The involved employee's Division Commander or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

302.4.1 COMPOSITION OF THE BOARD
The Administrative Lieutenant should select five Use of Force Review Board members from the following, as appropriate:

• Representation from a non-involved division
• Division Commander from the involved employee's division
• Administrative Lieutenant or Training Sergeant
Use of Force Review Boards

- Non-administrative supervisor
- A peer deputy
- A certified peace officer from an outside law enforcement agency
- Sheriff's Office instructor for the type of weapon, device or technique used

The senior ranking command representative who is not in the same division as the involved employee will serve as chairperson.

302.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Sheriff will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the deputy at the time of the incident, applying any legal requirements, policies, procedures and approved training to those facts. Facts later discovered but unknown to the deputy at the time shall neither justify nor call into question a deputy's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

(a) The employee's actions were within policy and procedure.

(b) The employee's actions were in violation of policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Sheriff.

The Sheriff shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Sheriff's final findings will be forwarded
Use of Force Review Boards

to the involved employee’s Division Commander for review and appropriate action. If the Sheriff concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Sheriff.
Handcuffing and Restraints

306.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY
The Lincoln County Sheriff's Office authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and office training. Restraint devices shall not be used to punish, to display authority or as a show of force.

306.3 USE OF RESTRAINTS
Only members who have successfully completed Lincoln County Sheriff's Office-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, deputies should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES
Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of deputies and others. When deciding whether to remove restraints from a detainee, deputies should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS
Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the deputy has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.
Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, deputies, or others.

306.3.3 RESTRAINT OF JUVENILES
A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the deputy has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the deputy or damage property.

306.3.4 NOTIFICATIONS
Whenever a deputy transports a person with the use of restraints other than handcuffs, the deputy shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the deputy reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS
Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person’s hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Office. Deputies should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, deputies should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person’s back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person’s size, deputies should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

306.5 APPLICATION OF SPIT HOODS
Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the deputy reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Deputies utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally.
Deputies should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Deputies should avoid commingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES
Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only office-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES
Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Office shall be used.

In determining whether to use the leg restraint, deputies should consider:

(a) Whether the deputy or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.

(b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting deputy while handcuffed, kicking at objects or deputies).

(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS
When applying leg restraints, the following guidelines should be followed:

(a) If practicable, deputies should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
Handcuffing and Restraints

(b) Once applied, absent a medical or other emergency, restraints should remain in place until the deputy arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.

(c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person’s ability to breathe.

(d) The restrained person should be continually monitored by a deputy while in the leg restraint. The deputy should ensure that the person does not roll onto and remain on his/her stomach.

(e) The deputy should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

(f) When transported by emergency medical services, the restrained person should be accompanied by a deputy when requested by medical personnel. The transporting deputy should describe to medical personnel any unusual behaviors or other circumstances the deputy reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 REQUIRED DOCUMENTATION
If a person is restrained and released without an arrest, the deputy shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Deputies should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

(a) The factors that led to the decision to use restraints.

(b) Supervisor notification and approval of restraint use.

(c) The types of restraint used.

(d) The amount of time the person was restrained.

(e) How the person was transported and the position of the person during transport.

(f) Observations of the person’s behavior and any signs of physiological problems.

(g) Any known or suspected drug use or other medical problems.

306.9 PRISONER TRANSPORTS
Deputies will take reasonable steps to confirm identity of prisoners being transported. In the absence of photo identification, deputies will attempt to identify the prisoner using other documents, identification, or methods.
Handcuffing and Restraints

306.9.1 ESCAPES
In the event of a prisoner escape, the deputy will immediately notify dispatch and a supervisor. Name, description, and last location of the escapee will be disseminated to other agencies and the public as appropriate.

306.9.2 SICK, INJURED, AND/OR DISABLED
Prisoners whose illness or injury can be treated with first aid may be transported directly to the Jail. Prisoners with minor illnesses or injury requiring hospital treatment may be transported to the hospital in a patrol unit. A supervisor should be advised as soon as practicable.

Prisoners who are unconscious or who have serious illness or injury will be provided medical care by the most efficient means possible.

Deputies transporting physically or mentally disabled prisoners will make reasonable effort, without compromising safety and security, to provide any special arrangement necessary for the transport.

If it is necessary to transport medicine, wheelchairs, crutches, or other medical items, they will be transported with, but not in the possession of the prisoner. If the Deputy is transporting such a device (in which weapons or contraband could be hidden) the Deputy will inspect the device prior to transport. Prosthetic devices will be searched and may be retained by the prisoner at the discretion of the transporting Deputy.

306.10 TRAINING
Subject to available resources, the Training Sergeant should ensure that deputies receive periodic training on the proper use of handcuffs and other restraints, including:

(a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Office.

(b) Response to complaints of pain by restrained persons.

(c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.

(d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.
Control Devices and Techniques

308.1 PURPOSE AND SCOPE
This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

308.2 POLICY
In order to control subjects who are violent or who demonstrate the intent to be violent, the Lincoln County Sheriff's Office authorizes deputies to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

308.3 ISSUING, CARRYING AND USING CONTROL DEVICES
Control devices described in this policy may be carried and used by members of this Sheriff's Office only if the device has been issued by the Office or approved by the Sheriff or the authorized designee.

Only deputies who have successfully completed Sheriff's Office approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, deputies should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

308.4 RESPONSIBILITIES

308.4.1 SUPERVISOR RESPONSIBILITIES
The Supervisor may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

308.4.2 RANGEMASTER RESPONSIBILITIES
A member designated by the division commander or designee shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the designated member or the designated instructor for a particular control device. The inspection shall be documented.

308.4.3 USER RESPONSIBILITIES
All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.
Control Devices and Techniques

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the designated person for disposition.

308.5 BATON GUIDELINES
The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.6 TEAR GAS GUIDELINES
Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Supervisor, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

308.7 OLEORESIN CAPSICUM (OC) GUIDELINES
As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

308.7.1 OC SPRAY
Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

308.7.2 PEPPER PROJECTILE SYSTEMS
Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.
Deputies encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

308.7.3   TREATMENT FOR OC SPRAY EXPOSURE
Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.8   POST-APPLICATION NOTICE
Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, deputies should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner’s expense. Information regarding the method of notice and the individuals notified should be included in related reports.

308.9   KINETIC ENERGY PROJECTILE GUIDELINES
This office is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

308.9.1   DEPLOYMENT AND USE
Only approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Deputies are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved deputy determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and deputies takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

(a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.

(b) The suspect has made credible threats to harm him/herself or others.
Control Devices and Techniques

(c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or deputies.

(d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

308.9.2 DEPLOYMENT CONSIDERATIONS
Before discharging projectiles, the deputy should consider such factors as:

(a) Distance and angle to target.

(b) Type of munitions employed.

(c) Type and thickness of subject’s clothing.

(d) The subject’s proximity to others.

(e) The location of the subject.

(f) Whether the subject’s actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other deputies and individuals that the device is being deployed.

Deputies should keep in mind the manufacturer’s recommendations and their training regarding effective distances and target areas. However, deputies are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

308.9.3 SAFETY PROCEDURES
Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Deputies will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not in use, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the deputy shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.
Absent compelling circumstances, deputies who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second deputy watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

308.10 TRAINING FOR CONTROL DEVICES
The Training Sergeant shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary and at least biennially.

(a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.

(b) All training and proficiency for control devices will be documented in the deputy’s training file.

(c) Deputies who fail to demonstrate proficiency with the control device or knowledge of this agency’s Use of Force Policy will be provided remedial training. If a deputy cannot demonstrate proficiency with a control device or knowledge of this agency’s Use of Force Policy after remedial training, the deputy will be restricted from carrying the control device and may be subject to discipline.

308.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES
Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.
Conducted Energy Device

309.1 PURPOSE AND SCOPE
This policy provides guidelines for the issuance and use of the Conducted Energy Device (CED).

309.2 POLICY
The CED is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to deputies and suspects.

309.2.1 APPROVED CEDS
The CED is non-lethal technology that produces an electrical shock by means of deploying battery powered electrical energy sufficient to cause uncontrolled muscle contractions and override an individual's voluntary motor response to disorient, temporarily immobilize, and stun a person without causing permanent injuries. CEDs which may be utilized include: The Remote Electronically Activated Control Technology (R-E-A-C-T) Band-It System, the Ultron II, the Ultron II with the Stun-Shot, the Electronic "Ice" Shield, the Thomas A. Smith Electronic Rifle (TASER) M26, X26, X2, X3, 7, or XREP Cartridge and the Phazzer Enforcer.

309.3 ISSUANCE AND CARRYING CEDS
Only members who have successfully completed Sheriff's Office-approved training may be issued and carry the CED.

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the inventory.

Deputies shall only use the CED and cartridges that have been issued by the Sheriff's Office. Uniformed deputies who have been issued the CED shall wear the device in an approved holster on their person. Non-uniformed deputies may secure the CED in the driver's compartment of their vehicle.

When carried while in uniform, deputies shall carry the CED on the side opposite the duty weapon.

(a) All CEDs shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.

(b) Whenever practicable, deputies should carry two or more cartridges on their person when carrying the CED.

(c) Deputies shall be responsible for ensuring that their issued CED is properly maintained and in good working order.

(d) Deputies should not hold both a firearm and the CED at the same time.
309.4 VERBAL AND VISUAL WARNINGS
A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply.

(b) Provide other deputies and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with a deputy’s lawful orders and it appears both reasonable and feasible under the circumstances, the deputy may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the CED. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the deputy deploying the CED in the related report.

309.4.1 DEPLOYMENT OF A CED
The Electronic Restraint Notification Form shall be completed by the Correctional Deputy utilizing the equipment anytime the REACT Band-It is deployed for use.

Inmates should be asked to sign the Electronic Restraint Notification Form indicating they understand the purpose of the CED.

Should an inmate refuse to sign the form, "Refused to sign" should appear on the inmate's signature line along with signatures from two Deputies. Once the form is filled out and signed they will be placed in the inmate's Jail Booking File (JB).

Whenever practical, the on-duty Corporal or their designee will be present during deployment of the CED in the Correctional Facility.

When practical, no less than two (2) Deputies will be present during deployment of the CED in the Correctional Facility.

Deployment of the CED during the course of a transport will be at the discretion of the Deputy involved in the use of force incident.

A CED should not be used in any environment where potentially flammable, volatile, or explosive materials (gasoline, natural gas, propane, flammable chemicals, Methamphetamine labs, etc.) are present.

309.5 USE OF THE CED
The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely approach the subject within the operational range of the device. Although the CED is generally effective in controlling most individuals, deputies should be aware that the device may not achieve the intended results and be prepared with other options.
Conducted Energy Device

309.5.1  APPLICATION OF THE CED DEVICE
The CED may be used in any of the following circumstances, when the circumstances perceived by the deputy at the time indicate that such application is reasonably necessary to control a person:

(a) The subject is violent or is physically resisting.
(b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm deputies, him/herself or others.

Mere flight from a pursuing deputy, without other known circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

309.5.2  SPECIAL DEPLOYMENT CONSIDERATIONS
The use of the CED on certain individuals should be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the deputy, the subject or others, and the deputy reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

(a) Individuals who are known to be pregnant.
(b) Elderly individuals or obvious juveniles.
(c) Individuals with obviously low body mass.
(d) Individuals who are handcuffed or otherwise restrained.
(e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
(f) Individuals whose position or activity may result in collateral injury (e.g., falls, operating vehicles, running).

Because the application of the CED in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance and could result in severe injury, the use of the drive-stun mode should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between deputies and the subject, thereby giving deputies time and distance to consider other force options or actions.

The CED shall not be used to psychologically torment, elicit statements or to punish any individual.

309.5.3  TARGETING CONSIDERATIONS
Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the deputy to limit the application of the CED probes to a precise target area, deputies should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.
Conducted Energy Device

309.5.4 MULTIPLE APPLICATIONS OF THE CED DEVICE
Deputies should apply the CED for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the CED against a single individual are generally not recommended and should be avoided unless the deputy reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the CED appears to be ineffective in gaining control of an individual, the deputy should consider certain factors before additional applications of the CED, including:

(a) Whether the probes are making proper contact.
(b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
(c) Whether verbal commands, other options or tactics may be more effective.

Deputies should generally not intentionally apply more than one CED at a time against a single subject.

309.5.5 ACTIONS FOLLOWING DEPLOYMENTS
Deputies shall notify a supervisor of all CED discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

309.5.6 DANGEROUS ANIMALS
The CED may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

309.5.7 TASER® CAM™
The CED CAM is activated any time the safety is in the off position. The safety should be in the safe position unless the deputy intends to use the device. Because the CED CAM memory is limited, the video and audio data should be downloaded frequently and retained as required by the records retention schedule.

309.5.8 OFF-DUTY CONSIDERATIONS
Deputies are not authorized to carry Sheriff's Office CEDs while off-duty.

Deputies shall ensure that CEDs are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.
Conducted Energy Device

309.6 DOCUMENTATION
Deputies shall document all CED discharges in the related arrest/crime report and the use of force report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the use of force report form.

309.6.1 USE OF FORCE FORM REPORTING
Items that shall be included in the use of force report are:

(a) Date, time and location of the incident.
(b) Whether any display, laser or arc deterred a subject and gained compliance.
(c) The number of CED activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
(d) The range at which the CED was used.
(e) The type of mode used (probe or drive-stun).
(f) Location of any probe impact.
(g) Location of contact in drive-stun mode.
(h) Description of where missed probes went.
(i) Whether medical care was provided to the subject.
(j) Whether the subject sustained any injuries.
(k) Whether any deputies sustained any injuries.

The Training Sergeant should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Training Sergeant should also conduct audits of data downloads and reconcile CED report forms with recorded activations. CED information and statistics, with identifying information removed, should periodically be made available to the public.

309.6.2 REPORTS
The deputy should include the following in the arrest/crime report:

(a) Identification of all personnel firing CEDs
(b) Identification of all witnesses
(c) Medical care provided to the subject
(d) Observations of the subject’s physical and physiological actions
(e) Any known or suspected drug use, intoxication or other medical problems
309.7 MEDICAL TREATMENT
Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove CED probes from a person’s body. Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

(a) The person is suspected of being under the influence of controlled substances and/or alcohol.
(b) The person may be pregnant.
(c) The person reasonably appears to be in need of medical attention.
(d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
(e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another deputy and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting deputy shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED.

309.7.1 MEDICAL TREATMENT (CORRECTIONS)
Inmates who complain of medical problems after use of a CED system will be provided a "Request for Medical Services" form.

The signed form will be delivered to the on-site medical staff during normal business hours.

In all other instances, the Corrections' shift supervisor will determine if the on-call physician should be contacted and/or if a deputy or ambulance should transport the person to the nearest medical facility.

Deputies shall exercise caution when an inmate is moved to a Non-certified medical facility, as this may be part of a planned escape.
309.8 SUPERVISOR RESPONSIBILITIES
When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was activated.

A supervisor should review each incident where a person has been exposed to an activation of the CED. The device’s onboard memory should be downloaded through the data port by a supervisor or Rangemaster and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

309.9 TRAINING
Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial Sheriff's Office-approved training. Any personnel who have not carried the CED as a part of their assignment for a period of one year or more shall be recertified by a Sheriff's Office-approved CED instructor prior to again carrying or using the device.

A reassessment of a deputy's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Sergeant. All training and proficiency for CEDs will be documented in the deputy's training file.

Command staff, supervisors and investigators should receive CED training as appropriate for the investigations they conduct and review.

Deputies who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with deputies who use the device.

The Training Sergeant is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training.

Application of CEDs during training could result in injury to personnel and should not be mandatory for certification.

The Training Sergeant should ensure that all training includes:

(a) A review of this policy.
(b) A review of the Use of Force Policy.
(c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
(d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
(e) Handcuffing a subject during the application of the CED and transitioning to other force options.
(f) De-escalation techniques.
(g) Restraint techniques that do not impair respiration following the application of the CED.
Officer-Involved Shootings and Deaths

310.1 PURPOSE AND SCOPE
The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of a deputy.

In other incidents not covered by this policy, the Sheriff may decide that the investigation will follow the process provided in this policy.

310.1.1 SB111 DEADLY PHYSICAL FORCE PLAN
The Lincoln County Deadly Physical Force Plan.

310.2 POLICY
The policy of the Lincoln County Sheriff's Office is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

310.3 TYPES OF INVESTIGATIONS
Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

(a) A criminal investigation of the suspect's actions.
(b) A criminal investigation of the involved officer's actions.
(c) An administrative investigation as to policy compliance by involved deputies.
(d) A civil investigation to determine potential liability.

310.4 CONTROL OF INVESTIGATIONS
Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

310.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS
The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect’s crime occurred.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Sheriff and with concurrence from the other agency.
310.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS
The control of the criminal investigation into the involved deputy’s conduct during the incident will be determined by the employing agency’s protocol. When a deputy from this department is involved, the criminal investigation will include at least one investigator from another law enforcement agency (ORS 181A.790).

Requests made of this department to investigate a shooting or death involving an outside agency’s officer shall be referred to the Sheriff or the authorized designee for approval.

310.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION
Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

310.5 INVESTIGATION PROCESS
The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

310.5.1 UNINVOLVED DEPUTY RESPONSIBILITIES
Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved LCSO deputy will be the deputy-in-charge and will assume the responsibilities of a supervisor until properly relieved. This deputy should, as appropriate:

(a) Secure the scene and identify and eliminate hazards for all those involved.
(b) Take reasonable steps to obtain emergency medical attention for injured individuals.
(c) Request additional resources from the Department or other agencies.
(d) Coordinate a perimeter or pursuit of suspects.
(e) Check for injured persons and evacuate as needed.
(f) Brief the supervisor upon arrival.

310.5.2 SUPERVISOR RESPONSIBILITIES
Upon arrival at the scene, the first uninvolved LCSO supervisor should ensure completion of the duties as outlined above, plus:

(a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
   1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.

(b) If necessary, the supervisor may administratively order any LCSO deputy to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
   1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.

(c) Provide all available information to the Supervisor and Dispatch. If feasible, sensitive information should be communicated over secure networks.

(d) Take command of and secure the incident scene with additional LCSO members until properly relieved by another supervisor or other assigned personnel or investigator.

(e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.

1. Each involved LCSO deputy should be given an administrative order not to discuss the incident with other involved officers or LCSO members pending further direction from a supervisor.

2. When an involved officer’s weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other deputies.

310.5.3 NOTIFICATIONS
The following persons shall be notified as soon as practicable:

- Sheriff
- Division Commander
- Lincoln County Deadly Physical Force Plan
- Outside agency investigators (if appropriate)
- DA's office
- Psychological/peer support personnel
- Chaplain (if necessary)
- Medical Examiner (if necessary)
- Involved officer's agency representative (if requested)

310.5.4 INVOLVED OFFICERS
The following shall be considered for the involved officer:

(a) Any request for legal representation will be accommodated.

1. Involved LCSO deputies shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.

2. Requests from involved non-LCSO officers should be referred to their employing agency.

(b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
Officer-Involved Shootings and Deaths

(c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.

(d) A mental health professional shall be provided by the Department to each involved LCSO deputy (ORS 181A.790). An involved deputy shall attend at least one session. A mental health professional may also be provided to any other affected LCSO members, upon request.

1. Interviews with a mental health professional will be considered privileged.

2. An interview or session with a mental health professional may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a mental health professional prior to providing a formal interview or report.

3. The Department shall pay the costs of at least two sessions with a mental health professional and the sessions must take place within six months after the incident.

4. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).

(e) Communications with peer counselors are confidential (except threats of suicide or admissions of criminal conduct) and may not be disclosed by any person participating in the peer support counseling session (ORS 181A.835). To be considered confidential communications under the statute, the peer counselor must:

1. Have been designated by LCSO or employee assistance program to act as a peer counselor, and;

2. Have received training in counseling and in providing emotional and moral support to public safety personnel or emergency services personnel who have been involved in emotionally traumatic incidents by reason of their employment.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved deputy shall be given reasonable paid administrative leave following an officer-involved shooting. A deputy who uses deadly force that results in the death of a person shall not be returned to a duty assignment that might place him/her in a situation in which he/she has to use deadly force until at least 72 hours immediately following the incident (ORS 181A.790). It shall be the responsibility of the Supervisor to make schedule adjustments to accommodate such leave.

310.6 CRIMINAL INVESTIGATION
The District Attorney's Office should be utilized to provide guidance in a criminal investigation.

If available, investigative personnel from this office may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.
Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

(a) LCSO supervisors should not participate directly in any voluntary interview of LCSO deputies. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.

(b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer’s statement, involved deputies shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.

(c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.

(d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

310.6.1 REPORTS BY INVOLVED LCSO DEPUTIES
In the event that suspects remain outstanding or subject to prosecution for related offenses, this office shall retain the authority to require involved LCSO deputies to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved LCSO deputy may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved LCSO deputy of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

310.6.2 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:
Officer-Involved Shootings and Deaths

(a) Identification of all persons present at the scene and in the immediate area.
   1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
   2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Office.
   1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

(c) Promptly contacting the suspect’s known family and associates to obtain any available and untainted background information about the suspect’s activities and state of mind prior to the incident.

310.6.3 INVESTIGATIVE PERSONNEL
Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Investigators will be assigned to work with the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated.

All related reports, except administrative and/or privileged reports, will be forwarded to the designated supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

310.7 ADMINISTRATIVE INVESTIGATION
In addition to all other investigations associated with an officer-involved shooting or death, this office will conduct an internal administrative investigation of involved LCSO deputies to determine conformance with policy. This investigation will be conducted under the supervision of division commander and will be considered a confidential deputy personnel file.

Interviews of members shall be subject to policies and applicable laws.

(a) Any deputy involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the deputy, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
(b) If any deputy has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved deputy.

1. If a further interview of the deputy is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved deputy shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.

(c) In the event that an involved deputy has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the deputy’s physical and psychological needs have been addressed before commencing the interview.

2. If requested, the deputy shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual deputy's statement, involved deputies shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

3. Administrative interviews should be recorded by the investigator. The deputy may also record the interview.

4. The deputy shall be informed of the nature of the investigation. If a deputy refuses to answer questions, he/she should be given his/her Garrity rights and ordered to provide full and truthful answers to all questions. The deputy shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.

5. The Division Commander shall compile all relevant information and reports necessary for the Office to determine compliance with applicable policies.

6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.

7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.
**310.8 CIVIL LIABILITY RESPONSE**

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

**310.9 AUDIO AND VIDEO RECORDINGS**

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or County Counsel’s Office, as appropriate.

**310.10 DEBRIEFING**

Following an officer-involved shooting or death, the Lincoln County Sheriff’s Office should conduct both a critical incident/stress debriefing and a tactical debriefing.

**310.10.1 CRITICAL INCIDENT/STRESS DEBRIEFING**

A critical incident/stress debriefing should occur as soon as practicable. The Division Commander is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the Office directly involved in the incident, which can include support personnel (e.g., dispatchers, other non-certified). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Office, including supervisory personnel.
**Officer-Involved Shootings and Deaths**

310.10.2 TACTICAL DEBRIEFING
A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Sheriff or designee should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

310.11 MEDIA RELATIONS
Any media release shall be prepared with input and concurrence from the supervisor and representative responsible for each phase of the investigation.

No involved LCSO deputy shall make any comment to the media unless he/she is authorized by the Sheriff or a Division Commander.

Members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

310.12 REPORTING
If the death of an individual resulted from an officer use of deadly force and occurred in the Lincoln County Sheriff's Office jurisdiction, the Patrol Division Commander will ensure that the Support Services Director is provided with enough information to meet the reporting requirements to the Department of Justice (ORS 181A.790).
Firearms

312.1 PURPOSE AND SCOPE
This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy only applies to those members who are authorized to carry firearms.

312.2 POLICY

The Sheriff's Office will provide each member with approved 9mm duty ammunition and approved 9mm range qualification ammunition.

For members sworn-in prior to July 1,2015 and qualified to carry a firearm, the follow list of firearms and calibers will be authorized for Posse members. The ammunition supplied by the Sheriff's Office will be 9mm. All other calibers must be purchased by the Posse member. Saddle guns (rifles) and ammunition will be inspected by the ranger master for approval at qualifications for mounted horseback use. Qualifications and serial numbers of pageantry guns and Saddle rifles will be recorded by a Sheriff's Office range master.

312.3.3 CARRYING OF FIREARMS

All certified deputies shall carry a weapon while on duty or in uniform.

Detectives are exempt from carrying a weapon when it would directly facilitate accomplishing their task without compromising their safety or the safety of the public. The decision not to carry a weapon shall focus on officer safety, readiness, and the ability to respond appropriately if the need arises. Supervisor approval is required when practical.

312.3.4 RIFLES

The authorized issued rifle is the.223 caliber carbine AR-15 platform.

Members may deploy the rifle in any circumstance where the member can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the rifle may include, but are not limited to:

(a) Situations where the member reasonably anticipates an armed encounter.

(b) When a member is faced with a situation that may require accurate and effective fire at long range.

(c) Situations where a member reasonably expects the need to meet or exceed a suspect's firepower.

(h) Members shall provide written notice of the make, model, color, serial number and caliber of a secondary handgun to the Rangemaster, who will maintain a list of the information.

312.3.8 AUTHORIZED OFF-DUTY FIREARMS

Members shall carry only authorized ammunition. Replacements for unserviceable or depleted ammunition issued by the Office shall be dispensed by the Rangemaster when needed, in accordance with established policy.

Members carrying personally owned authorized firearms of a caliber differing from issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense.

Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.
312.4.1 REPAIRS OR MODIFICATIONS
Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Firearms that are the property of the Sheriff Office or personally owned firearms that are approved for office use may be repaired or modified only by a person who is an approved and certified as an armorer or gunsmith in the repair of the specific firearm. Any repairs or modifications to the member’s personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

312.4.2 HOLSTERS
Only approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

312.4.3 TACTICAL LIGHTS
Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. 312.4.4 LASER SIGHTS
Laser sights are not approved for on-duty use.

312.5 FIREARMS TRAINING AND QUALIFICATIONS
All members who carry a firearm while on-duty are required to qualify annually with their duty handgun and rifle, and secondary weapon on an approved range course. Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

312.6 FIREARM DISCHARGE

If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, CED, oleoresin capsicum (OC) spray, animal control deputy). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

312.6.2 INJURED ANIMALS
A member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

312.6.3 WARNING AND OTHER SHOTS
Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.
312.7 RANGEMASTER DUTIES
The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Sergeant after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-participation or non-qualification.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this office to verify proper operation. The Rangemaster has the authority to deem any issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until it has been inspected and approved by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Sergeant documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Office, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Sergeant.

312.8 FLYING WHILE ARMED
The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to deputies who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

(b) Deputies must carry their Lincoln County Sheriff's Office identification card, bearing the deputy’s name, a full-face photograph, identification number, the deputy’s signature and the signature of the Sheriff or the official seal of the Office and must present this identification to airline officials when requested. The deputy should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).

(c) The Lincoln County Sheriff's Office must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the Deputy’s travel. If approved, TSA will send the Lincoln County Sheriff's Office an NLETS message containing a unique alphanumeric identifier. The deputy must present the message on the day of travel to airport personnel as authorization to travel while armed.
Firearms

(d) An official letter signed by the Sheriff authorizing armed travel may also accompany the deputy. The letter should outline the deputy's need to fly armed, detail his/her itinerary, and include that the deputy has completed the mandatory TSA training for a law enforcement officer flying while armed.

(e) Deputies must have completed the mandated TSA security training covering deputies flying while armed. The training shall be given by the department-appointed instructor.

(f) It is the deputy’s responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier’s check-in counter.

(g) Any deputy flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.

(h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The deputy must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.

(i) Deputies should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.

(j) Deputies shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

312.9 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time certified deputies of this office are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

(a) The deputy shall carry his/her Lincoln County Sheriff's Office identification card whenever carrying such firearm.

(b) The deputy is not the subject of any current disciplinary action.

(c) The deputy may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

(d) The deputy will remain subject to this and all other department policies (including qualifying and training).

Deputies are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield a deputy from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.
312.10 SAFE HANDLING, INSPECTION AND STORAGE
Members shall maintain the highest level of safety when handling firearms and shall consider the following:

(a) Members shall not unnecessarily display or handle any firearm.

(b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Rangemaster. Members shall not dry fire or practice quick draws except as instructed by the Rangemaster or other firearms training staff.

(c) Members shall not clean, repair, load or unload a firearm anywhere in the Office, except where clearing barrels are present.

(d) Rifles removed from vehicles or the equipment storage room shall be loaded and unloaded outside of the vehicle, using clearing barrels.

(e) Members shall not place or store any firearm or other weapon on premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing an arrestee, but shall place all firearms in a secured location. Members providing access to the jail section to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.

(f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.

(g) Any firearm authorized by the Sheriff's Office to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Sheriff's Office or a Rangemaster approved by the Sheriff's Office for inspection and repair. Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

312.10.1 INSPECTION AND STORAGE
Handguns shall be inspected regularly and upon access or possession by another person. Rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

312.10.2 STORAGE AT HOME
Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit issued firearms to be handled by anyone not authorized by the Office to do so. Members should be aware that negligent storage of a firearm could result in civil liability.
312.10.3 ALCOHOL AND DRUGS
Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member’s senses or judgment.
Knives and Cutting Tools

313.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for carrying and using knives and other cutting tools.

313.1.1 DEFINITIONS
Knife/Cutting Tool - An instrument for cutting, consisting of a sharp-edged metal or composite blade, fitted with a handle of some type, including other tools that have an edged blade, eg. Leatherman tool.

Immediate Measure of Defense - Taking action or using any implement to defend the deputy's life or safety, or the life or safety of another, with implements or devices not normally intended to be weapons or issued as public safety equipment.

Folding Knife - A knife with a hinged blade.

Fixed-blade knife - Any knife in which the blade and the grip or handle are permanently fused in some manner.

313.2 POLICY
Deputies are authorized to carry knives and/or other cutting tools for purposes pursuant to this policy. This policy is intended to instruct the deputy in the acceptable use of the knife/cutting tool in common tasks.

313.3 PROCEDURES
313.3.1 PRECAUTIONS
Deputies are authorized to possess and use a knife/cutting tool both on and off-duty. While in normal duty uniform or in civilian attire, deputies may carry a folding knife/cutting tool in a specifically designed holder on the duty belt or in a pocket. Folding knife blades/cutting tools must not be casually visible to the public, except during intentional use by the deputy.

During special operations or assignments, such as search parties in rough terrain, and rescue operations, deputies may carry fix blade knives in sheaths on the belt, and the knife/cutting tool and sheath may be visible to the public. All carriers, sheaths, and knives/cutting tools must be of the type normally carried by deputies, and subject to approval of the Sheriff or designee.

It is recognized that deputies may have many needs for a knife/cutting tool, including both general work and for limited defensive purposes. While not considered to be a primary weapon of choice in a defense-of-life situation, deputies may, under rapidly unfolding circumstances use a knife/cutting tool in defense of their life and the lives of others.
Knives and Cutting Tools

313.3.2 GENERAL USE
The deputy shall use reasonable care in the general use of the knife/cutting tool as a tool to prevent injury to the deputy and others. General use of knives/cutting tools may be employed in such actions as cutting injured occupants out of seat belts, to release flex restraints in emergencies, to pry, open, cut, etc.

The carrying and use of any knife/cutting tool by on and off-duty deputies is done as unobtrusively as possible so as not to alarm any bystander. Deputies must use the knife/cutting tool in a safe and responsible manner, taking care not to exhibit or handle the knife/cutting tool carelessly.

313.3.3 DEFENSIVE USE
Deputies may use a knife/cutting tool as a weapon of defense under rapidly and unfolding circumstances where deadly force is justified under the Use of Force Policy.

Deputies are cautioned that a knife/cutting tool is primarily a cutting tool to assist them in their daily duties and is not intended to be a primary weapon of defense. Rapidly and unfolding circumstances, however, may dictate that the knife/cutting tool be used as an immediate measure of defense of life.

Deputies are cautioned that while any use of deadly force is a grave undertaking by police, the use of any knife/cutting tool against another human being may be viewed as an extraordinary defensive measure, and should be reserved for those situations where defensive options are limited.

313.3.4 REPORTING USE OF KNIFE/CUTTING TOOL
Any use of force application of the knife/cutting tool will be reported pursuant to the Use of Force Policy.
Vehicle Pursuits

314.1 PURPOSE AND SCOPE
Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide deputies with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicular pursuits require deputies to exhibit a high degree of common sense and sound judgment. Deputies must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing deputies.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no deputy or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuit situations are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Deputies must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Deputies' conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable deputy would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

314.1.1 POLICE PURSUIT DEFINED
A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect who is attempting to avoid arrest while operating a motor vehicle by using high speed driving or other evasive tactics such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

314.2 DEPUTY RESPONSIBILITIES
While engaging in a vehicle pursuit Deputies must drive with due regard for the safety of all other persons. However, while engaging in a vehicle pursuit, deputies are generally not required to follow the rules of the road (ORS 820.300). This exemption only applies to emergency vehicles using emergency lights, and sirens (ORS 820.300 and ORS 820.320). The following policy is established to provide Deputies with guidelines for driving with due regard and caution for the safety of all persons, as required by ORS 820.300(2).

Deputies will comply with the Lincoln County Inter-Agency pursuit agreement.
314.2.1 WHEN TO INITIATE A PURSUIT
Deputies are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle.

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

(a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.

(b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to deputies, innocent motorists and others.

(c) Apparent nature of the fleeing suspect(s) (e.g., whether the suspect(s) represent a serious threat to public safety).

(d) The identity of the suspect(s) has been verified and there is comparatively minimal risk in allowing the suspect(s) to be apprehended at a later time.

(e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.

(f) Pursuing deputy(s) familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing deputies under the conditions of the pursuit.

(g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.

(h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.

(i) The emergency equipment present on the vehicles used in the pursuit.

(j) Vehicle speeds.

(k) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).

(l) Availability of other resources such as helicopter assistance.

(m) The deputy unit is carrying passengers other than deputy deputies. Pursuits should not be undertaken with a prisoner(s) in the police vehicle.

314.2.2 WHEN TO TERMINATE A PURSUIT
Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the deputy or supervisor during the pursuit indicates that the
present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspects’ escape.

The factors listed in "When to Initiate a Pursuit" are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Deputies and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term terminate shall be construed to mean discontinue or to stop chasing the fleeing vehicles.

In addition to the factors listed in the "When to Initiate a Pursuit" subsection of this policy, the following factors should also be considered in deciding whether to terminate a pursuit:

(a) Distance between the pursuing deputies and the fleeing vehicles is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.

(b) Pursued vehicle’s location is no longer definitely known.

(c) Deputy’s pursuit vehicle sustains any type of damage that renders it unsafe to drive.

(d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.

(e) Hazards to uninvolved bystanders or motorists.

(f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, deputies should strongly consider discontinuing the pursuit and apprehending the offender at a later time.

(g) Directed by a supervisor.

(h) If a supervisor is unable to be notified with immediacy and the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspects’ escape.

314.2.3 SPEED LIMITS
The speed of a pursuit is a factor that should be evaluated on a continuing basis by the deputy and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, deputies and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

(a) Whether the pursuit speeds are unsafe for the surrounding conditions.

(b) Whether the speeds being reached are beyond the driving ability of the deputy.

(c) Whether the speeds are beyond the capabilities of the police vehicle thus making its operation unsafe.
314.2.4  SPECIAL PURPOSE VEHICLES
Deputies operating special purpose vehicles such as pick-up trucks or non-pursuit rated Sport Utility Vehicles (SUVs) will not generally participate in high-speed pursuits other than to follow to provide assistance once the pursuit is ended. Special purpose vehicles will normally not be used as primary pursuit vehicles.

Deputies operating special purpose vehicles such as pick-up trucks or non-pursuit rated Sport Utility Vehicles (SUVs) shall operate such vehicles within the operational limits of each vehicle, recognizing that utility vehicles and pickup trucks are not designed for pursuit driving and they may handle and perform differently than standard patrol vehicles.

When involved in a pursuit, the operator and supervisor must weigh the performance capabilities of the vehicle with the need to continue keeping this vehicle involved in the pursuit. In any case the special purpose vehicle shall be relieved from the pursuit as soon as a more qualified vehicle is available to take over.

314.2.5  SCHOOL ZONES
A pursuit may proceed through a school zone. Deputies shall notify the communications center of possible school zones the pursuit may pass through. During normal school hours, the supervisor in charge will direct the communications center to notify the school principal or person in charge of the school. The supervisor in charge may request the affected school be locked-down.

Deputies will slow down to less than 35 mph or discontinue the pursuit:

(a) During normal school hours; or
(b) When children are present; or
(c) When ordered to discontinue the pursuit by a supervisor.

314.3  PURSUIT UNITS
Pursuit units should be limited to two vehicles; however, the number of units involved will vary with the circumstances. A deputy or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of deputies involved would be insufficient to safely arrest the suspects. All other deputies should stay out of the pursuit, but should remain alert to its progress and location. Any deputy who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

314.3.1  VEHICLES WITHOUT EMERGENCY LIGHTS AND SIREN
Absent a reasonable alternative, and then only when human life is in immediate danger, Sheriff's Office vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit.
314.3.2 PRIMARY UNIT RESPONSIBILITIES
The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the deputy initiating the pursuit is the apprehension of the suspects without unreasonable danger to themselves or other persons.

Notify the Dispatch that a vehicle pursuit has been initiated and as soon as practical provide information including, but not limited to:

(a) Reason for the pursuit.
(b) Location and direction of travel.
(c) Speed of the fleeing vehicle.
(d) Description of the fleeing vehicle and license number, if known.
(e) Number of known occupants.
(f) The identity or description of the known occupants.
(g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

In order to concentrate on pursuit driving the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit as soon as practical to a secondary unit or aircraft joining the pursuit, unless practical circumstances indicate otherwise.

314.3.3 SECONDARY UNITS RESPONSIBILITIES
The second deputy in the pursuit is responsible for the following:

(a) The deputy in the secondary unit should immediately notify the dispatcher of entry into the pursuit
(b) Remain a safe distance behind the primary unit unless directed to assume the role of primary deputy, or if the primary unit is unable to continue the pursuit
(c) The secondary deputy should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise

314.3.4 PURSUIT DRIVING TACTICS
The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

(a) Deputies, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles so they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
Vehicle Pursuits

(b) Because intersections can present increased risks, the following tactics should be considered:

1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
2. Pursuing units should exercise due caution when proceeding through controlled intersections.

(c) As a general rule, deputies should not pursue a vehicle driving left of center (wrong way) on a freeway. In the event that the pursued vehicle does so, the following tactics should be considered:

1. Requesting assistance from an air unit.
2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
3. Requesting other units to observe exits available to the suspects.
4. Notifying the Oregon State Police and/or other jurisdictional agency when it appears the pursuit may enter that jurisdiction.

(d) Deputies involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

314.3.5 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT
There should be no paralleling of the pursuit route. Deputies are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Deputies should remain in their assigned area and should not become involved, during or at the termination of the pursuit, unless directed by a supervisor.

Non-pursuing personnel assigned to assist at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road, unless directed otherwise by a supervisor.

The primary and secondary units should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

314.3.6 PURSUIT TRAILING
In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspects.

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.
314.3.7 AIRCRAFT ASSISTANCE
When available, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider the participation of aircraft assistance when determining whether to continue the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide deputies and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether or not to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit has the authority to terminate the pursuit.

314.4 SUPERVISORY CONTROL AND RESPONSIBILITY
It is the policy of this Sheriff’s Office that available supervisory and management control will be exercised over all vehicle pursuits involving deputies from this office.

The field supervisor of the deputy initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

(a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.

(b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.

(c) Exercising management and control of the pursuit even if not engaged in it.

(d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.

(e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.

(f) Ensuring that aircraft are requested if available.

(g) Ensuring that the proper radio channel is being used.

(h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.

(i) Control and manage LCSO units when a pursuit enters another jurisdiction.

(j) Preparing post-pursuit critique and analysis of the pursuit for training purposes.

314.5 COMMUNICATIONS
If the pursuit is confined within the County limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should,
whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

314.5.1 COMMUNICATION CENTER RESPONSIBILITIES
Upon notification that a pursuit has been initiated, Dispatch will:

(a) Clear the channel on which the pursuit is being broadcast
(b) Coordinate pursuit communications of the involved units and personnel
(c) Notify and coordinate with other involved or affected agencies as practical
(d) Ensure that a field supervisor is notified of the pursuit
(e) Assign an incident number and log all pursuit activities
(f) Broadcast pursuit updates as well as other pertinent information as necessary

314.5.2 LOSS OF PURSUED VEHICLE
When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

314.6 INTER-JURISDICTIONAL CONSIDERATIONS
When a pursuit enters another agency's jurisdiction, the primary deputy or supervisor, taking into consideration distance traveled, unfamiliarity with the area, and other pertinent facts, should determine whether or not to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary deputy or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether or not such jurisdiction is expected to assist.

314.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY
Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and the assistance of this agency is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of deputies at the termination of a pursuit initiated by this agency shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific.

314.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION
The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this office should not join a pursuit unless specifically requested to do so by the agency whose deputies are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit.
Vehicle Pursuits

Under this circumstance, a unit from this office may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider the following additional factors:

(a) Ability to maintain the pursuit.
(b) Circumstances serious enough to continue the pursuit.
(c) Adequate staffing to continue the pursuit.
(d) The public’s safety within this jurisdiction.
(e) Safety of the pursuing deputies.

As soon as practical, the supervisor should review a request for assistance from another agency. The supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency’s pursuit.

Assistance to a pursuing allied agency by deputies of this office will terminate at the County limits provided that the pursuing deputies have sufficient assistance from other sources. Ongoing participation from this office may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, deputies shall provide appropriate assistance to peace officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.7 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures. In this context, ramming shall be construed to mean maneuvering the police unit into contact with the pursued vehicle to mechanically disable it or forcibly position it such that further flight is not possible or practical.

314.7.1 WHEN USE AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, deputies/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the deputies and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the deputy at the time of the decision.

It is imperative that deputies act within the bounds of legality, good judgment and accepted practices.
Vehicle Pursuits

314.7.2 DEFINITIONS

**Blocking or Vehicle Intercept** - A very low speed coordinated maneuver where two or more patrol vehicles simultaneously intercept and block the movement of a slow moving or stopped suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

**Boxing-in** - A tactic designed to stop a violator’s vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

**Ramming** - The deliberate act of impacting a violator’s vehicle with another vehicle to functionally damage or otherwise force the violator’s vehicle to stop.

**Roadblocks** - A tactic designed to stop a violator’s vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator’s vehicle. This tactic is also often referred to as a roadblock, barricade or blockade.

**Pursuit Intervention Technique (PIT)** - is a low speed maneuver designed to cause the suspect vehicle to spin out and terminate the pursuit.

**Spikes or Tack Strips** - A device that extends across the roadway designed to puncture the tires of the pursued vehicle.

314.7.3 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Deputies should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any deputy from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.7.4 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the deputies, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Deputies who have not received certified training in the application and use of any intervention tactic or equipment shall consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

(a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when deputies reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved this technique should only be employed by deputies who have received training in such tactics after giving consideration to the following:
Vehicle Pursuits

1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, deputies, or other members of the public.

2. All other reasonable intervention techniques have failed or reasonably appear ineffective.

3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.

4. The target vehicle is stopped or traveling at a low speed.

5. At no time should civilian vehicles be used to deploy this technique.

(b) Only those deputies who have received sheriff's office approved (beyond the basic academy) training in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for risk of injury to deputies, the public and occupants of the pursued vehicle.

(c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the deputy's disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct deputies in their decision-making process before ramming another vehicle. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:

1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.

2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.

If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.

(d) As with all intervention tactics, pursuing deputies should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions presented at the time as well as the potential risk of injury to deputies, the public and occupants of the pursued vehicle.

(e) The use of spike strips should be approved in advance by a supervisor and deployed only when it is reasonably certain that only the pursued vehicle will be affected by their use. Deputies should carefully consider the limitations of such devices as well as the potential risks to deputies, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a
school bus transporting children deputies and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

(f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, deputies or other members of the public. Any roadblock implemented should include reasonable line-of-sight distance permitting the suspect to recognize, react to and stop before striking the roadblock.

314.7.5 CAPTURE OF SUSPECTS
Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Deputies shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor the primary deputy should coordinate efforts to apprehend the suspect(s) following the pursuit. Deputies should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

314.8 REPORTING REQUIREMENTS
The following reports should be completed to comply with appropriate local and state regulations:

(a) The primary deputy shall complete appropriate crime/arrest reports

(b) A field supervisor shall complete a Supervisor's Log summarizing the pursuit to his/her division commander to evaluate the pursuit in terms of Department policy. The log shall minimally contain the following information:

1. Date and time of pursuit
2. Length of pursuit
3. Involved units and deputies
4. Initial reason for pursuit
5. Starting and termination points
6. Disposition: arrest, citation, etc. Arrestee information should be provided if applicable
7. Injuries and/or property damage
8. Medical treatment
9. Name of supervisor at scene

10. A preliminary determination, simply stating whether or not the pursuit appears to be in compliance with this policy

11. Determine the need for any additional review and/or follow up

314.8.1 REGULAR AND PERIODIC PURSUIT TRAINING
In addition to initial and supplementary training on pursuits, all certified patrol members of this Sheriff's Office will participate no less than annually in regular and periodic Sheriff's Office training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to deputies and others.

314.8.2 ANNUAL REVIEW
During the first calendar quarter of each year, Patrol Division Commander will ensure that an annual review of all vehicle pursuit incidents for the previous calendar year is conducted. The analysis will focus on the effectiveness and trends in the use of vehicle pursuits that might suggest training or equipment needs, or policy modification. Specific detail including items such as officer names, case numbers, location of occurrence are not needed for this purpose and therefore will not be part of this process.
Deputy Response to Calls

315.1 PURPOSE AND SCOPE
This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

315.2 RESPONSE TO CALLS
Deputies shall proceed immediately to calls that are of an emergency nature. A code 3 response should be considered when available information reasonably indicates that a person is threatened with injury or death, a felony property crime is in progress, or serious property damage is imminent and a more immediate law enforcement response is needed to mitigate injury, property loss, or to apprehend the suspect(s).

Deputies responding Code 3 shall operate emergency lights and siren as is reasonably necessary pursuant to ORS 820.300 and ORS 820.320. Deputies shall only use the wail and yelp function of the siren as an emergency sound. The hi-lo function of the siren is not considered an emergency sound pursuant to OAR 735-110-0000(8) and OAR 735-110-0010(1-3).

Responding with emergency light(s) and siren does not relieve the deputy of the duty to continue to drive with due regard for the safety of all persons.

ORS 820.320(2) allows deputies to omit the use of emergency lights and siren if it reasonably appears that the use of either or both would prevent or hamper the apprehension or detection of a violator. Except as stated in the previous sentence, Deputies who fail to use appropriate warning equipment, are not exempt from following the rules of the road (ORS 820.300).

Deputies responding to non-emergency calls shall observe all traffic laws and proceed without the use of emergency lights and siren.

315.2.1 UNMARKED PATROL VEHICLES
Deputies operating unmarked police vehicles must exercise caution when responding to emergency calls. Deputies should be mindful that unmarked vehicles are not equipped with the high visibility overhead lights and Sheriff decals. Unmarked police vehicles may be more difficult for motorists to detect than marked police vehicles. Therefore, speeds should be reduced accordingly.

315.3 REQUESTING EMERGENCY ASSISTANCE
Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of deputies, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting deputy shall immediately notify the communications center.

If circumstances permit, the requesting deputy should give the following information:
Deputy Response to Calls

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

315.3.1 NUMBER OF UNITS ASSIGNED
Normally, no more than two units should respond to an emergency call Code-3 unless the field supervisor authorizes an additional unit(s).

315.4 INITIATING CODE 3 RESPONSE
Generally, no more than two units should respond Code-3 to any situation. Should additional deputies believe a Code-3 response is appropriate, Dispatch shall be notified and the field supervisor will make a determination as to whether any additional deputies driving Code-3 is appropriate.

315.5 RESPONSIBILITIES OF RESPONDING DEPUTY(S)
Deputies shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Deputies shall reduce speed at all street intersections as may be necessary for safe operation.

The decision to continue a Code-3 response is at the discretion of the deputy. If, in the deputy's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the deputy may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the deputy should immediately notify the communications center. A deputy shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, a deputy shall immediately give the location from which he/she is responding.

315.6 COMMUNICATIONS RESPONSIBILITIES
A dispatcher shall assign cover officers to respond when a deputy requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. The dispatcher shall:

(a) Attempt to assign the closest available unit to the location requiring assistance
(b) Immediately notify the supervisor
(c) Confirm the location from which the unit is responding
(d) Notify and coordinate allied emergency services (e.g., fire and ambulance)
(e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated
Deputy Response to Calls

(f) Control all radio communications during the emergency and coordinate assistance under the direction of the field supervisor

315.7 SUPERVISORY RESPONSIBILITIES
Upon being notified that a Code-3 response has been initiated, the field supervisor shall verify the following:

(a) The proper response has been initiated
(b) No more than those units reasonably necessary under the circumstances are involved in the response
(c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the field supervisor should consider the following:

• The type of call
• The necessity of a timely response
• Traffic and roadway conditions
• The location of the responding units

315.8 FAILURE OF EMERGENCY EQUIPMENT
If the emergency equipment on the vehicle should fail to operate, the deputy must terminate the Code-3 response and respond accordingly. In all cases, the deputy shall notify the field supervisor, or the communications center of the equipment failure so that another unit may be assigned to the emergency response.
Civil Process

316.1 PURPOSE AND SCOPE
To establish procedures for the service of subpoenas, court orders and other civil process by Sheriff's Office personnel.

Domestic Violence

317.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide deputies in the investigation of domestic violence.

317.1.1 DEFINITIONS
Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

317.2 POLICY
The Lincoln County County Sheriff's Office's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this office to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

317.3 OFFICER SAFETY
The investigation of domestic violence cases often places deputies in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all deputies to exercise due caution and reasonable care in providing for the safety of any deputies and parties involved.

317.4 INVESTIGATIONS
The following guidelines should be followed by deputies when investigating domestic violence cases:

(a) Calls of reported, threatened, imminent or ongoing domestic violence, and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

(b) When practicable, deputies should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.

(c) Deputies should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
Domestic Violence

(d) When practicable and legally permitted, video or audio record all significant statements and observations.

(e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact a deputy or detective in the event that the injuries later become visible.

(f) Deputies should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

(g) If the suspect is no longer at the scene, deputies should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.

(h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.

(i) When completing an incident or arrest report for violation of a court order, deputies should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting deputy should attach a copy of the order to the incident or arrest report.

(j) Deputies should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:

1. Marital status of suspect and victim.
2. Whether the suspect lives on the premises with the victim.
3. Claims by the suspect that the victim provoked or perpetuated the violence.
4. The potential financial or child custody consequences of arrest.
5. The physical or emotional state of either party.
6. Use of drugs or alcohol by either party.
7. Denial that the abuse occurred where evidence indicates otherwise.
8. A request by the victim not to arrest the suspect.
9. Location of the incident (public/private).
10. Speculation that the complainant may not follow through with the prosecution.
11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.
317.4.1 IF A SUSPECT IS ARRESTED
If a suspect is arrested, deputies should:

(a) Advise the victim that there is no guarantee the suspect will remain in custody.

(b) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

317.4.2 IF NO ARREST IS MADE
If no arrest is made, the deputy should:

(a) Advise the parties of any options, including but not limited to:

1. Voluntary separation of the parties.

2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).

(b) Document the resolution in a report.

317.5 VICTIM ASSISTANCE
Victims may be traumatized or confused. Deputies should:

(a) Recognize that a victim’s behavior and actions may be affected.

(b) Provide the victim with the department’s domestic violence information handout, even if the incident may not rise to the level of a crime.

(c) Alert the victim to any available victim advocates, shelters and community resources.

(d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.

(e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.

(f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the deputy determines that a need exists.

(g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

(h) Seek or assist the victim in obtaining an emergency order if appropriate.

A deputy who has probable cause to believe there are circumstances for a mandatory arrest or that a victim is in immediate danger of abuse may apply for an emergency protective order with the consent or permission of the victim (ORS 133.035).
317.6 DISPATCH ASSISTANCE
All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Deputies should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

317.7 FOREIGN COURT ORDERS
Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by deputies as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

317.8 VERIFICATION OF COURT ORDERS
Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, deputies should carefully review the actual order when available, and, where appropriate and practicable:

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.

(b) Check available records or databases that may show the status or conditions of the order.

(c) Contact the issuing court to verify the validity of the order.

(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Deputies should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Deputies should contact a supervisor for clarification when needed.

317.8.1 SERVICE OF COURT ORDERS
Deputies should, if requested and practicable, serve any unserved restraining order when called to the scene of a disturbance. Any deputy serving such a restraining order shall ensure that a copy of proof of service is returned to the Sheriff for entry into the Law Enforcement Data System (LEDS) and the National Crime Information Center (NCIC) system (ORS 107.720).
317.8.2 SERVICE OF EMERGENCY PROTECTIVE ORDERS
A deputy who obtains an emergency protective order for a victim shall provide the victim with a certified copy and ensure that a certified copy of the order and the supporting declaration for the order is filed with the court (ORS 133.035).

The deputy who obtained the emergency protective order shall serve the respondent personally. Upon completion of the service, the deputy shall file a proof of service with the court and ensure that the order is entered into LEDS. If service cannot be completed within one day of the order's entry, the deputy shall notify the court (ORS 133.035).

If a deputy receives a termination order from the court, the deputy shall ensure that the order is promptly removed from LEDS (ORS 133.035).

317.9 STANDARDS FOR ARREST
(a) Deputies who respond to an incident of domestic disturbance and have probable cause to believe an assault has occurred between family or household members as defined in ORS 107.705, or who believe that one such person has created in the other a fear of imminent serious physical injury, shall arrest and take into custody the alleged assailant or potential assailant (ORS 133.055).

(b) Dual arrests are not required (ORS 133.055). Deputies shall make reasonable efforts to identify and arrest the primary assailant in any incident. In identifying the primary assailant, a deputy shall consider:
   1. The comparative extent of the injuries inflicted or the seriousness of threats creating a fear of physical injury.
   2. If reasonably ascertainable, the history of domestic violence between the persons involved.
   3. Whether any alleged crime was committed in self-defense.
   4. The potential for future assaults.

(c) Once a suspect has been arrested under the provisions of ORS 133.055, the suspect shall be taken to jail. Deputies have no authority to release the arrested person.

(d) Deputies shall arrest and take a suspect into custody when the deputy has probable cause to believe that a restraining order or emergency protective order has been issued, a copy of the order and proof of service on the suspect have been filed, and the suspect has violated the terms of the order (ORS 133.310).

317.10 REPORTS AND NOTIFICATIONS
Deputies should document in their report that they provided each domestic violence victim with a copy of the department’s domestic violence victim information handout (ORS 133.055).
Domestic Violence

Reporting deputies should also provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout. If the case number is not immediately available, an explanation should be given about how the victim can obtain the information at a later time.

317.10.1 EMERGENCY PROTECTIVE ORDERS
The Support Services Director shall ensure that a system is in place that provides deputies at the scene of an alleged violation of an emergency protective order of the terms and existence of the protective order (ORS 133.035).
Portable Audio/Video Recorders

318.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment (ORS 133.741).

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Lincoln County Sheriff's Office facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

318.2 POLICY
The Lincoln County Sheriff's Office may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Sheriff's Office by accurately capturing contacts between members and the public. The Body Worn Camera Program will be evaluated periodically by the training sergeant to ensure current practices are employed and policy updates are maintained to current standards.

318.3 MEMBER PRIVACY EXPECTATION
All recordings made by members on any department-issued device at any time, and any recording made while acting in their official capacity of this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

318.4 MEMBER RESPONSIBILITIES
When using a recorder, the assigned member shall record his/her name, the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user's unique identification and the date and time of each recording.

318.5 ACTIVATION OF THE PORTABLE RECORDER
This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

(a) All enforcement and investigative contacts including stops and field interview (FI) situations
Portable Audio/Video Recorders

(b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops

(c) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Additionally, the portable recorder should be activated in the correctional facility:

(a) When there is a reasonable belief force may be used

(b) When there is a reasonable belief civil liability may arise

(c) When an inmate has caused damage to an area of the facility

(d) When contacting an arrestee/inmate that is reasonably believed to be uncooperative or combative

(e) Prior to entry into a cell for extraction or before making contact with a combative arrestee/inmate in the sally port, booking or any other area of the facility

Unless there are exigent circumstances or concerns for the safety of the member or any other person, body-worn cameras shall be activated whenever the deputy has or develops reasonable suspicion or probable cause that an offense has been or will be committed by a person in contact with the member (ORS 133.741).

Members shall notify all parties to the conversation that a recording is being made unless pursuant to a court order or the limited exceptions in ORS 165.540 subsections (2) through (7) and ORS 133.726 (prostitution offenses, felonies when exigency makes obtaining a warrant unreasonable, certain felony drug offenses, felonies that endangers human life) (ORS 165.540).

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

318.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Oregon law generally prohibits any individual from surreptitiously recording any conversation, except as provided in ORS 165.540 and ORS 165.543.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Sheriff or the authorized designee.
Portable Audio/Video Recorders

318.5.2 EXPLOSIVE DEVICE
Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

318.5.3 CESSATION OF RECORDING
Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

318.6 PROHIBITED USE OF PORTABLE RECORDERS
Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All recordings shall be retained at the Department or by a Department-approved third-party vendor.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Supervisor. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

318.6.1 PROHIBITED USE OF BODY-WORN CAMERA RECORDINGS
Recordings from body-worn video cameras shall not be analyzed with facial recognition or other biometric matching technology (ORS 133.741).

318.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS
To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report. All portable recordings should be downloaded by end of workweek unless supervisor approval is obtained for extension.

A member should transfer, tag or mark recordings when the member reasonably believes:

(a) The recording contains evidence relevant to potential criminal, civil or administrative matters.

(b) A complainant, victim or witness has requested non-disclosure.
Portable Audio/Video Recorders

(c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
(d) Disclosure may be an unreasonable violation of someone’s privacy.
(e) Medical or mental health information is contained.
(f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

318.8 REVIEW OF RECORDED MEDIA FILES
When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member’s performance.

Recorded files may also be reviewed:

(a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
(b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
(c) By media personnel with permission of the Sheriff or the authorized designee.
(d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person’s privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

318.9 RELEASE OF RECORDINGS
Recordings made using portable recording devices pursuant to this policy are Sheriff’s Office records and may only be released as provided in the Records Release policy or for other authorized legitimate business purposes.
Portable Audio/Video Recorders

318.10 COORDINATOR
The Sheriff or the authorized designee should designate a coordinator responsible for:

(a) Establishing procedures for the security, storage and maintenance of data and recordings.
(b) Establishing procedures for accessing data and recordings.
(c) Establishing procedures for logging or auditing access.
(d) Establishing procedures for transferring, downloading, tagging or marking events.

318.11 RETENTION OF RECORDINGS
All recordings shall be retained for a period consistent with the requirements of the organization’s records retention schedule but in no event for a period less than 180 days.

Recordings made from body-worn video cameras no longer needed for a court proceeding or an ongoing criminal investigation shall not be retained for more than 30 months (ORS 133.741).

318.11.1 RELEASE OF AUDIO/VIDEO RECORDINGS
Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

318.11.2 STORAGE OF DATA BY VENDORS
Any contract with a third-party vendor for data storage of recordings from body-worn video cameras must state that all recordings are the property of the Lincoln County Sheriff's Office, not owned by the vendor, and cannot be used by the vendor for any purpose inconsistent with the policies and procedures of the Lincoln County Sheriff's Office (ORS 133.741).

318.12 TRAINING
Sheriff's Office members participating in the Body Worn Camera Program shall receive training on the use and administration of any body worn video camera device prior to deployment or use in an official capacity. All members will complete maintenance training on a three-year cycle.
Search and Seizure

320.1 PURPOSE AND SCOPE
Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Lincoln County Sheriff's Office personnel to consider when dealing with search and seizure issues.

320.2 POLICY
It is the policy of the Lincoln County Sheriff's Office to respect the fundamental privacy rights of individuals. Members of this office will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this office will comply with relevant federal and state law governing the seizure of persons and property.

The Office will provide relevant and current training to deputies as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

320.3 SEARCHES
The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this office is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, deputies are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.
Search and Seizure

320.4 SEARCH PROTOCOL
Although conditions will vary and officer safety and other exigencies must be considered in every search situation; the following guidelines should be followed whenever circumstances permit:

(a) Members of this office will strive to conduct searches with dignity and courtesy.

(b) Deputies should explain to the person being searched the reason for the search and how the search will be conducted.

(c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.

(d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.

(e) When the person to be searched is of the opposite sex as the searching deputy, a reasonable effort should be made to summon a deputy of the same sex as the subject to conduct the search. When it is not practicable to summon a deputy of the same sex as the subject, the following guidelines should be followed:
   1. Another deputy or a supervisor should witness the search.
   2. The deputy should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

320.5 DOCUMENTATION
Deputies are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon a deputy of the same sex as the person being searched and the identification of any witness deputy

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and policy have been met.
Temporary Custody of Juveniles

322.1 PURPOSE AND SCOPE
This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Lincoln County Sheriff's Office (34 USC § 11133).

Guidance regarding contacting juveniles at schools or those who may be victims is provided in the Child Abuse Policy.

322.1.1 DEFINITIONS
Definitions related to this policy include:

**Juvenile non-offender** - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This includes a juvenile taken into protective custody pursuant to a court order or without an order when there is reasonable cause to believe that (ORS 419B.150; 2019 Oregon Laws, c. 594, § 2a):

(a) An imminent threat of severe harm to the child exists.

(b) The child poses an imminent threat of severe harm to self or others.

(c) An imminent threat that the child may be removed from the jurisdiction of the juvenile court exists.

(d) The child has run away from home.

This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

**Juvenile offender** - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense). It also includes a juvenile who possesses a handgun in violation of ORS 166.250 (28 CFR 31.303).

**Non-secure custody** - When a juvenile is held in the presence of a deputy or other office member at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

**Secure custody** - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

(b) A juvenile handcuffed to a rail.
Temporary Custody of Juveniles

(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.

(d) A juvenile being processed in a secure booking area when an unsecure booking area is available.

(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.

(f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

(g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

322.2 POLICY
The Lincoln County Sheriff's Office is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Lincoln County Sheriff's Office. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

322.3 JUVENILES WHO SHOULD NOT BE HELD
Juveniles who exhibit any of the following conditions should not be held at the Lincoln County Sheriff's Office:

(a) Unconscious
(b) Seriously injured
(c) A known suicide risk or obviously severely emotionally disturbed
(d) Significantly intoxicated
(e) Extremely violent or continuously violent

Deputies taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Lincoln County Sheriff's Office unless they have been evaluated by a qualified medical and/or mental health professional.
Temporary Custody of Juveniles

If the deputy taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

322.4 CUSTODY OF JUVENILES
Deputies should take custody of a juvenile and temporarily hold the juvenile at the Lincoln County Sheriff's Office when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Lincoln County Sheriff's Office without authorization of the arresting deputy's supervisor or the Supervisor.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond five hours from the time of his/her entry into the Lincoln County Sheriff's Office (ORS 419B.160; ORS 419C.130).

322.4.1 CUSTODY OF JUVENILE NON-OFFENDERS
Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Lincoln County Sheriff's Office. Custodial arrangements should be made for non-offenders as soon as reasonably possible (ORS 419B.165; ORS 419B.168; 2019 Oregon Laws, c. 594, § 2a). Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

Prior to releasing a non-offender to the noncustodial parent, deputies shall run a criminal records check on the noncustodial parent and any adults in the same home as the noncustodial parent (ORS 419B.165).

322.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS
Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, deputies may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

322.4.3 CUSTODY OF JUVENILE OFFENDERS
Generally, a juvenile offender may be taken into custody:

(a) When it reasonably appears that the juvenile is a fugitive from another state (ORS 419C.145).

(b) When there is a court order endorsed as provided in ORS 419C.306 and directing that the juvenile be taken into custody (ORS 419C.080).

(c) When, if the juvenile were an adult, he/she could be arrested without a warrant (ORS 419C.080).
Temporary Custody of Juveniles

A deputy shall take a juvenile into custody when the deputy has probable cause to believe the juvenile, while in a public building or court facility within the last 120 days, unlawfully possessed a firearm or a destructive device (ORS 419C.080).

Generally, a deputy may issue a citation in lieu of taking the juvenile into custody if a citation may be issued for the same offense and under the same circumstances to an adult. If a citation in lieu of custody is issued, a copy of the citation shall be sent to the District Attorney (ORS 419C.085).

Juvenile offenders should be held in non-secure custody while at the Lincoln County Sheriff's Office unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

322.4.4 EXCEPTIONS TO RELEASE OF JUVENILE OFFENDERS
A juvenile offender shall be released to the custody of the juvenile's parent, guardian or other responsible person, except in any of the following circumstances (ORS 419C.100):

(a) The court has issued a warrant of arrest for the juvenile.
(b) The deputy has probable cause to believe that release of the juvenile may endanger the welfare of the juvenile, the victim or others.
(c) When the deputy has probable cause to believe that the juvenile, while in a public building or court facility within the last 120 days, unlawfully possessed a firearm or destructive device.

If a juvenile offender is not released to the parent, guardian or other responsible person, or to a person identified by the juvenile court, the deputy shall take the juvenile to the county juvenile detention facility or appropriate shelter (ORS 419C.103).

322.5 NOTIFICATION TO PARENT OR GUARDIAN
As soon as practicable after a juvenile is taken into custody, the deputy taking the juvenile into custody shall notify the juvenile's parent, guardian or other person responsible for the juvenile of the following (ORS 419B.160; ORS 419C.097):

(a) Reason the juvenile was taken into custody
(b) Location where the juvenile is being temporarily detained
(c) Intended disposition
(d) Time and place of any hearing

322.6 NO-CONTACT REQUIREMENTS
Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Office (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Lincoln County Sheriff's
Temporary Custody of Juveniles

Office shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

322.7 TEMPORARY CUSTODY REQUIREMENTS
Members and supervisors assigned to monitor or process any juvenile at the Lincoln County Sheriff's Office shall ensure the following:

(a) The Supervisor should be notified if it is anticipated that a juvenile may need to remain at the Lincoln County Sheriff's Office more than four hours. This will enable the Supervisor to ensure no juvenile is held at the Lincoln County Sheriff's Office more than five hours.

(b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.

(c) Personal visual checks and significant incidents/activities shall be noted on the log.

(d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.

(e) Juveniles shall have reasonable access to toilets and wash basins.

(f) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.

(g) Juveniles shall have reasonable access to a drinking fountain or water.

(h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.

(i) Juveniles should have privacy during family, guardian and/or lawyer visits.

(j) Juveniles should be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.

(k) Blankets should be provided as reasonably necessary.

(l) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.

(m) Juveniles shall have adequate furnishings, including suitable chairs or benches.

(n) Juveniles shall have the right to the same number of telephone calls as an adult in custody.
Temporary Custody of Juveniles

(o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.

322.8 USE OF RESTRAINT DEVICES
Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Lincoln County Sheriff's Office when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Supervisor. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

322.9 PERSONAL PROPERTY
The deputy taking custody of a juvenile offender or status offender at the Lincoln County Sheriff's Office shall ensure a thorough search of the juvenile’s property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile’s presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Lincoln County Sheriff's Office.

322.10 SECURE CUSTODY
Only juvenile offenders 14 years or older may be placed in secure custody. Supervisor approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this office should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody, rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile’s safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.
Temporary Custody of Juveniles

322.11 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE
The Supervisor will ensure procedures are in place to address the suicide attempt, death or serious injury of any juvenile held at the Lincoln County Sheriff’s Office. The procedures will address:

(a) Immediate notification of the on-duty supervisor, Sheriff and Crime Reduction Unit supervisor.

(b) Notification of the parent, guardian or person standing in loco parentis, of the juvenile.

(c) Notification of the appropriate prosecutor.

(d) Notification of the County Counsel.

(e) Evidence preservation.

322.12 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS
No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation. (See the Investigation and Prosecution Policy.)

322.13 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING
A juvenile taken into custody under ORS 419C.080 shall be photographed and fingerprinted (ORS 419A.250(2)).

Other juveniles taken into custody may only be fingerprinted or photographed (ORS 419A.250(1)):

(a) Pursuant to a search warrant.

(b) According to laws concerning adults if the juvenile has been transferred to criminal court for prosecution.

(c) Upon consent of both the juvenile and the juvenile's parent after being advised that they are not required to give such consent.

(d) By order of the juvenile court.

Fingerprints and photographs of juveniles must be kept separate from those of adults. Fingerprints and photographs of juvenile offenders shall be sent to the central state depository in the same manner as fingerprint and photograph files or records of adults. Fingerprints and photographs of other juveniles should not be sent to any central state or federal depository (ORS 419A.250).

322.14 RECORDS
Fingerprint and photograph files or records of juveniles must be kept separate from those of adults (ORS 419A.250).

Reports and other material relating to juveniles is generally considered privileged and may not be disclosed directly or indirectly except as provided in the Records Maintenance and Release Policy.
322.15 TRAINING
Office members should be trained on and familiar with this policy and any supplemental procedures.
Adult Abuse

324.1 PURPOSE AND SCOPE

324.1.1 DEFINITIONS

   7. Date of the incident
   8. Any other information that may be helpful in establishing the cause of the abuse
(c) In cases where DHS has notified the Office of a possible crime relating to elder or dependent adult abuse, confirmation of receipt of notification shall be made to DHS.
(d) DHS shall also be notified whether (ORS 124.070(3); ORS 430.745(7)):
   1. There will be no criminal investigation and the explanation of why there will be no such investigation.
   2. The investigative findings have been forwarded to the District Attorney for review.
   3. A criminal investigation will take place.
(e) In investigations that substantiate elderly abuse or abuse of a resident in a long-term care facility, DHS shall be notified in writing (ORS 124.070(2); ORS 441.650(2)).
(f) Upon completion of investigations for dependent adult abuse, DHS shall be provided a written report of the findings and supporting evidence (ORS 430.745(4)).

324.4 QUALIFIED INVESTIGATORS

(a) Conduct interviews in appropriate interview facilities.

(e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (ORS 430.739).

324.5 INVESTIGATIONS AND REPORTING
All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated. The Office must begin investigations of abuse in a long-term care facility (ORS 441.650):

- Within two hours where a resident’s health or safety is in imminent danger or the resident recently died, was hospitalized or was treated in an emergency room.
- Prior to the end of the next working day if circumstances exist that could result in abuse and place the resident’s health or safety in imminent danger.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected adult abuse victim is contacted.
(b) Any relevant statements the victim may have made and to whom he/she made the statements.
(c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
(d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

324.6 PROTECTIVE CUSTODY
Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the deputy should make reasonable attempts to contact DHS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible
Adult Abuse

Adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this office should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the deputy should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the deputy shall ensure that the adult is delivered to DHS.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

324.6.1 DHS ASSISTANCE
An deputy shall cooperate with DHS when assistance is requested by written notice to gain access to an abused person and the deputy believes that there is reasonable cause that a crime has been committed and an emergency exists that requires access to the person to ensure his/her safety (ORS 124.065; ORS 430.743; OAR 411-020-0085).

324.7 INTERVIEWS

324.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, deputies should audio record the preliminary interview with a suspected adult abuse victim. Deputies should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available.

324.7.2 DETAINING VICTIMS FOR INTERVIEWS
A deputy should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the adult need to be addressed immediately.
   2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
Adult Abuse

3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.

(b) A court order or warrant has been issued.

324.8 MEDICAL EXAMINATIONS
When an adult abuse investigation requires a medical examination, the investigating deputy should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The deputy should also arrange for the adult’s transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

324.9 DRUG-ENDANGERED VICTIMS
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

324.9.1 SUPERVISOR RESPONSIBILITIES
The supervisor should:

(a) Work with professionals from the appropriate agencies, including DHS, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when a deputy notifies the supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.

324.9.2 DEPUTY RESPONSIBILITIES
Deputies responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

(a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify a supervisor so an interagency response can begin.

324.10 STATE MANDATES AND OTHER RELEVANT LAWS
Oregon requires or permits the following:
324.10.1 SUPPORT SERVICES DIVISION RESPONSIBILITIES
The Support Services Division is responsible for:

(a) Providing a copy of the adult abuse report to DHS as required by law.
(b) Retaining the original adult abuse report with the initial case file.

324.10.2 RELEASE OF REPORTS
Information related to incidents of adult abuse or suspected adult abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (ORS 124.090; ORS 430.763; ORS 441.671).

324.11 TRAINING
The Office should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.
(b) Conducting interviews.
(c) Availability of therapy services for adults and families.
(d) Availability of specialized forensic medical exams.
(e) Cultural competence (including interpretive services) related to adult abuse investigations.
(f) Availability of victim advocates or other support.
Discriminatory Harassment

326.1 PURPOSE AND SCOPE
The purpose of this policy is to prevent office members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

This policy also applies to office elected officials (2019 Oregon Laws, c. 463, § 2).

326.2 POLICY
The Lincoln County Sheriff’s Office is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Office will not tolerate discrimination against members in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Office will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.

The non-discrimination policies of the Office may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

326.3 DEFINITIONS
Definitions related to this policy include:

326.3.1 DISCRIMINATION
The Office prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on the actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law (e.g., ORS 659A.030; ORS 659A.082; ORS 659A.112).

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual’s protected class. It has the effect of interfering with an individual’s work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or office equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to office policy and to the office commitment to a work environment that is free of discrimination.
Discriminatory Harassment

326.3.2 RETALIATION
Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

326.3.3 SEXUAL HARASSMENT
The Office prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly as a term or condition of employment, position, or compensation.

(b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.

(c) Such conduct has the purpose or effect of substantially interfering with a member’s work performance or creating an intimidating, hostile, or offensive work environment.

326.3.4 HOSTILE WORK ENVIRONMENT
A hostile work environment exists when a member experiences workplace harassment and fears going to work because of the offensive intimidating, or oppressive atmosphere generated by the harasser(s).

326.3.5 ADDITIONAL CONSIDERATIONS
Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

(a) Acts or omission of acts based solely upon bona fide occupational qualifications under Equal Employment Opportunity Commission (EEOC) and the Oregon Bureau of Labor and Industries’ Civil Rights Division.

(b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with County or office rules or regulations, or any other appropriate work-related communication between supervisor and the member.

326.4 RESPONSIBILITIES
This policy applies to all office members who shall follow the intent of these guidelines in a manner that reflects office policy, professional law enforcement standards, and the best interest of the Office and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and
Discriminatory Harassment

make the report to a higher ranking supervisor or manager. Complaints may also be filed with the Sheriff, Personnel Director, or the N/A.

Any member who believes, in good faith, that he/she has been discriminated against, harassed, subjected to retaliation, or who has observed harassment, discrimination, or retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

326.4.1 SUPERVISOR RESPONSIBILITIES
The responsibilities of each supervisor and manager shall include but are not limited to:

(a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.

(b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.

1. Unless a member objects in writing, a supervisor designated by the Sheriff shall follow up with a member once every three months for a year following the date on which the member reported the incident to determine whether the alleged harassment has stopped or if the member has experienced retaliation (2019 Oregon Laws, c. 463, § 3).

(c) Ensuring that their subordinates understand their responsibilities under this policy.

(d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.

(e) Making a timely determination regarding the substance of any allegation based upon all available facts.

(f) Notifying the Sheriff or Personnel Director in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

326.4.2SUPERVISOR’S ROLE
Supervisors and managers shall be aware of the following considerations:

(a) Behavior of supervisors and managers should represent the values of the Office and professional law enforcement standards.

(b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline in a manner that is consistent with established procedures.
Discriminatory Harassment

326.5 INVESTIGATION OF COMPLAINTS
Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Office that all complaints of discrimination, retaliation, or harassment shall be fully documented and promptly and thoroughly investigated.

326.5.1 SUPERVISORY RESOLUTION
Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable, threatened or has difficulty expressing his/her concern, or if this does not solve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

326.5.2 FORMAL INVESTIGATION
If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation (ORS 659A.199).

Formal investigation of the complaint will be confidential to the extent possible and will include, but not be limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Sheriff, Personnel Director or the N/A.

326.5.3 ALTERNATIVE COMPLAINT PROCESS
No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Office. Members who believe that they have been harassed or discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

326.6 NOTIFICATION OF DISPOSITION
The complainant and/or victim will be notified in writing of the disposition of the investigation and the action taken to remedy or address the circumstances giving rise to the complaint.
Discriminatory Harassment

326.7 DOCUMENTATION OF COMPLAINTS
All complaints or allegations shall be thoroughly documented on the appropriate forms and in a manner designated by the Sheriff. The outcome of all reports shall be:

- Approved by the Sheriff, the N/A, or the Personnel Director, depending on the ranks of the involved parties.
- Maintained in accordance with the established records retention schedule.

326.8 TRAINING
All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents, and agrees to abide by its provisions during his/her term with the Office.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents, and agree that they will continue to abide by its provisions.

326.8.1 QUESTIONS OR CLARIFICATION
Members with questions regarding what constitutes discrimination, sexual harassment or retaliation are encouraged to contact a supervisor, the Sheriff, or Personnel Director for further information, direction or clarification.

326.9 ADDITIONAL REQUIREMENTS
The Personnel Director should consult with the County Human Resources manager to ensure that all required notifications regarding unlawful employment discrimination are available to all employees.

When any member complains about discriminatory harassment, the person receiving the complaint should provide a copy of this policy to the member (2019 Oregon Laws, c. 463, § 2).

A member may file a complaint with the Bureau of Labor and Industries and also may have other legal remedies under Oregon law (2019 Oregon Laws, c. 463, § 2).

(a) Administrative complaints regarding federal discrimination claims must be filed within 300 days of the alleged unlawful employment practice (42 USC §2000e-5(e)(1)).

(b) Administrative complaints regarding state discrimination claims must be filed within five years of the alleged unlawful employment practice (ORS 659A.820(3)).

(c) A civil lawsuit alleging state discrimination claims must be filed within five years of the alleged unlawful employment practice (ORS 659A.875).

(d) A civil lawsuit alleging federal discrimination claims must be filed within 90 days of the receipt of a right to sue letter from the Bureau of Labor and Industries and/or the EEOC (42 USC §2000e-16(c)).

(e) The statute of limitations periods for crimes related to sexual harassment vary from two to 12 years.
Discriminatory Harassment

(f) Claims made against the Lincoln County Sheriff's Office require advance notice pursuant to ORS 30.275 (2019 Oregon Laws, c. 463, § 2).

A member may file a complaint with the Office within four years from the date of the alleged incident or within the time limitation specified in ORS 659A.875, whichever is greater (2019 Oregon Laws, c. 463, § 3).

A member who believes he/she has been subjected to workplace harassment may access available community services and any support services provided by the Office, such as the employee assistance program (2019 Oregon Laws, c. 463, § 2).

No member will be required or coerced into a nondisclosure (confidentiality) or nondisparagement (an agreement not to say anything negative about the Lincoln County Sheriff's Office or its members in any form of communication) agreement. A member may voluntarily enter into an agreement that contains a nondisclosure or nondisparagement provision and has a minimum of seven days to revoke said agreement (2019 Oregon Laws, c. 463, § 2).
Child Abuse

328.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Lincoln County Sheriff's Office members are required to notify the Department of Human Services (DHS) of suspected child abuse.

328.1.1 DEFINITIONS
Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child’s care or any other act that would mandate notification to a social service agency (ORS 419B.010).

328.2 POLICY
The Lincoln County Sheriff's Office will investigate all reported incidents of alleged criminal child abuse and ensure that DHS is notified as required by law.

328.3 MANDATORY NOTIFICATION
Members of the Lincoln County Sheriff's Office shall notify DHS when a report of child abuse is received or when there is reasonable cause to believe that a child has suffered abuse (ORS 419B.010).

For purposes of notification, a child is an unmarried person under 18 years of age (ORS 419B.005(2)).

For purposes of notification, abuse of a child includes but is not limited to assault or physical injury of a non-accidental nature; rape, sexual abuse, or sexual exploitation, including contributing to the sexual delinquency of a minor; threatened harm; negligent treatment or maltreatment; buying or selling a child; unlawful exposure to a controlled substance or to the unlawful manufacturing of a cannabinoid extract; permitting a child to enter or remain in or upon premises where methamphetamines are manufactured; or any other act described in ORS 419B.005(1)(a).

328.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (OAR 413-015-0305):

(a) Verbal notification to DHS shall be made immediately to the Oregon Child Abuse Hotline when the deputy determines that the report of alleged abuse or neglect requires an immediate joint response.

(b) Verbal, electronic transmission, or hand-delivered notification to DHS of all other reports of child abuse or neglect shall be made by the end of the next business day.

(c) Notification, when possible, should include:
Child Abuse

1. The name and contact information of the confidential reporter.
2. The name, address, and age of the child.
3. The name and address of the child's parents or other person who is responsible for care of the child.
4. The nature and extent of the abuse or neglect, including any evidence of previous abuse or neglect.
5. The explanation given for the abuse or neglect.
6. Where the abuse or neglect occurred.
7. Identity and whereabouts of the alleged perpetrator.
8. Any other information that the person making the report believes might be helpful in establishing the cause of the abuse or neglect and the identity and whereabouts of the perpetrator.
9. The name and contact information for the assigned DHS worker and deputy.

When the abuse occurs at a facility or by a person from a facility that requires a state license from the Oregon Employment Department, Child Care Division (e.g., child care facility), notification shall also be made to that agency. If the alleged child abuse occurred in a school or was related to a school-sponsored activity, notification shall be made to the Department of Education (ORS 419B.020).

328.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available for child abuse investigations. These investigators should:

(a) Conduct interviews in child-appropriate interview facilities.
(b) Be familiar with forensic interview techniques specific to child abuse investigations.
(c) Present all cases of alleged child abuse to the prosecutor for review.
(d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
(e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (ORS 418.747).

328.5 INVESTIGATIONS AND REPORTING
In all reported or suspected cases of child abuse, a deputy shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:
(a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected child abuse victim was contacted.

(b) The exigent circumstances that existed if deputies interviewed the child victim without the presence of a parent or guardian.

(c) Any relevant statements the child may have made and to whom he/she made the statements.

(d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

(f) Whether the child victim was transported for medical treatment or a medical examination.

(g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

328.5.1 KARLY’S LAW
In all cases of suspicious physical injury to a child, the investigating deputy shall, in accordance with any relevant county multidisciplinary team protocols (ORS 419B.023):

(a) Immediately photograph or cause to be photographed any visible injuries or any injuries identified by the child if practicable, and in the manner described in ORS 419B.028.

(b) Ensure that photographs of the injuries are distributed to the designated medical professional and placed in any relevant files by the end of the next regular business day or within 48 hours, whichever occurs later (ORS 419B.028(2)).

(c) Ensure that a designated medical professional conducts a medical assessment of the child within 48 hours or sooner, according to the child's medical needs. If a designated medical professional is unavailable for the assessment, the investigating deputy must ensure that the child is evaluated by an available physician.

328.5.2 INVESTIGATIONS ON SCHOOL PREMISES
When an investigation of child abuse is conducted on school premises, the investigating deputy shall first notify the school administrator of the investigation, unless the school administrator
Child Abuse

is a subject of the investigation. The investigator shall present identification to school staff members. The investigator is not required to reveal information about the investigation to the school as a condition of conducting the investigation. At the investigator’s discretion, the school administrator or a school staff member designated by the school administrator may be present to facilitate the investigation. Prior to any interview with the affected child, the investigating deputy shall be advised of the child’s disabling conditions, if any. These provisions apply to an investigation that involves an interview with the suspected victim of abuse or witnesses and not to investigations or interviews of a person suspected of having committed the abuse (ORS 419B.045).

328.6   PROTECTIVE CUSTODY
Before taking any child into protective custody, the deputy should make reasonable attempts to contact DHS. Generally, removal of a child from his/her family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this office should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the deputy should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the deputy shall ensure that the child is delivered to DHS.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (ORS 419B.150):

(a) When there is reasonable cause to believe any of the following:
   1. An imminent threat of severe harm to the child exists
   2. The child poses an imminent threat of severe harm to self or others
   3. An imminent threat that the child may be removed from the jurisdiction of the juvenile court exists

(b) When the juvenile court has issued a valid order that the child is to be taken into protective custody

(c) When it reasonably appears that the child has run away from home

328.6.1 NOTICE TO PARENTS
When a deputy takes a child into protective custody, if possible, the deputy shall:
Child Abuse

(a) Make reasonable efforts to immediately notify the child’s parents or guardian, regardless of the time of day.

(b) Advise the reason the child has been taken into custody.

(c) Provide general information about the child’s placement and the telephone number of the local DHS office, including any after-hours telephone numbers (ORS 419B.020).

328.6.2 SAFE HAVEN PROVISION
A parent may leave an infant who is not more than 30 days old at an authorized facility, including this office, as long as the child has no evidence of abuse (ORS 418.017).

When an infant is surrendered to this office, members of the Lincoln County Sheriff’s Office shall follow the provisions set forth in ORS 418.017.

328.7 INTERVIEWS

328.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, deputies should record the preliminary interview with suspected child abuse victims. Deputies should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

328.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW
A deputy should not involuntarily detain a child who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the child need to be addressed immediately.
   2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

(b) A court order or warrant has been issued.

328.8 MEDICAL EXAMINATIONS
If the child has been the victim of abuse that requires a medical examination, the investigating deputy should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The deputy should also arrange for the child’s transportation to the appropriate medical facility.
In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

**328.8.1 COURT ORDERS FOR PRESERVATION OF EVIDENCE**
When a deputy is taking a child into protective custody and has reasonable cause to believe that the child has been affected by sexual abuse and rape, and that physical evidence of the abuse exists and is likely to disappear, the court may authorize a physical examination for the purpose of preserving evidence, if such examination is in the best interest of the child (ORS 419B.020).

**328.9 DRUG-ENDANGERED CHILDREN**
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

**328.9.1 SUPERVISOR RESPONSIBILITIES**
The Crime Reduction Unit Supervisor should:

(a) Work with professionals from the appropriate agencies, including DHS, other law enforcement agencies, medical service providers and local prosecutors to develop community-specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when a deputy notifies the Crime Reduction Unit Supervisor that the deputy has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

**328.9.2 DEPUTY RESPONSIBILITIES**
Deputies responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

(a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Crime Reduction Unit supervisor so an interagency response can begin.

**328.10 STATE MANDATES AND OTHER RELEVANT LAWS**
Oregon requires or permits the following:
Child Abuse

328.10.1 RELEASE OF REPORTS
Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (ORS 419B.035).

Information may be shared to the appropriate military authorities regarding a child who is the subject of a report of child abuse when the parent or guardian of the child is in the military (ORS 419B.015).

328.10.2 COUNTY MULTIDISCIPLINARY CHILD ABUSE TEAM AND PROTOCOL
The Crime Reduction Unit supervisor should ensure that current written protocols and procedures for child abuse investigations developed by the multidisciplinary child abuse team are available to all office members (ORS 418.747).

This office should cooperate with any child fatality review team and investigation (ORS 418.785).

Each investigation of child abuse shall be concluded with one of the following dispositions (ORS 419B.026):

- Founded
- Unfounded
- Undetermined

(d) Availability of specialized forensic medical exams.

This includes the National Crime Information Center (NCIC), the Oregon Law Enforcement Data System (LEDS) and the Oregon State Police Missing Children Clearinghouse.

330.2 POLICY
The Lincoln County Sheriff’s Office does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation
Missing Persons

reveals otherwise. The Lincoln County Sheriff's Office gives missing person cases priority over property-related cases and does not require a specific amount of time to have passed before beginning a missing person investigation.

330.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS
The Crime Reduction Unit Supervisor shall ensure the following forms and kits are developed and available:

- Missing person report form
- Missing person investigation checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation

330.4 ACCEPTANCE OF REPORTS

Those members who do not take such reports or who are unable to give immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any question of jurisdiction.

Deputies or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

(a) Respond to a dispatched call as soon as practicable.
(b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.
(c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).
(d) Broadcast a “Be on the Look-Out” (BOLO) bulletin if the person is under 16 years of age or there is evidence that the missing person is at risk. person’s location through his/her telecommunications carrier.

(a) Should ensure that the missing person’s school is notified within 10 days if the missing person is a juvenile.
   1. The notice shall be in writing and should also include a photograph.
   2. The investigator should meet with school officials as appropriate to stress the importance of including the notice in the juvenile’s student file, along with the investigator’s contact information, if the school receives a call requesting the transfer of the missing child’s files to another school.

(b) Should re-contact the reporting person and/or other witnesses within 30 days of the initial report and within 30 days thereafter to determine if any additional information has become available.

330.8 A CHILD IS MISSING PROGRAM
The first several hours after a child, elderly (often with Alzheimer's, Dementia), college student
on campus or disabled person is reported missing can be critical to the successful outcome of
the case. A Child Is Missing Alert program (ACIMA) is a valuable tool for law enforcement if used
properly. A Child Is Missing Alert will generate telephone calls to local residents within fifteen (15)
minutes after initiation by law enforcement.

It is the policy of the Lincoln County County Sheriff's Office to utilize A Child Is Missing Alert only for
missing children, elderly, college students on campus and disabled persons whenever the criteria
of the following procedures are met.

340.2 POLICY
It is the policy of the Lincoln County Sheriff's Office that members shall use information technology resources, including computers, software and systems, that are issued or maintained by the Office in a professional manner and in accordance with this policy.

340.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to emails, texts or anything published, shared, transmitted or maintained through file-sharing software or any Internet site that is accessed, transmitted, received or reviewed on any office computer system.

The Office reserves the right to access, audit and disclose, for whatever reason, any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Office, including the office email system, computer network and/or any information placed into storage on any office system or device. This includes records of all keystrokes or Web-browsing history made at any office computer or over any county network. The fact that access to a database, service or website requires a username or password will not create an expectation of privacy if it is accessed through county computers, electronic devices or networks.
Employees may not be asked for or required to provide their username, password or other means of authentication that provides access to their personal social media accounts unless otherwise allowed under ORS 659A.330.

340.4 RESTRICTED USE
Members shall not access computers, devices, software or systems for which they have not received prior authorization or the required training. Members shall immediately report unauthorized access or use of computers, devices, software or systems by another member to a supervisor.

Members shall not use another person’s access passwords, logon information and other individual security data, protocols and procedures unless directed to do so by a supervisor.

340.4.1 SOFTWARE
Members shall not copy or duplicate any copyrighted or licensed software except for a single copy for backup purposes in accordance with the software company’s copyright and license agreement.

When related to criminal investigations, software program files may be downloaded only with the approval of the information systems technology (IT) staff and with the authorization of the Sheriff or the authorized designee.

No member shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the Office while on county premises, computer systems or electronic devices. Such unauthorized use of software exposes the County and involved members to severe civil and criminal penalties.

Introduction of software by members should only occur as part of the automated maintenance or update process of County-approved or installed programs by the original manufacturer, producer or developer of the software.

Any other introduction of software requires prior authorization from IT staff and a full scan for malicious attachments.

340.4.2 HARDWARE
Access to technology resources provided by or through the Office shall be strictly limited to county-related activities. Data stored on or available through county computer systems shall only be accessed by authorized members who are engaged in an active investigation or assisting in an active investigation or who otherwise have a legitimate law enforcement or county-related purpose to access such data. Any exceptions to this policy must be approved by a supervisor.
Information Technology Use

Internet access provided by or through the County shall be strictly limited to office-related activities. Internet sites containing information that is not appropriate or applicable to office use and which shall not be intentionally accessed include, but are not limited to, adult forums, pornography, gambling, chat rooms and similar or related Internet sites. Certain exceptions may be permitted with the express approval of a supervisor as a function of a member’s assignment.

Downloaded information shall be limited to messages, mail and data files.

340.4.4 OFF-DUTY USE
Members shall only use technology resources provided by the Office while on-duty or in conjunction with specific on-call assignments unless specifically authorized by a supervisor. This also applies to personally owned devices that are used to access office resources.

Refer to the Personal Communication Devices Policy for guidelines regarding off-duty use of personally owned technology.

All members have a duty to protect the computer system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care and maintenance of the computer system.

Members shall ensure office computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off and password protections enabled whenever the user is not present. Access passwords, logon information and other individual security data, protocols and procedures are confidential information and are not to be shared. Password length, format, structure and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the Internet) to a supervisor.

340.6 INSPECTION OR REVIEW
A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

Reasons for inspection or review may include, but are not limited to, computer system malfunctions, problems or general computer system failure, a lawsuit against the Office involving one of its members or a member’s duties, an alleged or suspected violation of any policy, a request for disclosure of data, or a need to perform or provide a service.

Report writing is the subject of substantial formalized training and on-the-job training.

342.1.1 REPORT PREPARATION

Media Relations

344.1 PURPOSE AND SCOPE
This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

344.1.1 POLICY
It is the policy of the Sheriff's Office to provide news items of public concern and maintain good relations with the news media. Employees will become familiar with the Oregon bar-press guidelines and procedures outlined in this policy. The rules of the Oregon bar-press guidelines apply in all statements, unless releasing information jeopardizes an investigation or is harmful to the prosecution and conviction of a suspect.

344.1.2 DEFINITIONS
Public Records - Consistent with ORS 192.410, all writings, documents, papers, letters, maps, books, tapes, CDs, photographs, films, sound recordings or other material, regardless of physical form or characteristics, prepared, owned, used or retained by the Office relating to the conduct of the public's business. The fact that a particular item is designated a "public record" does not mean that it is open to public inspection, but rather that it belongs to a public agency.

Criminal Investigative Information - Information relating to an identifiable person(s) or group of persons compiled by a criminal justice agency in the course of conducting a criminal investigation of a specific act or omission, including but not limited to, information derived from laboratory tests, reports of investigators or informants, or any type of surveillance. Such information is considered "active" as long as it is related to an ongoing investigation, which is continuing with a reasonable, good faith anticipation of securing an arrest or prosecution in the foreseeable future.

Criminal Intelligence Information - Information concerning identifiable person(s) or group of persons collected by a criminal justice agency in an effort to anticipate, prevent, or monitor possible criminal activity. Such information is considered "active" as long as it is related to intelligence gathering conducted with a reasonable, good faith belief that it will lead to detection of ongoing or reasonably anticipated criminal activities.

344.2 RESPONSIBILITIES
The ultimate authority and responsibility for the release of information to the media shall remain with the Sheriff, however, in situations not warranting immediate notice to the Sheriff and in situations where the Sheriff has given prior approval, Division Commanders, Supervisors and designated Public Information Officer(s) may prepare and release information to the media in accordance with this policy and the applicable law.

344.3 MEDIA ACCESS
(a) Only the Sheriff or District Attorney or their designee will make statements to the news media regarding an active major criminal investigation.
(b) Support services personnel are the only members authorized to release reports and report information in accordance with law and department policies.

(c) In major crime incidents, media access will be restricted until the deputy or supervisor in charge gives information.

1. The media normally does not have the right to enter private property without consent of the property owner.

2. A deputy may escort or authorize media personnel onto public property.

3. Restricting access may be necessary if the reporter's presence would unreasonably obstruct or interfere with the investigation of a crime scene or hamper the execution of police duties.
   (a) Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations.

4. Authorized members of the media should be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities subject to the following conditions:
   (a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.

   (b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.

5. Media representatives may be prevented from interfering with emergency operations and criminal investigations
   (a) Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for TFRs should be routed through the supervisor. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (Federal Aviation Regulations § 91.137).

(d) When a major interest event such as a fire, accident, explosion or bomb threat, possible crime, or any other event requiring Sheriff's Office response occurs, a deputy may be designated to assist and direct media personnel to a safe location, in order to insure public safety, to secure the scene for investigation, or to protect property or clean up of that property.
Media Relations

(e) When a major event creates substantial interest and there is a special need for factual, accurate, and immediate news from one source, a designated department spokesperson may be called to the scene.

(f) The Sheriff will not, in most cases, be the only source of information in the Office. The Sheriff should, however, be kept informed of contacts with the news media to maintain continuity of reporting.

(g) As a rule, media works on deadlines. Designated employees will assist the news media in reaching deadlines. However, the objective of the department/media relationship will be the releasing of factual, timely information based upon the Oregon bar-press guidelines and this policy.

(h) At times, inquiries from the news media may request information that is not immediately available to a deputy or requires further input. In these situations, advise the media representative that appropriate information will be furnished as soon as possible.

(i) ORS 181.852, prohibits, except under certain circumstances, the disclosure of any information by a law enforcement agency regarding any employee involved in undercover investigative duties while conducting such duties or for a period of six months following assignment.

(j) ORS 181.854 prohibits the disclosure of a photograph of a public safety employee without written consent, as well as information about the employee that is either exempt or prohibited from disclosure.

(k) No member of this office who is under investigation should be subjected to media visits or interviews without the consent of the involved employee.

(l) A tactical operation should be handled in the same manner as a crime scene, except that the news media should be permitted within the outer perimeter of the scene, subject to any restrictions as set forth by the supervisor. Members shall not jeopardize a tactical operation in order to accommodate the news media.

(m) Media interviews with individuals who are in custody shall not be permitted without the approval of the Sheriff and the express consent of the person in custody.

344.3.1 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of deputies and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Sheriff.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Sheriff will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.
344.3.2 TEMPORARY FLIGHT RESTRICTIONS
Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Supervisor. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident. It should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137). All requests for TFR should be routed through the Supervisor.

344.4 INFORMATION SUBJECT TO RELEASE
The communications center will maintain a daily information log of significant law enforcement activities that is available to media representatives. All other releases of information by this Sheriff's Office will be in accordance with the following procedures.

344.4.1 SCOPE OF INFORMATION SUBJECT TO RELEASE
(a) Each member of the agency will maintain a cooperative and harmonious professional relationship with representatives of the news media.

(b) At the scene of any event of public interest, representatives of the news media will be permitted to conduct interviews, take photographs, and otherwise perform their assigned tasks provided their activity is not in violation of the guidelines established in the policy, and provided such activity does not violate any law or interfere with law enforcement operations.

(c) News releases concerning incidents involving agency policy, the official interpretation of agency policy or investigations of an internal nature will be made by the Sheriff or designee.

344.4.2 RESTRICTED INFORMATION
It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this office (see the Records Maintenance and Release and Personnel Records policies). When in doubt, authorized and available legal counsel should be obtained.

344.4.3 NEWS RELEASES

3. News releases shall be released on a daily basis, as they occur if during normal office hours or during a major incident day or night.

(b) News releases concerning new policies or programs will be coordinated through the Sheriff or a designee.

(c) The deputy in charge of an investigation or incident, or the ranking deputy on the scene will release all other information.

(d) When representatives of the news media desire interviews beyond the news release with agency personnel other than those listed in Sections 1 and 2 of these procedures concerning the investigation or incident, such interviews may be conducted only with the approval of the appropriate Division Commander.

(a) Exceptions;

(a) When an official representative of the Lincoln County Deputy Association (LCDA) speaks on behalf of the LCDA;

(e) In instances where more than one agency is involved, the agency having primary jurisdiction will be responsible for releasing, or coordinating the release of information.

344.4.4 NEWS RELEASE GUIDELINES/OREGON BAR-PRESS GUIDELINES

(a) Oregon's Bill of Rights provides both for fair trials and for freedom of the press. These rights are basic and unqualified. They are not ends in themselves, but are necessary guarantors of freedom for the individual and the public's right to be informed. At times these two rights appear to be in conflict with each other. In an effort to mitigate this conflict, the Oregon State Bar, the Oregon Newspaper Publishers Association and the Oregon Association of Broadcasters have adopted the following statement of principles to keep the public fully informed without violating the right of any individual:

1. The news media have the right and responsibility to print and broadcast the truth.

2. However, the demands of accuracy and objectivity in news reporting should be balanced with the demands of fair play. The public has a right to be informed. The accused has the right to be judged in an atmosphere free from undue prejudice.

3. Good taste should prevail in the selection, printing and broadcasting of the news. Morbid or sensational details or criminal behavior should not be exploited.
4. The right decision about the news rests with the editor or news director. In the exercise of judgment he/she should consider that:
   (a) An accused person is presumed innocent until proven guilty;
   (b) Readers and listeners are potential jurors; and
   (c) No person's reputation should be injured needlessly.

5. The above guidelines are supplemental to and should be interpreted with the "Oregon Bar-Press Broadcasters Joint Statement of Principles" adopted in 1962.

6. The guidelines are cautionary, not mandatory. They do not prohibit release of, or publication of, information needed to identify or aid in the capture of a suspect or information in the vital interest of the public interest after arrest. Neither do they prescribe publication of information, which is already in the public domain.

7. At times, members of the news media will request access to department records. Requests should be submitted to the Records Division. The department considers all requests based on ORS 192.410 dealing with public records exempt from disclosure, and other related statutes.

   b) Guidelines for disclosure and reporting of information on criminal proceedings.
      (a) It is generally appropriate to disclose or report the following:
         (a) The arrested person's name, age, residence, employment, marital status and relevant biographical information.
         (b) The charge.
         (c) The amount of bail and/or release conditions.
         (d) The identity of and biographical information concerning both complaining party and victim. Specific information about sexual assault or hate crime victims should be disclosed only when the public's right to know clearly outweighs the victim's or the complaining party's right to privacy or safety.
         (e) The identity of the investigating and arresting agency and the length of the investigation.

Outside Agency Assistance

350.1  PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

350.2  POLICY
It is the policy of the Lincoln County Sheriff's Office to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this office.

350.3  ASSISTING OUTSIDE AGENCIES
Generally, requests for any type of assistance from another agency should be routed to a Supervisor for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this office, the Supervisor may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this office.

Deputies may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this office until arrangements for transportation are made by the outside agency. Only in exceptional circumstances, and subject to supervisor approval, will this office provide transportation of arrestees to facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

350.3.1  INITIATED ACTIVITY
Any on-duty deputy who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Lincoln County Sheriff's Office shall notify his/her supervisor and Dispatch as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

350.4  REQUESTING OUTSIDE ASSISTANCE
If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.
Outside Agency Assistance

350.5 REPORTING REQUIREMENTS
Incidents of outside assistance or law enforcement activities that are not documented in a crime report should be documented as directed by the Supervisor.
Tsunami Preparedness

351.1 PURPOSE AND SCOPE
This policy outlines the response from deputies of the Lincoln County Sheriff's Office in the event of a tsunami. Our members are to be prepared for such an emergency, which includes making preparations for family members in the event of a tsunami. It is imperative that our family members be instructed and prepared to take appropriate action to safeguard themselves from the effects of a tsunami.

351.1.1 POLICY
It is the policy and the responsibility of the Lincoln County Sheriff's Office to provide emergency response to citizens in the event of a natural disaster. This includes storms, flooding, earthquakes and tsunamis.

Our responsibility and obligation to be prepared and available to immediately respond to such an event cannot be overemphasized. A consensus of emergency management professionals has determined an elevation of 65 feet is a safe elevation from a coastal tsunami. Deputies are expected to be knowledgeable of the locations of Tsunami Hazard Zones in the county. Deputies are encouraged to learn the correlation of general elevation heights of 65 feet in relation to low-lying areas. The courthouse elevation is 131 feet at its base.

351.1.2 DEFINITIONS
Tsunami Wave - A series of waves generated by offshore seismic activity. Note, the first wave may not be the largest, and danger may be present for several hours. In addition, a wave that is small in one location may be large and destructive in another location.

Tsunami Watch Bulletin - This bulletin is issued when an earthquake of sufficient magnitude has occurred off the coast of Hawaii or the Aleutian Islands, and the possibility of a seismic wave being generated exists.

Tsunami Warning Bulletin - This bulletin is issued when a seismic wave has been observed or detected. Information in the bulletin will include, whenever possible: general wave height, estimated time of arrival (ETA), preliminary location of the earthquake and magnitude. There is no other bulletin announcing the arrival of a tsunami after this warning is issued. This warning should be interpreted as "Proceed to High Ground Immediately".

Tsunami Cancellation Bulletin - This bulletin is issued to cancel a warning when reports indicate that a negligible wave, or no tsunami, has been generated.

All Clear - If damaging waves occurred, an all clear posture may be assumed when no further damaging wave action has occurred for two hours. If no wave action, or only "significant" waves occur, an all-clear status shall be assumed two hours after the anticipated ETA unless additional ETAs are announced.
Cascadia Subduction Zone - This area is located just off the coasts of Washington, Oregon and northern California.

351.2 PROCEDURE

351.2.1 EARTHQUAKE
In the event of an earthquake, personnel located in buildings are to:

(a) Duck, cover and hold.
   1. Seek the protection under a desk, table or other area where you can protect yourself from falling debris.
   2. Do not stand in a doorway.
   3. Do not run out of a building during shaking as you place yourself at risk of being struck by falling debris and building materials.

351.2.2 TSUNAMI WATCH
When a Tsunami Watch bulletin is issued the following is to occur;

(a) The communications center will notify the Patrol Commander, the Emergency Manager and the shift supervisor of the Watch Bulletin.
   1. A supervisor will decide if further notification of off-duty personnel is necessary.
   2. Ensure your family is advised that they may need to evacuate if a Warning Bulletin is issued.
   3. Patrol Division deputies will ensure their equipment is organized and available for response should a warning occur.

(b) Deputies may consider including a supply of food and water with their supplies should an extended tour of duty be necessitated. This may result in days of isolation from supplies or relief.

351.2.3 TSUNAMI WARNING
When a Tsunami Warning is issued deputies will proceed as follows:

(a) The communications center will page all personnel (deputies, supervisors, and Sheriff). This page will read, "Tsunami Warning". "ETA" followed by the amount of time the wave is expected.
   1. Personnel will not call the communications center, as the center will be inundated with telephone calls.
   2. If the quake is felt locally and continues for one minute or more, you will proceed to high ground immediately.
   (a) Recommended elevation 65 feet.
Tsunami Preparedness

(b) Arrival time of a tsunami from the Cascadia Subduction Zone will vary from 10 to 20 minutes from the time of the earthquake.

3. If the quake is not felt locally and the warning advises the quake occurred near Hawaii or Alaska, deputies will have three (3) to four (4) hours before arrival of the first wave.

(a) Deputies will assist local fire districts in warning citizens who are located in Tsunami Hazard Zones only, starting with the lowest lying populated areas along the coastline and moving inland.

1. Deputies will not normally warn citizens on the beach or engage in preventing people from accessing the beach other than to warn them of the hazard.

(b) Deputies will terminate the warning of citizens when:

1. Directed by a supervisor of the Lincoln County Sheriff's Office; or
2. The warning is canceled; or
3. When it appears that the deputy's ability to reach high ground is jeopardized due to such things as a high volume of motor vehicle traffic; or
4. 30 minutes prior to the ETA of the first wave.

(c) Some deputies may be assigned or determine that traffic control is necessary to accommodate any evacuation by motor vehicle that may occur.

(d) The jail will initiate lock-down and remain in that state of condition until directed by the Jail Commander or the Sheriff to resume normal operations.

(e) Corrections Deputies may be utilized to assist patrol deputies in warning citizens and should also be prepared for extended periods of isolation due to loss of highways and bridges.

(f) Fire districts and the U.S. Coast Guard have identified preset staging areas. Currently, the following sites have been identified:

(g) 1. Depoe Bay Collins Street, north side of the bridge
2. Depoe Bay - End of Schoolhouse Road, south end of the bridge
3. Waldport Waldport Middle School, Crestline Drive
Water Rescue

353.1 PURPOSE AND SCOPE
There are many streams, rivers, and lakes in Lincoln County and most notably the county is bordered by the Pacific Ocean. This makes Lincoln County an ideal place for water related recreation activities, but these activities are inherently dangerous. On occasion, some people are placed at risk of drowning or are involved in near drowning incidents. As first responders, it is important that deputies possess the necessary knowledge and equipment to assist in the safe rescue and recovery of these people, while at the same time protecting themselves from becoming a victim.

353.1.1 DEFINITIONS
Drowning - Death caused by the asphyxiation of water or other liquid into the lungs, which prevents air from entering the lungs and re-oxygenating the blood. Death from drowning usually occurs after five minutes without oxygen, however, some people have been resuscitated after a longer period of time.

Hypothermia - A serious medical condition that occurs when the core temperature of the body falls below a level necessary to maintain life. Hypothermia is a common occurrence in near-drowning victims and requires immediate medical attention.

Near Drowning - An individual surviving more than 24 hours following suffocation by submersion in water.

Personal Flotation Device - A Personal Flotation Device (PFD) is a device worn by a person that provides that person with neutral buoyancy in water without the need for any physical effort. Commonly referred to as a "life jacket" and can be pneumatic or a floatable substance.

353.2 ARRIVING FIRST ON SCENE OF A WATER RESCUE
(a) Take command of the rescue. The first priority is to prevent additional victims by not allowing would-be rescuers to enter the water. Only specially trained and equipped rescue personnel should be allowed to enter the water.

(b) Patrol Deputies are provided with a Personal Flotation Device (PFD) in every patrol car. Deputies should put on (wear) the PFD at the earliest possible time, and always before approaching the water.

(c) Deputies must provide up-to-date information to responding rescue units on location and number of victims, any known or potential hazards to rescue personnel, and offer recommendations for best approach to the scene and/or command post location.

(d) Follow the four water rescue guidelines: Reach, Throw, Row, Don't Go.
   1. Reach. Hold on to a dock or boat and reach your hand, boat oar, fishing pole or whatever you have nearby to the person in the water.
Water Rescue

2. Throw. Toss something that floats to the person in the water. All patrol vehicles are equipped with a rescue throw rope.

3. Row. If you have access to a boat, row out to the person in the water or enlist the assistance of someone else with a boat. Don't use the boat motor. The propeller could injure the person.

4. Don't go. Do Not go into the water unless you are specially trained in rescue swimming and properly equipped.

353.3 ASSISTING FIRE SERVICE
Upon the arrival of Fire Service or if Fire Service is already on scene, the Fire Service Command Officer will take command of the water rescue operation.

(a) Deputies should assist Fire Command with scene security and other requests for assistance as necessary.

(b) If the Fire Command Officer requests assistance from a dive team, the Deputy should immediately contact the Search and Rescue Coordinator and forward the request.

(c) If the Fire Command Officer requests assistance from the Lincoln County Marine Patrol, the Deputy should contact the on-duty supervisor and forward the request.

353.4 TREATMENT OF DROWNING AND NEAR-DROWNING VICTIMS FOR HYPOTHERMIA
Hypothermia will almost always be present in drowning and near-drowning victims due to the submersion and asphyxiation of water. A further cooling of core body temperature occurs after the victim is removed from the cold environment. This after-drop is often responsible for post-rescue collapse.

(a) In any water related rescue, drowning or near-drowning, it is essential to have emergency medical services on scene. Medical assistance should be summoned when there is a reasonable likelihood that a victim has been, or will be, recovered from the water.

(b) If medical assistance is not immediately available, the Deputy should take any reasonable measures necessary to keep the person warm. Preventing respiratory heat loss and progressive cooling of the heart is essential.

1. Avoid having the victim assist with their own rescue, if possible. Muscular activity by the hypothermic victim pumps cold peripheral blood from the arms and legs into the central circulation causing the core temperature to drop even further.

2. If the person is not breathing, rescue breathing should be initiated immediately. Cardiopulmonary Resuscitation (CPR) should be begun immediately if there is no pulse present.
Water Rescue

3. Remove wet clothing. The body will waste much needed heat trying to warm wet clothing
4. Recruit a witness while providing assistance to a female
5. Wrap the person in a warm, dry blanket to protect against heat loss and wind chill.
6. Maintain the person in a horizontal position and avoid rough movement and excess activity.
7. The person should be transported to the nearest hospital immediately.
Registered Offender Information

354.1 PURPOSE AND SCOPE
This policy establishes guidelines by which the Lincoln County Sheriff's Office will address issues associated with certain offenders who are residing in the jurisdiction and how the Office will disseminate information and respond to public inquiries for information about registered sex offenders.

354.2 POLICY
It is the policy of the Lincoln County Sheriff's Office to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

354.3 REGISTRATION
The Support Services Director shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Oregon State Police in accordance with ORS 163A.035 and OAR 257-070-0100.

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to report.

354.3.1 CONTENTS OF REGISTRATION
Registrants shall (ORS 163A.010; OAR 257-070-0110):

(a) Provide the information to complete the sex offender registration form and sign it.
(b) Submit to photographs, including photographs of scars, marks or tattoos, when initially reporting and each time the registrant reports annually.
(c) Submit to fingerprinting, if required.

354.4 DISSEMINATION OF PUBLIC INFORMATION
Employees will not unilaterally make a public notification advising the community of a particular registrant’s presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Sheriff if warranted. A determination will be made by the Sheriff, with the assistance of legal counsel as necessary, whether such a public alert should be made.
Members of the public requesting information on registrants should be provided the Sex Offender Inquiry System (http://sexoffenders.oregon.gov/), or the Lincoln County Sheriff’s Office’s website. The Support Services Director shall release local registered offender information to residents in accordance with state law and in compliance with Oregon Public Records Law requests (ORS 163A.215; ORS 163A.225; ORS 192.311 to ORS 192.499).
Major Incident Notification

356.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members of this office in determining when, how and to whom notification of major incidents should be made.

356.2 POLICY
The Lincoln County County Sheriff's Office recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this office to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

356.3 MINIMUM CRITERIA FOR NOTIFICATION
Most situations where the media show a strong interest are also of interest to the Sheriff and the affected Division Commander. The following list of incident types is provided as a guide for notification and is not intended to be all-inclusive:

- Homicides
- Traffic crashes with fatalities
- Officer-involved shooting on- or off-duty (see the Officer-Involved Shooting and Deaths Policy for special notifications)
- Significant injury or death to an employee on- or off-duty
- Death of a prominent official
- Arrest of Sheriff’s Office employee or prominent official
- Aircraft crash with major damage and/or injury or death
- In-custody deaths
- Any other event likely to attract media attention

356.4 SUPERVISOR RESPONSIBILITY
The Supervisor is responsible for making the appropriate notifications. The Supervisor shall make reasonable attempts to obtain as much information on the incident as possible before notification. The Supervisor shall attempt to make the notifications as soon as practicable.

356.4.1 STAFF NOTIFICATION
In the event an incident occurs described in this policy, the Division Commander shall be notified along with the Sheriff.

356.4.2 DETECTIVE NOTIFICATION
If the incident requires that a detective respond from home, the immediate supervisor of the appropriate detail shall be contacted who will then contact the appropriate detective.
Death Investigation

358.1 PURPOSE AND SCOPE
The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent, and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

358.2 INVESTIGATION CONSIDERATIONS
Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (decapitated, decomposed, etc.). Deputies are not authorized to pronounce death. A supervisor shall be notified in all death investigations. A death investigation checklist will be completed.

358.2.1 MEDICAL EXAMINER NOTIFICATION
Oregon Revised Statutes 146.090 requires that a medical examiner must be notified in the following circumstances.

(a) Any death:
   1. Apparently homicidal, suicidal or occurring under suspicious or unknown circumstances
   2. Resulting from the unlawful use of controlled substances or the use or abuse of chemicals or toxic agents
   3. Occurring while incarcerated in any jail, correction facility, or in police custody
   4. Apparently accidental or following an injury
   5. By disease, injury or toxic agent during or arising from employment
   6. While not under the care of a physician during the period immediately previous to death
   7. Related to disease which might constitute a threat to the public health
   8. In which a human body apparently has been disposed of in a manner that is offensive to the generally accepted standards of the community

(b) The body, effects of the deceased, and any instruments or weapons related to the death shall not be disturbed or moved from the position or place of death without permission of the Medical Examiner or Deputy Medical Examiner, and the District Attorney.

(c) A Medical Examiner, Deputy Medical Examiner, or District Attorney, in conjunction with the Lincoln County Sheriff's Office and/or the county Major Crime Team, shall take custody of, or exercise control over the body, the effects of the deceased and any weapons, instruments, vehicles, buildings or premises which the medical examiner
Death Investigation

has reason to believe were involved in the death, in order to preserve evidence related to the cause and manner of death.

(d) The members of the Lincoln County Sheriff's Office will work cooperatively with both the Medical Examiner's Office and the District Attorney in all death investigations.

1. The deputy will contact a supervisor, the on-call DA and Medical Examiner and provide them with the following information from the scene (the request will be made through the communications center):

   (a) Name, age, sex, brief medical history.

   (b) Name of attending physician, or usual doctor, if known.

   (c) Any information that may be helpful in deciding if the death may not be natural or needs to be investigated/reviewed (possible suicide, accident, homicide, pediatric death, concern about neglect or abuse prior to death.)

(e) The Medical Examiner and DA will authorize release of the body.

358.2.2 SEARCHING DEAD BODIES
Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the deputy pending the arrival of the Medical Examiner. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased, a receipt shall be obtained. This receipt shall be attached to the death report.

Deputies must make a reasonable search of an individual who reasonably appears to be dead or near death for a document of gift or other information identifying the individual as a donor or as an individual who made a donor refusal. If a document of gift or a refusal to make an anatomical gift is located and the individual or deceased individual is taken to a hospital, the deputy must alert the hospital staff to the documentation and forward it to the hospital (ORS 97.970). Deputies must consider the integrity of the scene and evidence collection issues when deciding whether a search is reasonable.

358.2.3 DEATH NOTIFICATION
When practical, and if not handled by the Medical Examiner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the deputy assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. The Medical Examiner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

The deputy may request assistance from a chaplain in making the notification.

358.2.4 UNIDENTIFIED DEAD BODIES
If the identity of a dead body cannot be established, the Medical Examiner's office will issue a "John Doe" or "Jane Doe" number for the report.
358.2.5  DEATH INVESTIGATION REPORTING
All incidents involving a death shall be documented on the appropriate medical examiner form. The form will be forwarded to the Medical Examiner either by sending it with the deceased to the funeral home, emailing, or faxing it to the Medical Examiner.

Any death involving a child will require the deputy to forward a copy of their completed report to the Department of Human Services (DHS).

358.2.6  SUSPECTED HOMICIDE
If the initially assigned deputy suspects that the death involves a homicide or other suspicious circumstances, the supervisor shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

358.2.7  PRESCRIPTION MEDICATIONS
All prescription medication that is located at the scene and prescribed to the deceased will be sealed in a bag with evidence tape that is initialed and dated by the deputy. The case number shall be written on the outside of the bag and the bag will be deposited in the designated lock box in the Sheriff's office EPA. A list of each medication will be included on the death investigation form. The medication will be held for a period of 30 days and disposed of by the Evidence Control Specialist.

If the investigating deputy believes any prescription medication may have been a contributing factor in the death, the medication will be inventoried and placed in evidence following the procedure outlined in the Property Procedures Policy. The prescription medication will be held for a period of 30 days. At the end of the 30-day period, the Evidence Control Specialist will contact the District Medical Examiner to determine if the medication is to be held longer. If released by the District Medical Examiner, the Evidence Control Specialist will destroy the medication.

Illegal substances will be seized by the deputy and placed into evidence.

358.2.8  FINGERPRINTING
The deputy will conduct a criminal history check of the deceased. If the deputy determines the deceased had a prior criminal history, they will fingerprint the deceased. The fingerprints will be forwarded to the state repository that holds that criminal history on file, with a copy of the police report attached.

358.2.9  PHOTOGRAPHS
Photograph the body upon arrival at the scene, prior to moving it (even if it was moved prior to your arrival).

Photograph the scene where the body is found.

Email a maximum of three photographs (unless you determine a need for more based on the investigation) to the Medical Examiner along with the Medical Examiners worksheet.

Submit all photographs taken into evidence.
358.3 PARTNERS IN LIFE TISSUE DONOR PROGRAM
A deputy who is present at a death investigation which has occurred within the previous 15-hour period, including a motor vehicle collision and/or any other situation where a death is declared, shall follow the following guidelines to ensure timely notification.

When time allows, deputies shall obtain the following information to be relayed to dispatch:

(a) Location of the deceased
(b) Approximate time of death
(c) Number of deceased
(d) Gender of deceased
(e) Age or approximate age of the deceased
(f) If the family of the deceased has been notified.

Once this information is obtained, the deputy will provide it to the communications center via MDC, phone, or radio. Deputies will note on the medical examiners form that the notification was made. The communications center will then forward the information to a 24-hour program contact number.
Identity Theft

360.1 PURPOSE AND SCOPE
Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. A person commits the crime of identity theft if the person, with the intent to deceive or to defraud, obtains, possesses, transfers, creates, utters or converts to the person own use the personal identification of another person (Oregon Revised Statutes 165.800). This policy is intended to provide guidelines for the reporting and investigation of such crimes.

360.2 REPORTING

(a) In an effort to maintain uniformity in reporting, deputies presented with the crime of "identity theft" shall initiate a report for victims residing within the jurisdiction of this Sheriff's Office. For incidents of identity theft occurring outside this jurisdiction, deputies should observe the following:

1. For any victim not residing within this jurisdiction, the deputy may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.

(b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, deputies of this Sheriff's Office should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).

(c) Deputies should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).

(d) Deputies should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.

(e) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.
Bad Check Investigations

361.1 PURPOSE AND SCOPE
This purpose of this policy is to provide Deputies with the procedures for handling bad check investigations.

361.1.1 POLICY
It is the policy of this office to investigate all bad check cases that meet the minimum requirements as set by the District Attorney as follows:

(a) All requests for bad check investigation must include the driver's license number of the person passing the check. All arrest warrant entries in the state and federal computer require identification.

(b) Accept no check for investigation unless the victim can provide the name of the person who accepted the check.

(c) No two party checks, post dated checks or checks which the victim has been required to hold for a period of time before presenting to the bank.

(d) Do not accept checks written in payment of a revolving account, unless additional items are charged at the time the check was written.

(e) Do not accept checks, which have not been presented to the bank within 30 days of acceptance, unless the victim has ascertained from the bank that there are insufficient funds to honor the check.

(f) Except for closed accounts, the victim must present the check to the bank for collection twice, at least 20 days apart.

(g) Before accepting any check for investigation, the victim must have sent a certified letter (return receipt requested) to the person passing the check, or has personally contacted the person who wrote the check to inform them the check has been dishonored. Contact with friends or relatives of the person passing the check will not suffice.

(h) Accept no check that was written more than six months before being presented for investigation.

(i) No checks of less than $50.00, or the aggregate total of checks dishonored in our county is less than $100.00 will be accepted.

361.2 PROCEDURE
When a Deputy receives a complaint of a bad check, the Deputy will have the victim complete the "Request For Investigation" form (front side only) and return it to this office. The "Request for Investigation" MUST contain the original check, the demand letter, and original return receipt.

After receiving the above documents, the Deputy will route them to the Investigations Division where they will be assigned to a Detective who will obtain a case number.
Bad Check Investigations

The Detective will contact the victim and complete the reverse side of the "Request For Investigation". The Detective will then complete the "Financial Institution Form" and send it to the appropriate bank for processing.

The Detective will make an attempt to contact the suspect and inform them that our office has received a "complaint". The Detective will then complete an "Affidavit In Support Of Arrest" and have it notarized. They will then send the District Attorney a copy of the police report, the original affidavit, a photocopy of the check and a copy of the bank report, stapled together in that order.

If additional checks are received on the suspect prior to conviction, another report, using the same case number, will be completed and forwarded to the District Attorney for processing. If the additional check is from a different victim, a new case number will be issued. Note: If the bank records obtained on the original case are within the same time frame as the new case, an additional request will not be necessary.

If the investigation reveals that the check(s) do not meet the District Attorney's requirements, the Deputy will contact the victim and advise him so, and then complete a card report with the name of the victim, suspect, and clearing the case by exception.
Private Persons Arrests

362.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the handling of private person’s arrests made pursuant to ORS 133.220(5).

362.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS
Deputies should use sound discretion in determining whether or not to advise an individual of the arrest process.

(a) When advising any individual regarding the right to make a private person’s arrest, deputies should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.

(b) Private individuals should be discouraged from using force to effect a private person’s arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

362.3 ARRESTS BY PRIVATE PERSONS
A private person may arrest another person for any crime committed in the presence of the private person if the private person has probable cause to believe the arrested person committed the crime. A person making such an arrest shall, without unnecessary delay, take the arrested person before a magistrate or deliver the arrested person to a peace officer (ORS 133.225).

In making an arrest, a private person may use the amount of force they reasonable believe is necessary to make the arrest or to prevent the arrested person’s escape.

362.4 DEPUTY RESPONSIBILITIES
Any deputy presented with a private person wishing to make an arrest must determine whether or not there is probable cause to believe that such an arrest would be lawful.

(a) Should any deputy determine that there is no probable cause to believe that a private person’s arrest is lawful, the deputy should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

1. Any deputy who determines that a private person’s arrest appears to be unlawful should promptly release the arrested individual. The deputy must include the basis of such a determination in a related report.

2. Absent probable cause to support a private person’s arrest or other lawful grounds to support an independent arrest by the deputy, the deputy should
advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

(b) Whenever a deputy determines that there is probable cause to believe that a private person’s arrest is lawful, the deputy may exercise any of the following options:

1. Take the individual into physical custody for booking.
2. Release the individual subsequent to the issuance of a citation for the individual to appear in the appropriate court.
Limited English Proficiency Services

366.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

366.1.1 DEFINITIONS
Definitions related to this policy include:

**Authorized interpreter** - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

**Interpret or interpretation** - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

**Limited English proficient (LEP)** - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

**Qualified bilingual member** - A member of the Lincoln County Sheriff's Office, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

**Translate or translation** - The replacement of written text from one language (source language) into an equivalent written text (target language).

366.2 POLICY
It is the policy of the Lincoln County Sheriff's Office to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Sheriff's Office will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

366.3 FOUR-FACTOR ANALYSIS
Since there are many different languages that members could encounter, the Sheriff's Office will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law
enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by members, or who may benefit from programs or services within the jurisdiction of the Sheriff's Office or a particular geographic area.

(b) The frequency with which LEP individuals are likely to come in contact with members, programs or services.

(c) The nature and importance of the contact, program, information or service provided.

(d) The cost of providing LEP assistance and the resources available.

366.4 TYPES OF LEP ASSISTANCE AVAILABLE
Lincoln County Sheriff's Office members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Sheriff's Office will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Sheriff's Office will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept provided LEP services at no cost or they may choose to provide their own.

Sheriff's Office-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

366.5 WRITTEN FORMS AND GUIDELINES
Vital documents or those that are frequently used should be translated into languages most likely to be encountered. Supervisors will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

366.6 AUDIO RECORDINGS
The Sheriff's Office may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

366.6.1 QUALIFIED BILINGUAL MEMBERS
Bilingual members may be qualified to provide LEP services when they have demonstrated through established procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform
complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

366.7 AUTHORIZED INTERPRETERS
Any person designated by the Sheriff's Office to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must demonstrate that their skills and abilities include:

(a) The competence and ability to communicate information accurately in both English and the target language.

(b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this office and of any particularized vocabulary or phraseology used by the LEP individual.

(c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

(d) Knowledge of the ethical issues involved when acting as a language conduit.

366.7.1 SOURCES OF AUTHORIZED INTERPRETERS
The Sheriff's Office may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this office or personnel from other agencies.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this office, and with whom the Sheriff's Office has a resource-sharing or other arrangement that they will interpret according to guidelines.

366.7.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE
Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Sheriff's Office to communicate with LEP individuals.
Limited English Proficiency Services

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

366.8 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this office will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this office is required to complete a report or other documentation and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Sheriff's Office or some other identified source.

366.9 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Lincoln County Sheriff's Office will take reasonable steps and will work with the Personnel Department to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

366.10 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the deputy is unable to effectively communicate with an LEP individual.

If available, deputies should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.
366.11 INVESTIGATIVE FIELD INTERVIEWS
In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, deputies should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any Miranda warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated Miranda warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

366.12 CUSTODIAL INTERROGATIONS
Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. Miranda warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

366.12.1 INTERPRETER REQUIRED IN ARRESTS
A deputy who arrests a person who cannot readily understand or communicate the English language shall, prior to any interrogation or the taking of a statement, make available a qualified interpreter to assist throughout the interrogation or taking of the statement. Fees and expenses of the interpreter will be paid as specified by Oregon law (ORS 133.515).

366.13 BOOKINGS
When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate
medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

### 366.14 COMPLAINTS
The Sheriff's Office shall ensure that LEP individuals who wish to file a complaint regarding members of this office are able to do so. The Sheriff's Office may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to a supervisor.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this office.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

### 366.15 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this office are important to the ultimate success of more traditional law enforcement duties. This office will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

### 366.16 TRAINING
To ensure that all members who may have contact with LEP individuals are properly trained, the Sheriff's Office will provide periodic training on this policy and related procedures; including how to access authorized telephonic and in-person interpreters and other available resources.

The Training Sergeant shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter.

#### 366.16.1 TRAINING FOR AUTHORIZED INTERPRETERS
All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.
The Training Sergeant shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.
Communications with Persons with Disabilities

368.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

368.1.1 DEFINITIONS
Definitions related to this policy include:

**Auxiliary aids** - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers or a qualified interpreter.

**Disability or impairment** - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

**Qualified interpreter** - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters.

368.2 POLICY
It is the policy of the Lincoln County Sheriff's Office to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Sheriff's Office will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

368.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR
The County shall delegate certain responsibilities to an ADA Coordinator(s) (28 CFR 35.107). The ADA Coordinator shall be directly responsible to the Division Commanders or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

(a) Ensure equal access to services, programs and activities.

(b) Developing reports, new procedures, or recommending modifications to this policy.

(c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
Communications with Persons with Disabilities

(d) Ensuring that a list of qualified interpreter services is maintained and available to each Supervisor. The list should include information regarding the following:

1. Contact information
2. Availability

(e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.

(f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.

(g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

368.4 FACTORS TO CONSIDER
Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this office should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

(a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).

(c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

(d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

368.5 INITIAL AND IMMEDIATE CONSIDERATIONS
Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.
Communications with Persons with Disabilities

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual.

(b) The nature, length and complexity of the communication involved.

(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Lincoln County Sheriff's Office, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

368.6 TYPES OF ASSISTANCE AVAILABLE

Lincoln County Sheriff's Office members shall never refuse to assist an individual with disabilities who is requesting assistance. The Sheriff's Office will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Sheriff's Office will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept provided auxiliary aids or services or they may choose to provide their own.

Sheriff's Office-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.
368.7 AUDIO RECORDINGS AND ENLARGED PRINT
The Sheriff's Office may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

368.8 QUALIFIED INTERPRETERS
A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

(a) Available within a reasonable amount of time but in no event longer than one hour if requested.
(b) Experienced in providing interpretation services related to law enforcement matters.
(c) Familiar with the use of VRS and/or video remote interpreting services.
(d) Certified in either American Sign Language (ASL) or Signed English (SE).
(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

368.9 TTY AND RELAY SERVICES
In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Office will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.
Communications with Persons with Disabilities

368.10 COMMUNITY VOLUNTEERS
Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Office to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

368.11 FAMILY AND FRIENDS
While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

368.12 REPORTING
Whenever any member of this office is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Sheriff's Office or some other identified source.

If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

368.13 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.
The Sheriff's Office recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this office. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the deputy is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, deputies should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

368.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

(a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.

(b) Exchange of written notes or communications.

(c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.

(d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.

(e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

368.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this office will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. Miranda warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written Miranda warning card.
In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

368.14.1 INTERPRETER REQUIRED IN ARRESTS
A deputy who arrests a person who is deaf, has a physical hearing impairment or physical speaking impairment shall, prior to any interrogation or the taking of a statement, make available a qualified interpreter to assist throughout the interrogation or taking of the statement. Fees and expenses of the interpreter will be paid as specified by Oregon law (ORS 133.515).

368.15 ARRESTS AND BOOKINGS
If an individual with speech or hearing disabilities is arrested, the arresting deputy shall use approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the deputy reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

368.16 COMPLAINTS
The Sheriff's Office shall ensure that individuals with disabilities who wish to file a complaint regarding members of this office are able to do so. The Sheriff's Office may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the ADA Coordinator and a supervisor.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Sheriff's Office.

368.17 TRAINING
To ensure that all members who may have contact with individuals who are disabled are properly trained, the Office should provide periodic training that should include:
Communications with Persons with Disabilities

(a) Awareness and understanding of this policy and related procedures.
(b) Procedures for accessing qualified interpreters and other available resources.
(c) Working with in-person and telephone interpreters and related equipment.
Stalking

374.1 PURPOSE AND SCOPE
This policy establishes procedures for the investigation and enforcement of stalking complaints (ORS 163.730 et seq.).

374.2 POLICY
Stalking behavior frequently results in serious injury and emotional trauma to victims and it is the policy of the Lincoln County Sheriff's Office to ensure that complaints of stalking will be given high priority and that every formal stalking complaint will be thoroughly investigated and forwarded to the District Attorney’s Office.

374.3 UNIFORM STALKING COMPLAINT
The Office will make available an Oregon Uniform Stalking Complaint form to any person desiring to file a stalking complaint regardless of where the violation is alleged to have occurred. Deputies will provide reasonable assistance as necessary to petitioners to properly complete and sign the form.

Upon receipt of a Uniform Stalking Complaint, deputies shall complete a thorough investigation. All stalking incident reports and the results of any investigation shall be forwarded to the District Attorney’s Office within three days, regardless of whether any civil or criminal action was taken (ORS 163.744; ORS 163.738(7)).

374.4 UNIFORM STALKING CITATION
If after investigating a stalking complaint the deputy has probable cause to believe that the offense of stalking has occurred as provided in ORS 163.732(1), the deputy shall issue and attempt to serve a Uniform Stalking Citation to the respondent to appear in court within three judicial days of service to determine if a Stalking Protective Order will be issued (ORS 163.735; ORS 163.738).

374.4.1 SERVICE OF STALKING CITATIONS
If the Uniform Stalking Citation is served on a respondent, the District Attorney’s Office will initiate the hearing process. Deputies should:

(a) Advise the respondent of the following:

1. The court date and time and location of appearance
2. The contents of the citation and the state and federal law restrictions contained on the front and back of the respondent’s copy of the citation
3. That if the respondent fails to appear at the hearing, a warrant will be issued for their arrest, as well as a Stalking Protective Order
4. That engaging in behavior that alarms or coerces the petitioner may result in their arrest
Stalking

(b) Provide a copy to the petitioner and advise the petitioner that they must also appear at the hearing or the complaint will be dismissed and the Stalking Protective Order will not be issued.

If there is probable cause to issue a citation, but the citation is not served, deputies should:

(a) Document attempts to serve the respondent.

(b) Refer the victim to the following for assistance in obtaining a civil Stalking Protective Order:
   1. A private attorney
   2. Legal Aid
   3. The District Attorney’s office Victim Assistance Unit

374.5 ARREST
Deputies may arrest or cite a suspect for any criminal offense committed (including stalking) if the statutory elements have been met, as well as issue a (civil) Uniform Stalking Citation; the two actions are not mutually exclusive.

374.5.1 STALKING PROTECTIVE ORDERS
Once the court issues a Stalking Protective Order and it is served on the respondent, deputies may arrest the respondent for violating the terms of the order (ORS 163.750).

374.6 RESTRAINING ORDERS
Court stalking orders and restraining orders are different and are not mutually exclusive. Stalking reports may be appropriate even if a valid restraining order is in place.

liberty interest hearing, which shall be limited to a single appearance before the Sheriff or the authorized designee.

376.5 IDENTIFICATION AND UNIFORMS
As representatives of the Office, chaplains are responsible for presenting a professional image to the community. Chaplains shall dress appropriately for the conditions and performance of their duties. Uniforms and necessary safety equipment will be provided for each chaplain. Identification symbols worn by chaplains shall be different and distinct from those worn by deputies through the inclusion of "Chaplain" on the uniform and not reflect any religious affiliation.

Chaplains will be issued Lincoln County Sheriff's Office identification cards, which must be carried at all times while on-duty. The identification cards will be the standard Lincoln County Sheriff's Office identification cards, with the exception that “Chaplain” will be indicated on the cards. Chaplains shall be required to return any issued uniforms or property at the termination of service.

376.6 DUTIES AND RESPONSIBILITIES
Chaplains assist the Office, its members and the community, as needed. Assignments of chaplains will usually be to augment the Patrol Division. Chaplains may be assigned to other areas within the Office as needed. Chaplains should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Office.

Chaplains may not proselytize or attempt to recruit members of the Office or the public into a religious affiliation while representing this office. If there is any question as to the receiving person's intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Chaplains may not accept gratuities for any service or any subsequent actions or follow-up contacts that were provided while functioning as a chaplain for the Lincoln County Sheriff's Office.

376.6.1 COMPLIANCE
Chaplains are volunteer members of this office, and except as otherwise specified within this policy, are required to comply with the Volunteer Program Policy and other applicable policies.

376.6.2 ASSISTING MEMBERS
The responsibilities of a chaplain related to members include, but are not limited to:

376.7 PRIVILEGED COMMUNICATIONS
No person who provides chaplain services to members may work or volunteer for the Lincoln County Sheriff's Office in any capacity other than that of chaplain.

Chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent, psychotherapist-patient and other potentially applicable privileges and shall inform members when it appears reasonably likely that the member is discussing matters that are not subject to privileged communications. In such cases, the chaplain should consider referring the member to a non-department counseling resource.
Chaplains

No chaplain shall provide counsel to or receive confidential communications from any Lincoln County Sheriff's Office member concerning an incident personally witnessed by the chaplain or concerning an incident involving the chaplain.
Telephone Procedures

377.1 PURPOSE AND SCOPE
Public perception of the Lincoln County Sheriff's Office relies primarily on the first impressions of Sheriff's Office employees, both through in-person contact and by responding to telephone calls. Sheriff's Office employees answering the telephone must maintain a polite and business-like demeanor to foster a professional image of this Office.

377.1.1 OREGON GOVERNMENT STANDARDS AND PRACTICES COMMISSION (GSPC)
The Oregon Government Standards and Practices Commission (GSPC) address the personal use of publicly owned telephones and cellular phones.

377.2 USE OF COUNTY OR PUBLICLY OWNED PHONES
(a) Use of Department or any publicly owned phone is restricted to official business.
   1. On occasion, personal calls on non-cellular phones may be necessary, but they should be limited to emergencies or essential personal business and must be brief.
   2. Personal long distance calling from public agency telephones (regular or cellular) is prohibited, even if reimbursed.
      (a) If a personal long distance phone call is necessary, the employee must use a regular telephone and a personal calling card or call collect and must bear the total cost of the call.
   (b) Personal use of publicly owned cellular phones is prohibited except in clearly urgent situations.
      (a) An example is when a deputy is unexpectedly being required to work past the normal end of a shift, when no other telephone is available and the call is related to the conduct of official business.
   (c) Reimbursement is not sufficient to avoid the violation.
   (d) The GSPC recommends that public employees obtain and carry their own cellular telephones for personal use at their own expense.

377.3 PROCEDURE
When answering a telephone call originating from outside the work site, employees will identify their affiliation with the department by identifying themselves as employees of the Lincoln County Sheriff's Office, or division of assignment, as appropriate.

Employees are reminded that they should always identify themselves when calling on Department business. The GSPC can impose civil penalties of up to $1000 per violation.
Child and Dependent Adult Safety

378.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Adult Abuse Policy.

378.2 POLICY
It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Lincoln County Sheriff's Office will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

378.3 PROCEDURES DURING AN ARREST
When encountering an arrest or prolonged detention situation deputies should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, deputies should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

(a) Inquire about and confirm the location of any children or dependent adults.

(b) Look for evidence of children and dependent adults. Deputies should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.

(c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, deputies should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, deputies should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the deputy at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.
378.3.1 AFTER AN ARREST
Whenever an arrest is made, the deputy should take all reasonable steps to ensure the safety of the arrestee’s disclosed or discovered children or dependent adults.

Deputies should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
    1. Deputies should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.

(b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), deputies should respect the parent or caregiver’s judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
    1. Except when a court order exists limiting contact, the deputy should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

(c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(d) Notify Child Protective Services, if appropriate.

(e) Notify the field supervisor or Supervisor of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting deputy should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver’s arrest and of the arrangements being made for the care of the arrestee’s dependent. The result of such actions should be documented in the associated report.

378.3.2 DURING THE BOOKING PROCESS
During the booking process, the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.
If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

378.3.3 REPORTING

(a) For all arrests where children are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Special needs (e.g., medical, mental health)
5. How, where and with whom or which agency the child was placed
6. Identities and contact information for other potential caregivers
7. Notifications made to other adults (e.g., schools, relatives)

(b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Whether he/she reasonably appears able to care for him/herself
5. Disposition or placement information if he/she is unable to care for him/herself

378.3.4 SUPPORT AND COUNSELING REFERRAL
If, in the judgment of the handling deputies, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

378.4 DEPENDENT WELFARE SERVICES
Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling deputy should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the deputy facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.
378.5 TRAINING
The Training Sergeant is responsible to ensure that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.
Service Animals

380.1 PURPOSE AND SCOPE
Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Lincoln County Sheriff's Office recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

380.2 SERVICE ANIMALS
The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner’s disability (28 CFR 35.104).

380.2.1 STATE LAW
Oregon law expands the definition of a service or assistance animal to include a dog or other animal designated by administrative rule that is individually trained to do work or perform tasks for the benefit of an individual (2013 Oregon Laws c. 530 § 2).

380.2.2 USE OF SERVICE ANIMALS
Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

The following examples are some of the ways service animals may be used to provide assistance:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting people with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.
380.3 MEMBER RESPONSIBILITIES
Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Members are expected to treat individuals with service animals with the same courtesy and respect that the Lincoln County Sheriff's Office affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations a deputy may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this office are expected to provide all services as are reasonably available to an individual with a disability.

If it is apparent or if a deputy is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the deputy should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task the animal meets the definition of a service animal and no further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this office should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, deputies should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as the result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.
Dog-Handling

381.1 PURPOSE AND SCOPE
The Lincoln County Sheriff's Office recognizes the importance of pets to their owners. Dogs are especially important to their owners and naturally defensive of their owners and their owner's property.

381.2 PROCEDURE
When responding to a call for service, deputies should be mindful that they may encounter a dog at a residence, a place of business, or at a public location.

There are specific actions a deputy should or should not take when confronted by a dog. It may be possible to immediately determine that a dog is or is not a threat. When determining that a dog may be a threat, deputies should follow the guidelines provided in training. The following is not a complete list of appropriate tactics available to deputies:

- Do not look a dog in the eyes;
- Do not approach the dog directly, but in a slow simi-circular fashion;
- Use a soft and reassuring tone of voice;
- Watch for signs from the dog:
  - Is their tail wagging or not, or between their legs;
  - Are they growling or panting;
  - Are they standing or sitting.

These are all signs as to whether the dog is receptive to or threatened by your presence.

Deputies should be mindful that pepper spray is an effective tool to discourage an aggressive dog. Deputies should not resort to deadly physical force unless other options have failed or other circumstances dictate necessary action to protect them or another person from an attack that could result in serious injury or death.

381.2.1 SUPERVISOR NOTIFICATION
Deployment of any device or dog injury will be reported to a supervisor as soon as practicable and the owner will be contacted to explain the circumstance and justification and extend our regrets. The incident will be documented in a report.

381.3 TRAINING
The Training Sergeant will ensure that deputies receive annual training on dog-handling procedures.
Volunteer Program

385.1 PURPOSE AND SCOPE
It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn deputies and civilian personnel. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. Volunteers help to increase departmental responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

385.1.1 DEFINITION OF VOLUNTEER
An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve deputies, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

385.2 VOLUNTEER MANAGEMENT

385.2.1 VOLUNTEER COORDINATOR
Volunteer Coordinators shall be appointed by each Division Commander with volunteer programs. The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other Department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator, or his/her designee, shall be responsible for the following:

(a) Recruiting, selecting and training qualified volunteers for various positions.
(b) Facilitating the implementation of new volunteer activities and assignments.
(c) Maintaining records for each volunteer.
(d) Tracking and evaluating the contribution of volunteers.
(e) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers.
(f) Maintaining a record of volunteer schedules and work hours.
(g) Completion and dissemination as appropriate of all necessary paperwork and information.
(h) Planning periodic recognition events.
(i) Administering discipline when warranted.
Volunteer Program

(j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

385.2.2 RECRUITMENT
Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester’s immediate supervisor. A complete position description and a requested time frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

385.2.3 SCREENING
All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and may include, but not necessarily be limited to, the following:

(a) Traffic and criminal background check. Fingerprints shall be obtained from all applicants and processed through the Oregon State Police Clearinghouse Unit.

(b) Employment.

(c) References.

(d) Credit check.

385.2.4 SELECTION AND PLACEMENT
Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.
Volunteer Program

385.2.5 TRAINING
Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn deputies or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

385.2.6 FITNESS FOR DUTY
No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

(a) Driver's license
(b) Medical condition
(c) Arrests
(d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

385.2.7 DRESS CODE
As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn deputies. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.
Volunteer Program

385.2.8 LIABILITY COVERAGE
Liability coverage for covered volunteers will be pursuant to County provisions.

385.3 SUPERVISION OF VOLUNTEERS
Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

(a) Take the time to introduce volunteers to employees on all levels.
(b) Ensure volunteers have work space and necessary office supplies.
(c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

385.4 CONFIDENTIALITY
With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

385.5 PROPERTY AND EQUIPMENT
Volunteers will be issued an identification card that must be worn at all times while on-duty.

Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.
Volunteer Program

385.5.1 VEHICLE USE
Volunteers assigned to duties that require the use of a vehicle must first complete the following:

(a) Verification that the volunteer possesses a valid Oregon Driver’s License.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Department vehicles.

385.5.2 RADIO AND MDC USAGE
Volunteers shall successfully complete the Law Enforcement Data System (LEDS) and radio procedures training prior to using the police radio or MDC and comply with all related provisions. The Volunteer Coordinator should ensure that radio and LEDS training is provided for volunteers whenever necessary.

385.6 DISCIPLINARY PROCEDURES/TERMINATION
A volunteer may be removed from the volunteer program at the discretion of the Sheriff or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Sheriff or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

385.6.1 EXIT INTERVIEWS
Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer’s suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

385.7 EVALUATION
An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.
Off-Duty Law Enforcement Actions

387.1 PURPOSE AND SCOPE
The decision to become involved in a law enforcement action when off-duty can place a deputy as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for deputies of the Lincoln County Sheriff's Office with respect to taking law enforcement action while off-duty.

387.2 POLICY
Initiating law enforcement action while off-duty is generally discouraged. Deputies should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Deputies are not expected to place themselves in unreasonable peril. However, any certified member of this office who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, deputies should first consider reporting and monitoring the activity and only take direct action as a last resort.

387.3 FIREARMS
Deputies of this office may carry firearms while off-duty in accordance with federal regulations and policy. All firearms and ammunition must meet guidelines as described in the Firearms Policy. When carrying firearms while off-duty deputies shall also carry their issued badge and identification.

Deputies should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any deputy who has consumed any amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the deputy’s senses or judgment.

387.4 DECISION TO INTERVENE
There is no legal requirement for off-duty deputies to take law enforcement action. However, should deputies decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

(a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.

(b) The inability to communicate with responding units.

(c) The lack of equipment, such as handcuffs, OC or CED.
(d) The lack of cover.
(e) The potential for increased risk to bystanders if the off-duty deputy were to intervene.
(f) Unfamiliarity with the surroundings.
(g) The potential for the off-duty deputy to be misidentified by other peace officers or members of the public.

Deputies should consider waiting for on-duty uniformed deputies to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

387.4.1 INTERVENTION PROCEDURE
If involvement is reasonably necessary the deputy should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty deputy is on-scene and should be provided a description of the deputy if possible.

Whenever practicable, the deputy should loudly and repeatedly identify him/herself as a Lincoln County Sheriff's Office deputy until acknowledged. Official identification should also be displayed.

387.4.2 INCIDENTS OF PERSONAL INTEREST
Deputies should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances deputies should call the responsible agency to handle the matter.

387.4.3 CIVILIAN RESPONSIBILITIES
Non-certified personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

387.4.4 OTHER CONSIDERATIONS
When encountering a non-uniformed deputy in public, uniformed deputies should wait for acknowledgement by the non-uniformed deputy in case he/she needs to maintain an undercover capability.

387.5 REPORTING
Any off-duty deputy who engages in any law enforcement activity, regardless of jurisdiction, shall notify a sergeant as soon as practicable. The sergeant will determine whether a report should be filed by the employee.

Deputies should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.
Social Media

388.1 PURPOSE AND SCOPE
The Lincoln County Sheriff's Office endorses the secure use of social media to enhance communication, collaboration, and information exchange; streamline processes; and foster productivity. This Office also recognizes the role that these tools play in the personal lives of some Sheriff's Office personnel. As such, this policy provides information of a precautionary nature as well as prohibitions on the use of social media by Sheriff's Office personnel.

388.3 PERSONAL USE

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this office. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this office be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Lincoln County Sheriff's Office will carefully balance the individual employee's rights against the Sheriff's Office needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

Employees should follow the guidelines in Policy 1060, Employee Speech, Expression and Social Networking regarding personal use of social media sites.
Canines

389.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of canines to augment law enforcement services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

389.2 POLICY
It is the policy of the Lincoln County Sheriff's Office that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

389.3 ASSIGNMENT
Canine teams should be assigned to assist and supplement the Patrol Division to function primarily in assist or cover assignments. However, they may be assigned by the Supervisor to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Supervisor.

389.4 CANINE COORDINATOR
The canine coordinator shall be appointed by and directly responsible to the Patrol Division Commander or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

(a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
(b) Maintaining a liaison with the vendor kennel.
(c) Maintaining a liaison with command staff and functional supervisors.
(d) Maintaining a liaison with other agency canine coordinators.
(e) Maintaining accurate records to document canine activities.
(f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
(g) Scheduling all canine-related activities.
(h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.
389.5 REQUESTS FOR CANINE TEAMS
Patrol Division members are encouraged to request the use of a canine. Requests for a canine team from office units outside of the Patrol Division shall be reviewed by the Supervisor.

389.5.1 OUTSIDE AGENCY REQUEST
All requests for canine assistance from outside agencies must be approved by the Supervisor and are subject to the following:

(a) Canine teams shall not be used for any assignment that is not consistent with this policy.

(b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.

(c) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.

(d) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

389.5.2 PUBLIC DEMONSTRATION
All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

389.6 APPREHENSION GUIDELINES
A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

(a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any deputy, or the handler.

(b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.

(c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of deputies or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing deputy, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.
Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Supervisor. Absent a change in circumstances that presents an imminent threat to deputies, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

389.6.1 PREPARATION FOR DEPLOYMENT
Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

(a) The nature and seriousness of the suspected offense.
(b) Whether violence or weapons were used or are anticipated.
(c) The degree of resistance or threatened resistance, if any, the suspect has shown.
(d) The suspect’s known or perceived age.
(e) The potential for injury to deputies or the public caused by the suspect if the canine is not utilized.
(f) Any potential danger to the public and/or other deputies at the scene if the canine is released.
(g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler’s responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

389.6.2 WARNINGS AND ANNOUNCEMENTS
Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine.
momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

389.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES
Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual’s injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current office evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

If the local public health administrator has exempted this office from the requirement to hold the canine after a bite, the canine handler shall notify the local public health administrator immediately should the canine develop any abnormal behavior within 10 days of biting a person (OAR 333-019-0024).

389.7 NON-APPREHENSION GUIDELINES
Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine’s suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

(a) Absent a change in circumstances that presents an imminent threat to deputies, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.

(b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
(c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.

(d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

389.7.1 ARTICLE DETECTION
A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

389.8 HANDLER RESPONSIBILITIES
The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection and living conditions.

The canine handler will be responsible for the following:

(a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.

(b) The handler shall maintain all equipment under his/her control in a clean and serviceable condition.

(c) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.

(d) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.

(e) When off-duty, the canine shall be in a kennel provided by the County at the home of the handler. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.

(f) The canine should be permitted to socialize in the home with the handler’s family for short periods of time and under the direct supervision of the handler.

(g) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or designee.

(h) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Supervisor.

(i) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.
(j) Handlers should not tether a canine in a manner that would violate ORS 167.325(1), ORS 167.330(1) and/or ORS 167.343.

389.8.1 CANINE IN PUBLIC AREAS
The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

(a) A canine shall not be left unattended in any area to which the public may have access.

(b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

389.9 HANDLER COMPENSATION
The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement or memorandum of understanding between the handler and the County (29 USC § 207).

389.10 CANINE INJURY AND MEDICAL CARE
In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Supervisor as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler’s personnel file.

389.11 TRAINING
Before assignment in the field, each canine team shall be trained and certified to meet current Oregon Police Canine Association (OPCA) standards or other accredited and recognized animal handling organization standards (ORS 167.310). Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all office members in order to familiarize them with how to conduct themselves in the presence of office canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.
All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Supervisor.

389.11.1 CONTINUED TRAINING
Each canine team shall thereafter be recertified to OPCA or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

(a) Canine teams should receive training as defined in the current contract with the Lincoln County Sheriff's Office canine training provider.

(b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.

(c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Office.

(d) All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or the Supervisor.

389.11.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING
Any canine team failing OPCA canine certification standards, or other accredited or recognized animal handling organization standards, shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

389.11.3 TRAINING RECORDS
All canine training records shall be maintained in the canine handler’s and the canine’s training file.

389.11.4 TRAINING AIDS
Training aids are required to effectively train and maintain the skills of canines. Deputies possessing, using, or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Lincoln County Sheriff's Office may work with outside trainers with the applicable licenses or permits.

391.6 COURT-ORDERED SURRENDER OF DEADLY WEAPONS
Authorized members should accept deadly weapons and a concealed handgun license from any person who is the subject of an extreme risk protection order. The member receiving any such items shall issue a receipt identifying all surrendered items, in addition to following other relevant Office procedures (ORS 166.537).

391.7 RELEASE OF DEADLY WEAPONS
Any deadly weapon or concealed handgun license in Office custody pursuant to an extreme risk protection order will be released only as authorized by ORS 166.540 and applicable provisions of the Property and Evidence Policy.

391.8 RENEWAL OF EXTREME RISK PROTECTION ORDER
The Crime Reduction Unit supervisor is responsible for the review of any extreme risk protection order obtained by the Office to determine if renewal should be requested within the time prescribed by law (ORS 166.535).
Chapter 4 - Patrol Operations
Patrol Function

400.1 PURPOSE AND SCOPE
The purpose of this policy is to define the functions of the patrol unit of the Sheriff's Office to ensure intra-department cooperation and information sharing.

400.1.1 FUNCTION
Deputies will generally patrol in clearly marked vehicles, patrol assigned jurisdictional areas of Lincoln County Sheriff's Office, respond to citizen calls for assistance, act as a deterrent to crime, enforce local ordinances as well as state laws, and respond to emergencies 24 hours per day seven days per week.

Patrol will generally provide the following services within the limits of available resources:

(a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order, and the discovery of hazardous situations or conditions
(b) Crime prevention activities such as residential inspections, business inspections, community presentations, etc.
(c) Calls for service, both routine and emergency in nature
(d) Investigation of both criminal and non-criminal acts
(e) The apprehension of criminal offenders
(f) Community Oriented Policing and Problem Solving activities such as citizen assists and individual citizen contacts of a positive nature
(g) The sharing of information between the Patrol and other divisions within the Sheriff's Office, as well as other outside governmental agencies
(h) The application of resources to specific problems or situations within the community, which may be improved or resolved by Community Oriented Policing and problem solving strategies
(i) Traffic direction and control

400.1.2 TERRORISM
It is the goal of the Lincoln County Sheriff's Office to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Deputies should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report. The supervisor should ensure that all terrorism related reports are forwarded to a Detective.
400.2 PATROL INFORMATION SHARING PROCEDURES
The following guidelines are intended to develop and maintain intra-office cooperation and information flow between the various divisions of the Lincoln County Sheriff's Office.

400.2.1 CRIME ANALYSIS UNIT
Criminal information and intelligence reports can be submitted to Records for distribution to all divisions within the Sheriff's Office through regular and special bulletins.

400.2.2 CRIME REPORTS
A crime report may be completed by any patrol deputy who receives criminal information. The report will be processed and forwarded to the appropriate division for retention or follow-up investigation.

400.2.3 PATROL BRIEFINGS
Patrol supervisors are encouraged to share information as much as possible. All supervisors and/or deputies will be provided an opportunity to share information at the daily patrol briefings as time permits.

400.2.4 INFORMATION BINDERS
Several information binders will be maintained in the briefing room and will be available for review by deputies from all divisions within the Sheriff's Office. These will include, but not be limited to, the briefing binder, the wanted persons binder, and the written directive binder.

400.3 CROWDS, EVENTS AND GATHERINGS
Deputies may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Deputies should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Deputies responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Deputies are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Deputies should consider enforcement of applicable state and local laws, when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.
Bias-Based Policing

402.1 PURPOSE AND SCOPE
This policy provides guidance to office members that affirms the Lincoln County Sheriff's Office’s commitment to policing that is fair and objective (ORS 131.920).

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the office’s relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

See the Personnel Complaints Policy regarding acceptance of complaints alleging profiling and investigation of such complaints.

402.1.1 DEFINITIONS
Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on characteristics such as race, ethnicity, national origin, language, religion, sex, sexual orientation, gender identity or expression, economic status, homelessness, age, cultural group, disability, political affiliation or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement. This includes profiling as defined by ORS 131.915.

402.2 POLICY
The Lincoln County Sheriff's Office is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this office to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

402.3 BIAS-BASED POLICING PROHIBITED
Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit a deputy from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

402.4 MEMBER RESPONSIBILITIES
Every member of this office shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.
Bias-Based Policing

402.4.1 REASON FOR CONTACT
Deputies contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview (FI) card), the involved deputy should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any deputy to document a contact that would not otherwise require reporting.

402.5 SUPERVISOR RESPONSIBILITIES
Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

(a) Supervisors should discuss any issues with the involved deputy and his/her supervisor in a timely manner.

1. Supervisors should document these discussions, in the prescribed manner.

(b) Supervisors should periodically review Mobile Audio/Video (MAV) recordings, portable audio/video recordings, Mobile Data Computer (MDC) data and any other available resource used to document contact between deputies and the public to ensure compliance with this policy.

1. Supervisors should document these periodic reviews.

2. Recordings that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.

(c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.

(d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this office who discloses information concerning bias-based policing.

402.6 STATE REPORTING

402.6.1 STATE REPORTING TO LAW ENFORCEMENT CONTACTS POLICY AND DATA REVIEW COMMITTEE
The Support Services Division shall annually provide Law Enforcement Contacts Policy and Data Review Committee (LECC) the following (ORS 131.925):

(a) Copies of profiling complaints received by the Office.

(b) A summary of each profiling complaint received by the Office and the final disposition of the profiling complaint on the appropriate Department of State Police (DSP) form.
Bias-Based Policing

1. This form is to be submitted even if no profiling complaints were received by the Office.

Summaries of complaints and copies of complaints provided to LECC may not include personal information concerning the complainant or a deputy except as to any personal information on the DSP form (ORS 131.925).

The Support Services Division should provide LECC, upon request, data regarding stops or contacts as identified in ORS 131.906(5). Data provided may not identify a deputy or an individual whose demographic data is collected (ORS 131.906).

402.6.2 STATE REPORTING TO OREGON CRIMINAL JUSTICE COMMISSION
The Support Services Division shall provide the OCJC with traffic and pedestrian stop data annually as prescribed by ORS 131.935.

Data may not include information that reveals the identity of any stopped individual or of any deputy (ORS 131.935).

402.7 TRAINING
Training on fair and objective policing and review of this policy should be conducted as directed by the Training Sergeant.

402.7.1 DEPARTMENT OF PUBLIC SAFETY STANDARDS AND TRAINING
The Training Sergeant should ensure that deputies receive training implemented by the Department of Public Safety Standards and Training regarding procedures to facilitate the collection of deputy-initiated traffic and pedestrian stop data (ORS 131.935).

402.8 TRAINING
Training on racial or bias-based profiling and review of this policy should be conducted annually as directed by the Division Training Supervisor.
Briefing Training

404.1 PURPOSE AND SCOPE
Briefing training is generally conducted before a patrol or corrections deputy’s assigned shift. Briefing training provides an opportunity for important exchange between employees and supervisors. A supervisor generally conducts Briefing training; however deputies may conduct Briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

(a) Briefing deputies with information regarding daily activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations

(b) Notifying deputies of changes in schedules and assignments

(c) Notifying deputies of new Sheriff's Office Directives or changes in Sheriff's Office Directives. Reviewing recent incidents for training purposes

(d) Providing training on a variety of subjects

404.2 PREPARATION OF MATERIALS
The supervisor conducting Briefing training is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate deputy in his or her absence or for training purposes.
Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance in handling a major crime or disaster.

406.2 POLICY
It is the policy of the Lincoln County Sheriff's Office to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

406.2.1 TEMPORARY FLIGHT RESTRICTIONS
Crime and disaster scenes can sometimes attract news helicopters and other sightseeing aircraft. Whenever such aircraft pose a threat to public safety due to congestion or when the noise levels caused by loitering aircraft hamper incident operations, the field supervisor should consider requesting Temporary Flight Restrictions (TFR) through the Federal Aviation Administration (Federal Aviation Regulations § 91.137). All requests for TFR should be routed through the supervisor.

406.3 SCENE RESPONSIBILITY
The first deputy at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Deputies shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once a deputy has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the deputy shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

406.4 FIRST RESPONDER CONSIDERATIONS
The following list generally describes the first responder’s function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

(a) Broadcast emergency information, including requests for additional assistance and resources.
(b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
(c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
(d) Provide first aid to injured parties if it can be done safely.
(e) Evacuate the location safely as required or appropriate.
(f) Secure the inner perimeter.
(g) Protect items of apparent evidentiary value.
Crime and Disaster Scene Integrity

(h) Secure an outer perimeter.
(i) Identify potential witnesses.
(j) Start a chronological log noting critical times and personnel allowed access.

406.5 SEARCHES
Deputies arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once deputies are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Deputies should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

406.5.1 CONSENT
When possible, deputies should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

406.6 EXECUTION OF HEALTH ORDERS
Any certified member of this office is authorized to execute and enforce lawful orders of the local health officer issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (ORS 433.156).

406.7 PATROL DIVISION COMMANDER RESPONSIBILITIES
The Patrol Division Commander is responsible for:

(a) Ensuring reasonable access to qualified personnel, equipment and supplies for processing crime scenes.
(b) Establishing procedures for collecting, processing and preserving physical evidence in the field.
(c) Establishing procedures for photographing, video-recording and other imaging used to collect and preserve evidence.
(d) Establishing procedures for processing, developing, lifting and labeling fingerprints.
(e) Establishing procedures for the safe collection, storage, transportation and submission of biological and other evidence for DNA testing and evaluation.
Tactical Response Team

407.1 PURPOSE AND SCOPE
The purpose of the Lincoln County Tactical Response Team (TRT) is to respond to high risk incidents to assist patrol in containing situations until a full service SWAT team arrives. The goal of the Tactical Response Team is to provide the maximum amount of protection to innocent persons, law enforcement officers, and suspect(s).

407.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY
The Policy Manual sections pertaining to the TRT are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to Sheriff's Office personnel allowing for appropriate on-scene decision-making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

407.1.2 TACTICAL RESPONSE TEAM DEFINED
According to the National Tactical Officers Association (NTOA), "Tactical Response Teams" are typically formed to address one or more mission capabilities other than deliberate hostage rescue operations, such as warrant service, barricaded subject, or some type of high-risk security operations. Certain critical incidents are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units.

The TRT is a designated unit of deputies specifically trained and equipped to work as a coordinated team to assist patrol with containing situations until a full service SWAT team arrives. The TRT trains and is prepared to act to resolve an incident prior to arrival of a full service SWAT team if the situation deems it necessary, such as an "active shooter." As a matter of agency policy, such a unit may also be used to serve warrants, both search and arrest, when the mission does not meet the requirements for a full service SWAT team.

The TRT will work under the command of a full service team upon their arrival to an incident.

407.2 LEVELS OF CAPABILITY/TRAINING
The Lincoln County Tactical Response Team is not a full service team. It is capable of providing containment until a full service SWAT team arrives, or intervention if the situation becomes so dangerous that waiting is not an option. The team members have regular assignments and may, or may not, work together on a daily basis. It is intended, however, that they respond to incidents as a team. Team members should receive a minimum of eight hours of training per month and one 20-hour training session per year as a team. Team members who are unable to attend scheduled training should complete make up training approved by the Team Leader. The TRT operates in accordance with laws, rules and procedures.
407.3 AGENCY POLICY
It shall be the policy of this agency to employ the Lincoln County Tactical Response Team and to provide the equipment, manpower, and training necessary to meet its obligations. The Tactical Response Team should develop sufficient resources to perform three basic operational functions:

(a) Command and Control
(b) Containment
(c) Entry/Apprehension/Rescue

It is understood that it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators, and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceed their training levels due to the exigency of the circumstances.

407.3.1 POLICY CONSIDERATIONS
A needs assessment should be conducted to determine the type and extent of TRT missions and operations appropriate to this agency. The assessment should consider the team’s capabilities and limitations and should be reviewed annually by the Team Commander or his/her designee.

407.3.2 ORGANIZATIONAL PROCEDURES
This office will maintain organizational procedures which should address, at minimum:

(a) Locally identified specific missions the team is capable of performing
(b) Team organization and function
(c) Personnel selection and retention criteria
(d) Training and required competencies
(e) Procedures for activation and deployment
(f) Command and control issues, including a clearly defined command structure
(g) Multi-agency response
(h) Out-of-jurisdiction response
(i) Specialized functions and supporting resources

407.3.3 OPERATIONAL PROCEDURES
(a) This office shall develop a separate written set of operational procedures in accordance with the determination of their level of capability, using sound risk reduction practices. The operational procedures should be patterned after the “National Tactical Officers Association” Suggested SWAT Best Practices. However, because such procedures are specific to Team members and will outline tactical
and officer safety issues, they are not included within this policy. The operational procedures should include, at minimum:

(b) Operational plan for responding to each incident (time permitting);

1. Designated personnel should be responsible for developing an operational or tactical plan prior to, and during, SWAT operations.
2. Mission briefings should be conducted prior to an operation, unless circumstances require immediate deployment.
   (a) When possible, briefings should include the specialized units and supporting resources.
3. All SWAT team members should have an understanding of operational planning.
4. SWAT team training should consider planning for both spontaneous and planned events.
5. SWAT teams should incorporate medical emergency contingency planning as part of the SWAT operational plan.
6. Protocols for a sustained operation should be developed which may include relief, rotation of personnel, and augmentation of resources.

(c) A generic checklist to be worked through prior to initiating a tactical action as a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of SWAT.

(d) The appropriate role for a trained negotiator.

(e) A standard method of determining whether or not a warrant should be regarded as high-risk.

(f) A method for deciding how best to serve a high-risk warrant with all alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.

(g) Post incident scene management including:

1. Documentation of the incident.
2. Transition to investigations and/or other units.
3. Debriefing after every deployment of the SWAT team.
   (a) After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments, helps to identify training needs, and reinforces sound risk management practices.
   (b) When appropriate, debriefing should include specialized units and resources.

(h) Sound risk management analysis.

(i) Standardization of equipment deployed.
407.4 TRAINING NEEDS ASSESSMENT
The TRT Commander shall conduct an annual TRT Training needs assessment to ensure that training is conducted within team capabilities and agency policy.

407.4.1 INITIAL TRAINING
New TRT members will attend a basic SWAT course or its equivalent as soon as practical.

(a) To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content (topics) meet or exceed agency requirements or NTOA standardized training recommendations.

407.4.2 UPDATED TRAINING
Appropriate team training for the specialized TRT functions and other supporting resources should be completed prior to full deployment of the team.

TRT operators and TRT supervisors/team leaders will complete mandatory ongoing tactical training. Each member will complete a minimum of 100 hours of training each year.

407.4.3 SUPERVISION AND MANAGEMENT TRAINING
To ensure command and executive personnel who provide active oversight at the scene of TRT operations understand the purpose and capabilities of the teams, command and executive personnel are encouraged to attend training for managing the TRT function at the organizational level.

Command personnel who may assume incident command responsibilities should attend a SWAT or critical incident commander course or its equivalent. TRT command personnel should attend a SWAT commander or tactical commander course, or its equivalent.

407.4.4 TACTICAL RESPONSE TEAM ONGOING TRAINING
Training shall be coordinated by the Team Leader. In addition to specialized training, the Team Commander may conduct training exercises to include a review and critique of personnel and their performance in the exercise. Training shall consist of the following:

(a) Each member shall perform a physical fitness test (ORPAT) annually. Members will be required to maintain an ORPAT time of 4:30 or less to remain an active member of the team.

(b) Any team member failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest and attain a qualifying score. Within 60 days of the previous physical fitness test date, the member required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt will result in dismissal from the team.

(c) Those team members who are on vacation, ill, or are on modified duty status with a doctor's note of approval on the test date, shall be responsible for reporting to a team supervisor and taking the test within thirty (30) days of their return to regular duty. Any member who fails to arrange for and perform the physical fitness test within the 30
day period shall be considered as having failed to attain a qualifying score for that test period.

(d) Each team member shall maintain a 95% score on the agency handgun qualification course. Failure to qualify will require that member to seek remedial training from a team range master approved by the Team Commander. Team members who fail to qualify must retest within 60 days. Failure to qualify within 60 days with or without remedial training will result in dismissal from the team.

407.4.5 TRAINING SAFETY
A designated safety officer shall be assigned for all tactical training.

407.4.6 SCENARIO BASED TRAINING
The TRT should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.

407.4.7 TRAINING DOCUMENTATION
Individual and team training shall be documented and records maintained by the Training Sergeant. Such documentation shall be maintained in each deputy's individual training file. A separate TRT training file shall be maintained with documentation and records of all team training.

407.5 UNIFORMS, EQUIPMENT, AND FIREARMS
The Lincoln County Tactical Response Team may require utilization of special uniforms, equipment, and firearms outside of what is provided for uniformed patrol deputies.

407.5.1 ON-SCENE DETERMINATION
TRT members should wear uniforms that clearly identify team members as law enforcement officers. It is recognized that certain tactical conditions may require covert movement. Attire may be selected appropriate to the specific mission.

407.5.2 EQUIPMENT
The TRT should be adequately equipped to meet specific mission needs. All equipment shall be agency-issued including modifications.

407.5.3 FIREARMS
Weapons and equipment used by TRT members shall be agency-issued including any modifications, additions, or attachments.

407.5.4 OPERATIONAL READINESS INSPECTIONS
The TRT Commander shall appoint a supervisor to perform periodic visual inspections of unit equipment. The inspection will include personal equipment issued to members of the unit and equipment maintained or used in TRT response vehicles.
Tactical Response Team

407.6 MANAGEMENT/SUPERVISION OF THE TACTICAL RESPONSE TEAM
The Commander of the TRT shall be selected by the Sheriff.

407.6.1 TEAM COMMANDER
Under the direction of the Sheriff, through the Patrol Operations Division Commander, the TRT shall be managed by a lieutenant.

407.6.2 TEAM SUPERVISORS
The TRT will be supervised by a team leader.

The team leader shall be selected by the Sheriff upon specific recommendation by staff and the Team Commander.

The following represent the team leaders responsibilities for the TRT:

(a) The Tactical Response Team leader's primary responsibility is to supervise the operations of the Team, which will include deployment, training, first line participation, and other duties as directed by the Team Commander.

407.7 TACTICAL RESPONSE TEAM ADMINISTRATIVE PROCEDURES
The TRT was established to provide a skilled and trained team which may be deployed to assist law enforcement in containing an incident until a full service SWAT team arrives.

The following procedures serve as directives for the administrative operation of the TRT.

407.7.1 SELECTION OF PERSONNEL
Interested non-probationary certified personnel shall submit a letter of interest to their supervisor, a copy of which will be forwarded to the Division Commander and TRT Commander. Those qualifying applicants will then be invited to participate in the testing process. The order of the tests will be given at the discretion of the Team Commander. The testing process will consist of a minimum of an oral board, physical agility, basic handgun, and team evaluation.

(a) Oral board: The oral board will consist of personnel selected by the Team Commander. Applicants will be evaluated by the following criteria:

1. Recognized competence and ability and exceptional character as evidenced by performance.
2. Demonstrated good judgment and understanding of critical role of TRT member.
3. Special skills, training, or appropriate education as it pertains to this assignment; and
4. Commitment to the unit, realizing that the additional assignment may necessitate unusual working hours, conditions, and training obligations.
Tactical Response Team

(b) Physical agility: The ORPAT physical agility test is designed to determine the physical capabilities of the applicant as it relates to performance of TRT-related duties. The test and scoring procedure will be established by the Team Commander. A minimum qualifying score of 4:30 shall be attained by the applicant to be considered for the position.

(c) Basic handgun: Candidates will be invited to shoot the Basic Drill for the handgun. A minimum qualifying score of 95 out of a possible score of 100 must be attained to qualify.

(d) Team evaluation: Current team members will evaluate each candidate on his or her field tactical skills, teamwork, character, ability to work under stress, communication skills, judgment, and any special skills that could benefit the team.

(e) A list of successful applicants shall be submitted to the Team Commander, for final selection.

407.7.2 TEAM EVALUATION
Continual evaluation of a team member’s performance and efficiency as it relates to the positive operation of the unit shall be conducted by the Team Commander. The performance and efficiency level, as established by the team leader, will be met and maintained by all TRT members. Any member of the TRT who performs or functions at a level less than satisfactory in his/her daily duties or during team operations, shall be subject to dismissal from the team.

407.8 OPERATION GUIDELINES FOR THE TACTICAL RESPONSE TEAM
The following procedures serve as guidelines for the operational deployment of the TRT.

407.8.1 ON-SCENE DETERMINATION
The supervisor in charge on the scene of a particular event will assess whether the TRT should respond to the scene. He/she will notify the TRT Commander or Team Leader in the Commander’s absence.

407.8.2 APPROPRIATE SITUATIONS FOR USE OF THE TACTICAL RESPONSE TEAM
The following are examples of incidents which may result in the activation of the TRT:

(a) Barricaded suspects who refuse an order to surrender.
(b) Incidents where hostages are taken.
(c) Cases of suicide threats.
(d) Arrests of dangerous persons.
(e) A full service SWAT team is responding to any situation and assistance is needed with containment.
(f) Any situation that could enhance the ability to preserve life, maintain social order, and ensure the protection of property.
407.8.3 OUTSIDE AGENCY REQUESTS
Requests by field personnel for assistance from outside agency crisis units must be approved by
the TRT Commander or Supervisor. Deployment of the TRT to requests by other agencies must
be authorized by a Division Commander.

407.8.4 MULTI-JURISDICTIONAL SWAT OPERATIONS
The TRT should develop protocols, agreements, MOUs, or working relationships to support multi-
jurisdictional or regional responses.

(a) If it is anticipated that multi-jurisdictional SWAT operations will regularly be conducted;
SWAT multi-agency and multi-disciplinary joint training exercises are encouraged.

(b) TRT members from this office shall operate under the policies, procedures and
command of the Lincoln County Sheriff's Office when working in a multi-agency
situation.

407.8.5 MOBILIZATION OF TACTICAL RESPONSE TEAM
The On-Scene supervisor shall make a request to the TRT commander. If unavailable, a team
leader shall be notified.

The On-Scene supervisor should advise the Team Commander with as much of the following
information which is available at the time:

(a) The number of suspects, known weapons and resources.
(b) If the suspect is in control of hostages.
(c) If the suspect is barricaded.
(d) The type of crime involved.
(e) If the suspect has threatened or attempted suicide.
(f) The location of the command post and a safe approach to it.
(g) The extent of any perimeter and the number of officers involved.
(h) Any other important facts critical to the immediate situation, and whether the suspect
has refused an order to surrender.
(i) If a full service SWAT team is needed, the agency of jurisdiction is responsible for
their request.

The Team Commander or Team Leader shall then ensure selected officers are notified to respond.

407.8.6 FIELD UNIT RESPONSIBILITIES
While waiting for the TRT and or full service SWAT team, field personnel should, if safe, practical
and sufficient resources exist:

(a) Establish an inner and outer perimeter.
(b) Establish a command post outside of the inner perimeter.
Tactical Response Team

(c) Establish an arrest/response team. The team actions may include:
   1. Securing any subject or suspect who may surrender.
   2. Taking action to mitigate a deadly threat or behavior.

(d) Evacuate any injured persons or citizens in the zone of danger.

(f) Be prepared to brief the TRT and Team Commander on situation.

(g) Plan for, and stage, anticipated resources.

407.8.7 ON-SCENE COMMAND RESPONSIBILITIES
Upon arrival of the TRT at the scene, the Incident Commander shall brief the Team Commander and Team Leaders about the situation. Upon review, it will be the Incident Commander's decision, with input from the TRT Commander, how to deploy the TRT until a full service SWAT team arrives. Once the Incident Commander authorizes deployment, the TRT Commander will be responsible for the tactical portion of the operation until a full service SWAT team arrives. The Incident Commander shall continue supervision of the command post operation, outer perimeter security, and support for the SWAT and TRT. The Incident Commander and the TRT Commander (or his or her designee) shall maintain communications at all times. Once a full service SWAT team arrives, the TRT will work under it's direction. The full service SWAT team leadership will maintain communications with the Incident Commander.

407.8.8 COMMUNICATION WITH TRT PERSONNEL
All of those persons who are not part of TRT or full service SWAT team should refrain from any non-emergency contact or interference with any member of the team during active negotiations. Operations require the utmost in concentration by involved personnel and, as a result, no one should interrupt or communicate with SWAT or TRT personnel directly.

407.9 POST INCIDENT REVIEW
A Post Incident Review shall be completed by the Team Leader and submitted to the Team Commander for approval following each team deployment. All Post Incident Reviews will be saved and maintained in a separate file by the training sergeant.
Noise-Flash Distraction Device

409.1 PURPOSE AND SCOPE
The Lincoln County Sheriff's Office Tactical Response Team (TRT) employs a variety of specialized equipment and munitions to include Noise-Flash Distraction Devices (NFDD). This policy provides direction on the use of those devices.

409.1.1 POLICY
It is the policy of this office to recognize the NFDD as an important tool for reducing the risk of serious injury or death to deputies and citizens involved in certain high-risk operations. This office also recognizes the potential risk of injury if the NFDD is used improperly.

409.2 DEPLOYMENT

(a) Distraction devices shall only be carried and used by designated personnel of the tactical element who have been trained and certified as end-users with the devices.

(b) Deployment will be on the authorization of the TRT Leader, or when deemed necessary by the entry operative.

409.3 PROCEDURES
Prior to actual deployment, consideration will be given to:

(a) Alternative actions that do not increase the risk to deputies and citizens.

(b) Fire hazard due to structure and other flammables.

(c) Presence of young children.

(d) Presence of non-involved citizens.

(e) Presence of elderly persons.

(f) Perceived threat level.

The purpose of utilizing distraction devices is to obtain a three (3) to five (5) second reduction of threat by momentarily disorienting the suspect(s). The use of a NFDD shall be limited to an area visible to the deploying deputy prior to deployment.
Civilian Observers, Patrol Ride-Alongs and Jail Tours

410.1 PURPOSE AND SCOPE
To establish policy and procedures for members of the community and other approved non-employees to observe Sheriff's Office operations.

410.1.1 POLICY

1. If the applicant does have a relative, significant other, or friend in the jail, the tour may be canceled, rescheduled or modified to avoid exposure to the incarcerated individual.
Hazardous Material Response

411.1 PURPOSE AND SCOPE
Hazardous materials present a potential harm to employees resulting from their exposure. The following is to be the policy of this Sheriff's Office.

411.1.1 HAZARDOUS MATERIAL DEFINED
A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed. See Oregon Revised Statutes 453.005(7) for a complete list.

411.2 HAZARDOUS MATERIAL RESPONSE
Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

(a) Attempt to identify type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from person transporting).

(b) Notify Fire Department.

(c) Provide first-aid for injured parties if it can be done safely and without contamination.

(d) Begin evacuation of immediate area and surrounding areas dependent on substance.

411.3 REPORTING EXPOSURE(S)
Sheriff's Office personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the Commanding Officer. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

411.3.1 SUPERVISOR RESPONSIBILITY
When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Sheriff's Office will be obtained through the Fire Department.
Hazardous Material Response

The employee or employees supervisor if the employee is unable, will complete a Workers Compensation form if an injury is diagnosed Oregon Revised Statutes 656.265. If an injury is not apparent but exposure to a hazardous substance is possible, the employee will complete an incident report indicating the circumstances of the event and the potential of an exposure.
Hostage and Barricade Incidents

413.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for situations where deputies have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the deputies by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that deputies encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

413.1.1 DEFINITIONS
Definitions related to this policy include:

**Barricade situation** - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

**Hostage situation** - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

413.2 POLICY
It is the policy of the Lincoln County Sheriff's Office to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

413.3 COMMUNICATION
When circumstances permit, initial responding deputies should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Deputies should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

413.3.1 EMERGENCY COMMUNICATIONS
A supervisor who has probable cause to believe that a hostage is being held may order a telephone company to cut, reroute or divert telephone lines to prevent a suspect from communicating with anyone other than deputies or other designated individuals (ORS 165.549).
413.4 FIRST RESPONDER CONSIDERATIONS
First responding deputies should promptly and carefully evaluate all available information to
determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding deputy should immediately request a supervisor’s response as soon as it is
determined that a hostage or barricade situation exists. The first responding deputy shall assume
the duties of the supervisor until relieved by a supervisor or a more qualified responder. The
depot shall continually evaluate the situation, including the level of risk to deputies, to the persons
involved and to bystanders, and the resources currently available.

The handling deputy should brief the arriving supervisor of the incident, including information about
suspects and victims, the extent of any injuries, additional resources or equipment that may be
needed, and current perimeters and evacuation areas.

413.4.1 BARRICADE SITUATION
Unless circumstances require otherwise, deputies handling a barricade situation should attempt
to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining
lines of communication while awaiting the arrival of specialized personnel and trained negotiators.
During the interim the following options, while not all-inclusive or in any particular order, should
be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably
    safe to do so. Request medical assistance.
(b) Assign personnel to a contact team to control the subject should he/she attempt to
    exit the building, structure or vehicle, and attack, use deadly force, attempt to escape
    or surrender prior to additional resources arriving.
(c) Request additional personnel, resources and equipment as needed (e.g., canine team,
    air support).
(d) Provide responding emergency personnel with a safe arrival route to the location.
(e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to
    do so.
(f) Attempt or obtain a line of communication and gather as much information on the
    subject as possible, including weapons, other involved parties, additional hazards or
    injuries.
(g) Establish an inner and outer perimeter as circumstances require and resources permit
    to prevent unauthorized access.
(h) Evacuate bystanders, residents and businesses within the inner and then outer
    perimeter as appropriate. Check for injuries, the presence of other involved subjects,
    witnesses, evidence or additional information.
Hostage and Barricade Incidents

(i) Determine the need for and notify the appropriate persons within and outside the Office, such as command officers.

(j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

(k) Establish a command post.

413.4.2 HOSTAGE SITUATION

Deputies presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that deputies react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).

(d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.

(e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(f) Provide responding emergency personnel with a safe arrival route to the location.

(g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.

(h) Coordinate pursuit or surveillance vehicles and control of travel routes.

(i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.

(j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
Hostage and Barricade Incidents

(k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(l) Determine the need for and notify the appropriate persons within and outside the Sheriff's Office, such as command officers.

(m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

413.5 SUPERVISOR RESPONSIBILITIES
Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Crisis Response Unit (CRU) aka SWAT response if appropriate and apprising the CRU Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

(a) Ensure injured persons are evacuated and treated by medical personnel.

(b) Ensure the completion of necessary first responder responsibilities or assignments.

(c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.

(d) Establish a command post location as resources and circumstances permit.

(e) Designate assistants who can help with intelligence information and documentation of the incident.

(f) If it is practicable to do so, arrange for video documentation of the operation.

(g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).

(h) Ensure adequate law enforcement coverage for the remainder of the County during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.

(i) Identify a media staging area outside the outer perimeter and have the designated temporary media representative provide media access in accordance with the News Media Relations Policy.

(j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.

(k) Debrief personnel and review documentation as appropriate.
Hostage and Barricade Incidents

413.6 REPORTING
Unless otherwise relieved by a supervisor or Incident Commander, the handling deputy at the scene is responsible for completion and/or coordination of incident reports.
Response to Bomb Calls

415.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to assist members of the Lincoln County Sheriff's Office in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

415.2 POLICY
It is the policy of the Lincoln County Sheriff's Office to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

415.3 RECEIPT OF BOMB THREAT
Members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.
If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established evidence procedures.
The member receiving the bomb threat should ensure that the Supervisor is immediately advised and informed of the details. This will enable the Supervisor to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

415.4 GOVERNMENT FACILITY OR PROPERTY
A bomb threat targeting a government facility may require a different response based on the government agency.

415.4.1 LINCOLN COUNTY SHERIFF’S OFFICE FACILITY
If the bomb threat is against the Lincoln County Sheriff's Office facility, the Supervisor will direct and assign deputies as required for coordinating a general building search or evacuation of the Sheriff's Office, as he/she deems appropriate.

415.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY
If the bomb threat is against a county or municipal facility within the jurisdiction of the Lincoln County Sheriff's Office, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Supervisor deems appropriate.

415.4.3 FEDERAL BUILDING OR PROPERTY
If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.
Response to Bomb Calls

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility’s security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

415.5 PRIVATE FACILITY OR PROPERTY
When a member receives notification of a bomb threat at a location in Lincoln County, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

(a) The location of the facility.
(b) The nature of the threat.
(c) Whether the type and detonation time of the device is known.
(d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
(e) Whether the individual is requesting deputy assistance at the facility.
(f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
   1. No evacuation of personnel and no search for a device.
   2. Search for a device without evacuation of personnel.
   3. Evacuation of personnel without a search for a device.
   4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Supervisor is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

415.5.1 ASSISTANCE
The Supervisor should be notified when deputy assistance is requested. The Supervisor will make the decision whether the Office will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including deputy control over the facility.

Should the Supervisor determine that the Office will assist or control such an incident, he/she will determine:

(a) The appropriate level of assistance.
(b) The plan for assistance.
(c) Whether to evacuate and/or search the facility.
(d) Whether to involve facility staff in the search or evacuation of the building.
Response to Bomb Calls

1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
2. The safety of all participants is the paramount concern.
(e) The need for additional resources, including:
   1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request deputy assistance to clear the interior of a building, based upon the circumstances and known threat, deputies may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

415.6 FOUND DEVICE
When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

(a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
(b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
(c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
   1. Two-way radios
   2. Cell phones
   3. Other personal communication devices
(d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
(e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
(f) A safe access route should be provided for support personnel and equipment.
(g) Search the area for secondary devices as appropriate and based upon available resources.
(h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
(i) Promptly relay available information to the Supervisor including:
   1. The time of discovery.
   2. The exact location of the device.
   3. A full description of the device (e.g., size, shape, markings, construction).
   4. The anticipated danger zone and perimeter.
Response to Bomb Calls

5. The areas to be evacuated or cleared.

415.7 EXPLOSION/BOMBING INCIDENTS
When an explosion has occurred, there are multitudes of considerations which may confront the responding deputies. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

415.7.1 CONSIDERATIONS
Deputies responding to explosions, whether accidental or a criminal act, should consider the following actions:

(a) Assess the scope of the incident, including the number of victims and extent of injuries.
(b) Request additional personnel and resources, as appropriate.
(c) Assist with first aid.
(d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
(e) Assist with the safe evacuation of victims, if possible.
(f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
(g) Preserve evidence.
(h) Establish an outer perimeter and evacuate if necessary.
(i) Identify witnesses.

415.7.2 NOTIFICATIONS
When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Supervisor
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

415.7.3 CROWD CONTROL
Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.
Response to Bomb Calls

415.7.4 PRESERVATION OF EVIDENCE
As in any other crime scene, steps should immediately be taken to preserve the scene. The Supervisor should assign deputies to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.
Civil Commitments

417.1 PURPOSE AND SCOPE
This policy provides guidelines for when deputies may place an individual under protective custody for civil commitment (ORS 426.228).

417.2 POLICY
It is the policy of the Lincoln County Sheriff's Office to protect the public and individuals through legal and appropriate use of the civil commitment process.

417.3 AUTHORITY
A deputy may take a person into custody when the deputy has probable cause to believe the person is dangerous to him/herself or to any other person and is in need of immediate care, custody or treatment for mental illness (ORS 426.228(1)).

A deputy shall also take a person into custody at the direction of the community mental health program director when the director has probable cause to believe the person is imminently dangerous to him/herself or to another person. The director is mandated to prepare a report for the deputy to deliver to the treating licensed independent practitioner (ORS 426.228(2)).

The deputy shall transport the person in custody to the nearest facility approved by the Oregon Health Authority (OHA) or will transfer custody of the person to a mental health representative authorized under ORS 426.233(3).

If, upon delivery of the person to the facility, the licensed independent practitioner finds the person is not in need of emergency care or treatment for mental illness, the person is to be released from custody. The deputy or the program director shall return the person to the place where he/she was taken into custody, unless the person declines that service.

417.3.1 VOLUNTARY EVALUATION
If a deputy encounters an individual who may qualify for a civil commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the deputies should:

(a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a civil commitment.

(b) If at any point the individual changes his/her mind regarding voluntary evaluation, deputies should proceed with the civil commitment, if appropriate.

(c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.
Civil Commitments

417.3.2 EXTREMELY DANGEROUS PERSONS
A deputy may take into custody an individual on conditional release from a state hospital pursuant to an order of revocation. The written order does not have to be in the possession of the deputy, and may be confirmed through the Law Enforcement Data System (LEDS) (OAR 859-200-0310).

A person may be taken into custody if all of the following conditions apply (OAR 859-200-0305):

(a) A deputy has reasonable cause to believe the individual is an extremely dangerous person with a mental illness (as defined by OAR 859-200-0020)
(b) The person presents a serious danger to others because of a mental disorder
(c) The person is in need of immediate care, custody or treatment
(d) The person has been civilly committed to the jurisdiction of the Psychiatric Security Review Board by a court

The deputy shall transport the individual to a state hospital operated by the Oregon Health Authority (OAR 859-200-0310).

417.4 CONSIDERATIONS AND RESPONSIBILITIES
Any deputy handling a call involving an individual who may qualify for a civil commitment should consider, as time and circumstances reasonably permit:

(a) Available information that might assist in determining the cause and nature of the individual’s action or stated intentions (e.g., information from LEDS).
(b) Community or neighborhood mediation services.
(c) Conflict resolution and de-escalation techniques.
(d) Available community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade deputies from taking reasonable action to ensure the safety of the deputies and others.

Civil commitments should be preferred over arrest for individuals with mental health issues, who are suspected of committing minor crimes or creating other public safety issues.

417.4.1 FOREIGN NATIONALS
If a deputy takes a person into custody for a civil commitment and reasonably suspects that the person is a foreign national, the deputy shall inform the person of his/her right to communicate with an official from the consulate of the person's country (ORS 426.228(9)).

417.5 TRANSPORTATION
When transporting any individual for a civil commitment, the transporting deputy should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.
Deputies may transport individuals in a patrol vehicle and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of a deputy during the transport, a supervisor should be notified.

417.5.1 CLEARANCE REQUIRED
If transportation to an appropriate facility will require more than one hour to accomplish, the transporting deputy must obtain, if possible, medical clearance from a licensed independent practitioner who has examined the person within the last 24 hours who certifies that the person is in need of immediate care or treatment for mental illness and that travel will not be detrimental to the person’s physical health (ORS 426.228(3)).

417.6 TRANSFER TO APPROPRIATE FACILITY
Upon arrival at the facility, the deputy will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking voluntary treatment, the deputy should provide the staff member with the information for a civil commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting deputy should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the deputy may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, deputies will not apply facility-ordered restraints.

417.7 DOCUMENTATION
The deputy should complete a hospital intake form and provide it to the facility staff member.

The deputy should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

417.7.1 REQUIREMENTS
Deputies shall use OHA form MHD 426.228 or otherwise ensure that the report states (ORS 426.228):

(a) The reason for custody.
(b) The date, time and place the person was taken into custody.
(c) The name and telephone number of the community mental health director.

417.8 CRIMINAL OFFENSES
Deputies investigating an individual who is suspected of committing a minor criminal offense and who is being taken for a civil commitment should resolve the criminal matter by issuing a citation, as appropriate.
When an individual who may qualify for a civil commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the deputy should:

(a) Arrest the individual when there is probable cause to do so.

(b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the civil commitment.

(c) Facilitate the individual’s transfer to the jail facility.

(d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a civil commitment.

In the supervisor’s judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

**417.9 FIREARMS AND OTHER WEAPONS**
Whenever an individual is taken into custody for a civil commitment, the handling deputies should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Deputies should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g. safekeeping, evidence, consent).

Deputies are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling deputies should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

**417.10 TRAINING**
This office will endeavor to provide approved training on interaction with mentally disabled persons, civil commitments and crisis intervention.
Citation Releases

419.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members of the Lincoln County Sheriff's Office with guidance on when to release adults who are suspected offenders on a citation for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

419.2 RELEASE
A suspected offender may be released on issuance of a criminal citation if the deputy has probable cause to believe that the person has committed a misdemeanor or has committed any felony that is subject to misdemeanor treatment under ORS 161.705 (reduction of certain felonies to misdemeanors) (ORS 133.055).

419.2.1 CITATION RELEASES ON WARRANTS
If the offense is not excluded under ORS 133.055, the court may authorize a deputy to issue and serve a criminal citation in lieu of arrest (ORS 133.110).

419.3 PROHIBITIONS
The release of a suspected offender on a citation is not permitted when:

(a) The deputy has probable cause to believe that the person has been served a valid restraining order as described in ORS 133.310 (orders relating to stalking, elder and disability abuse, sexual abuse) and the person has violated the terms of the order (ORS 133.310).

(b) The deputy has probable cause to believe that the person has been charged with an offense under ORS 135.230 through ORS 135.290 (sexual offenses, domestic violence, methamphetamine crimes), and is presently released and has failed to comply with a no contact condition to the release agreement (ORS 133.310).

(c) The person arrested is so intoxicated that he/she could be a danger to himself/herself or to others (release may occur as soon as this condition no longer exists).

1. Any deputy encountering a person who is intoxicated or under the influence of controlled substances in a public place and who is incapacitated, whose health appears to be in immediate danger, or there is reasonable cause to believe the person is dangerous to him/herself or to any other person, shall transport the individual to the nearest appropriate treatment facility or sobering facility (ORS 430.399).

See the Domestic Violence Policy for release restrictions related to those investigations.

419.3.1 FINGERPRINTS AND PHOTOGRAPHS
In certain cases, it may appropriate to fingerprint and photograph persons prior to citing and releasing them. In such cases, the person shall be taken into custody and transported to the jail for that purpose, after which, they may be issued a citation and released.
419.4 CONSIDERATIONS
In determining whether to cite and release a person when discretion is permitted, deputies should consider:

(a) The type of offense committed.
(b) The known criminal history of the suspected offender.
(c) The ability to identify the suspected offender with reasonable certainty.
(d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense.
(e) The individual’s ties to the area, such as residence, employment or family.
(f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

419.5 POLICY
The Lincoln County Sheriff's Office will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation, when authorized to do so.
Foreign Diplomatic and Consular Representatives

421.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that members of the Lincoln County Sheriff's Office extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

421.2 POLICY
The Lincoln County Sheriff's Office respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

421.3 CLAIMS OF IMMUNITY
If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

(a) Notify a supervisor.

(b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person’s status.

(c) Request the person’s identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.

(d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.

(e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating “US” as the state.
421.4 ENFORCEMENT ACTION
If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

(a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.

(b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.

(c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
   1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.

(d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:
   1. Diplomatic-level staff of missions to international organizations and recognized family members
   2. Diplomatic agents and recognized family members
   3. Members of administrative and technical staff of a diplomatic mission and recognized family members
   4. Career consular officers, unless the person is the subject of a felony warrant

(e) The following persons may generally be detained and arrested:
   1. International organization staff; however, some senior officers are entitled to the same treatment as diplomatic agents.
   2. Support staff of missions to international organizations
   3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
   4. Honorary consular officers

421.5 DOCUMENTATION
All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.

Notes for diplomatic immunity table:

(a) This table presents general rules. The employees of certain foreign countries may enjoy higher levels of privileges and immunities on the basis of special bilateral agreements.
(b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.

(c) A small number of senior officers are entitled to be treated identically to diplomatic agents.

(d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.
Rapid Response and Deployment

423.1 PURPOSE AND SCOPE
Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding deputies in situations that call for rapid response and deployment.

423.2 POLICY
The Lincoln County Sheriff's Office will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

423.3 CONSIDERATIONS
When dealing with a crisis situation members should:

(a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
(b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
(c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
(d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

423.4 FIRST RESPONSE
If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding deputies should consider reasonable options to reduce, prevent or eliminate the threat. Deputies must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, deputies should take immediate action, if reasonably possible, while requesting additional assistance.

Deputies should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action deputies should consider:
Lincoln County Sheriff's Office
Lincoln County SO Policy Manual

Rapid Response and Deployment

(a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.

(b) Whether to wait for additional resources or personnel. This does not preclude an individual deputy from taking immediate action.

(c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.

(d) Whether the suspect can be contained or denied access to victims.

(e) Whether the deputies have the ability to effectively communicate with other personnel or resources.

(f) Whether planned tactics can be effectively deployed.

(g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, deputies should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

423.5 PLANNING
The Patrol Division Commander should coordinate critical incident planning. Planning efforts should consider:

(a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Availability of building plans and venue schematics of likely critical incident target sites.

(c) Communications interoperability with other law enforcement and emergency service agencies.

(d) Training opportunities in critical incident target sites, including joint training with site occupants.

(e) Evacuation routes in critical incident target sites.

(f) Patrol first-response training.

(g) Response coordination and resources of emergency medical and fire services.

(h) Equipment needs.

(i) Mutual aid agreements with other agencies.

(j) Coordination with private security providers in critical incident target sites.

423.6 TRAINING
The Training Sergeant should include rapid response to critical incidents in the training plan. This training should address:
Rapid Response and Deployment

(a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Communications interoperability with other law enforcement and emergency service agencies.

(c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.

(d) First aid, including gunshot trauma.

(e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).
Immigration Violations

427.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to members of the Lincoln County Sheriff's Office for investigating and enforcing immigration laws.

427.2 POLICY
It is the policy of the Lincoln County Sheriff's Office that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this office in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their immigration status.

427.3 VICTIMS AND WITNESSES
To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, color or national origin in any way that would violate the United States or Oregon Constitutions.

427.4 ENFORCEMENT
The U.S. Immigration and Customs Enforcement (ICE) has primary jurisdiction for enforcement of the provisions of Title 8 of the United States Code dealing with illegal entry. This office does not participate in routine immigration investigation and enforcement activities. However, a deputy may arrest any person who is the subject of an arrest warrant issued by a federal magistrate for a criminal violation of federal immigration laws (ORS 181A.820).

427.4.1 BASIS FOR CONTACT
Unless immigration status is relevant to another criminal offense or investigation (e.g., harboring, smuggling, terrorism), the fact that an individual is suspected of an immigration violation shall not be the sole basis for contact, detention or arrest (ORS 181A.820).

427.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT
Generally, a deputy will not notify ICE when booking arrestees at the county jail. Immigration officials routinely interview suspected undocumented aliens who are booked into the county jail on criminal charges. Notification will be handled according to jail operation procedures, LEDS/NCIC procedures will be followed. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

No individual will be held at the request of ICE.
**427.6 ICE REQUEST FOR ASSISTANCE**

Requests by ICE, or any other federal agency, for assistance from this office should be directed to a supervisor. The Office may provide available support services, such as traffic control or peacekeeping efforts, to ICE or other federal agencies.

**427.7 INFORMATION SHARING**

No member of this office will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

(a) Sending information to, or requesting or receiving such information from ICE
(b) Maintaining such information in office records
(c) Exchanging such information with any other federal, state or local government entity

**427.7.1 NON-DISCLOSURE OF CERTAIN INFORMATION**

Except as required by state or federal law, members should not disclose for the purpose of enforcement of federal immigration laws the following information about a person or his/her known relatives or associates, whether current or otherwise (ORS 180.805):

(a) The person’s address
(b) The person’s workplace or hours of work
(c) The person’s school or school hours
(d) The person’s contact information, including telephone number, email address, or social media account information
(e) The identity of known associates or relatives of the person
(f) The date, time, or location of a person’s hearings, proceedings, or appointments with the Office that are not matters of public record

**427.8 U VISA AND T VISA NON-IMMIGRANT STATUS**

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)). A law enforcement certification for a U visa may be completed by a deputy in order for a U visa to be issued.

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)). A law enforcement declaration for a T visa may be completed by a deputy in order for a T visa to be issued.

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to a supervisor assigned to oversee the handling of any related case. The supervisor should:

(a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
(b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.

(c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.

1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.

(d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.
Emergency Utility Service

429.1 PURPOSE AND SCOPE
The County Public Works Department has personnel available to handle emergency calls 24 hours per day.

429.1.1 ELECTRICAL LINES
County Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, a deputy should be dispatched to protect against personal injury or property damage that might be caused by power lines. The Electric Company or Public Works should be promptly notified, as appropriate.

429.1.2 RESERVOIRS, PUMPS, WELLS, ETC.
Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

429.1.3 EMERGENCY NUMBERS
A current list of emergency personnel who are to be called for utility emergencies is maintained by Dispatch.

429.2 TRAFFIC SIGNAL MAINTENANCE
The Oregon Department of Transportation provides maintenance for all traffic signals within Sheriff's Office jurisdiction.

429.2.1 DEPUTY’S RESPONSIBILITY
Upon observing a damaged or malfunctioning signal, the deputy will advise Dispatch of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Deputies have the responsibility address any hazard caused by malfunction of any inoperative or malfunctioning signal.
Automated External Defibrillator

431.1 PURPOSE AND SCOPE
The protection and safety of the public are fundamental responsibilities of the Sheriff's Office. The emergence of Automated External Defibrillators (AED) allows members with additional training to provide lifesaving care not normally found in the law enforcement setting. The use of the AED clearly spells the difference between life and death in cases of cardiac arrest and this Department supports this concept. This policy provides direction for the use of the AED.

431.2 CERTIFICATION

(a) Before a member may use an AED, he/she must complete the following requirements:

1. Possess a current American Red Cross or American Heart Association CPR and AED certification.
2. Maintain a minimum first response level certification or CPR certification.

(b) Members with access to an AED shall certify every two years.

(c) The AED will only be used in strict compliance with the criteria set forth by the manufacturer.

(d) At no time will the responding members represent themselves as medically qualified to provide treatment beyond the scope of their certification.

431.3 PROCEDURE

(a) AEDs may be assigned strategically throughout the Sheriff's Office at locations or with personnel that afford the highest probability for use and not readily accessible by EMS.

(b) AEDs will be checked at the beginning of the member's shift to ensure proper operating condition, in accordance with the manufacturer's guidelines. If maintenance is required or the unit is not functioning properly, it will not be used until a licensed technician makes such corrections as are necessary. The member checking the unit will conduct no maintenance.

(c) After an AED has been used, the following will occur:

1. Inside the Correctional Facility:

   (a) The Incident Report and AED events printed report, if so equipped, shall be provided to the Corrections Health Team for review and to be included in the inmate patient medical record.
Automated External Defibrillator

(b) The Corrections Health Team will review the documents consistent with the National Commission on Correctional Health Care Standards for Health Services in Jails 2003.

2. Outside the Correctional Facility:
   (a) If used, the AED shall be given to the transporting medical unit so the information stored on the AED can be retrieved and utilized at any applicable medical facility.

3. The following documents will be forwarded to the EMS Program Coordinator.
   (a) Incident Report;
   (b) The event summary will be printed from the AED memory, if so equipped;
   (c) The patient care report(s).
      1. Reports from the EMS agency should be included.
Aircraft Accidents

432.1 PURPOSE AND SCOPE
The purpose of this policy is to provide office members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Operations Plan and Hazardous Material Response policies.

432.1.1 DEFINITIONS
Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/ dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

432.2 POLICY
It is the policy of the Lincoln County Sheriff's Office to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

432.3 ARRIVAL AT SCENE
Deputies or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

(a) Protect persons and property.
(b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
(c) Preserve ground scars and marks made by the aircraft.
(d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
(e) Maintain a record of persons who enter the accident site.
(f) Consider implementation of an Incident Command System (ICS).

432.4 NOTIFICATIONS
When an aircraft accident is reported to this office, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

(a) Fire department
Aircraft Accidents

(b) Appropriate airport tower
(c) Emergency medical services (EMS)

432.5 INJURIES AND CASUALTIES
Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

432.6 CONTROLLING ACCESS AND SCENE AUTHORITY
Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

(a) FAA.
(b) Fire department, EMS or other assisting law enforcement agencies.
(c) Medical Examiner.
(d) Air Carrier/Operators investigative teams with NTSB approval.
(e) Appropriate branch of the military, when applicable.
(f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this office will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene office supervisor should ensure the accident is still appropriately investigated and documented.

432.7 DANGEROUS MATERIALS
Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

(a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
(b) Pressure vessels, compressed gas bottles, accumulators and tires.
(c) Fluids, batteries, flares and igniters.
(d) Evacuation chutes, ballistic parachute systems and composite materials.
432.8 DOCUMENTATION
All aircraft accidents occurring within the County shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of LCSO members deployed to assist; other County resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

432.8.1 WRECKAGE
When reasonably safe, members should:

(a) Obtain the aircraft registration number (N number) and note the type of aircraft.
(b) Attempt to ascertain the number of casualties.
(c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
   1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
(d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
(e) Acquire copies of any recordings from security cameras that may have captured the incident.

432.8.2 WITNESSES
Members tasked with contacting witnesses should obtain:

(a) The location of the witness at the time of his/her observation relative to the accident site.
(b) A detailed description of what was observed or heard.
(c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
(d) The names of all persons reporting the accident, even if not yet interviewed.
(e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

432.9 MEDIA RELATIONS
The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.
Aircraft Accidents

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims’ names. The PIO should coordinate with other involved entities before the release of information.
Alarms

433.1 PURPOSE AND SCOPE
This policy describes situations involving alarms on residences and businesses including responsibilities of personnel, making proper notification, documentation, and to provide procedures and guidelines for response to alarms.

433.1.1 POLICY
It is the policy of this office to respond to manually-activated silent panic, duress, hold-up alarms, and verified alarms in a safe manner, giving consideration to the reasonable expectation of stopping a potential crime in progress. Response to non-verified alarms will be at the discretion of the deputy. Any discretionary alarm response will not be subject to civil penalties.

433.1.2 DEFINITIONS
Audible Alarm - An alarm which emits an audible sound (either through a siren or other sound-producing device) that is activated by entry into a residence, business or property.

Silent Alarm - Alarm in which there is no audible sound to alert an intruder making entry into a residence or business that an alarm has been activated thus prompting a response.

Duress Alarm or Panic Alarm - A manually-activated silent or audible alarm which, by its design or purpose, is meant to signal individual distress either for medical or other reasons requiring police response.

Hold Up Alarm - A silent alarm which, by its design, is meant to indicate a robbery in progress or other criminal activity, and is usually purposefully set off by an individual.

Emergency - The commission or attempted commission of a robbery, burglary, assault, or other criminal action requiring immediate police response.

R.P. or Responsible Person - The person, occupant, firm, partnership, association, company, or organization of any kind, that is in control of any building, structure, or facility, or any portion thereof, wherein an alarm system is maintained. The primary person designated by the alarm system contract holder to confirm the need for a police response.

Verified Alarm / Third Party Confirmation - Means: a video, audio/video confirmation by the alarm company, responding private security officer, Responsible Person (R.P.), confirmation from a witness, or other confirmation independent of the alarm signal that a crime has occurred or an emergency exists.

False Alarm - The activation of an alarm system which results in the arrival of police at an alarm site where an emergency (see E) does not exist or no crime has been committed.

433.2 PROCEDURE
Patrol deputies will respond to manually-activated silent panic, duress, and hold-up alarms regardless of third-party verification.
Alarms

False activations are subject to a civil penalty under Lincoln County Code (LCC) 7.765. Deputies will take a case number and route the report to the Records Division where the false activation will be processed.

If a deputy determines an alarm company or their employee provided false information to dispatch or a deputy (i.e. this is a duress alarm and it is actually an audible alarm), the deputy will take a case number and route the report to the Records Division where the false report will be processed for civil penalty under LCC 7.765.

If a deputy determines the alarm was intentionally activated when it is known that no emergency exists, the deputy should take enforcement action under ORS 162.375, "Initiating a False Report."

If a deputy determines an alarm subscriber or private security officer intentionally provided false information to dispatch or a deputy, causing the dispatcher or deputy to believe this is a verified response, the deputy will take a case number and route the report to the Records Division where the false activation will be processed for civil penalty under LCC 7.765.

433.2.1 VERIFIED ALARMS
Deputies will respond tactically to alarms with third party-verification as priority calls using the appropriate call designation (i.e., burg in progress, open door, etc) and alarm as the secondary incident.

433.2.2 NON-VERIFIED ALARMS
Non verified alarms are dispatched as "information only" and the deputy will have the discretion to respond or not. The decision to respond is based on location of alarm, call load, and any other circumstance that would justify a response.
Field Training and Evaluation Program

434.1 PURPOSE AND SCOPE
The Field Training and Evaluation Program (FTEP) is intended to provide a standardized program to facilitate the deputy's transition from the academic setting to the actual performance of general law enforcement duties of the Lincoln County Sheriff's Office.

It is the policy of this Sheriff's Office to assign all new sheriff's deputies to a structured Field Training and Evaluation Program complies with DPSST training requirements and that is designed to prepare the new deputy to perform in a patrol assignment possessing all skills needed to operate in a safe, productive and professional manner.

434.2 FIELD TRAINING OFFICER SELECTION AND TRAINING

434.4 TRAINEE DEFINED
Any entry level, transfer or lateral sheriff's deputy newly appointed to the Lincoln County Sheriff's Office

434.5 REQUIRED TRAINING
Entry level deputies shall be required to successfully complete the Field Training Program, consisting of a minimum of 15 weeks.

The training period for lateral deputies may be modified depending on the trainee's demonstrated performance and level of experience, but shall consist of a minimum of four weeks.

To the extent practicable, entry level and lateral deputies should be assigned to a variety of Field Training Officers, shifts and geographical areas during their Field Training Program.

434.5.1 FIELD TRAINING MANUAL
Each new deputy will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as a deputy with the Lincoln County Sheriff's Office. The deputy shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules and regulations enacted by the Sheriff.

434.6 EVALUATIONS
Evaluations are an important component of the training process and shall be completed as outlined below.

434.6.1 FIELD TRAINING OFFICER
The FTO will be responsible for the following:

(a) Complete and submit a written evaluation on the performance of his/her assigned trainee to the FTO program supervisor on a daily basis.

(b) Review the Daily Observation Report (DORs) with the trainee each day.
(c) Complete a detailed end-of-phase performance evaluation on his/her assigned trainee at the end of each phase of training.

(d) Sign off all completed topics contained in the Field Training Manual, noting the method(s) of learning and evaluating the performance of his/her assigned trainee.

All documentation of the Field Training and Evaluation Program will be retained and will consist of the following:

(a) Daily Observation Reports
(b) End of phase evaluations
(c) Supervisor’s evaluation
(d) The completed Field Training Manual
Obtaining Air Support

436.1 PURPOSE AND SCOPE
The use of a helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

436.2 REQUEST FOR HELICOPTER ASSISTANCE
If a supervisor or deputy in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

If the event requiring helicopter assistance is a SAR mission, the event must organized through the Oregon Emergency Management (OEM) and must be requested by the SAR coordinator.

436.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY
After consideration and approval of the request for a helicopter, the supervisor, or his/her designee, will call the closest agency having helicopter support available. The supervisor on duty will apprise that agency of the specific details of the incident prompting the request.

436.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED
Helicopters may be requested under any of the following conditions:

(a) When the helicopter is activated under existing mutual aid agreements
(b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard
(c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
(d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for deputies on the ground.
Contacts and Temporary Detentions

438.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

438.1.1 DEFINITIONS
Definitions related to this policy include:

Consensual encounter - When a deputy contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the deputy is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual’s identity and resolving the deputy’s suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile/Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Frisk or pat-down search - A type of search used by deputies in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the deputy, the detainee, or others (ORS 131.625).

Reasonable suspicion - When, under the totality of the circumstances, a deputy has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Stop - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion that the person has committed or is about to commit a crime (ORS 131.615).

Temporary detention - When a deputy intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when a deputy actually restrains a person’s freedom of movement.

438.2 FIELD INTERVIEWS
Based on observance of suspicious circumstances or upon information from investigation, a deputy may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the deputy’s suspicion.
Contacts and Temporary Detentions

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Lincoln County Sheriff's Office to strengthen community involvement, community awareness, and problem identification.

438.2.1 INITIATING A FIELD INTERVIEW
When initiating the stop, the deputy should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

(a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
(b) Actions suggesting that he/she is engaged in a criminal activity.
(c) Presence in the area at an inappropriate hour of the day or night.
(d) Presence in a particular area is suspicious.
(e) Carrying of suspicious objects or items.
(f) Excessive clothes for the climate or clothes bulging in a manner that suggests he/she is carrying a dangerous weapon.
(g) Location in proximate time and place to an alleged crime.
(h) Physical description or clothing worn that matches a suspect in a recent crime.
(i) Prior criminal record or involvement in criminal activity as known by the deputy.

438.3 FRISK OR PAT-DOWN SEARCHES
A frisk or pat-down search of a stopped person may be conducted whenever a deputy reasonably believes that the person may possess a dangerous or deadly weapon and presents a danger to the deputy or other persons present (ORS 131.625). The purpose of this limited search is not to discover evidence of a crime, but to allow the deputy to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to the following:

(a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
(b) Where more than one suspect must be handled by a single deputy.
(c) The hour of the day and the location or area where the stop takes place.
(d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
(e) The actions and demeanor of the suspect.
(f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone deputy. A cover deputy should be positioned to ensure safety and should not be involved in the search.
Contacts and Temporary Detentions

438.4 FIELD PHOTOGRAPHS
All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the deputy shall carefully consider, among other things, the factors listed below.

438.4.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT
Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent.

438.4.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT
Field photographs may be taken without consent only if they are taken during a detention that is based on reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The deputy must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the deputy’s reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

438.4.3 DISPOSITION OF PHOTOGRAPHS
All detainee photographs must be adequately labeled and submitted to the Supervisor with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Supervisor should review it and forward the photograph to one of the following locations:

(a) If the photo and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Supervisor will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed by the Criminal Organizations Policy.

(b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Support Services Division.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.
438.4.4 SUPERVISOR RESPONSIBILITIES
While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.
Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

438.5 POLICY
The Lincoln County Sheriff's Office respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the deputy, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the deputy based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

438.6 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, deputies should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

(a) Identifying all persons present at the scene and in the immediate area.
   1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
   2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, deputies should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by office members.
   1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.
Patrol Rifles

439.1 PURPOSE AND SCOPE
In order to more effectively and accurately address the increasing level of fire power and body armor utilized by criminal suspects, the Lincoln County Sheriff's Office will make patrol rifles available to qualified patrol and corrections deputies as an additional and more immediate tactical resource.

439.2 PATROL RIFLE

439.2.1 DEFINITION
A patrol rifle is an authorized weapon which is owned by the Sheriff's Office and which is made available to properly trained and qualified deputies as a supplemental resource to their duty handgun or shotgun. No personally owned rifles may be carried for patrol duty unless pre-approved in writing by the Sheriff and the Sheriff's Office armorer.

439.3 SPECIFICATIONS
The only authorized patrol rifle is one which is owned and issued by the Sheriff's Office. This rifle shall be the Colt AR-15, .223 caliber semi-automatic rifle.

439.3.1 RIFLE AMMUNITION
The only ammunition authorized for the patrol rifle is that which has been issued by the Sheriff's Office. This will consist of a quality factory load in a .223 caliber.

439.4 RIFLE MAINTENANCE

(a) Primary responsibility for maintenance of patrol rifles shall fall on the Rangemaster, who shall inspect and service each patrol rifle on a monthly basis.

(b) Each patrol deputy carrying a patrol rifle may be required to field strip and clean an assigned patrol rifle as needed.

(c) Each patrol deputy shall be responsible for promptly reporting any damage or malfunction of an assigned patrol rifle.

(d) Any patrol rifle found to be unserviceable shall be removed from service. The rifle shall be clearly labeled as "out of service" and details regarding the weapon's condition shall be included on the label.

(e) Each patrol rifle shall be subject to inspection by a supervisor or the Rangemaster at any time.

(f) No modification shall be made to any patrol rifle without prior written authorization from the Rangemaster.
439.5 TRAINING
Deputies shall not carry or utilize the patrol rifle unless they have successfully completed Sheriff's Office training. This training shall consist of an initial 8-hour patrol rifle user's course and qualification score with a certified patrol rifle instructor. Deputies shall thereafter be required to successfully complete semi-annual training and qualification conducted by a certified patrol rifle instructor.

Any deputy who fails to qualify or who fails to successfully complete two or more Sheriff's Office sanctioned training/qualification sessions within a calendar year will no longer be authorized to carry the patrol rifle without successfully retaking the initial patrol deputies user's course and qualification.

439.6 DEPLOYMENT OF THE PATROL RIFLE
Deputies may deploy the patrol rifle in any circumstance where the deputy can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

(a) Situations where the deputy reasonably anticipates an armed encounter.
(b) When a deputy is faced with a situation that may require the delivery of accurate and effective fire at long range.
(c) Situations where a deputy reasonably expects the need to meet or exceed a suspect's firepower.
(d) When a deputy reasonably believes that there may be a need to deliver fire on a barricaded suspect or a suspect with a hostage.
(e) When a deputy reasonably believes that a suspect may be wearing body armor.
(f) When authorized or requested by a supervisor.
(g) When needed to euthanize an animal.

439.7 DISCHARGE OF THE PATROL RIFLE
The discharge of the patrol rifle shall be governed by the Sheriff's Office's Deadly Force Policy, Policy Manual § 300.

439.8 PATROL READY
Any qualified deputy carrying a patrol rifle in the field shall maintain the weapon in the "patrol ready" until deployed. A rifle is considered "patrol ready" when it has been inspected by the assigned deputy and meets the following conditions:

(a) The chamber is empty
(b) The rifle bolt is forward with the hammer down
(c) The rifle safety is on
Patrol Rifles

(d) There is a fully loaded magazine in the rifle with no more than 27 rounds
(e) The dust cover is closed
(f) The rifle is stored in the locked patrol vehicle’s rifle rack or trunk

439.9 RIFLE STORAGE

(a) When not in use, patrol rifles will be stored in the Sheriff's Office armory in rifle racks.
(b) At the start of each assigned shift, any qualified, on-duty deputy may be issued a patrol rifle from the department armory.
(c) When not deployed, in-service patrol rifles should be secured in the vehicle in a locked gun rack.
(d) At the end of the assigned deputy’s shift, the patrol rifle will be returned and secured in the department armory.
Portable Breath Testing Equipment

439.1 PURPOSE AND SCOPE
It is the purpose of this policy to provide procedures for deputies to comply with established practices and laws.

439.1.1 POLICY
It is the policy of this office to use Portable Alcohol Breath Testing Equipment in accordance with the law and established rules of evidence. Portable Breath Testing equipment cannot be used as evidence of a crime, but can be used in addition to other forms of physical tests and officer observations, to assist the deputy in making a determination that a person has consumed an alcoholic beverage.

439.2 PROCEDURE
Portable Alcohol Breath Testing Equipment is provided for deputies to administer breath tests in the field to determine if a person has consumed an alcoholic beverage, and an approximate Blood/Alcohol level. Because these devices are not certified by the State of Oregon, they are not considered evidence, and therefore the information derived from the use of these portable alcohol breath testers cannot be used in court.

The primary use of the Portable Alcohol Breath Testing Equipment is for investigating the use and/or possession of an alcoholic beverage by a minor. Deputies will not use the Portable Alcohol Breath Testing Equipment in DUII investigations, as this may cause confusion over a driver’s legal responsibility to submit to a breath test.

Prior to using Portable Alcohol Breath Testing Equipment on an individual, the Deputy will first advise the person that they have no legal obligation to submit to the portable breath test. They will then request the person’s consent prior to administering the test. Once a test is administered, the Deputy will record the fact that a Portable Alcohol Breath Test was given, and whether the test was positive or negative for a blood/alcohol level. The Deputy will not record the blood/alcohol level.

A Portable Alcohol Breath Test will never be administered when there is the likelihood that a search warrant will be sought for a person’s blood sample in order to determine their blood/alcohol level.
Criminal Organizations

440.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that the Lincoln County Sheriff's Office appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

440.1.1 DEFINITIONS
Definitions related to this policy include:

**Criminal intelligence system (CIS)** - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

440.2 POLICY
The Lincoln County Sheriff's Office recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this office to collect and share relevant information while respecting the privacy and legal rights of the public.

440.3 CRIMINAL INTELLIGENCE SYSTEMS
No member may create, submit to or obtain information from a criminal intelligence system unless the Sheriff has approved the system for Sheriff's Office use.

Any criminal intelligence system approved for office use should meet or exceed the standards of 28 CFR 23.20.

440.3.1 SYSTEM ENTRIES
It is the designated supervisor’s responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this office, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Support Services Division. Any supporting documentation for an entry shall be retained by the Support Service Division in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Support Services Division are appropriately marked as intelligence information. The Support Services Director may not purge such documents without the approval of the designated supervisor.
Criminal Organizations

440.4 TEMPORARY INFORMATION FILE
No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

440.4.1 FILE CONTENTS
A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

(a) Should not be originals that would ordinarily be retained by the Support Services Division or Evidence Room, but should be copies of, or references to, retained documents, such as copies of reports, field interview (FI) forms, dispatch records or booking forms.

(b) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.

(c) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

440.4.2 FILE REVIEW AND PURGING
The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

440.5 INFORMATION RECOGNITION
Members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

(a) Gang indicia associated with a person or residence.

(b) Information related to a drug-trafficking operation.

(c) Vandalism indicating an animus for a particular group.

(d) Information related to an illegal gambling operation.
440.6 RELEASE OF INFORMATION
Members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to members and other law enforcement agencies on a need-to-know basis and consistent with the Records Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

440.7 TRAINING
The Training Sergeant should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

(a) The protection of civil liberties.

(b) Participation in a multiagency criminal intelligence system.

(c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.

(d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.

(e) The review and purging of temporary information files.

(a) When deputies have contact with person(s) who fit DOJ criteria; the Gang Information Deputy will submit Gang Submission Forms to DOJ for the purpose of documentation in LEDS.

(b) Oregon Revised Statute 181.575 prohibits the retention of information except when that information directly relates to a criminal investigation and there are reasonable grounds to suspect the subject of the information is or may be involved in criminal conduct. Information that is not directly associated with the investigation of a crime will not be retained in the Gang Information Deputy’s files. Investigative reports may be stored in the normal department records system if the information otherwise meets normal department reporting and records retention criteria.

443.5 GANG INCIDENT INVESTIGATION

The Sheriff’s Office will assign investigations in the most effective manner; utilizing the Gang Information Deputy(s) where needed to quickly and efficiently investigate gang incidents. Deputies who are investigating criminal activity and who have need of information regarding gang activity from the DOJ OCIN files should request the assistance of the Gang Information Deputy in retrieving the required information.

443.5.1 SHARING OF INFORMATION
Deputies who develop or learn information about documented criminal gangs or gang associates related to potential criminal activity should share the information with other deputies.
Mobile Data Computer Use

446.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between members and Dispatch.

446.2 POLICY
Lincoln County Sheriff's Office members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

446.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

446.4 RESTRICTED ACCESS AND USE
MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisor.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Office. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member’s name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

Any agency using a terminal to access the Law Enforcement Data System (LEDS), whether directly or through another agency, is responsible for adhering to all applicable LEDS rules and policies and must ensure that unauthorized persons are not given access or allowed to view LEDS information.
Mobile Data Computer Use

446.4.1 USE WHILE DRIVING
Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

446.5 EQUIPMENT CONSIDERATIONS

446.5.1 MALFUNCTIONING MDC
Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify Dispatch. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the deputy radio.

446.5.2 BOMB CALLS
When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.
Mobile Video Recording Equipment (In-car video)

448.1 PURPOSE AND SCOPE
It is the policy of this office that the use of Mobile Video Recorder (MVR) technology to more effectively fulfill the Sheriff's Office mission and to ensure these systems are used securely and efficiently. The MVR is designed to assist and compliment deputies in the performance of their duties and will enhance deputy safety.

The purpose of this policy is to provide our deputies with guidelines for the use, management, storage, and retrieval of audio-visual media recorded by in-car video systems. Deputies assigned a vehicle with MVR shall adhere to the operational objectives and protocols outlined herein so as to maximize the effectiveness and utility of the MVR and the integrity of evidence and related video documentation.

448.1.1 DEFINITIONS
In-Car Camera System and Mobile Video Recording (MVR) - These are synonymous terms and refer to any system that captures audio and video signals capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder, and monitor.

Supervisor - A certified law enforcement Deputy or officer who is of the rank of sergeant or above, or is the designated Deputy or officer in charge.

448.1.2 RULES
(a) MVR equipment shall be operated in accordance with the manufacturer's recommended guidelines, training, and policies.

(b) All deputies shall successfully complete an approved course of instruction prior to being deployed with MVR systems.

(c) Deputies shall not secretly audio record police personnel without their permission.

(d) Deputies shall not make additional copies of recordings obtained with the MVR for their own personal record, for distribution, or for any other use except evidentiary purposes.
   1. A supervisor may approve a copy of a recording for training purposes if it is determined that there is no liability exposure to this office.

(e) MVR recordings are property of the Lincoln County Sheriff's Office.

(f) Deputies will not attempt to alter media from the MVR.

(g) Deputies will not alter any of the administrator settings on the MVR.

(h) All data will be stored for a minimum of six months.

448.2 PROCEDURE
448.2.1 DEPUTY RESPONSIBILITY

(a) Inspection and general maintenance of MVR equipment installed in vehicles shall be the responsibility of the deputy assigned to the vehicle.

1. If the MVR equipment is malfunctioning, the deputy shall advise a supervisor.

(b) Prior to beginning each shift, the assigned deputy shall ensure that the MVR is performing within the manufacturer's recommendations covering the following matters:

1. Remote audio transmitter is functional.
2. Camera lens is free of debris and facing intended direction.
3. A storage device contains enough space for the shift.

448.3 MANDATORY RECORDATION

Once the MVR system is activated, it shall remain on and shall not be turned off until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported, and all witnesses, victims, etc. have been interviewed.

(a) The following are situations requiring MVR recording:

1. Traffic Stops (to include, but not limited to traffic violations, motorist assistance and all crime interdiction stops)
2. Responding to a call using lights and/or siren
3. Vehicle pursuits
4. Prisoner transports
5. DUII investigations
6. Any situation or incident that the deputy, through training and experience, believes should be audibly and/or visually recorded
7. Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require taping

448.3.1 ACTIVATION OF THE MVR

The MVR system remains on until turned off manually. The audio portion is independently controlled and should be activated manually by the deputy whenever appropriate. When audio is being recorded the video will also record. Whenever the audio portion is activated, deputies should, whenever possible, advise all persons present they are being recorded in accordance with ORS 165.540(5)(b).
448.4 SAVING AN EVENT
The following situations require an event to be saved to Sheriff's Office approved storage as soon as possible after the event:

(a) When the event involves a crime.
   1. Excluding events where the sole purpose for the MVR activation was for the prisoner transport and the MVR captured no pertinent information.

(b) When the deputy may require the video in court

(c) For training purposes with the approval of a supervisor

(d) Anytime the video is being submitted to evidence.
Medical Marijuana

449.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members of this office with guidelines for investigating the acquisition, possession, transportation, delivery, production, or use of marijuana under Oregon’s medical marijuana laws (ORS 475B.785 et seq.).

This policy is not intended to address laws and regulations related to recreational use of marijuana.

449.1.1 DEFINITIONS
Definitions related to this policy include:

**Cardholder** - Any patient or caregiver who has been issued a valid Registry Identification Card (RIC).

**Caregiver (or designated primary caregiver)** - An individual 18 years of age or older who has significant responsibility for managing the well-being of a person who has been diagnosed with a debilitating medical condition and who is designated as the person responsible for managing the well-being of a person who has been diagnosed with a debilitating medical condition on either that person’s application for a RIC or in other written notification submitted to the Oregon Health Authority. Caregiver does not include a person’s attending physician; however, it may include an organization or facility that provides hospice, palliative, or home health care services. The caregiver may assist the cardholder with any matter related to the medical use of marijuana (ORS 475B.791; ORS 475B.807; ORS 475B.801).

**Grower** - A person, joint venture, or cooperative that produces industrial hemp (ORS 571.300).

**Handler** - A person, joint venture, or cooperative that receives industrial hemp for processing into commodities, products, or agricultural hemp seed (ORS 571.300).

**Mature marijuana plant** - A marijuana plant that has flowers (ORS 475B.791).

**Medical use of marijuana** - The production, processing, possession, delivery, distribution, or administration of marijuana, or use of paraphernalia used to administer marijuana to mitigate the symptoms or effects of a debilitating medical condition (ORS 475B.791). The RIC may also identify a person applying to produce marijuana or designate another person to produce marijuana under ORS 475B.810.

**Patient** - A person who has been diagnosed with a debilitating medical condition within the previous 12 months and been advised by his/her attending physician that the medical use of marijuana may mitigate the symptoms or effects of that debilitating medical condition (ORS 475B.913). This includes a person who has been issued a valid RIC for his/her medical condition (ORS 475B.797).

**Registry Identification Card (RIC)** - A document issued by the Oregon Health Authority under ORS 475B.797 that identifies a person authorized to engage in the medical use of marijuana and, if the person has a designated primary caregiver under ORS 475B.804, the person’s designated
primary caregiver (ORS 475B.791). The RIC may also identify a person applying to produce marijuana or designate another person to produce marijuana under ORS 475B.810.

Statutory possession and grow site amounts - Amounts authorized by ORS 475B.831 and ORS 475B.834.

Usable marijuana - The dried leaves and flowers of marijuana. Usable marijuana does not include the seeds, stalks, and roots of marijuana or waste material that is a by-product of producing marijuana (ORS 475B.791).

449.2 POLICY
It is the policy of the Lincoln County Sheriff's Office to prioritize resources to avoid making arrests related to marijuana that the arresting deputy reasonably believes would not be prosecuted by state or federal authorities.

Oregon medical marijuana laws are intended to protect patients and their doctors from criminal and civil penalties that may deter the use of small amounts of marijuana by those suffering from debilitating medical conditions (ORS 475B.785). However, Oregon's medical marijuana laws do not affect federal laws, and there is no medical exception under federal law for the possession or distribution of marijuana. The Lincoln County Sheriff's Office will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Oregon law and the resources of the Office.

449.3 INVESTIGATION
Investigations involving the possession, delivery, production, or use of marijuana generally fall into one of several categories:

(a) Investigations when no person makes a medicinal claim.
(b) Investigations related to patient cardholders.
(c) Investigations related to patient non-cardholders.

449.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM
In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the deputy should proceed with a criminal investigation. A medicinal defense may be raised at any time, so deputies should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

449.3.2 INVESTIGATIONS RELATED TO PATIENT CARDHOLDERS
Deputies shall not take enforcement action against a cardholder for engaging in the medical use of marijuana with amounts at or below statutory possession amounts or statutory grow site amounts. Deputies shall not take enforcement action against a caregiver for assisting a patient cardholder in the medical use of marijuana with amounts at or below statutory possession amounts or statutory grow site amounts (ORS 475B.907).
Cardholders are required to possess a RIC when using or transporting marijuana, usable marijuana, medical cannabinoid products, cannabinoid concentrates, or cannabinoid extracts at a location other than the address on file with the Oregon Health Authority (ORS 475B.837). However, deputies should treat a person without a RIC in his/her possession as if it were in his/her possession if the RIC can be verified through an Oregon State Police Law Enforcement Data Systems (LEDS) query or other sources.

449.3.3 INVESTIGATIONS RELATED TO PATIENT NON-CARDHOLDERS
Deputies should not take enforcement action against a patient who does not have a RIC for possession or production of marijuana, or any other criminal offense in which possession or production of marijuana is an element, if the patient meets all of the following (ORS 475B.913):

(a) Is engaged in the medical use of marijuana

(b) Possesses, delivers, or manufactures a quantity at or below statutory possession quantity or the quantity cultivated is at or below statutory grow site amounts

Deputies should not take enforcement action against a person who does not meet the definition of a patient if the person is taking steps to obtain a RIC; possesses, delivers, or manufactures marijuana at or below statutory possession quantities or below statutory grow site quantities; and the person’s medical use claim appears genuine under the circumstances (ORS 475B.913).

449.3.4 ADDITIONAL CONSIDERATIONS
Deputies should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

(a) Grow sites are regulated in the following manner (ORS 475B.810):
   1. The Oregon Health Authority must have issued a marijuana grow site registration card for a site to be valid.
   2. The grow site registration card must be posted for each RIC holder for whom marijuana is being produced at a marijuana grow site.

(b) A deputy who determines that the number of marijuana plants at an address exceeds quantities authorized by statute may confiscate only the excess number of plants (ORS 475B.831).

(c) Because enforcement of medical marijuana laws can be complex and time consuming and call for resources unavailable at the time of initial investigation, deputies may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
   1. The suspect has been identified and can be easily located at another time.
   2. The case would benefit from review by a person with expertise in medical marijuana investigations.
   3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
Medical Marijuana

4. Any other relevant factors exist, such as limited available office resources and time constraints.

(d) Before proceeding with enforcement related to grow sites, a marijuana producer, or processing sites deputies should consider conferring with appropriate legal counsel, the Oregon Health Authority, and/or Oregon Liquor Control Commission (ORS 475B.831; ORS 475B.136).

(e) Registration or proof of registration under ORS 475B.785 to ORS 475B.949 does not constitute probable cause to search the person or property of the registrant or otherwise subject the person or property of the registrant to inspection (ORS 475B.922).

(f) As a licensing authority, the Oregon Liquor Control Commission may assist with related questions regarding recreational marijuana (ORS 475B.070).

449.3.5 EXCEPTIONS

Medical marijuana users are generally not exempt from other criminal laws and deputies should enforce criminal laws not specifically covered by the Medical Marijuana Act appropriately. Deputies may take enforcement action if the person (ORS 475B.910):

(a) Drives under the influence of marijuana as provided in ORS 813.010.

(b) Engages in the medical use of marijuana in a place where the general public has access (ORS 161.015), in public view, or in a correctional facility (ORS 162.135(2)), or in a youth correction facility (ORS 162.135(6)).

(c) Delivers marijuana to any individual who the person knows is not in possession of a RIC.

(d) Delivers marijuana to any individual or entity that the person knows has not been designated to receive marijuana or assigned a possessory interest in marijuana by an individual in possession of a RIC.

If a deputy knows or has reasonable grounds to suspect a violation of the Adult and Medical Use of Cannabis Act (ORS 475B.545 to ORS 475B.429), the deputy shall immediately notify the district attorney who has jurisdiction over the violation and provide any relevant information, including the names and addresses of any witnesses (ORS 475B.300).

449.3.6 INDUSTRIAL HEMP

Medicinal marijuana investigations may lead to separate issues related to industrial hemp. Growers and handlers who operate under the industrial hemp laws of Oregon must be registered with the Oregon Department of Agriculture (ODA) to grow or handle industrial hemp or produce agricultural hemp seed. Growers and handlers who produce seed products incapable of germination are not required to be registered with the ODA (ORS 571.305). Deputies may contact the ODA's Commodity Inspection Division for information about industrial hemp sites and registration compliance.
449.4 FEDERAL LAW ENFORCEMENT
Deputies should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the deputy believes those authorities would have a particular interest in the information.

449.5 EVIDENCE ROOM SUPERVISOR RESPONSIBILITIES
The Evidence Room supervisor shall ensure that marijuana, drug paraphernalia, or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed, harmed, neglected, or injured. The Evidence Room supervisor is not responsible for caring for live marijuana plants (ORS 475B.922).

Marijuana should not be returned to any person unless authorized by the Crime Reduction Unit supervisor and upon advice of county counsel. Any court order to return marijuana should be referred to county counsel.

The Evidence Room supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Crime Reduction Unit supervisor.
Mobile Data Computers

450.1 PURPOSE AND SCOPE
Mobile Data Computers (MDC) are provided as a useful tool in the dissemination of vital information to deputies while in the performance of their assigned duties.

MDC's will be used to receive and relay calls for service, non-voice communication between field units, between dispatch and field units, and electronic messages related to law enforcement business.

450.1.1 POLICY
It is the policy of this Office that county owned mobile Data Computers will be used for official law enforcement business only. All communications via the MDC will be professional and conducted in a business-like manner. The transmission of sexist, racist, vulgar, derogatory, or discriminatory messages is strictly prohibited. Nothing in this policy is intended to prohibit or limit the employee from making safety conscious decisions. If there is a compromise of safety in a particular situation related to the use of the MDC, employees are expected to use voice communications. The MDC is a job enhancement tool and is not intended to replace all voice communications.

450.1.2 DEFINITIONS
LINCS - Lincoln Interagency Networked Computer System (LINCS) is the primary Records Management System for the Lincoln County Sheriffs Office, the Newport Police Department, and the Siletz Tribal Police Department and incorporates wireless access to the Computer Aided Dispatch system at the communications center.

MDC Messaging - Any message sent or received from one computer to another, such as car-to-car, car to communications center, communications center to car, office computer to car or interface with LEDS.

Priority 1 Calls - Urgent, in progress, must be handled immediately, involving incidents that are life threatening.

Priority 2 Calls - In progress incidents where there is the potential for injury or involves a major property crime.

Priority 3 Calls - Incidents that do not involve an immediate danger to person or property.

Priority 4 Calls - All other reported incidents that are routine in nature.

450.2 RULES GOVERNING MDC OPERATION
The MDC is intended to enhance the effectiveness of field units and to minimize voice communications therefore allowing unfettered communication of priority traffic. Whenever reasonable and possible the MDC should be used by deputies in routine situations. Deputies are responsible for monitoring the pending events so that low priority calls are handled in a timely manner.
Mobile Data Computers

(a) MDC as Public Record

(b) MDC messages, LINCS (Lincoln Interagency Networked Computer System) messages, CAD (Computer Aided Dispatch) messages and CAD calls may be public record.

1. MDC messages are logged by the LINCS system, including sender and receive information, and are archived as public record and available to the public.

2. Any request for information that could be considered a public record should be referred to the Records Division or communications center.

   (a) This does not preclude a field user from using information provided by the MDC to satisfy legitimate law enforcement purposes.

(c) All MDC users shall complete required training on the MDC system prior to receiving a password to use the system.

(d) No other software will be installed onto the MDC terminal without authorization from a supervisor and the system administrator.

450.3 PROCEDURES

450.3.1 MDC LOG-ON, OPERATION, LEDS/NCIC QUERIES

   (a) Deputies should bear in mind that their first priority is operating their patrol vehicle in a safe and prudent manner. Deputies should avoid multiple keystroke entries while the vehicle is moving. This does not preclude a passenger Deputy from entering information into the MDC while the vehicle is in motion.

1. At the beginning of each duty shift and prior to briefing, the supervisor or senior deputy, in the absence of a supervisor, will call the communications center and advise the names of on duty Deputies and their assigned patrol districts.

2. After briefing, the each Deputy will log into the MDC using their assigned name and password.

3. At the conclusion of the assigned shift, the Deputy will make sure that he/she is logged out of the system.

4. Upon logging onto the MDC, and during his/her shift, a Deputy should view the MDC for assigned calls pertinent to themselves or activities of other field units that might be relevant to field activities.

   (b) Traffic Stops

1. Traffic stops will be conducted via voice communication. Activities such as field interviews (FI), ordinance violations, potential enforcement actions or other activity where an event or case number will be generated shall be done by voice communications.
(a) Exceptions include unit status changes (i.e. enroute to calls, clearing from calls, clearing from self initiated activities). These may be conducted via the MDC, consistent with officer safety and safe vehicle operation.

(c) Self-Initiated Activities

(a) If time and circumstances permit and the MDC can be safely used, self-initiated activities and field contacts may be conducted via the MDC.

(a) If the dispatcher or a field unit believes there are safety issues involved, voice radio communications are appropriate.

(b) Routine activities such as breaks, lunch, or non-emergent contacts should be conducted via the MDC.

(c) Deputies may occasionally make general information requests to dispatch via the MDC. However, these requests are viewed as general information requests and unless otherwise flagged will be handled on a low priority basis.

(d) Deputies are allowed to write their police reports, or make notes to CAD entries, via the MDC, consistent with officer safety. However, Deputies are encouraged to write lengthy reports at the satellite office in their district.

(b) LEDS/NCIC Queries

(a) Data received and sent via the MDC is subject to all the security restrictions that apply to LEDS (Law Enforcement Data System).

(a) All personnel accessing LEDS via MDC shall obtain a minimum inquiry level certification from LEDS prior to generating any LEDS transactions.

(b) When a Deputy receives a warrant hit, stolen articles or guns, the Deputy will verbally notify the communications center of the situation and if a cover unit is needed.

(a) The communications center will dispatch the appropriate cover unit. The deputy will also advise the communications center if confirmation is needed.

(c) When a Deputy receives a stolen vehicle hit via the MDC the Deputy will provide the communications center with their location, the license plate, description of the vehicle, whether or not the vehicle is occupied, and if the vehicle is mobile or parked.

(a) The communications center will run the plate and confirm stolen status.
Mobile Data Computers

(d) Any LEDS reporting requirements, which are the result of a field unit MDC inquiry involving corrections offenders, sex offenders or gang member hits, will be the responsibility of the communications center;

(a) Unless the Deputy responds to the LEDS requirement via the MDC according to LEDS regulations.

(b) The Deputy will provide the communications center with the necessary information for handling the notification.

450.3.2 CAD, LINCS AND CAR-TO-CAR MESSAGING

(a) MDC messaging, CAD messages, CAD calls and CAD access via LINCS shall have a reasonable communicative purpose and must be authored in a professional business-like manner, which would be considered acceptable as public record.

1. Non-urgent communications to the communications center or car-to-car are permitted only after the needs of the citizens, members and co-workers are met and content is in keeping with the professionalism dictated by Sheriff's Office policies.

2. Communications shall not be used to harass, annoy or alarm any recipient or third party.

3. Communications shall not contain language, acronyms or symbols representing language that would be considered offensive or obscene to a reasonable person.

4. Content of any communication shall not bring discredit to any public safety employee (including coworkers) or the public safety agency.

5. Content shall not bring unwarranted discredit to a member of the public.

6. Communications shall not contain any home address or telephone number of law enforcement personnel unless that employee has given express permission to transmit the information.

7. Communications shall not contain any slanderous statements toward any group, organization or individual.

(b) In the event that an MDC fails or the entire system fails, Deputies will revert to voice communications until such time as the system or unit is brought back on line.

(c) All unit or system failures shall be reported to a supervisor at the earliest opportunity. The MDC will ordinarily be left secured in the vehicle to which it is assigned.

1. In instances where the MDC fails, the vehicle will be placed out of service and reported as with any other vehicle maintenance problem.
450.3.3 DISPATCHING CALLS FOR SERVICE

(a) The following procedure for dispatching of police calls for service are guidelines and are not meant to replace good judgment.

1. When a call that would normally be dispatched by MDC only contains details, which would warrant additional voice dispatch, voice dispatch will be provided.
   (a) All calls that may involve officer safety information will be dispatched by voice regardless of priority.

(b) Supervisors are responsible for reviewing pending calls in CAD via their MDC. Should the supervisor have instructions for dispatch on how the call should be handled, they will notify dispatch by MDC or voice communication.

(c) Deputies will follow department protocol for handling calls as a primary unit or cover unit. Deputies are expected to remain in assigned districts and handle calls within the district unless otherwise directed by a supervisor.

(d) All Priority 1 and Priority 2 calls will be dispatched via the MDC with simultaneous voice broadcast.
   (a) When a Deputy notifies the communications center that he/she is en route by voice communication, the communications center will acknowledge the Deputy by voice communication and enter the information into CAD.
   (b) When a Deputy notifies the communications center that he/she is en route by MDC, the communications center will acknowledge the Deputy by voice communication.
   (c) When a Deputy notifies the communications center of his/her arrival on scene by voice communication, the communications center will acknowledge the Deputy by voice communication and enter the unit on scene into CAD.
   (d) When a Deputy notifies the communications center of his/her arrival on scene via MDC, the communications center will acknowledge by voice communication.
   (e) The Deputy will request a case number prior to clearing the call.

(e) Priority 3 calls will be dispatched via the MDC with a short broadcast over the air announcing the dispatch. For example:
   (a) "Unit (radio number) dispatched by MDC to a cold assault".
      (a) The Deputy should verbally acknowledge the announcement.
      (b) When the Deputy places him/herself enroute, the call is considered acknowledged.
      (c) The Deputy will be responsible for placing him/herself enroute and arrived, unless unable to do so.
Mobile Data Computers

(d) If a case number is required the Deputy will notify the communications center prior to clearing the call.

(f) Priority 4 calls will be dispatched via MDC and confirmed by the communications center via voice communication.

1. The Deputy will be responsible for placing themselves enroute and arrived, unless unable to do so.
2. If a case number is required, the deputy will notify the communications center prior to clearing the call.
Foot Pursuits

456.1 PURPOSE AND SCOPE
This policy provides guidelines to assist deputies in making the decision to initiate or continue the pursuit of suspects on foot.

456.2 DECISION TO PURSUE
The safety of members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Deputies must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and members.

Deputies may be justified in initiating a foot pursuit of any individual that the deputy reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in a foot pursuit without the development of reasonable suspicion regarding the individual’s involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that a deputy must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place members and the public at significant risk. Therefore, no deputy or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, deputies should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as the following:

(a) Containment of the area.
(b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
(c) A canine search.
(d) Thermal imaging or other sensing technology.
(e) Air support.
(f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the pursuit.
456.3 GENERAL GUIDELINES
When reasonably practicable, deputies should consider alternatives to engaging in or continuing a foot pursuit when:

(a) Directed by a supervisor to terminate the foot pursuit. Such an order shall be considered mandatory.

(b) The deputy is acting alone.

(c) Two or more deputies become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single deputy keep the suspect in sight from a safe distance and coordinate the containment effort.

(d) The deputy is unsure of his/her location and direction of travel.

(e) The deputy is pursuing multiple suspects and it is not reasonable to believe that the deputy would be able to control the suspect should a confrontation occur.

(f) The physical condition of the deputy renders them incapable of controlling the suspect if apprehended.

(g) The deputy loses radio contact with the dispatcher or with assisting or backup deputies.

(h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient deputies to provide backup and containment. The primary deputy should consider discontinuing the pursuit and coordinating containment pending the arrival of sufficient resources.

(i) The deputy becomes aware of unanticipated or unforeseen circumstances that unreasonably increases the risk to the public.

(j) The deputy reasonably believes that the danger to the pursuing deputies or public outweighs the objective of immediate apprehension.

(k) The deputy loses possession of his/her firearm or other essential equipment.

(l) The deputy or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.

(m) The suspect’s location is no longer known.

(n) The identity of the suspect is established or other information exists that will allow for the suspect’s apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
456.4 RESPONSIBILITIES IN FOOT PURSUITS

456.4.1 INITIATING DEPUTY RESPONSIBILITIES

Unless relieved by another deputy or a supervisor, the initiating deputy shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating deputy should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient deputies are present to safely apprehend the suspect.

Early communication of available information from the involved deputies is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Deputies initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

(a) Location and direction of travel
(b) Call sign identifier
(c) Reason for the foot pursuit, such as the crime classification
(d) Number of suspects and description, to include name if known
(e) Whether the suspect is known or believed to be armed with a dangerous weapon

Deputies should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any deputies unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the deputy will notify the dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for deputies, suspects or members of the public.

456.4.2 ASSISTING DEPUTY RESPONSIBILITIES

Whenever any deputy announces that he/she is engaged in a foot pursuit, all other deputies should minimize non-essential radio traffic to permit the involved deputies maximum access to the radio frequency.

Any deputies who are in a position to intercept a fleeing suspect, or who can assist the primary deputy with the apprehension of the suspect, shall act reasonably and in accordance with department policy, based upon available information and his/her own observations.
456.4.3 SUPERVISOR RESPONSIBILITIES
Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information necessary to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need to be physically present to exercise control over the pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing deputies or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

456.4.4 DISPATCH RESPONSIBILITIES
Upon being notified or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

(a) Clearing the radio channel of non-emergency traffic.
(b) Coordinating pursuit communications of the involved deputies.
(c) Broadcasting pursuit updates as well as other pertinent information as necessary.
(d) Ensuring that a field supervisor is notified of the foot pursuit.
(e) Notifying and coordinating with other involved or affected agencies as practicable.
(f) Assigning an incident number and logging all pursuit activities.

456.5 REPORTING REQUIREMENTS
The initiating deputy shall complete the appropriate crime/arrest reports documenting, at minimum, the following:

(a) Date and time of the foot pursuit.
(b) Initial reason and circumstances surrounding the foot pursuit.
(c) Course and approximate distance of the foot pursuit.
(d) Alleged offenses.
(e) Involved vehicles and deputies.
(f) Whether a suspect was apprehended as well as the means and methods used.
   1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
(g) Any injuries and/or medical treatment.
(h) Any property or equipment damage.
(i) Name of the supervisor at the scene or who handled the incident.

Assisting deputies taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating deputy need not complete a formal report.
Bicycle Patrol

458.1 PURPOSE AND SCOPE
The Lincoln County Sheriff's Office has established Bicycle Patrol for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

458.2 POLICY
Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Sheriff's Office needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol deputies shall be coordinated through a supervisor.

458.3 TRAINING
Deputies will receive Sheriff's Office-approved bicycle patrol training prior to operating a bicycle. The initial training shall minimally include the following:

- Bicycle patrol strategies
- Bicycle safety and accident prevention
- Operational tactics using bicycles

Bicycle patrol deputies will be required to qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.

458.4 DEPUTY RESPONSIBILITY
Deputies must operate the bicycle in compliance with the Oregon Revised Statutes. Deputies may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Deputies must use caution and care when operating the bicycle without lighting equipment.
Homeless Persons

461.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that members understand the needs and rights of the homeless and to establish procedures to guide deputies during all contacts with the homeless, whether consensual or for enforcement purposes. The Lincoln County Sheriff's Office recognizes that members of the homeless community are often in need of special protection and services. The Lincoln County Sheriff's Office will address these needs in balance with the overall missions of this office. Deputies will consider the following policy sections when serving the homeless community.

461.1.1 POLICY
It is the policy of the Lincoln County Sheriff's Office to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this office will not use homelessness solely as a basis for detention or law enforcement action.

461.2 HOMELESS COMMUNITY LIAISON
The Sheriff will designate a member of this office to act as the Homeless Liaison Deputy. The responsibilities of the Homeless Liaison Deputy include the following:

(a) Maintain and make available to all members a list of assistance programs and other resources that are available to the homeless.

(b) Meet with Social Services and representatives of other organizations that render assistance to the homeless.

(c) Maintain a list of those areas within and near this jurisdiction that are used as frequent homeless encampments.

(d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include the following:
   1. Proper posting of notices of trespass and clean-up operations.
   2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with Policy Section 801 and other established procedures.

(e) Be present during any clean-up operation conducted by this office involving the removal of personal property of the homeless to ensure the rights of the homeless are not violated.

(f) Develop training to assist deputies in understanding current legal and social issues relating to the homeless.
461.2 FIELD CONTACTS
Deputies are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade a deputy from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace deputies are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Deputies should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

461.2.1 OTHER CONSIDERATIONS
Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Deputies should consider the following when handling investigations involving homeless victims, witnesses or suspects:

(a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
(b) Document places the homeless person may frequent.
(c) Provide homeless victims with victim/witness resources when appropriate.
(d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.
(e) Consider whether the person may be a dependent adult or elder and if so, proceed in accordance with the Adult Abuse Policy.
(f) Arrange for transportation for investigation related matters, such as medical exams and court appearances.
(g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

461.3 HOMELESS ENCAMPMENTS
Deputies who encounter encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not immediately remove or destroy such property. When practicable, requests by the public for clean-up operations of a homeless encampment should be referred to a supervisor.

461.3.1 HOMELESS CAMPS ON PUBLIC PROPERTY
Prior to removing homeless individuals from an established campsite on public property, deputies shall:
(a) If individuals are present, advise violators they are camping on public property and such encampments are illegal.

(b) Post the area with a notice in English and Spanish advising the violators that anyone remaining at the camping site 24 hours after the notice is posted may be subject to removal along with all personal property. The notice shall include the location where personal property can be retrieved if removed from the site and that it must be retrieved within 30 days. This same notice shall list local agencies that deliver social services to homeless individuals.

(c) Notify the agency listed on the posting of the campsite’s location.

(d) In addition to posting, provide notice in writing to persons present at the camping site allowing them a minimum of 24 hours to vacate the area.

(e) Obtain a case number and prepare a police report documenting the incident.

The 24-hour warning notice requirement is not necessary if deputies reasonably believe that illegal activity unrelated to the camping violation is occurring or in the event of an exceptional emergency such as a possible site contamination by hazardous materials, or when there is immediate danger to human life or safety (ORS 203.079).

461.3.2 CAMPING ON PRIVATE PROPERTY
Camping on private property without the owner’s permission should be handled as a trespass complaint. Owners of private property may allow individuals to camp, provided they do so in a manner consistent with provisions of the Lincoln County Camping Ordinance.

461.3.3 CAMPING IN COUNTY PARKS
Illegal campers found in County parks during hours the parks are closed may be cited or arrested for violation of park rules.

461.4 PERSONAL PROPERTY
The personal property of homeless persons must not be treated differently than the property of other members of the public. Deputies should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested, or otherwise removed from a public place, deputies should make reasonable accommodations to permit the person to lawfully secure his/her personal property; otherwise, the arrestee’s personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the deputy, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor’s responsibility to coordinate the removal and safekeeping of the property. Items that have no apparent utility or are in an unsanitary condition may be immediately discarded upon removal of the homeless individual(s) from the camp site (ORS 203.079(d)).
All property collected for safekeeping shall be stored for a minimum of 30 days. The Evidence Control Specialist shall ensure personal property is released and/or disposed of in accordance with policy and all applicable laws (ORS 203.079(d)). Deputies should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the office Homeless Liaison Deputy.

461.5 MENTAL ILLNESSES AND MENTAL IMPAIRMENTS
Some homeless persons may suffer from a mental illness or a mental impairment. Deputies shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention.

When a mental illness hold is not warranted, the contacting deputy should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, deputies may provide transportation to a mental health specialist if the person consents and approved by a supervisor.

461.6 ECOLOGICAL ISSUES
Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Deputies are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.
Public Recording of Law Enforcement Activity

463.1 PURPOSE AND SCOPE
This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this office. In addition, this policy provides guidelines for situations where the recordings may be evidence.

463.2 POLICY
The Lincoln County Sheriff's Office recognizes the right of persons to lawfully record members of this office who are performing their official duties. Members of this office will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Deputies should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

463.3 RECORDING LAW ENFORCEMENT ACTIVITY
Members of the public who wish to record law enforcement activities are limited only in certain aspects.

(a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (ORS 165.540).

(b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
   1. Tampering with a witness or suspect.
   2. Inciting others to violate the law.
   3. Being so close to the activity as to present a clear safety hazard to the deputies.
   4. Being so close to the activity as to interfere with a deputy’s effective communication with a suspect or witness.

(c) The individual may not present an undue safety risk to the deputies, him/herself or others.

463.4 OFFICER/DEPUTY RESPONSE
Deputies should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, deputies should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, deputies or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or
behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, a deputy could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, deputies shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

463.5 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the deputy and:

(a) Request any additional assistance as needed to ensure a safe environment.

(b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.

(c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.

(d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.

(e) Explain alternatives for individuals who wish to express concern about the conduct of members, such as how and where to file a complaint.

463.6 SEIZING RECORDINGS AS EVIDENCE
Deputies should not seize recording devices or media unless ("First Amendment Privacy Protection, Unlawful Acts", 42 USC § 2000aa):

(a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.

1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.

(b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.

(c) The person consents.

1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.

2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to
Public Recording of Law Enforcement Activity

be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.
Suspicious Activity Reporting

464.1 PURPOSE AND SCOPE
This policy provides guidelines for reporting and investigating suspicious and criminal activity.

464.1.1 DEFINITIONS
Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Race, ethnicity, national origin or religious affiliation should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include, but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., “dry run,” creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

464.2 POLICY
The Lincoln County Sheriff's Office recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

464.3 RESPONSIBILITIES
The Patrol Division Commander and authorized designees will manage Suspicious Activity Reporting activities. Authorized designees should include supervisors who are responsible for office participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Patrol Division Commander include, but are not limited to:

(a) Remaining familiar with those databases available to the Office that would facilitate the purpose of this policy.
Suspicious Activity Reporting

(b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.

(c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.

(d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Office.

(e) Ensuring that Suspicious Activity Reporting information is appropriately disseminated to members in accordance with their job responsibilities.

(f) Coordinating investigative follow-up, if appropriate.

(g) Coordinating with any appropriate agency or fusion center.

(h) Ensuring that, as resources are available, the Office conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

464.4 REPORTING AND INVESTIGATION
Any member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any member who receives such information should ensure that it is passed on to a deputy in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a report and include information about involved parties and the circumstances of the incident. If, during any investigation, a deputy becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a report and not included in the original incident report. The report number of the original incident should be included in the Suspicious Activity Report as a cross reference. A Suspicious Activity Report should be processed as any other incident report.
Crisis Intervention Incidents

465.1 PURPOSE AND SCOPE
This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires a deputy to make difficult judgments about a person’s mental state and intent in order to effectively and legally interact with the individual.

465.1.1 DEFINITIONS
Definitions related to this policy include:

**Person in crisis** - A person whose level of distress or mental health symptoms have exceeded the person’s internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

465.2 POLICY
The Lincoln County Sheriff’s Office is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Office will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members’ interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

465.3 SIGNS
Members should be alert to any of the following possible signs of mental health issues or crises:

(a) A known history of mental illness
(b) Threats of or attempted suicide
(c) Loss of memory
(d) Incoherence, disorientation or slow response
(e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
(f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
(g) Social withdrawal
(h) Manic or impulsive behavior, extreme agitation, lack of control
(i) Lack of fear
(j) Anxiety, aggression, rigidity, inflexibility or paranoia
Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

465.4 FIRST RESPONDERS
Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to deputies; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit a deputy’s authority to use reasonable force when interacting with a person in crisis.

Deputies are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

A deputy responding to a call involving a person in crisis should:

(a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.

(b) Request available backup deputies and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.

(c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.

(d) Attempt to determine if weapons are present or available.

(e) Take into account the person’s mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the deputy.

(f) Secure the scene and clear the immediate area as necessary.

(g) Employ tactics to preserve the safety of all participants.

(h) Determine the nature of any crime.

(i) Request a supervisor, as warranted.

(j) Evaluate any available information that might assist in determining cause or motivation for the person’s actions or stated intentions.

(k) If circumstances reasonably permit, consider and employ alternatives to force.

465.5 DE-ESCALATION
Deputies should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
Crisis Intervention Incidents

- Introduce themselves and attempt to obtain the person’s name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person’s verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding deputies generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

465.6 INCIDENT ORIENTATION
When responding to an incident that may involve mental illness or a mental health crisis, the deputy should request that the dispatcher provide critical information as it becomes available. This includes:

(a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
(b) Whether there have been prior incidents, suicide threats/attempt, and whether there has been previous deputy response.
(c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

465.7 SUPERVISOR RESPONSIBILITIES
If available, a supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

(a) Attempt to secure appropriate and sufficient resources.
(b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
(c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
(d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.

(e) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

465.8 INCIDENT REPORTING
Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to reporting procedures or other official mental health or medical proceedings.

465.8.1 DIVERSION
Individuals who are not being arrested should be processed in accordance with the Civil Commitments Policy.

465.9 NON-CERTIFIED INTERACTION WITH PEOPLE IN CRISIS
Non-Certified members may be required to interact with persons in crisis in an administrative capacity, such as records requests, and animal control issues.

(a) Members should treat all individuals equally and with dignity and respect.

(b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.

(c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person’s behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, a deputy should be promptly summoned to provide assistance.

465.10 TRAINING
In coordination with the mental health community and appropriate stakeholders, the Office will develop and provide training to members to enable them to effectively interact with persons in crisis.
First Amendment Assemblies

466.1 PURPOSE AND SCOPE
This policy provides guidance for responding to public assemblies or demonstrations.

466.2 POLICY
The Lincoln County Sheriff's Office respects the rights of people to peaceably assemble. It is the policy of this office not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

466.3 GENERAL CONSIDERATIONS
Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, deputies shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors deputies may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential.

The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Deputies should not:

(a) Engage in assembly or demonstration-related discussion with participants.
(b) Harass, confront or intimidate participants.
(c) Seize the cameras, cell phones or materials of participants or observers unless a deputy is placing a person under lawful arrest.

Supervisors should continually observe members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.
466.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS
Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

466.4 UNPLANNED EVENTS
When responding to an unplanned or spontaneous public gathering, the first responding deputy should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

466.5 PLANNED EVENT PREPARATION
For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

466.5.1 INFORMATION GATHERING AND ASSESSMENT
In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.
First Amendment Assemblies

- The potential time, duration, scope and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or the race, ethnicity, national origin or religion of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

466.5.2 OPERATIONAL PLANS
An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

(a) Command assignments, chain of command structure, roles and responsibilities.
(b) Staffing and resource allocation.
(c) Management of criminal investigations
(d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
(e) Deployment of specialized resources.
(f) Event communications and interoperability in a multijurisdictional event.
(g) Liaison with demonstration leaders and external agencies.
(h) Liaison with County government and legal staff.
(i) Media relations.
(j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
(k) Traffic management plans.
(l) First aid and emergency medical service provider availability.
(m) Prisoner transport and detention.
(n) Review of policies regarding public assemblies and use of force in crowd control.
(o) Parameters for declaring an unlawful assembly.
(p) Arrest protocol, including management of mass arrests.
(q) Protocol for recording information flow and decisions.
(r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
(s) Protocol for handling complaints during the event.
(t) Parameters for the use of body-worn cameras and other portable recording devices.
First Amendment Assemblies

466.5.3 MUTUAL AID AND EXTERNAL RESOURCES
The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

466.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS
If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

466.7 USE OF FORCE
Use of force is governed by current policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and CEDs should be considered only when the participants’ conduct reasonably appears to present the potential to harm deputies, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.
First Amendment Assemblies

Any use of force by a member of this office shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

466.8 ARRESTS
The Lincoln County Sheriff's Office should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been or reasonably appear likely to be unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

(a) Reasonable measures to address the safety of deputies and arrestees.
(b) Dedicated arrest, booking and report writing teams.
(c) Timely access to medical care.
(d) Timely access to legal resources.
(e) Timely processing of arrestees.
(f) Full accountability for arrestees and evidence.
(g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

466.9 MEDIA RELATIONS
A supervisor should use all available avenues of communication, including news releases, briefings, news conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

466.10 DEMOBILIZATION
When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

466.11 POST EVENT
The Incident Commander should designate a member to assemble full documentation of the event, to include the following:
**First Amendment Assemblies**

(a) Operational plan  
(b) Any assignment logs  
(c) Incident, arrest, use of force, injury and property damage reports  
(d) Photographs, audio/video recordings, Dispatch records/tapes  
(e) Media accounts (print and broadcast media)

466.11.1 AFTER-ACTION REPORTING  
The Incident Commander should work with County legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

(a) Date, time and description of the event  
(b) Actions taken and outcomes (e.g., injuries, property damage, arrests)  
(c) Problems identified  
(d) Significant events  
(e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

466.12 TRAINING  
Members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Office should, when practicable, train with its external and mutual aid partners.
Civil Disputes

467.1 PURPOSE AND SCOPE
This policy provides members of the Lincoln County Sheriff's Office with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Oregon law.

467.2 POLICY
The Lincoln County Sheriff's Office recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this office will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

Deputies will only respond to child custody or household dissolution disputes where there is an in progress threat to the personal safety of the person(s) involved.

467.3 GENERAL CONSIDERATIONS
When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

(a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.

(b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.

(c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.

(d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.

(e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.
467.4 COURT ORDERS
Disputes involving court orders can be complex. Where no mandate exists for a deputy to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating deputy should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating deputy should document the following:

(a) The person’s knowledge of the court order or whether proof of service exists.
(b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

467.5 VEHICLES AND PERSONAL PROPERTY
Deputies may be faced with disputes regarding possession or ownership of vehicles or other personal property. Deputies may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, deputies should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

467.6 REAL PROPERTY
Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

467.7 CIVIL STANDBYS
Deputies will not provide a civil standby without a court order. There is no statutory authority to do a civil standby without a court order. Examples of court orders would include a restraining order, writ of assistance, order of assistance, etc.

Deputies will not provide legal advice in regards to what type of court order is required.
Medical Aid and Response

468.1 PURPOSE AND SCOPE
This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

468.2 POLICY
It is the policy of the Lincoln County Sheriff's Office that all deputies and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

468.3 FIRST RESPONDING MEMBER RESPONSIBILITIES
Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

(a) The location where EMS is needed.
(b) The nature of the incident.
(c) Any known scene hazards.
(d) Information on the person in need of EMS, such as:
   1. Signs and symptoms as observed by the member.
   2. Changes in apparent condition.
   3. Number of patients, sex, and age, if known.
   4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
   5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.
Medical Aid and Response

468.3.1 LICENSED EMS PROVIDER RESPONSE PROTOCOL
Certified members who possess one of the following EMS Provider Licenses issued by the Oregon Health Authority's (OHA) Emergency Medical Services and Trauma Systems Program may provide emergency patient care under certain circumstances. A certified member possessing an EMS Provider License may render care authorized and defined by their scope of practice.

(a) Emergency Medical Responders (EMR)
(b) Emergency Medical Technicians (EMT)
(c) Advanced EMT (AEMT)
(d) EMT-Intermediate (EMT-I)
(e) Paramedics

A certified member possessing an EMS Provider License may render advanced level patient care as defined by their certification when arrival of EMS response agencies is delayed. Upon arrival of certified EMS responders, members shall transfer patient care to EMS responders of equal or higher licensure and only continue assisting at their direction.

Members who possess an EMS Provider License must complete all training and certification required by the OHA Medical Services and Trauma Systems Program to maintain their license. Members must provide the Training Sergeant with proof of their renewal upon each re-licensure as required by OHA. Proof of licensure will be maintained in their training file.

468.4 TRANSPORTING ILL AND INJURED PERSONS
Except in exceptional cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries, or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Deputies should search any person who is in custody before releasing that person to EMS for transport.

A deputy should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes, or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

468.5 PERSONS REFUSING EMS CARE
If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, a deputy shall not force that person to receive care or be transported.

However, members may assist EMS personnel when EMS personnel determine the person lacks the mental capacity to understand the consequences of refusing medical care or to make an
Medical Aid and Response

informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the deputy should consider proceeding with a civil commitment in accordance with the Civil Commitments Policy.

If a deputy believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The deputy may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the deputy will require the person to be transported to the nearest medical facility. In such cases, the deputy should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

468.6 MEDICAL ATTENTION RELATED TO USE OF FORCE
Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

468.7 AIR AMBULANCE
Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

One member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft’s tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.
**Medical Aid and Response**

**468.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE**
An AED should only be used by members who have completed a course with published standards and guidelines for CPR and the use of an AED.

**468.8.1 AED USER RESPONSIBILITY**
Members who are issued AEDs for use in office vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Sergeant who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact Dispatch as soon as possible and request response by EMS.

**468.8.2 AED REPORTING**
Any member using an AED will complete an incident report detailing its use.

**468.8.3 AED TRAINING AND MAINTENANCE**
The Training Sergeant should ensure appropriate training is provided to members authorized to use an AED.

The Training Sergeant is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule.

**468.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION**
Only members who possess a current and valid certification may administer opioid overdose medication or members may administer opioid overdose medication in accordance with protocol specified by the physician who prescribed the overdose medication for use by the member (OAR 333-055-0110; OAR 333-055-0115).

**468.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES**
When an on duty employee comes into contact with a person who presents signs and symptoms of an opiate overdose, the employee may administer an opioid overdose medication such as Naloxone (Narcan) if available. Any member who administers an opioid overdose medication should contact dispatch as soon as possible and request response by EMS.

Members who are qualified to administer opioid overdose medication should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Sergeant.
468.9.2 OPIOID OVERDOSE MEDICATION REPORTING
Any member administering opioid overdose medication should detail its use in an appropriate report. The report will include the name and contact information for the person, what they overdosed on, the time medication was administered, and any witnesses present at the time of incident. A copy of the report should be forwarded to the training sergeant for review.

The Training Sergeant will ensure the Support Services Director is provided enough information to meet applicable state reporting requirements.

468.9.3 OPIOID OVERDOSE MEDICATION TRAINING
The Training Sergeant should ensure training and retraining is provided to members authorized to administer opioid overdose medication once every three years. Training shall be coordinated with the Oregon Health Authority, Public Health Division (OAR 333-055-0110).

Employees who successfully complete opiate overdose response training under OAR 333-055-0115 shall be given a statement of completion signed by the individual conducting the training.

468.10 SICK OR INJURED ARRESTEE
If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the deputy has reason to believe the arrestee is feigning injury or illness, the deputy should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the deputy should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Deputies shall not transport an arrestee to a hospital without a supervisor’s approval.

Nothing in this section should delay a deputy from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the deputy’s training.

468.11 ADMINISTRATION OF EPINEPHRINE
In an emergency situation when a licensed health care professional is not immediately available, members who have successfully completed educational training for severe allergic responses may administer epinephrine (ORS 433.825).

468.11.1 EPINEPHRINE USER RESPONSIBILITIES
Members who are qualified to administer epinephrine should handle, store, and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not
Medical Aid and Response

expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Sergeant.

Any member who administers epinephrine should contact Dispatch as soon as possible and request response by EMS.

468.11.2 EPINEPHRINE REPORTING
Any member administering epinephrine should detail its use in an appropriate report.

468.11.3 EPINEPHRINE TRAINING
The Training Sergeant should ensure that training is provided to members authorized to administer epinephrine (ORS 433.815; ORS 433.817; OAR 333-055-0030).

468.12 FIRST AID TRAINING
Subject to available resources, the Training Sergeant should ensure deputies receive periodic first aid training appropriate for their position.
Automated License Plate Readers (ALPRs)

469.1 PURPOSE AND SCOPE
Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. ALPRs are used by the Lincoln County Sheriff's Office to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. ALPRs may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

469.2 ADMINISTRATION OF ALPR DATA
All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Administrative Patrol Sergeant. The Administrative Patrol Sergeant will assign personnel under his/her command to administer the day-to-day operation of the ALPR equipment and data.

469.3 ALPR OPERATION
Use of an ALPR is restricted to the purposes outlined below. Office personnel shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

(a) No member of this office shall operate ALPR equipment or access ALPR data without first completing office-approved training.
(b) An ALPR shall only be used for official and legitimate law enforcement business.
(c) An ALPR may be used in conjunction with any routine patrol operation or official office investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
(d) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
(e) If practicable, the deputy should verify an ALPR response through the Law Enforcement Data System (LEDs) before taking enforcement action that is based solely upon an ALPR alert.
(f) No ALPR operator may access LEDs data unless otherwise authorized to do so.

469.4 ALPR DATA COLLECTION AND RETENTION
All data and images gathered by ALPR are for the official use of the Lincoln County Sheriff's Office and because such data may contain confidential LEDs information, it is not open to public review.
Automated License Plate Readers (ALPRs)

ALPR information gathered and retained by this office may be used and shared with prosecutors or others only as permitted by law.

The Support Services Director is responsible to ensure proper collection and retention of ALPR data, and for transferring ALPR data stored in office vehicles to the office server on a regular basis, not to exceed 30 days between transfers.

All ALPR data downloaded to the server should be stored for the minimum period established by office records retention guidelines, and thereafter may be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action, or is subject to a lawful action to produce records. In such circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

469.5 ACCOUNTABILITY AND SAFEGUARDS

All saved data will be closely safeguarded and protected by both procedural and technological means. The Lincoln County Sheriff's Office will observe the following safeguards regarding access to and use of stored data:

(a) All non-law enforcement requests for access to stored ALPR data shall be referred to the Support Services Director and processed in accordance with applicable law.

(b) All ALPR data downloaded to the mobile workstation and server shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.

(c) Persons approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or office-related civil or administrative action.

(d) Such ALPR data may be released to other authorized and verified law enforcement officials and agencies at any time for legitimate law enforcement purposes.

(e) ALPR system audits should be conducted on a regular basis.
Chapter 5 - Traffic Operations
Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE
The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on crash data, enforcement activity records, traffic volume, and traffic conditions. This office provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in crash situations, but also in terms of traffic-related needs.

500.2 TRAFFIC DEPUTY DEPLOYMENT
Several factors are considered in the development of deployment schedules for deputies of the Lincoln County Sheriff’s Office. Information provided by the Department of Motor Vehicles and Oregon Department of Transportation is a valuable resource for traffic accident occurrences and therefore deputy deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All deputies assigned to patrol or traffic enforcement functions will emphasize enforcement of traffic crash causing violations during high crash hours and at locations of occurrence. All deputies will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All deputies shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT
Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This office does not establish ticket quotas and the number of arrests or citations issued by any deputy shall not be used as the sole criterion for evaluating a deputy’s overall performance. The visibility and quality of a deputy’s work effort will be commensurate with the philosophy of this policy. Deputies attempting to enforce traffic laws shall be in Lincoln County Sheriff's Office uniform or shall conspicuously display an official identification card showing the deputy's lawful authority (ORS 810.400). Several methods are effective in the reduction of collisions:
Traffic Function and Responsibility

500.3.1 WARNINGS
Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS
Citations may be issued when a deputy believes it is appropriate. It is essential that deputies fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Deputies should provide the following information at a minimum:

(a) Explanation of the violation or charge.
(b) Court appearance procedure including the optional or mandatory appearance by the motorist.
(c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

Deputies at the scene of a traffic accident and, based upon the deputy’s personal investigation, having reasonable grounds to believe that a person involved in the accident has committed a traffic offense in connection with the accident, may issue the person a citation for that offense (ORS 810.410(4)).

500.3.3 PHYSICAL ARREST
Deputies may arrest or issue a citation to a person for a traffic crime at any place within the state. Generally, physical arrests are limited to major traffic offenses such as:

(a) Driving Under the Influence of Intoxicants
(b) Fail to Perform Duties of Driver
(c) Attempting to Elude
(d) Reckless Driving with extenuating circumstances
(e) Situations where a violator refuses or cannot satisfactorily identify him/herself and therefore cannot be issued a citation

500.4 OREGON CAR CARE PROGRAM
The Oregon Car Care Program (OCCP) assists motorists stopped for minor vehicle equipment violations. The OCCP provides vouchers for discounted auto parts at participating retail stores with the intent of assisting motorists with fixing broken or malfunctioning equipment. The OCCP is sponsored by the Oregon State Police and dispersed through the Oregon State Sheriff's Association to Oregon Sheriffs.

Supervisors will maintain and distribute OCCP vouchers to deputies for use in the field while performing traffic enforcement duties. The following Oregon Revised Statute traffic violations qualify for issuance of an OCCP voucher:

- 816.330 - Operation without required lighting equipment
Traffic Function and Responsibility

- 816.300 - Operate with nonstandard lighting equipment
- 815.215 - Failure to have windshield wipers
- 815.185 - Operation without proper fenders or mudguards
- 815.020 - Operation of unsafe vehicle
- 815.235 - Operation without rearview mirror
- 811.507 - Operating motor vehicle while using a mobile electronic device

500.4.1 VOUCHER ISSUANCE PROCEDURE
Deputies will explain to qualifying motorists that the Sheriff's Office participates in the Oregon Car Care Program to assist motorists that are stopped for minor motor vehicle equipment violations. Explanation should include the intent of the program is to improve highway safety and help individuals and families comply with the law. Deputies should explain the vouchers provide a discount at participating retail stores to purchase item(s) needed to fix the violation. Motorists should be directed to visit the website listed on their voucher to find a participating retailer.

When a voucher is issued to a motorists, deputies will note the following:
- Voucher Number
- Date Issued
- Driver Information
- Vehicle Registration Number
- Equipment in Need of Repair, e.g. - headlight

500.4.2 RULES
Deputies should make every effort to distribute OCCP vouchers to qualifying motorists. Except as outlined below, vouchers should be offered to ALL motorists stopped for a qualifying violation listed above or any other similar minor motor vehicle equipment violation. Deputies shall not exercise personal judgment when determining if a motorist is financially in need or deserving of the voucher.

(a) Vouchers shall not be used for personal gain or knowingly provided to deputies or members of deputies' immediate family.

500.4.3 REPORTING AND RECORDATION OF OCCP VOUCHER RECEIPT AND DISTRIBUTION
Upon receipt of OCCP vouchers from the Oregon State Sheriff's Association, the supervisor will be required to sign a "Voucher Receipt" and return it to OSSA within 3 business days. The supervisor will then distribute vouchers to deputies and document the following:
- Voucher Numbers, e.g. E15001-E15025
- Employee Name they are issued to
- Issuing Supervisor Name
Issuance of Vouchers - It is recognized OCCP vouchers have a monetary value and require tracking. All vouchers issued to qualifying motorists will be recorded in a database and readily available upon request for voucher verification.

500.5 SUSPENDED OR REVOKED DRIVERS LICENSES
If a deputy contacts a traffic violator for driving on a suspended or revoked license, the deputy may issue a traffic citation pursuant to ORS 810.410.

Deputies should attempt to interview the violator to obtain evidence that the violator knew their license was suspended. Ask if the violator is still living at the address on file with DMV and if not, how long since they moved and why they haven't notified DMV of their new address.

If a computer check of a traffic violator's license status reveals a suspended or revoked drivers license and the traffic violator still has his or her license in possession, the license shall be seized by the deputy and the violator may also be cited for Failure to Return a Suspended License if evidence shows they knew they were suspended (ORS 809.500).

500.6 HIGH-VISIBILITY VESTS
The Lincoln County Sheriff's Office has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of office members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; OAR 437-002-0134).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.6.1 REQUIRED USE
Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, crash investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, [officers/deputies] should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes deputy might benefit from being readily identified as a member of law enforcement.

500.6.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS
A high-visibility vest shall be maintained in the trunk of each patrol, administrative, and investigation unit. Each vest should be stored in a way to protect and maintain the vest in a
Traffic Function and Responsibility

serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored in the vehicle.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. A supervisor should be promptly notified whenever the supply of vests in the equipment room needs replenishing.
High Risk Traffic Stops

501.1 PURPOSE AND SCOPE
The inherent risk in effecting a stop is increased when there is a known element of danger to the Deputy or the public because of the vehicle’s occupant(s). In these situations, the Deputy(s) must exercise additional caution to minimize the potential negative outcomes of such a contact. The guidelines in the policy may assist in conducting such a stop.

501.2 RULES
(a) Whenever there is advanced knowledge, or a good reason to suspect that the vehicle which is to be stopped is stolen or contains a fugitive, felon, or other dangerous person, the Deputy shall immediately inform dispatch, giving the Deputy's location, direction of travel, speed, description of the suspect vehicle, including vehicle license, and number of occupants.
(b) Should the Deputy have to leave the vicinity of the patrol vehicle, it should be secured by locking the doors.
(c) Handcuffs should be applied in all custody arrests, unless circumstances and good judgment dictate otherwise.
(d) When effecting an arrest, suspects should not be searched until handcuffs are applied.
(e) After a suspect has been placed into custody, the subject must be searched before they are transported.
(f) If patrol vehicles are equipped with cages, the cage window will be locked any time a prisoner is placed in the rear seat.
(g) Persons detained who are not under arrest should be "patted down" to ensure they are not in possession of a weapon, which could pose a threat to the deputy or another.

501.3 PROCEDURE
501.3.1 STOPPING THE VEHICLE
When effecting a high-risk stop, the suspect vehicle should be followed until other officers can assist. The vehicle can then be stopped in a pre-determined area where there will be less chance for the suspect(s) to flee. Maximum protection is then provided to the Deputy(s) and the public in the event of gunfire, foot pursuit, or other potential hazards.

In most cases a single Deputy should not intentionally effect a high-risk stop, although circumstances may dictate that an approach to the suspect(s) be made by the Deputy not utilizing an assisting Deputy. The Deputy should also remain cognizant of the possibility that the suspect(s) may initiate the stop at any time.
A deputy will usually have an advantage if the patrol unit is parked 35 to 40 feet from the suspect vehicle, and the deputy immediately opens the door and assume a cover position. The deputy should acquire the weapon he/she feels necessary and be alert in preventing occupants of the halted vehicle from separating. Vehicle occupants should be ordered to exit the vehicle in a firm, commanding voice and a positive manner, leaving no room for doubt that the deputy is in absolute control and intends to see that his/her orders are implicitly and promptly obeyed.

501.3.2 REMOVING THE OCCUPANTS
One suggested method of removing felons or dangerous persons from a vehicle is to order all occupants to place their hands on top of their head, interlacing their fingers with palms up, and remain in that position until instructed further. The deputy must not rush, and must be certain each command is followed exactly before another command is given.

(a) Starting with the driver, he occupants should be removed from the vehicle one at a time, and from only one side. The driver should be instructed to take the ignition keys out and slowly step from the vehicle. His/her back should remain toward the deputy, and he/she should be ordered to back slowly toward the rear of the vehicle with hands remaining on the head, and to kneel down with ankles crossed, and to remain in that position.

(b) All other passengers should be removed in the same manner. Sufficient interval between the suspects should be maintained to minimize any attempts at conversation, eye contact, and gestures, and they should be positioned in clear view of the deputy.

(c) The deputy should confine his/her remarks to positive, firm orders. Prior to an approach to the suspects, an order commanding any additional occupant(s) to exit the vehicle may help to ensure there is not unseen or hidden persons in the vehicle.

(d) After all occupants are out of the vehicles and positioned, the deputy can begin the approach to the suspects.

501.4 DEPUTIES RESPONDING TO ASSIST
Deputies responding to assist another deputy who is effecting a high-risk stop should upon arrival notify dispatch of the status at the scene. The assisting deputy will follow directions of the primary deputy. The assisting deputy will maintain surveillance of the suspect(s) from a cover position until all prisoners are secured. The assisting deputy will continue to give proper-armed surveillance on the halted vehicle until such time that the primary deputy/officer has secured the vehicle.

501.5 SPECIALTY PATROL VEHICLES
Deputies operating specialty patrol vehicles without cages, such as a SUV, should not transport unruly prisoners where injury may be inflicted to the deputy, or damage caused to the patrol vehicle interior. If the need dictates, a patrol car with a cage should be summoned.
Traffic Collision Reporting

502.1 PURPOSE AND SCOPE
The Lincoln County Sheriff's Office prepares traffic collision reports in compliance with Oregon Revised Statutes 810.460 relating to reports of traffic accidents to the Oregon Department of Transportation and, as a public service makes traffic collision reports available to the community with some exceptions.

502.2 RESPONSIBILITY
The Patrol Division will be responsible for proper investigation and reporting of motor vehicle collisions. Traffic collisions will be documented using the Oregon State Police Traffic Crash Report.

502.3 TRAFFIC COLLISION REPORTING
All Traffic Crash Reports taken by members of the Lincoln County Sheriff's Office shall be submitted to their supervisors for approval and forwarded to records.

502.4 REPORTING SITUATIONS

502.4.1 TRAFFIC COLLISIONS INVOLVING COUNTY VEHICLES
Traffic crash investigation reports shall be taken when a County-owned vehicle is involved in a traffic crash upon a roadway or highway wherein any damage or injury results. A general information report may be taken, in lieu of a Traffic Crash Report, at the direction of a supervisor when the crash occurs on private property or does not involve another vehicle. Whenever there is damage to a County vehicle, a Vehicle Damage Report shall be completed and forwarded to the appropriate Division Commander.

Photographs of the collision scene and vehicle damage shall be taken.

502.4.2 TRAFFIC COLLISIONS INVOLVING DEPARTMENT EMPLOYEES
When an employee of this Sheriff's Office, either on-duty or off-duty, is involved in a traffic crash within the jurisdiction of Lincoln County resulting in a serious injury or fatality, the on duty supervisor may request assistance from the Oregon State Police.

The term serious injury is defined as any injury that results in hospitalization.

502.4.3 TRAFFIC COLLISIONS INVOLVING OTHER COUNTY EMPLOYEES OR OFFICIALS
The on-duty supervisor may request assistance from the Oregon State Police for the investigation of any traffic crash involving any Lincoln County official or employee where a serious injury or fatality has occurred.
Traffic Collision Reporting

502.4.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY
Traffic collision reports shall not be taken for collisions occurring on private property unless there is a death or injury to any person involved, a hit-and-run violation, or a deputy issues a citation for a traffic violation. A Miscellaneous Report may be taken at the discretion of any supervisor.

502.4.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS
DMV traffic collision reports shall be taken when they occur on a roadway or highway within this jurisdiction in the following cases:

(a) There is a death, or injury to any person involved in the collision (these reports will require a narrative).

(b) There is damage to any vehicle involved in the collision

(c) A deputy issues a citation for a violation of the Vehicle Code.

(d) All hit and run violations as defined by ORS 811.700 and 811.705.

(e) The collision is initially reported by a garage operator who has received a vehicle involved in a serious accident or exhibiting evidence of having been struck by a bullet (Oregon Revised Statutes 822.600).

(f) The collision meets the criteria for operators to submit a State Accident Report to the Department of Motor Vehicles.

502.4.6 TOWING VEHICLES INVOLVED IN TRAFFIC COLLISIONS
A crash report will be required if a vehicle is damaged in a collision and a tow truck is necessary. Towing of a vehicle from a crash scene at the request of the driver when the vehicle would not otherwise be in need of towing, does not require a traffic crash report under this policy unless the incident meets the criteria in Policy Manual § 502.45.

502.5 NOTIFICATION OF TRAFFIC DIVISION SUPERVISION
If the crash results in the death, or likely death, of any person, the deputy will notify their immediate supervisor. The supervisor will make arrangements for any additional personnel needed at the crash scene. The supervisor will be in charge of the crash scene and coordinate the investigation. The supervisor will determine if the MAC-T should be called out to investigate the crash. The supervisor will make sure the District Attorney and Medical Examiner are notified.
Vehicle Towing

509.1 PURPOSE AND SCOPE
This policy provides the procedures for towing a vehicle by or at the direction of the Lincoln County Sheriff's Office.

509.2 RESPONSIBILITIES
The responsibilities of those deputies impounding a vehicle are as follows.

509.2.1 VEHICLES CONSTITUTING A HAZARD OR OBSTRUCTION
Deputies may take custody of and tow a vehicle that is disabled, abandoned, parked or left standing unattended when it creates a hazard or obstruction. Hazards and obstructions may include vehicles that are (ORS 819.120):

(a) Parked so that any part of the vehicle extends into the paved portion of the travel lane.

(b) Parked so that any part of the vehicle extends into the highway shoulder or bicycle lane of any freeway (ORS 819.120 (2)(b)).

Deputies should use sound judgment in balancing the need to correct a hazardous situation with the potential hardship to a vehicle owner/operator before towing such a vehicle.

Deputies impounding a vehicle shall complete a vehicle impound report. A copy is to be given to the tow truck operator and the original is to be submitted along with the incident report to the Support Services Division as soon as practicable after the vehicle is stored.

Records Division personnel shall promptly enter pertinent data from the completed vehicle impound report into the state's Law Enforcement Data Systems (LEDS).

Once a vehicle impound report is approved and forwarded to the Support Services Division, it shall be placed into the auto-file at the front desk to be immediately available for release or for information should inquiries be made.

509.2.2 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION
When a vehicle has been involved in a traffic collision and must be removed from the scene, the deputy shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the no preference towing company list in Dispatch.

If the owner is incapacitated, or for any reason it is necessary for the Office to assume responsibility for a vehicle involved in a collision, the deputy shall request the dispatcher to call a no preference towing company. The deputy will then have the vehicle towed to the tow company’s storage lot for safekeeping.
509.2.3 DRIVING A NON-COUNTY VEHICLE
Vehicles which have been towed by or at the direction of the Sheriff's Office should not be driven by deputy personnel unless it is necessary to move the vehicle a short distance to eliminate a hazard, to prevent the obstruction of a fire hydrant, or to comply with posted signs.

509.2.4 DISPATCHERS RESPONSIBILITIES
Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The deputy shall be advised when the request has been made and the towing service has been dispatched.

If the request is for no preference towing, the dispatcher shall call the firm whose name appears next on the No Preference Towing Service log and shall make appropriate entries on that form to ensure that the next firm is called on the next request.

509.2.5 NOTICE TO OWNERS
Once the vehicle is impounded, Support Services personnel shall mail a notice (ORS 819.180) to owners of the vehicle and any lessors or security interest holders as shown in the records of the Department of Transportation. The notice shall be sent by certified mail within 48 hours of the towing (excluding holidays, Saturdays, or Sundays) and shall include the following:

(a) That the vehicle has been taken into custody and towed; the identity of the appropriate towing authority and the statute, ordinance or rule under which the vehicle has been taken into custody and towed.
(b) The location of the vehicle, or the telephone number and address of the authority that will provide that information.
(c) That the vehicle is subject to towing and storage charges, the amount of charges that have accrued to the date of the notice and the daily storage charges.
(d) That the vehicle and its contents are subject to a lien for payment of the towing and storage charges and that the vehicle and its contents will be sold to cover the charges if the charges are not paid by a date specified by the appropriate authority.
(e) That the owner, possessor or person having an interest in the vehicle and its contents is entitled to a prompt hearing to contest the validity of taking the vehicle into custody and towing it, and to contest the reasonableness of the charges for towing and storage if a hearing is requested in a timely manner.
(f) The time within which a hearing must be requested and the method for requesting a hearing.
(g) That the vehicle and its contents may be immediately reclaimed by presentation to the appropriate authority of satisfactory proof of ownership or right to possession, and either payment of the towing and storage charges or the deposit of cash security or a bond equal to the charges with the appropriate authority.

509.3 TOWING SERVICES
The County of Lincoln periodically selects a firm to act as the official tow service and awards a contract to that firm. This firm will be used in the following situations:
Vehicle Towing

(a) When a vehicle is being held as evidence in connection with an investigation

(b) When it is otherwise necessary to impound a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations.

Nothing in this policy shall require the Sheriff's Office to tow a vehicle.

509.3.1 NO PREFERENCE TOW SERVICES

The Sheriff's Office will assist citizens by calling any towing company desired. If the citizen has no preference and requests towing service, one of the authorized firms shall be called in rotation. All deputies are specifically prohibited from directly or indirectly soliciting for or recommending any garage or tow service.

509.4 IMPOUND AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this office to provide reasonable safekeeping by leaving the vehicle secured and lawfully parked at the scene or storing the arrestee’s vehicle subject to the exceptions described below. However, the vehicle shall be stored, subject to applicable laws and warrant requirements, whenever it is needed for the furtherance of an investigation or prosecution of the case, or when the community caretaker doctrine, reasonably suggests that the vehicle should be stored (e.g., the vehicle would present a traffic hazard if not removed or, due to a high crime area, the vehicle would be in jeopardy of theft or damage if left at the scene).

While the Oregon Revised Statutes may authorize the impoundment of a vehicle for issues such as driving with a suspended or revoked license (ORS 809.720), impounds are only authorized if, in such cases, leaving the vehicle would create a hazard, obstruction or a risk of loss.

The following are examples of situations where the arrestee’s vehicle should not be stored, provided the vehicle can be legally parked, left in a reasonably secured and safe condition and the vehicle is not needed for the furtherance of an investigation:

- The vehicle is parked on private property on which the registered owner or operator is legally residing, or the property owner does not object to the vehicle being left parked at that location.
- When the arrestee or a passenger is the registered or legal owner of the vehicle and requests that the vehicle be released to a person who is present, willing and able to legally take control of the vehicle.
- Whenever the vehicle is legally parked and otherwise does not need to be stored and the owner requests that it be left at the scene.

In such cases, the handling employee shall inform the arrestee and note in the report that the Office will not be responsible for theft or damages.
Vehicle Towing

509.4.1 IMPOUNDS RELATED TO CRIMINAL INVESTIGATIONS
Deputies should impound vehicles that are needed for the furtherance of an investigation or prosecution of a case or are otherwise appropriate for seizure under ORS 133.535. State law requires the impounding deputy to take reasonable steps to protect against loss or damage to impounded vehicles and any contents that may have been taken as evidence (ORS 133.537). Deputies should make reasonable efforts to return a recovered stolen vehicle to its owner rather than store it, so long as the vehicle is not needed for evidence.

509.5 VEHICLE INVENTORIES
The contents of all impounded vehicles shall be inventoried in accordance with the following procedure:

(a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger and engine compartments of the vehicle including, but not limited to, the glove box, other accessible areas under or within the dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats and under the seats.

(b) In addition to the passenger and engine compartments as described above, an inventory of personal property and the contents of open containers will also be conducted in the following locations:
   1. Any other type of unlocked compartments that are a part of the vehicle including, but not limited to, unlocked glove compartments, unlocked vehicle trunks and unlocked car top containers.
   2. Any locked compartments including, but not limited to, locked glove compartments, locked vehicle trunks, locked hatchbacks and locked car-top containers, provided the keys are available and are to be released with the vehicle to the third-party towing company or an unlocking mechanism for such compartment is available within the vehicle.

(c) Closed containers located either within the vehicle or any of the vehicle’s compartments will not be opened for inventory purposes except for the following, which shall be opened for inventory: wallets, purses, coin purses, fanny packs, personal organizers, briefcases or other closed containers designed for carrying money or small valuables, or closed containers which are designed for hazardous materials.

(d) Other closed containers shall be opened and inventoried if the owner acknowledges they contain cash in excess of $10, valuables or a hazardous material.

(e) Any valuables, to include cash in excess of $10 or property valued at more than $200, located during the inventory process will be listed on a property receipt and stored in this agency’s property/evidence room. A copy of the property receipt will either be left in the vehicle or tendered to the person in control of the vehicle if such person is present.
Vehicle Towing

(f) The inventory is not a search for evidence of a crime, however, deputies shall seize evidence or contraband located during the inventory. Items should be scrutinized to the extent necessary to complete the inventory.

(g) Tow truck operators are to receive a copy of the tow report.

These inventory procedures are for the purpose of protecting an owner's property while in deputy custody, to provide for the safety of deputies, and to protect the Office against fraudulent claims of lost, stolen, or damaged property.

509.6 VEHICLE SEARCHES
Case law regarding search and seizure is ever changing and frequently subject to interpretation under the varying facts of each situation. Vehicle searches should be handled according to current training and a deputy's familiarity with relevant case law. Generally, a search warrant should be sought prior to conducting a search of a vehicle.

Because circumstances under which a warrantless search of a vehicle might be permissible are very limited, and because vehicle searches are subject to many restrictions, deputies should, whenever possible, seek supervisory approval before conducting a warrantless search of a vehicle.

509.7 SECURITY OF VEHICLES AND PROPERTY
After a thorough inventory of the vehicle has been completed and all contraband, evidence and weapons have been removed the deputy should make reasonable accommodations to permit a driver or owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions).

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, search personnel shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

509.8 RELEASE CRITERIA
A vehicle impounded under this section shall be released to a person entitled to lawful possession of the vehicle upon compliance with the following:

(a) Proof that a person with valid driving privileges will be operating the vehicle.

(b) Proof of compliance with financial responsibility requirements for the vehicle.

(c) Payment of the Lincoln County Sheriff's Office administrative fee and any towing and storage charges.

(d) A security interest holder in the vehicle is not required to comply with (a) and (b) and may obtain release by paying the administrative fee, towing and storage fees.
Vehicle Forfeiture Policy

510.1 PURPOSE AND SCOPE
This policy provides the procedure for seizing a vehicle under the Lincoln County DUII Vehicle Forfeiture ordinance, 2.300.

510.1.1 VEHICLE FORFEITURE REQUIREMENTS
Deputies may tow vehicles pursuant to the Lincoln County DUII Vehicle Forfeiture ordinance under the following conditions:

(a) When a deputy has probable cause to arrest a suspect for DUII; and
(b) The suspect is the registered owner of the vehicle or the suspect is not the registered owner of the vehicle, but the registered owner had knowledge that the suspect was driving the vehicle while under the influence of intoxicants; and
(c) The driver of the vehicle has at least one prior arrest or conviction for DUII within the previous ten years in any state.

510.2 PROCEDURE
If the suspect meets the criteria for a DUII seizure the deputy will request a non-preference tow for the vehicle to be towed to the Lincoln County Impound Yard.

The vehicle will be inventoried according to policy 510.5.

The deputy will promptly serve a Notice to Potential Claimant form upon the arrested driver (prior to release from jail) and all registered owners of the vehicle, and promptly forward a copy of the police report and seizure notice to Lincoln County County Counsel.
Vehicle Impound Hearings

511.1 PURPOSE AND SCOPE
This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings.

511.2 IMPOUND HEARING
When a vehicle is impounded by any member of the Lincoln County Sheriff's Office, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent.

511.2.1 HEARING PROCEDURES
When requested, a hearing to contest the validity of the impoundment and the reasonableness of the tow will be held as follows (ORS 819.190).

Requests for a hearing on an impounded vehicle shall be submitted in writing to the person designated by the Lincoln County County Sheriff's Office to receive such requests, within five days of the postmarked date on the notice of impound. The request shall state the grounds upon which the person requesting the hearing believes that the custody and towing of the vehicle was not justified.

An impound hearings officer, designated by this office, will set a time for the hearing within 72 hours of the receipt of the request, excluding Saturdays, Sundays and holidays. The hearings officer will provide notice of the hearing to the person requesting the hearing, to the impounding deputy and to any owner, lessor or security interest holder shown in the Oregon Department of Transportation (ODOT) records.

An impound hearings officer, designated by this office, shall consider all information provided and shall determine the validity of the impound based on substantial evidence on the record, according to applicable law and policy. The hearings officer shall then render a decision. The deputy who caused the removal of the vehicle may submit an affidavit to the hearings officer in lieu of a personal appearance.

If the hearings officer decides that the impound was valid, he/she shall order the vehicle held in custody until the cost of the hearing and all reasonable towing and storage costs are paid by the party claiming the vehicle.

If the hearings officer decides that the impound was invalid, he/she shall order the immediate release of the vehicle to the owner or person with right of possession. Such person is not liable for towing or storage charges and shall be reimbursed for such charges if they have already been paid. New storage costs will not start to accrue until more than 24 hours after the time the vehicle is officially released (ORS 819.190).

If a decision is made that the impound was invalid and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded to the appropriate Division Commander for reimbursement by this office to the appropriate party.
Impaired Driving

513.1 PURPOSE AND SCOPE
This policy provides guidance to those members who play a role in the detection and investigation of driving under the influence of intoxicants (DUII).

513.2 POLICY
The Lincoln County Sheriff's Office is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Oregon's impaired driving laws.

513.3 INVESTIGATIONS
Deputies should not enforce DUII laws to the exclusion of their other duties unless specifically assigned to DUII enforcement. All deputies are expected to enforce these laws with due diligence.

The Patrol Lieutenant will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating deputies in documenting relevant information and maximizing efficiency. Any DUII investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

(a) The field sobriety tests (FSTs) administered and the results.
(b) The deputy’s observations that indicate impairment on the part of the individual, and the deputy’s health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
(c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
(d) Information about any audio and/or video recording of the individual’s driving or subsequent actions.
(e) The location and time frame of the individual’s vehicle operation and how this was determined.
(f) Any prior related convictions in Oregon or another jurisdiction.

513.4 CHEMICAL TESTS
A person implies consent under Oregon law to a chemical test or tests, and to providing the associated chemical sample, under any of the following (ORS 813.100):

(a) The arresting deputy has reasonable grounds to believe that the person was DUII.
(b) The person is arrested for DUII and takes a breath test that discloses a blood alcohol content of less than 0.08 percent (ORS 813.131).
(c) The person is arrested for DUII and was involved in an accident resulting in injury or property damage (ORS 813.131).
Impaired Driving

(d) The person is receiving medical care at a health care facility immediately after a motor vehicle accident and the arresting deputy has reasonable grounds to believe that the person was DUI.

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the deputy should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

513.4.1 BLOOD SAMPLES
Only persons authorized by law to draw blood shall collect blood samples (ORS 813.160). The blood draw should be witnessed by the assigned deputy. No deputy, even if properly certified, should perform this task.

Deputies should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood test because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

513.4.2 URINE SAMPLES
If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The deputy shall follow any directions accompanying the urine evidence collection kit.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

513.4.3 STATUTORY NOTIFICATIONS
Prior to administering any tests, the person shall be informed of the rights and consequences for DUI and refusals of testing (ORS 813.100; ORS 813.130; ORS 813.135).

513.4.4 ADDITIONAL REQUIREMENTS FOR URINE SAMPLES
A deputy may not request that a person submit to a urine test unless the deputy is certified by the Department of Public Safety Standards and Training as having completed the required training in the recognition of drug impaired driving. The deputy must also have a reasonable suspicion to believe that the person arrested has been driving under the influence of a controlled substance, an inhalant or any combination of an inhalant, a controlled substance and intoxicating liquor (ORS 813.131).

The person providing the urine sample shall be given privacy and may not be observed by the deputy when providing the sample (ORS 813.131).
513.4.5 ADDITIONAL TESTING
A deputy requesting that a person submit to a chemical test shall also provide the person, upon request, with a reasonable opportunity to have a qualified medical professional of their choosing administer an additional chemical test. The test may be of the person’s breath or blood if alcohol concentration is in issue or of the person’s blood or urine if the presence of a controlled substance or inhalant in the person’s body is in issue (ORS 813.150).

513.5 REFUSALS
When an arrestee refuses to provide a chemical sample, deputies should:

(a) Advise the arrestee of the requirement to provide a sample (ORS 813.100; ORS 813.130; ORS 813.131; ORS 813.135).

(b) Document the refusal in the appropriate report.

513.5.1 STATUTORY NOTIFICATIONS UPON REFUSAL
Upon refusal to submit to a chemical test as required by law, deputies shall personally serve the written notice of intent to suspend upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person (ORS 813.100).

513.5.2 BLOOD SAMPLE WITHOUT CONSENT
A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

(a) A search warrant has been obtained (ORS 813.100).

(b) The deputy can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person’s bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

513.5.3 FORCED BLOOD SAMPLE
If an arrestee indicates by word or action that he/she will physically resist a blood draw, the deputy should request a supervisor to respond.

The responding supervisor should:

(a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.

(b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.

(c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another deputy) and attempt to persuade the individual to submit to such a sample without physical resistance.
1. This dialogue should be recorded on audio and/or video when legal and practicable.

(d) Ensure that the blood sample is taken in a medically approved manner.

(e) Ensure the forced blood draw is recorded on audio and/or video when practicable.

(f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
   1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
   2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
   3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.

(g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, deputies are expected to use sound judgment and perform as a responding supervisor, as set forth above.

513.6 ARREST AND INVESTIGATION

513.6.1 DEPUTY RESPONSIBILITIES

If a person refuses to submit to a chemical test or if a test discloses that the person had a prohibited alcohol concentration in the person’s blood, the investigating deputy shall cause the following items to be forwarded to the Driver and Motor Vehicle Services Division of the Department of Transportation (DMV) within 10 days of the arrest (ORS 813.100; OAR 735-090-0040):

- The completed Implied Consent Form.
- Any confiscated license or permit belonging to the person.
- A copy of the written report that complies with ORS 813.120.

A deputy confiscating a person’s license pursuant to state DUII laws shall provide the person with a temporary driving permit unless (ORS 813.100; ORS 813.110):

- The driving privileges of the person were suspended, revoked or canceled at the time the person was arrested.
- The person whose license was confiscated was operating on an invalid license.
- The person was not entitled to driving privileges at the time of the arrest for any other reason.
Impaired Driving

- The person holds a license or permit granting driving privileges that was issued by another state or jurisdiction and that is not confiscated.

513.7 SUPPORT SERVICES DIVISION RESPONSIBILITIES
The Support Services Director will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney’s office.

513.8 ADMINISTRATIVE HEARINGS
The Support Services Director will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the DMV.

Any deputy who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

A deputy called to testify at an administrative hearing should document the hearing date and the DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

513.9 TRAINING
The Training Sergeant should ensure that deputies participating in the enforcement of DUII laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUII investigations. The Training Sergeant should confer with the prosecuting attorney’s office and update training topics as needed.
Traffic Citations

515.1 PURPOSE AND SCOPE
This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

515.2 RESPONSIBILITIES
The Patrol Lieutenant shall be responsible for the development and design of all traffic citations in compliance with state law and the Judicial Council.

Sergeants shall be responsible for the supply and accounting of all traffic citations issued to employees of this office.

515.3 DISMISSAL OF TRAFFIC CITATIONS
Employees of this Sheriff's Office do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to a supervisor. Upon a review of the circumstances involving the issuance of the traffic citation, the supervisor may recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should a deputy determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the deputy may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the deputy shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Patrol Division Commander for review.

515.4 VOIDING TRAFFIC CITATIONS
Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to Records.

515.5 CORRECTION OF TRAFFIC CITATIONS
When a traffic citation is issued and in need of correction, the deputy issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. If approved, the letter of correction will be sent to the court having jurisdiction and to the recipient of the citation.
515.6 DISPOSITION OF TRAFFIC CITATIONS
The file copies of all traffic citations issued by members of this Sheriff's Office shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Records Section.

Upon separation from employment with the this Sheriff's Office, all employees issued traffic citations books shall return any unused citations to their supervisor.

515.7 JUVENILE CITATIONS
Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.
Disabled Vehicles

518.1 PURPOSE AND SCOPE
Public safety, and the Lincoln County Sheriff's Office’s commitment to service, requires that deputies place a high priority on assisting disabled motorists. This policy provides guidelines for achieving that objective.

518.2 POLICY
It is the policy of the Lincoln County Sheriff's Office to assist motorists with disabled vehicles until those vehicles are safely removed from the roadway. Members should take appropriate action to mitigate potential problems when a vehicle constitutes a traffic hazard or the safety of the motorist is a concern.

518.3 DEPUTY RESPONSIBILITY
When an on-duty deputy observes a disabled vehicle on the roadway, the deputy should make a reasonable effort to provide assistance. If that deputy is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available deputy to respond for assistance as soon as practical.

518.4 EXTENT OF ASSISTANCE
In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by personnel will be contingent on the time of day, the location, the availability of resources, and the vulnerability of the disabled motorist.

518.4.1 MECHANICAL REPAIRS
Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

518.4.2 RELOCATION OF DISABLED VEHICLES
The relocation of disabled vehicles by members of this office by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

518.4.3 RELOCATION OF DISABLED MOTORIST
The relocation of a disabled motorist should only occur with the person’s consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The member may stay with the disabled motorist or transport him/her to a safe area to await pickup.
Abandon Vehicles

522.1 PURPOSE AND SCOPE
This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the ORS or Lincoln County County Ordinance regulating abandoned vehicles under the authority of ORS 819.110.

522.1.1 DEFINITIONS
Public Way - Public roadway or public property within the jurisdiction of the Sheriff's Office. Examples of public property include but are not limited to school grounds, post office parking lots, county owned parks, public utility district property and USFS property.

Vehicle Coordinator - The person assigned by the Sheriff's Office to coordinate operations of vehicles designated as abandoned or hazardous.

Private Property - Any land or property that is not publicly owned such as business parking lots and real estate owned by citizens.

522.1.2 RULE
Deputies will only follow this procedure for vehicles abandoned on public ways or private property other than State Highways or other lands designated to be within the jurisdiction of the Oregon State Police or municipal agencies not contracting with the Lincoln County Sheriff's Office. Such lands include ocean beaches, property or lands owned and maintained by the State of Oregon, and property within city limits. Vehicles abandoned that are not within the jurisdiction of the Agency will be referred to the appropriate agency.

522.2 VEHICLES ABANDON ON A PUBLIC WAY

(a) When a Deputy has reason to believe a vehicle has been abandoned on a public roadway or public property for more than 24 hours, the deputy shall first run a wants check on the vehicle. If the vehicle is clear of wants, the deputy will post the vehicle as abandoned by placing the agency approved abandoned sticker in a conspicuous place on the vehicle.

(b) The deputy will attempt to contact the registered owner of the vehicle to have it removed unless the vehicle is flagged as being sold. The deputy will inform the registered owner that he or she is responsible for the abandonment and removal of the vehicle as provided under ORS 819.100. The deputy will allow a reasonable amount of time, not to exceed two weeks, for the registered owner to remove the vehicle. The deputy will inform the registered owner that if the vehicle is not removed by the agreed date then the Sheriff's Office will have the vehicle towed, he or she will be issued a citation for abandoning the vehicle, and the Sheriff's Office shall seek restitution for the amount of the tow bill.
Abandon Vehicles

(c) The Deputy will take a case number, add the vehicle and persons to the report, and an account of actions taken. The Deputy will not submit the report at this time.

(d) In the event the Deputy was not able to contact the registered owner or the vehicle was flagged as sold, the Deputy will wait 24 hours to see if the vehicle is still at the location. In the event the Deputy contacted the registered owner and set a date for vehicle removal, the Deputy will check to see if the vehicle is still at the location after the agreed removal date. If the vehicle is gone, no further action is needed and the report is closed and submitted.

(e) If the vehicle is still at the location the Deputy will contact the Sheriff's Office approved tow company to have the vehicle towed. The tow company will be provided with the case number and any requested DMV registration information. The tow company shall fulfill the legal obligations for registered owner/lean holder notification, vehicle appraisal, and other legal requirement for vehicle disposal listed in ORS 819.215. In some rare cases, depending on location of the vehicle to be towed, there will be a tow bill generated by the tow company. Any tow bills will be submitted to the Abandoned Vehicle Coordinator (AVC), who will approve payment of the bill and submit it to the Sheriff's Office administrative assistant or designee.

(f) If the tow company appraises the vehicle at $1,000.00 or less, but more than $500.00, the Sheriff's Office shall sell the vehicle without notice and public auction to the tow company as defined in ORS 819.220 at no cost. The Sheriff's Office shall issue the tow company a certificate of sale in compliance with ORS 819.240 and notify the tow company to apply for a salvage title. The tow company shall be subject to provisions under ORS 819.010 and ORS 819.040. If the vehicle is appraised at over $1,000.00 the tow company shall notify the Abandoned Vehicle Coordinator (AVC) so that arrangements can be made to have the vehicle and contents towed to the Lincoln County Impound Yard for sale at public auction as required by ORS 819.210. The AVC shall notify Lincoln County Legal Counsel, which will arrange the public auction sale in accordance with ORS 87.192 and 87.196.

(g) If the vehicle was towed and the registered owner is identified and lives in Lincoln County, Oregon the Deputy will make a reasonable effort to issue the registered owner a citation for Abandoning a Vehicle under ORS 819.100. When the registered owner is cited the Deputy will return all but the officer's copy of the citation to the Abandoned Vehicle Coordinator (AVC.)

(h) If the registered owner lives in Oregon, but outside Lincoln County, the Deputy will prepare a citation and deliver it to the AVC. The AVC will send the citation with a letter requesting the appropriate agency serve the citation.

(i) After receiving a served citation the AVC will submit the court copies along with a letter to the judge requesting restitution for the tow in the event a tow bill was generated. A copy of the tow bill will accompany the letter.
Abandon Vehicles

(j) If the registered owner or lien holder requests a hearing in response to the notification letter sent by the tow company, the shift supervisor will be notified who will notify the AVC and patrol commander no later than the next business day. The AVC will contact the respondent and arrange a hearing with the Agency Hearings Officer within 72 hours of the receipt of the request only if the respondent requests a hearing by submitting a request for the hearing not more than five days from the mailing date of the notice. The tow company shall hold the vehicle pending the outcome of the hearing. The Agency Hearings Officer shall conduct a hearing in accordance with ORS 819.190. The AVC will notify the tow company of the results of the hearing. The tow company will either turn the vehicle back over to the respondent or proceed with the disposal process of the vehicle depending on the outcome of the hearing.

522.3 VEHICLE DISPOSAL

(a) When a Deputy receives a complaint of a vehicle that has been abandoned on private property, the Deputy shall first run a wants check on the vehicle and obtain DMV registration information. The Deputy will request the communications center to attach the vehicle registration to the dispatch event screen.

(b) If the vehicle is stolen, the Deputy will conduct an investigation for recovery of the stolen vehicle. If the vehicle is not stolen the deputy will inform the complainant that the owner or person in lawful possession of the real property may have an abandoned vehicle towed privately in reference to ORS 98.830. Deputies may not provide the complainant with a preference of tow companies to contact, but may inform the complainant which tow companies the Sheriff's Office utilizes for abandoned vehicle removal on public property. The Deputy will inform the complainant that a dispatch event screen was generated and will serve as the required notification to law enforcement under ORS 98.830. The Deputy shall inform the complainant of the event number.

(c) Depending on the circumstances of the abandonment, the Deputy may choose to take further action on the complaint. If the Deputy chooses to further pursue the matter, the Deputy will confirm with the complainant that they would like to have the registered owner contacted and informed that the vehicle has been abandoned, that he or she is the registered owner and is responsible for the abandonment and removal of the vehicle as provided under ORS 819.100. The complainant must agree to the disclosure of the location of the abandoned vehicle to the registered owner and understand that the registered owner may be making arrangements to have that vehicle removed from the location. If the complainant agrees to have action taken then the Deputy may issue the registered owner of the vehicle a citation for Abandoning a Vehicle under ORS 819.100. The Deputy will not post any vehicles abandoned on private property for tow. If a citation is issued a report will be completed and submitted. The Abandoned Vehicle Coordinator (AVC) does not need to be notified.
Abandon Vehicles

(d) If the complainant does not wish to have the information provided to the registered owner then the Deputy will complete those notations on the dispatch event screen and close the event.

522.3.1 APPRAISAL
Vehicles disposed of under this policy must be appraised by an appraiser certified by the Department of Transportation (ORS 819.215).

522.4 IMPOUND HEARING
When a vehicle is stored under this section by any member of the Lincoln County Sheriff's Office, a hearing will be conducted upon the timely request of any person who reasonably appears to have an interest in the vehicle.

522.4.1 HEARING PRIOR TO IMPOUNDMENT
If an interested person requests a hearing prior to the impoundment of the vehicle, the vehicle will not be towed until the hearing is held, unless it constitutes a hazard.
Vehicles Towed as Hazards

523.1 PURPOSE AND SCOPE
This policy provides for the removal of vehicles posing a hazard to the public and cannot be towed as illegally parked or abandon.

523.1.1 POLICY
It is the policy of this office that patrol deputies need to be cognizant of vehicles posing a hazard to the public and will follow the procedure outlined in this policy when a Deputy has reason to believe that a vehicle has been abandoned on a public right of way and presents a hazard or obstruction to motor vehicle traffic. This procedure will also be utilized by deputies who wish to take enforcement action on vehicles that are parked illegally. A vehicle should only be towed as a hazard if it does not fit the criteria of an illegally parked vehicle or can not be handled as an abandoned vehicle.

523.1.2 DEFINITIONS
Public Right of Way - Any public roadway or highway right of way within the jurisdiction of the Sheriff's Office.

Vehicle Coordinator - The person assigned by the Sheriff's Office to coordinate operations of vehicles designated as abandoned or hazardous.

523.1.3 VEHICLES DEEMED A HAZARD
A vehicle shall be deemed a hazard as defined in ORS 819.120 if it is disabled, abandoned, parked or left standing unattended on a road or highway right of way and is in such a location as to constitute a hazard or obstruction to motor vehicle traffic. Examples of a hazardous vehicle include, but are not limited to, any vehicle parked so that any part of the vehicle extends within the paved portion of the lane or highway shoulder or bicycle lane. Hazardous vehicle does NOT include a vehicle parked temporarily on the shoulder of a roadway as indicated by a short passage of time AND by the operation of the hazard lights, a raised hood, or advance warning signs or flares.

523.1.4 ILLEGALLY PARKED VEHICLES
A vehicle is parked illegally if it is parked in a manner prohibited under ORS 811.550. Examples of vehicles parked or left standing illegally include, but are not limited to, vehicles parked on a sidewalk, within an intersection, on a crosswalk or within 20 feet of a crosswalk at an intersection, upon a highway bridge, on a railroad, any place prohibited by traffic control devices, in front of a public or private driveway, within 10 feet of a fire hydrant, or on a bicycle lane or path. Exceptions from prohibited parking are listed in ORS 811.560.

523.1.5 VEHICLES CONSTITUTING AN IMMEDIATE HAZARD
When a Deputy, engaged in patrol activities, encounters a hazardous vehicle that constitutes an immediate hazard to vehicular traffic flow, the Deputy shall take action to restore safety regardless of jurisdictional boundaries. When a Deputy encounters a hazardous or illegally parked vehicle that
Vehicles Towed as Hazards

does not constitute an immediate hazard to vehicular traffic flow, the Deputy may take enforcement action or may refer the complaint to the appropriate agency of jurisdiction.

523.2 PROCEDURE

(a) Any vehicle that is towed as a hazard pursuant to 819.120 or that is towed as an illegally parked vehicle as described in ORS 811.550 shall request a non preference tow to have the vehicle towed.

1. If the vehicle is disabled and the operator or owner is present, the Deputy will assist them with following the procedures in policy number 3.235 Assisting Disabled Motorists. If the owner or operator of a vehicle constituting a hazard is present, but does not have the means or refuses to remove the vehicle from being a hazard, the Deputy will have the vehicle towed. If the vehicle can not be towed as an illegally parked vehicle then it will be towed as a hazard

(b) No vehicle towed as a hazard or as an illegally parked vehicle will generate a tow bill. The Deputy may issue a uniform traffic citation for the violation under ORS 811.550. If the operator or owner of the vehicle is not present or is not known, the Deputy can serve the citation on the vehicle. On the UTC in the space marked "operate" the deputy will place the word "park". In the "as described" section the Deputy will note that the citation was served on the vehicle. In the certification of service section at the bottom of the UTC, the Deputy will delete "person" and write the word "vehicle."

1. If the name and address of the operator is not known, the Deputy will use the "registered owner" information to complete the citation. The Deputy will then place the citation under the driver's side windshield wiper, or affix the citation in another conspicuous place on the vehicle.

(c) If the vehicle is towed as an illegally parked vehicle then no further action by the Deputy is needed. If the vehicle is towed as a hazard the Deputy shall send the Sheriff's Office approved hazard form letter to the registered owners and any lien holders within 48 hours of the time the vehicle is towed via certified mail. A copy of the letter will be delivered or mailed to the tow company that towed the vehicle. A case number will be taken and another copy of the letter will be filed with the case file.

(d) If the registered owner or lien holder requests a hearing in response to the notification letter sent by the Deputy, the shift supervisor will be notified who will notify the AVC and patrol commander no later than the next business day. The AVC will contact the respondent and arrange a hearing with the Agency hearings officer within 72 hours of the receipt of the request only if the respondent requests a hearing by submitting a request for the hearing not more than five days from the mailing date of the notice. The AVC shall contact the tow company and notify them of the hearing immediately.

(e) The tow company shall appraise the vehicle within a reasonable time as required under ORS 819.120 (7) in compliance with ORS 819.230.
(f) If the vehicle is not reclaimed within 15 days after it was towed the Sheriff's Office shall sell the vehicle without notice and public auction to the tow company as granted under ORS 819.220, which is certified as a wrecker as provided under ORS 822.110. The Sheriff's Office shall issue the tow company a certificate of sale in compliance with ORS 819.240 and notify the tow company to apply for a salvage title. The tow company shall be subject to provisions under ORS 819.010 and ORS 819.040.

(g) If the vehicle is appraised at over $1000.00 the vehicle shall be towed to the Lincoln County Impound Yard where the vehicle will be held for a period of at least 30 days after it is taken into custody. Lincoln County Legal Counsel will be notified. The vehicle will be sold at public auction as provided in ORS 87.192 and ORS 87.196 or be disposed of as provide by local county ordinance.
Chapter 6 - Investigation Operations
Investigation and Prosecution

600.1 POLICY
It is the policy of the Lincoln County Sheriff's Office to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.2 INITIAL INVESTIGATION

600.2.1 DEPUTY RESPONSIBILITIES
A deputy responsible for an initial investigation shall complete no less than the following:

(a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
   1. An initial statement from any witnesses or complainants.
   2. A cursory examination for evidence.

(b) If information indicates a crime has occurred, the deputy shall:
   1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
   2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
   3. If assistance is warranted, or if the incident is not routine, notify a supervisor.
   4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
   5. Collect any evidence.
   6. Take any appropriate law enforcement action.
   7. Complete and submit the appropriate reports and documentation.

(c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.3 COLLECTION OR MAINTENANCE OF SPECIFIC INFORMATION
The collection or maintenance of information about the political, religious or social views, associations or activities of any individual, group, association, organization, corporation, business or partnership shall occur only when the information directly relates to a criminal investigation and there are reasonable grounds to suspect the subject of the information is or may be involved in criminal conduct (ORS 181A.250).
Investigation and Prosecution

600.4 CUSTODIAL INTERROGATION REQUIREMENTS
Suspects who are in custody and subjected to an interrogation shall be given the Miranda warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.4.1 AUDIO/VIDEO RECORDINGS
Generally, except where circumstances make it impracticable, custodial interviews regarding felony offenses should be electronically recorded. When such custodial interviews are conducted in a law enforcement facility, electronic recording of the interview is mandatory absent good cause not to record if the interview is conducted in connection with an investigation into aggravated murder, as defined in ORS 163.095, or a crime listed in ORS 137.700 or ORS 137.707 (ORS 133.400).

A custodial interview of a person 17 years of age or under involving an investigation into a misdemeanor or a felony or an allegation that the juvenile being interviewed committed an act that would be a misdemeanor or a felony if committed by an adult shall be recorded, absent good cause not to record the interview, if (2019 Oregon Laws, c. 216, § 2):

(a) The interview is conducted at a courthouse or at any law enforcement agency authorized to detain juvenile offenders; or

(b) The interview is conducted anywhere else and the deputy is wearing a body-worn camera.

If an interviewee expresses an unwillingness to have the custodial interview electronically recorded but agrees to speak to investigators without such recording, the interviewing deputy or detective should document the refusal in his/her report and request that the interviewee sign a written statement or provide a recorded statement of his/her refusal to have the interview recorded.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law (ORS 165.540).

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Crime Reduction Unit supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes. Electronic recording of a custodial interview shall be preserved until the conclusion of the criminal proceeding or youth adjudication proceeding, including post-conviction relief and habeas corpus appeals are exhausted, or until the prosecution of the offense is barred by law (ORS 133.400).

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.
**600.5 PURPOSE AND SCOPE**
The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

**600.6 DISCONTINUATION OF INVESTIGATIONS**
The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

(a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.

(b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
   1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
   2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.

(c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.

(d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.

(e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.

(f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

**600.7 COMPUTERS AND DIGITAL EVIDENCE**
The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, deputies should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, deputies should take reasonable steps to prepare for such seizure and use the resources that are available.

**600.8 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES**
Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil
Investigation and Prosecution

liberties. Information gathered via the internet should only be accessed by members while on-duty and for purposes related to the mission of this office. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using office equipment.

Information obtained via the internet should not be archived or stored in any manner other than office-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

600.8.1 ACCESS RESTRICTIONS
Information that can be accessed from any office computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party’s account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.8.2 INTERCEPTING ELECTRONIC COMMUNICATION
Intercepting social media communications in real time may be subject to federal and state wiretap laws. Deputies should seek legal counsel before any such interception.

600.9 MODIFICATION OF CHARGES FILED
Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Division Commander or the Sheriff. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

1. Property that is subject to a court order (ORS 131A.060).
2. Property that is not subject to a court order if (ORS 131A.065):
   (a) There is probable cause to believe that the property is subject to forfeiture and the property may constitutionally be seized without a warrant.
   (b) The seizure is in the course of a constitutionally valid criminal investigative stop, arrest or search, and there is probable cause to believe that the property is subject to civil forfeiture.
   (c) The property is directly or indirectly dangerous to the health or safety of any person.
   (d) An owner consents to the seizure.

(b) Criminal forfeiture

(a) Property that is subject to a court order (ORS 131.561).
(b) Property that is not subject to a court order when (ORS 133.535; ORS 131.561):
   (a) The property subject to criminal forfeiture is also evidence of a crime or is illegal to possess.
   (b) There is probable cause to believe that the property is subject to criminal forfeiture.

Whenever practicable, a court order for seizure prior to making a seizure is the preferred method. A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

606.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

(a) Cash and property that does not meet the forfeiture counsel’s current minimum forfeiture thresholds
(b) A conveyance owned by a common carrier or person who did not consent to the offense in question or had no knowledge of the offense (i.e., an “innocent owner”) (ORS 131.558)

606.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the deputy making the seizure should ensure compliance with the following:

(a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized.
Asset Forfeiture

When property is seized and no one claims an interest in the property, the deputy must leave the copy in the place where the property was found, if it is reasonable to do so.

(b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.

(c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The deputy will book seized property as evidence with the notation in the comment section of the property form, “Seized Subject to Forfeiture.” Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Deputies who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

606.5 MAINTAINING SEIZED PROPERTY
The Evidence Room supervisor is responsible for ensuring compliance with the following:

(a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.

(b) All property received for forfeiture is checked to determine if the property has been stolen.

(c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.

(d) Property received for forfeiture is not used unless the forfeiture action has been completed.

606.6 DISPOSITION OF FORFEITED PROPERTY
Property forfeiture through the criminal forfeiture process shall be disposed of in accordance with ORS 131.594 and the associated statutes including priority payments for costs and to victims, as applicable. Forfeited cigarettes shall be destroyed, not sold (ORS 131.604).

Criminally forfeited lab equipment may be donated to educational institutions (ORS 131.594).

606.6.1 DISPOSITION OF RECORDS
Written documentation of each sale, decision to retain, transfer or other disposition of criminally forfeited property will be maintained and any information requests necessary for the forfeiture counsel’s electronic reports shall be addressed (ORS 131.600).
606.7 CONSENSUAL SEARCH OF MOTOR VEHICLE
Deputies should use a consensual search of a motor vehicle form when requesting a consensual search of a motor vehicle (ORS 131A.025).
Informants

608.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the use of informants.

608.1.1 DEFINITIONS
Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Lincoln County Sheriff's Office for law enforcement purposes. This also includes a person agreeing to supply information to the Lincoln County Sheriff's Office for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

608.2 POLICY
The Lincoln County Sheriff's Office recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this office that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

608.3 USE OF INFORMANTS

608.3.1 INITIAL APPROVAL
Before using an individual as an informant, a deputy must receive approval from his/her supervisor. The deputy shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this office should not guarantee absolute safety or confidentiality to an informant.

608.3.2 JUVENILE INFORMANTS
The use of informants under the age of 13 is prohibited.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

(a) The juvenile’s parents or legal guardians
(b) The juvenile’s attorney, if any
(c) The court in which the juvenile’s case is being handled, if applicable
(d) The Sheriff or the authorized designee

608.3.3 INFORMANT AGREEMENTS
All informants are required to sign and abide by the provisions of the designated office informant agreement. The deputy using the informant shall discuss each of the provisions of the agreement with the informant.
Informants

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

608.4 INFORMANT INTEGRITY
To maintain the integrity of the informant process, the following must be adhered to:

(a) The identity of an informant acting in a confidential capacity shall not be withheld from the Sheriff, Division Commander, Crime Reduction Unit supervisor or their authorized designees.

1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.

(b) Criminal activity by informants shall not be condoned.

(c) Informants shall be told they are not acting as deputy deputies, employees or agents of the Lincoln County Sheriff's Office, and that they shall not represent themselves as such.

(d) The relationship between office members and informants shall always be ethical and professional.

1. Members shall not become intimately involved with an informant.

2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Crime Reduction Unit supervisor.

3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.

(e) Deputies shall not meet with informants in a private place unless accompanied by at least one additional deputy or with prior approval of the Crime Reduction Unit supervisor.

1. Deputies may meet informants alone in an occupied public place, such as a restaurant.

(f) When contacting informants for the purpose of making payments, deputies shall arrange for the presence of another deputy.

(g) In all instances when office funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.

(h) Since the decision rests with the appropriate prosecutor, deputies shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

608.4.1 UNSUITABLE INFORMANTS
The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member.
Informants

The supervisor shall determine whether the informant should be used by the Office and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file “unsuitable” when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

(a) The informant has provided untruthful or unreliable information in the past.
(b) The informant behaves in a way that may endanger the safety of a deputy.
(c) The informant reveals to suspects the identity of a deputy or the existence of an investigation.
(d) The informant appears to be using his/her affiliation with this office to further criminal objectives.
(e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
(f) The informant engages in any other behavior that could jeopardize the safety of deputies or the integrity of a criminal investigation.
(g) The informant commits criminal acts subsequent to entering into an informant agreement.

608.5 INFORMANT FILES
Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of office members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Crime Reduction Unit. The Crime Reduction Unit supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Sheriff, Division Commander, Crime Reduction Unit supervisor or their authorized designees.

The Patrol Division Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Crime Reduction Unit supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

608.5.1 FILE SYSTEM PROCEDURE
A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:
Informants

(a) Name and aliases
(b) Date of birth
(c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features
(d) Photograph
(e) Current home address and telephone numbers
(f) Current employers, positions, addresses and telephone numbers
(g) Vehicles owned and registration information
(h) Places frequented
(i) Briefs of information provided by the informant and his/her subsequent reliability
   1. If an informant is determined to be unsuitable, the informant’s file is to be marked “unsuitable” and notations included detailing the issues that caused this classification.
(j) Name of the deputy initiating use of the informant
(k) Signed informant agreement
(l) Update on active or inactive status of informant

608.6 INFORMANT PAYMENTS
No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant’s previous criminal activity
- The level of risk taken by the informant

The Crime Reduction Unit supervisor will discuss the above factors with the Patrol Division Commander and recommend the type and level of payment subject to approval by the Sheriff.

608.6.1 PAYMENT PROCESS
Approved payments to an informant should be in cash using the following process:

(a) Payments of $500 and under may be paid in cash from a Crime Reduction Unit buy/expense fund.
   1. The Crime Reduction Unit supervisor shall sign the voucher for cash payouts from the buy/expense fund.
Informants

(b) Payments exceeding $500 shall be made by issuance of a check, payable to the deputy who will be delivering the payment.
   1. The check shall list the case numbers related to and supporting the payment.
   2. A written statement of the informant's involvement in the case shall be placed in the informant's file.
   3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.
   4. Authorization signatures from the Sheriff and the N/A are required for disbursement of the funds.

(c) To complete the payment process for any amount, the deputy delivering the payment shall complete a cash transfer form.
   1. The cash transfer form shall include the following:
      (a) Date
      (b) Payment amount
      (c) Lincoln County Sheriff's Office case number
      (d) A statement that the informant is receiving funds in payment for information voluntarily rendered.
   2. The cash transfer form shall be signed by the informant.
   3. The cash transfer form will be kept in the informant's file.

608.6.2 REPORTING OF PAYMENTS
Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed $600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of deputies or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as “other income” and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant’s file.

608.6.3 AUDIT OF PAYMENTS
A supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Sheriff or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.
Eyewitness Identification

610.1 PURPOSE AND SCOPE
This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

610.1.1 DEFINITIONS
Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY
The Lincoln County Sheriff's Office will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES
Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION
Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.
Eyewitness Identification

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.5 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS
When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

610.6 FIELD IDENTIFICATION CONSIDERATIONS
Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

(a) Obtain a complete description of the suspect from the witness.

(b) Assess whether a witness should be included in a field identification process by considering:

1. The length of time the witness observed the suspect.
2. The distance between the witness and the suspect.
3. Whether the witness could view the suspect's face.
4. The quality of the lighting when the suspect was observed by the witness.
5. Whether there were distracting noises or activity during the observation.
Eyewitness Identification

6. Any other circumstances affecting the witness’s opportunity to observe the suspect.

7. The length of time that has elapsed since the witness observed the suspect.

(c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

(d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.

(e) The person who is the subject of the show-up should not be shown to the same witness more than once.

(f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.

(g) A person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

(h) If a witness positively identifies a subject of a show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

610.7 DOCUMENTATION
A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.
Brady Material Disclosure

612.1 PURPOSE AND SCOPE
This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "Brady information") to a prosecuting attorney.

612.1.1 DEFINITIONS
Definitions related to this policy include:

Brady information - Information known or possessed by the Lincoln County Sheriff's Office that is both favorable and material to the current prosecution or defense of a criminal defendant.

612.2 POLICY
The Lincoln County Sheriff's Office will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Lincoln County Sheriff's Office will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Office will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION
Deputies must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If a deputy learns of potentially incriminating or exculpatory information any time after submission of a case, the deputy or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files); the deputy should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If a deputy is unsure whether evidence or facts are material, the deputy should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the case file.
612.4 DISCLOSURE OF PERSONAL INFORMATION
If a member of this office is a material witness in a criminal case, a person or persons designated by the Sheriff shall examine the personnel file and/or internal affairs file of the deputy to determine whether they contain \textit{Brady} information. If \textit{Brady} information is located, the following procedure shall apply:

(a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and member shall be notified of the potential presence of \textit{Brady} material in the member’s personnel file.

(b) The prosecuting attorney or Sheriff's Office counsel should be requested to file a motion in order to initiate an in camera review by the court.
   1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.

(c) The Custodian of Records shall accompany all relevant personnel files during any in camera inspection to address any issues or questions raised by the court.

(d) If the court determines that there is relevant \textit{Brady} material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.
   1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.

(e) If a court has determined that relevant \textit{Brady} information is contained in the member’s file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

The person or persons designated by the Sheriff should periodically examine the personnel files and/or internal affairs files of all deputies who may be material witnesses in criminal cases to determine whether they contain \textit{Brady} information. The obligation to provide \textit{Brady} information is ongoing. If any new \textit{Brady} information is identified, the prosecuting attorney should be notified.

612.5 INVESTIGATING BRADY ISSUES
If the Office receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

612.6 TRAINING
Sheriff's Office personnel should receive periodic training on the requirements of this policy.
Unmanned Aerial System (UAS) Operations

613.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

613.1.1 DEFINITIONS
Definitions related to this policy include:

**Unmanned Aerial System (UAS)** - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording, or any other means. For the purpose of this policy, a UAS includes a drone, as defined by ORS 837.300.

613.2 POLICY
A UAS may be utilized to enhance the office's mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

613.3 PRIVACY
The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall adhere to FAA altitude regulations and shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

613.4 PROGRAM COORDINATOR
The Sheriff will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations, and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current (OAR 738-080-0045).
- Ensuring that all authorized operators and required observers have completed all required FAA and office-approved training in the operation, applicable laws, policies, and procedures regarding use of the UAS.
- Developing uniform protocols for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents.
Deployment of a UAS shall require written authorization of the Sheriff or the authorized designee, depending on the type of mission.

- Developing protocols for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.
- Implementing a system for public notification of UAS deployment.
- Developing operational protocols governing the deployment and operation of a UAS including but not limited to safety oversight, use of visual observers, establishment of lost link procedures, and secure communication with air traffic control facilities.
- Developing a protocol for fully documenting all missions.
- Developing a UAS inspection, maintenance, and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence is accessed, maintained, stored, and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates, and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- Facilitating law enforcement access to images and data captured by the UAS.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Sheriff.
- Ensuring that the UAS is registered with the Oregon Department of Aviation (ORS 837.360).
- Developing protocols for storage, security, and access to data collected by the UAS (ORS 837.362).
- Developing protocols if a third party is used for the storage of data, including handling, security, and access to the data by the third party (ORS 837.362).
- Developing protocols for disclosing data collected by the UAS through intergovernmental agreements (ORS 837.362).
- Publishing the office policies and procedures regarding the use, storage (including third party storage), accessing, sharing, and retention of data collected by the UAS, including the text of ORS 192.345 on the office website or other publicly accessible system (ORS 837.362).

### 613.5 USE OF UAS

Only authorized operators who have completed the required training shall be permitted to operate the UAS.
Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted during daylight hours and a UAS should not be flown over populated areas without FAA approval.

The UAS shall only be operated by the Office (ORS 837.320; ORS 837.330; ORS 837.335):

(a) Pursuant to a valid warrant authorizing its use.

(b) When there is probable cause to believe that a person has committed a crime, is committing a crime or about to commit a crime, and exigent circumstances exist that make it unreasonable to obtain a warrant authorizing the use.

(c) With written consent of an individual for the purpose of acquiring information about the individual or the individual’s property.

(d) As part of search and rescue activities, as defined in ORS 404.200.

(e) When assisting an individual in an emergency if there is a reasonable belief that there is an imminent threat to the life and safety of the individual.
   1. A report shall be prepared documenting the factual basis for the belief.
   2. Within 48 hours of the emergency, a sworn statement shall be filed with the circuit court describing the nature of the emergency and the need for the use of the UAS.

(f) During a state of emergency declared by the Governor, if:
   1. The UAS is used for preserving public safety, protecting property or conducting surveillance that will be used to assess and evaluate environmental or weather-related damage, erosion or contamination.
   2. The UAS is operated only in the geographical area specified in the Governor’s proclamation.

(g) For the purpose of reconstructing a crime scene or accident scene, or a similar physical assessment, that is related to a specific investigation, as provided by ORS 837.340.

(h) For the purpose of training in the use and acquisition of information, as provided in ORS 837.345.

613.6 PROHIBITED USE

The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.
- To target a person based solely on individual characteristics, such as but not limited to race, ethnicity, national origin, religion, disability, gender, or sexual orientation.
- To harass, intimidate, or discriminate against any individual or group.
Lincoln County Sheriff’s Office
Lincoln County SO Policy Manual

_Unmanned Aerial System (UAS) Operations_

- To conduct personal business of any type.

The UAS shall not be weaponized (ORS 837.365).

The UAS shall not be used in any way that causes interference with an aircraft that is in the air, taking off, or landing (ORS 837.374).

613.7 RETENTION OF UAS DATA
Data collected by the UAS shall be retained as provided in the established records retention schedule (ORS 837.362).

613.8 REPORTING
The Patrol Commander supervisor shall ensure that an annual report is provided to the Oregon Department of Aviation that summarizes the frequency of UAS use and the purpose for the use, and indicates how the public can access the office’s policies and procedures regarding the use of data resulting from the use of UAS as required by ORS 837.360.
Sexual Assault Investigations

614.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

614.1.1 DEFINITIONS
Definitions related to this policy include:

**Sexual assault** - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in ORS 163.305 et seq.

**Sexual Assault Response Team (SART)** - A multidisciplinary team generally composed of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

614.2 POLICY
It is the policy of the Lincoln County Sheriff's Office that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

614.3 QUALIFIED INVESTIGATORS
Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

(a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.

(b) Conduct follow-up interviews and investigation.

(c) Present appropriate cases of alleged sexual assault to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.

(e) Provide referrals to therapy services, victim advocates and support for the victim.

(f) Participate in or coordinate with the SART or other multidisciplinary investigative teams as applicable (ORS 147.401).
614.4 REPORTING
In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

614.5 RELEASING INFORMATION TO THE PUBLIC
In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. A supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

614.6 TRAINING
Subject to available resources, periodic training should be provided to:

(a) Members who are first responders. Training should include:
   1. Initial response to sexual assaults.
   2. Legal issues.
   3. Victim advocacy.
   4. Victim’s response to trauma.

(b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
   1. Interviewing sexual assault victims.
   2. SART.
   3. Medical and legal aspects of sexual assault investigations.
   4. Serial crimes investigations.
   5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
   6. Techniques for communicating with victims to minimize trauma.

614.7 VICTIM INTERVIEWS
The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of the SART should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change
Sexual Assault Investigations

of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

614.7.1 POLYGRAPH EXAMINATION OF VICTIMS
Victims and any complaining witness in a case involving the use of force, violence, duress, menace or threat of physical injury in the commission of any sex crime under ORS 163.305 through ORS 163.575, shall not be required to submit to a polygraph examination as a prerequisite to filing criminal charges (34 USC § 10451; ORS 163.705).

614.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE
Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim. When a victim agrees to participate in a medical assessment, the deputy shall contact a victim advocate and make reasonable efforts to ensure that the advocate is present and available at the medical facility if such notification has not already been made by medical personnel (ORS 147.404).

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Unless the victim has chosen to remain anonymous, sexual assault kits or biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, shall be submitted for biological testing (ORS 181A.325).

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

614.8.1 COLLECTION AND TESTING REQUIREMENTS
A sexual assault forensic evidence kit shall be obtained from a medical facility within seven days after the medical facility notifies the Office that the kit has been collected. The sexual assault forensic evidence kit shall be submitted to the Oregon State Police (OSP) for testing within 14 days after the Office receives the kit from the medical facility and accompanied with information sufficient to allow OSP to prioritize testing. Sexual assault kits shall not be submitted in cases where the victim has chosen to remain anonymous (ORS 181A.325).

If a victim chooses to file a sexual assault report at a later time, the sexual assault kit associated with the report shall be reclassified as a non-anonymous kit and submitted for testing to the OSP within 14 days of the reclassification (ORS 181A.325).
Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

614.8.2 DNA TEST RESULTS
Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable. Investigating members should work with the crime victim liaison as provided in the Victim and Witness Assistance Policy.

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

614.9 DISPOSITION OF CASES
If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Crime Reduction Unit supervisor.

Classification of a sexual assault case as unfounded requires the Crime Reduction Unit supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

614.10 CASE REVIEW
The Crime Reduction Unit supervisor should ensure cases are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Sheriff.
Chapter 7 - Equipment
Department-Owned and Personal Property

700.1 PURPOSE AND SCOPE

Members’ personal property that becomes damaged during the performance of assigned duties will be reimbursed in accordance with this policy.

700.3 DEPARTMENT-ISSUED PROPERTY
All property and equipment issued by the Department shall be documented in the appropriate property sheet or equipment log. Receipt of issued items shall be acknowledged by the receiving member’s signature. Upon separation from the Department, all issued property and equipment shall be returned. Documentation of the return shall be acknowledged by the signature of a supervisor.

700.3.1 CARE OF PROPERTY
Members shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property assigned or entrusted to them. Intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to, the cost of repair or replacement.

(a) Members shall promptly report through their chain of command, any loss, damage to, or unserviceable condition of any department-issued property or equipment.

1. A supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Division Commander, which shall include the result of the investigation and whether misconduct or negligence caused the loss, damage or unserviceable condition.

2. A review of the incident by command staff should determine whether additional action is appropriate.

(b) The use of damaged or unserviceable property should be discontinued as soon as practicable, and the item replaced with a comparable item as soon as available and following notice to a supervisor.

(c) Except when otherwise directed by competent authority or otherwise reasonable by circumstances, department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.

(d) Department property shall not be thrown away, sold, traded, donated, destroyed, or otherwise disposed of without proper authority.
Department-Owned and Personal Property

(e) A supervisor’s approval is required before any attempt to repair damaged or unserviceable property is made by a member.

700.4 DAMAGE TO PROPERTY OF ANOTHER PERSON
Anyone who intentionally or unintentionally damages or causes to be damaged the real or personal property of another while performing any law enforcement function shall promptly report the damage through his/her chain of command.

The supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Division Commander, which shall include the result of the investigation and whether reasonable care was taken to prevent the loss, damage or unserviceable condition.

A review of the incident by command staff to determine whether misconduct or negligence was involved should be completed.

700.4.1 DAMAGE BY PERSONNEL OF ANOTHER AGENCY
Personnel from another agency may intentionally or unintentionally cause damage to the real or personal property of the County or of another person while performing their duties within the jurisdiction of this department. It shall be the responsibility of the department member present or the member responsible for the property to report the damage as follows:

(a) A verbal report shall be made to the member's immediate supervisor as soon as circumstances permit.

(b) A written report shall be submitted before the member goes off-duty or as otherwise directed by the supervisor.

The supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Division Commander which shall include the result of the investigation and whether misconduct or negligence caused the loss, damage or unserviceable condition.

700.5 PERSONAL PROPERTY
Carrying and/or using personal property or equipment on-duty requires prior approval by the Sheriff or the appropriate Division Commander. The member should submit a request that includes the description of the property, and the reason and length of time it will be used. Personal property of the type routinely carried by persons not performing law enforcement duties, and that is not a weapon, is excluded from this requirement.

The Department will not replace or repair costly items (e.g., jewelry, expensive watches, exotic equipment) that are not reasonably required as a part of work.

700.5.1 FILING CLAIMS FOR PERSONAL PROPERTY
Claims for reimbursement for damage to, or loss of, personal property must be made in writing and submitted to the member's supervisor.

The supervisor receiving such a request shall conduct an investigation and direct a memo to the appropriate Division Commander, which shall include the result of the investigation and whether the reasonable care was taken to prevent the loss, damage or unserviceable condition.
Department-Owned and Personal Property

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Sheriff who will then forward the claim to the County department responsible for issuing payments.
Personal Communication Devices

702.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Sheriff's Office or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

702.2 POLICY
The Lincoln County Sheriff's Office allows members to utilize issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Sheriff's Office, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

702.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Sheriff's Office (see the Information Technology Use Policy for additional guidance).

702.4 ISSUED PCD
Depending on a member's assignment and the needs of the position, the Office may, at its discretion, issue a PCD for the member's use to facilitate on-duty performance. Issued PCDs may not be used for personal business either on- or off-duty unless authorized by the Sheriff or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Office and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.
702.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

(a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.

(b) The Office accepts no responsibility for loss of or damage to a personally owned PCD.

(c) The PCD and any associated services shall be purchased, used and maintained solely at the member’s expense except as authorized by the Sheriff or designee.

(d) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Office, without the express authorization of the Sheriff or the authorized designee.

(e) Use of a personally owned PCD while at work or for work-related business constitutes consent for the Office to access the PCD to inspect and copy data to meet the needs of the Office, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Office with the telephone number of the device.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in department business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty -related business activities in any manner shall promptly provide the Office with a copy of such records to ensure accurate record keeping.

702.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct business:

(a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.

(b) All PCDs in the workplace should be set to silent or vibrate for professional and safety reasons.

(c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall
endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.

(d) Members may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.

(e) Members are prohibited from taking pictures, making audio or video recordings or making copies of any such picture or recording media unless it is directly related to official business. Disclosure of any such information to any third party through any means, without the express authorization of the Sheriff or the authorized designee, may result in discipline.

(f) Members will not access social networking sites for any purpose that is not official business.

(g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

702.7 SUPERVISOR RESPONSIBILITIES
The responsibilities of supervisors include, but are not limited to:

(a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.

(b) Monitoring, to the extent practicable, PCD use in the workplace and take prompt corrective action if a member is observed or reported to be improperly using a PCD.

1. An investigation into improper conduct should be promptly initiated when circumstances warrant.

(c) Before conducting any administrative search of a member’s personally owned device, supervisors should consult with the Sheriff or the authorized designee.

702.8 USE WHILE DRIVING
The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Deputies operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, members who are operating vehicles that are not equipped with lights and siren shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (ORS 811.507). Hands-free use should be restricted to business-related calls or calls of an urgent nature.
702.9 OFFICIAL USE
Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other secured communications network.
Vehicle Maintenance

704.1 PURPOSE AND SCOPE
Employees are responsible for assisting in maintaining Sheriff's Office vehicles so that they are properly equipped, properly maintained, properly refueled and present a clean appearance.

704.2 DEFECTIVE VEHICLES
When a County vehicle becomes inoperative or in need of repair that affects the safety of the vehicle, including, but not limited to, the lack of a working siren, emergency lights and/or radio communications, that vehicle shall be removed from service for repair. Proper documentation shall be promptly completed by the employee who first becomes aware of the defective condition, describing the correction needed. The paperwork shall be promptly forwarded to vehicle maintenance for repair.

704.2.1 DAMAGE OR POOR PERFORMANCE
Vehicles that may have been damaged, or perform poorly shall be removed from service for inspections and repairs as soon as practicable.

Civilian employees shall also prominently display the "out of service" placards or lightbar covers at all times. Civilian employees shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

Vehicle Use

706.1 PURPOSE AND SCOPE
The purpose of this policy is to establish a system of accountability to ensure County vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of County vehicles and shall not be construed to create or imply any contractual obligation by the Sheriff's Office to provide assigned take-home vehicles.

706.2 POLICY
The Lincoln County Sheriff's Office provides vehicles for office-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Office, requirements for tactical deployments and other considerations.

706.3 USE OF VEHICLES
All vehicles used in patrol operations are equipped with sheriff's radio and emergency equipment as defined by ORS 816.250 and OAR 735-110-0010 through OAR 735-110-0050. Vehicles with defective emergency equipment should be promptly reported to a supervisor and not used for patrol duties.

706.3.1 OTHER USE OF VEHICLES
Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify a Supervisor.

706.3.2 INSPECTIONS
Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this office should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

All County vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

Members are cautioned that under federal and local tax rules, personal use of a County vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member’s tax adviser.

Criteria for use of take-home vehicles include the following:
(a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Sheriff or a Division Commander gives authorization.
(b) Vehicles may be used to transport the member to and from the member’s residence for work-related purposes.
(c) Vehicles will not be used when off-duty except:
   1. In circumstances when a member has been placed on call by a supervisor and there is a high probability that the member will be called back to duty.

(g) Vehicles are to be parked off-street at the member’s residence unless prior arrangements have been made with the Sheriff or the authorized designee.

(h) Vehicles are to be secured at the member’s residence or the appropriate county facility, at the discretion of the Office when a member will be away (e.g., on vacation) for periods exceeding one week.

1. If the vehicle remains at the residence of the member, the Office shall have access to the vehicle.

2. If the member is unable to provide access to the vehicle, it shall be parked at the Office.

706.4.4 MAINTENANCE

Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the County. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

(a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.

(b) It is the member’s responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.

(c) All scheduled vehicle maintenance and car washes shall be performed as necessary at an approved facility.

706.5 UNMARKED VEHICLES

Unmarked vehicles are assigned to various divisions and their use is restricted to the respective division and the assigned member, unless otherwise approved by a supervisor.

706.6 DAMAGE, ABUSE AND MISUSE

When any County vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collision Reporting Policy).

Damage to any County vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in the appropriate form and forwarded to a Supervisor. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.
706.7 ATTIRE AND APPEARANCE
When operating any County vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Office.
Cash Handling, Security and Management

707.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure members handle cash appropriately in the performance of their duties.

This policy does not address cash-handling issues specific to the Property and Evidence and Informants policies.

707.2 POLICY
It is the policy of the Lincoln County Sheriff's Office to properly handle and document cash transactions and to maintain accurate records of cash transactions in order to protect the integrity of operations and ensure the public trust.

707.3 ROUTINE CASH HANDLING
Those who handle cash as part of their duties shall discharge those duties in accordance with the Property and Evidence and Informants policies.

Members who routinely accept payment for office services shall discharge those duties in accordance with the procedures established for those tasks.

707.4 OTHER CASH HANDLING
Members of the Office who, within the course of their duties, are in possession of cash that is not their property or that is outside their defined cash-handling responsibilities shall, as soon as practicable, verify the amount, summon another member to verify their accounting, and process the cash for safekeeping or as evidence or found property, in accordance with the Property and Evidence Policy.

Cash in excess of $1,000 requires immediate notification of a supervisor, special handling, verification and accounting by the supervisor.
Personal Protective Equipment

708.1 PURPOSE AND SCOPE
This policy identifies the different types of personal protective equipment (PPE) provided by the Office as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

708.1.1 DEFINITIONS
Definitions related to this policy include:

**Personal protective equipment (PPE)** - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

**Respiratory PPE** - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory PPE does not include particulate-filtering masks such as N95 or N100 masks.

708.2 POLICY
The Lincoln County Sheriff's Office endeavors to protect members by supplying certain PPE to members as provided in this policy.

708.3 DEPUTY RESPONSIBILITIES
Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

708.4 HEARING PROTECTION
Approved hearing protection shall be used by members during firearms training.

Hearing protection shall meet or exceed the requirements provided in 29 CFR 1910.95 and OAR 437-002-0080.

708.5 EYE PROTECTION
Approved eye protection, including side protection, shall be used by members during firearms training. Eye protection for members who wear prescription lenses shall incorporate the
prescription (e.g., eye protection that can be worn over prescription lenses). Members shall ensure their eye protection does not interfere with the fit of their hearing protection.

The Rangemaster shall ensure eye protection meets or exceeds the requirements provided in OAR 437-002-0134.

**708.6 RESPIRATORY PROTECTION**

Each Division Commander, if applicable to their division, is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan shall include procedures for (29 CFR 1910.134; OAR 437-002-0120):

(a) Selecting appropriate respiratory PPE based on hazards and risks associated with functions or positions.

(b) Fit testing, including identification of members or contractors qualified to conduct fit testing.

(c) Medical evaluations.

(d) PPE inventory control.

(e) PPE issuance and replacement.

(f) Cleaning, disinfecting, storing, inspecting, repairing, discarding and otherwise maintaining respiratory PPE, including schedules for these activities.

(g) Regularly reviewing the PPE plan.

(h) Remaining current with applicable National Institute for Occupational Safety and Health (NIOSH), American National Standards Institute (ANSI), Occupational Safety and Health Administration (OSHA), Environmental Protective Agency (EPA) and state PPE standards and guidelines.

**708.6.1 RESPIRATORY PROTECTION USE**

Designated members may be issued respiratory PPE based on the member's assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member’s degree of exposure or stress may affect respirator effectiveness, the scene commander shall reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (29 CFR 1910.134; OAR 437-002-0120):

(a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.
(b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.

(c) The member needs to replace the respirator, filter, cartridge or canister.

708.6.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION
Members shall not use self-contained breathing apparatus (SCBA), full-face respirators or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke or vapors shall use respiratory PPE.

Members using respiratory PPE shall (29 CFR 1910.134; OAR 437-002-0120):

(a) Ensure that they have no facial hair between the sealing surface of the facepiece and the face that could interfere with the seal or the valve function. Members also shall ensure that they have no other condition that will interfere with the face-to-facepiece seal or the valve function.

(b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.

(c) Perform a user seal check per office-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.

(d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

708.6.3 GAS MASK
Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (29 CFR 1910.134; OAR 437-002-0120).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

(a) They smell, taste or are irritated by a contaminant.

(b) They experience difficulty breathing due to filter loading.

(c) The cartridges or filters become wet.

(d) The expiration date on the cartridges or canisters has been reached.
Personal Protective Equipment

708.6.4 RESPIRATORFIT TESTING
No member shall be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor (29 CFR 1910.134; OAR 437-002-0120).

After initial testing, fit testing for respiratory PPE shall be repeated (29 CFR 1910.134; OAR 437-002-0120):

(a) At least once every 12 months.
(b) Whenever there are changes in the type of SCBA or facepiece used.
(c) Whenever there are significant physical changes in the user (e.g., obvious change in body weight, scarring of the face seal area, dental changes, cosmetic surgery or any other condition that may affect the fit of the facepiece seal).

All respirator fit testing shall be conducted in negative-pressure mode.

708.6.5 RESPIRATORY MEDICAL EVALUATION QUESTIONNAIRE
No member shall be issued respiratory protection that forms a complete seal around the face until (29 CFR 1910.134; OAR 437-002-0120):

(a) The member has completed a medical evaluation that includes a medical evaluation questionnaire.
(b) A physician or other licensed health care professional has reviewed the questionnaire.
(c) The member has completed any physical examination recommended by the reviewing physician or health care professional.

708.7 RECORDS
The training supervisor is responsible for maintaining records of all:

(a) PPE training.
(b) Initial fit testing for respiratory protection equipment.
(c) Annual fit testing.
(d) Respirator medical evaluation questionnaires and any subsequent physical examination results.

1. These records shall be maintained in a separate confidential medical file.

The records shall be maintained in accordance with the office records retention schedule, 29 CFR 1910.1020 and OAR 437-002-0360.

708.8 TRAINING
Members should be trained in the respiratory and other hazards to which they may be potentially exposed during routine and emergency situations.

All members shall be trained in the proper use and maintenance of PPE issued to them, including when the use is appropriate; how to put on, remove and adjust PPE; how to care for the PPE; and the limitations (29 CFR 1910.132; OAR 437-002-0120).
Chapter 8 - Support Services
Property and Evidence

801.1 PURPOSE AND SCOPE
This policy provides for the proper collection, storage, and security of evidence and other property. Additionally, this policy provides for the protection of the chain of evidence and those persons authorized to remove and/or destroy property.

801.2 DEFINITIONS
Evidence - Includes items taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.

Found Property - Includes property found by an employee or citizen that has no apparent evidentiary value and where the owner cannot be readily identified or contacted.

Property - Includes all items of evidence, items taken for safekeeping, and found property.

Safekeeping - Includes the following types of property:
- Property obtained by the Office for safekeeping, such as a firearm
- Personal property of an arrestee not taken as evidence
- Property taken for safekeeping under authority of a law

801.3 PROPERTY HANDLING
Any employee who first comes into possession of any property, shall retain such property in his/her possession until it is properly tagged and placed in the designated property locker or storage room along with the property form. Care shall be taken to maintain the chain of custody for all evidence. When not specifically addressed by this manual, collection and handling of all evidence and property should follow the guidelines established by the State of Oregon Physical Evidence Manual.

Employees will provide a receipt for all items of property or evidence that are received or taken from any person. If no person is present, and the property or evidence is removed from private property or a vehicle, the employee will leave a receipt prominently placed on the private property or the vehicle.

Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. The property form must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the item(s).

801.3.1 PROPERTY BOOKING PROCEDURE
All property must be booked prior to the employee going off-duty unless otherwise approved by a supervisor. Employees booking property shall observe the following guidelines:
(a) Complete the property form describing each item of property separately, listing all serial numbers, owner’s name, finder’s name, and other identifying information or markings

(b) The deputy shall mark each item of evidence with case number and item number using a tag, label, envelope, bag or other container not to deface or damage the item. Items that can be packaged in a container should be sealed with evidence tape that is dated and initialed.

(c) A copy of the property form shall be submitted with the case report. Computerized printouts of the property form do not need to be turned in with evidence. If an item is placed in an off-site location (e.g. vehicle or safe in the Impound Yard), place a computerized printout of the property form or handwritten evidence sheet in the photo/document drop locker to notify the Evidence Control Specialist of its location.

(d) Evidence should only be placed in the temporary lockers if they have been entered in your report. Otherwise, a handwritten property form needs to be turned in with the evidence and inputted into the property section of your report as soon as possible noting the actual time the evidence was placed in the locker (not the time the report is written). When the property is too large to be placed in a locker, the item may be secured in the bulk locker. Lock the door and submit the key, along with the completed property record, into the drop slot indicating the location of the property.

(e) When the property is still too large to be placed in a locker or bulk locker, the item may be retained in the temporary storage unit at the impound yard. Submit the completed property form in the drop slot. If the item is evidence, an alternate secure location must be used or the Evidence Control Specialist called in to receive and store it in the property room.

(f) When a Deputy seizes a vehicle as evidence of a crime, they shall cause the vehicle to be taken to the Lincoln County impound yard, where it will be placed into a secure garage, if available. If a secure garage is not available, the deputy will contact a supervisor. The supervisor will determine if the vehicle can be secured outside the garage, within the fenced-in area of the impound yard. If the vehicle is stored outside the garage, it will be secured with evidence tape. The deputy will complete a property receipt and give the operator of the vehicle a copy, if possible. The deputy will then write the case number on the windshield or window with the NeoMarker located in the drop box. The property receipt and vehicle keys, if available, will then be tagged with the case number and item number and placed into the drop slot at the impound yard.

(g) When property or evidence is stored for another law enforcement agency, the deputy will complete a police report and property receipt. This property will be disposed of in accordance with the established disposal policy of this office.

(h) If a deputy takes perishable evidence into custody, they shall photograph the property and return it to the owner. The CD or photographs will be placed into evidence.
(i) If a deputy seizes property or evidence and circumstances prevent the deputy from processing the evidence immediately, the deputy will place the property or evidence in the temporary evidence locker until the deputy can process it. In any event, the deputy will not leave the property or evidence in the temporary evidence locker for more than 24 hours without authorization from a supervisor.

(j) Alcoholic beverage containers will only be seized when there is a felony crime, or an injury or fatal motor vehicle crash, and the containers are needed as evidence. In all other cases, where an alcoholic beverage container is involved, the deputy will smell the contents, note the amount of liquid in the container, and the brand name. The empty container will then be given back to the suspect or disposed of. If a deputy seizes a keg, they will tag it with the case number and item number and place it in storage at the impound yard.

801.3.2 EXPLOSIVES/HAZARDOUS SUBSTANCES
Deputies who encounter a suspected explosive device shall promptly notify their immediate supervisor. The bomb squad will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling and disposal of all suspected explosives. In the event of military ordnance, the closest military unit shall be notified and will be responsible for removal of the device.

Explosives will not be retained in any sheriff's facility. Only fireworks that are considered stable and safe and road flares or similar signaling devices may be booked into property. All such items shall be stored in proper containers and in an area designated for the storage of flammable materials. The Evidence Control Specialist is responsible for transporting to the Fire Department, on a regular basis, any fireworks or signaling devices that are not retained as evidence.

801.3.3 EXCEPTIONAL HANDLING
Certain property items require a separate process. The following items shall be processed in the described manner:

(a) Bodily fluids such as blood or semen stains shall be air dried prior to booking and packages should be labeled with a biohazard sticker.

(b) License plates found not to be stolen or connected with a known crime should be released directly to the Evidence Control Specialist or placed in the designated container for return to the Department of Motor Vehicles. No formal property booking process is required.

(c) All bicycles and bicycle frames require a property record. Property tags will be securely attached to each bicycle or bicycle frame. The property may be released directly to the Evidence Control Specialist or placed in the bicycle storage area until a Evidence Control Specialist can log the property.

(d) All cash shall be counted in the presence of a supervisor and the envelope initialed by the booking deputy and the supervisor. The Supervisor shall be contacted for cash in excess of $1,000 for special handling procedures.
Property and Evidence

County property, unless connected to a known criminal case, should be released directly to the appropriate County department. No formal booking is required. In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.

801.3.4 COLLECTION AND PRESERVATION OF DNA EVIDENCE
Because DNA evidence can play a key role in establishing guilt or innocence, it is important that such evidence be collected, handled, and preserved in a manner that will maintain its integrity for future testing. Unless impracticable to do so, deputies should collect samples of all biological evidence that may reasonably be used to incriminate or exculpate any person as part of any criminal death investigation or a sex crime listed in ORS 163A.005. The Evidence Control Specialist will be responsible to ensure that biological evidence is preserved in an amount and manner that is sufficient to develop a DNA profile.

Collection and preservation should follow established protocols as outlined in the Oregon Physical Evidence Manual.

801.3.5 COLLECTION AND PRESERVATION OF SAFE KITS
Under current law, victims of sexual assault may seek medical assessment and choose not to make a report to law enforcement, yet still have evidence collected and preserved. The Lincoln County Sheriff's Office will collect and maintain the chain of evidence for all Oregon State Police Sexual Assault Forensic Evidence Kits (SAFE Kits) and any associated evidence collected by medical facilities in this jurisdiction for victims of sexual assault, regardless of where the assault may have occurred. Victims who choose to remain anonymous and not make a report shall not be required to do so (ORS 147.397).

The collection and preservation of SAFE Kits from anonymous victims shall be handled by the Patrol Division, which shall assign a detective to ensure their proper collection and preservation. When a medical facility notifies this office that evidence of a sexual assault has been collected and a SAFE Kit is available, the assigned detective shall be responsible for the following:

(a) Respond promptly to the medical facility to retrieve the evidence.

(b) Provide a unique case number to a responsible representative of the medical facility, which will be provided to the victim. The case number will be used to identify all associated evidence so that a chain of evidence can be maintained in the event the victim later decides to report the assault.

(c) Ensure that no identifying information regarding the victim, other than the case number, is visible on the evidence packaging.

(d) Prepare and submit an evidence report and book the evidence in accordance with current evidence procedures.

A SAFE Kit collected for a victim whose identity is not disclosed should be maintained in the same manner as other SAFE Kits, but should not be opened until or unless the victim reports the assault. Opening SAFE Kits may compromise the admissibility of evidence in the event of a prosecution.
801.3.6 STORAGE OF SURRENDERED WEAPONS
Deputies shall accept and store any weapons and ammunition from an individual who has been ordered by a court pursuant to an extreme risk protection order (ORS 166.527) or a protection order or judgment of conviction subject to the provisions of ORS 166.255 to surrender weapons and ammunition. The deputy receiving the surrendered items shall prepare a property receipt and provide the individual with a copy. The deputy should promptly forward the original receipt to the Support Services Director for timely filing with the court (ORS 166.537).

801.4 PACKAGING OF PROPERTY
Certain items require special consideration and shall be booked separately as follows:

(a) Narcotics and dangerous drugs
(b) Firearms (ensure they are unloaded and booked separately from ammunition). A flex cuff or similar device should be inserted through the chamber, barrel, or cylinder whenever possible.
(c) Property with more than one known owner
(d) Paraphernalia as described in ORS 475.525(2)
(e) Fireworks and other hazardous materials
(f) Contraband

801.4.1 PACKAGING CONTAINER
Employees shall package all property in a suitable container available for its size. Knife boxes should be used to package knives. All packages containing evidence must be sealed with evidence tape, initialed, and dated across the seal.

Needles or syringes will normally be disposed of in a sharps container and will not be submitted to the Property Room however when required for evidence in a serious crime or in a major investigation, a syringe tube should be used for packaging.

For items too large to fit in a box, a property tag shall be securely attached to the outside of all items, or group of items packaged together.

801.4.2 PACKAGING NARCOTICS
The deputy seizing narcotics and dangerous drugs shall retain such property in their possession until it is properly weighed, packaged, labeled, sealed, initialed, dated and placed in an evidence locker (or temporary locker until this can be accomplished. Prior to packaging and if the quantity allows, a presumptive test may be made on all suspected controlled substances using only testing kits and procedures approved by the Sheriff. NIK testing kits, as an example, are not approved for use due to exposure dangers. If conducted, the results of this test shall be included in the deputy's report.

Narcotics and dangerous drugs shall be packaged in an envelope available in the Evidence Preparation Area (EPA) and labeled with the case number and item number. The booking deputy shall seal the envelope with evidence tape and initial and date the tape. The deputy will initial the
sealed envelope and the initials covered with cellophane tape. Narcotics and dangerous drugs shall not be packaged with other property. Pills and capsules will be counted before being placed in evidence.

If the paraphernalia/suspected controlled substances are not needed as evidence, the deputy will label and seal the item as usual and mark the "destroy" box on the Evidence Form to alert the Property Technician to destroy the substance.

If the evidence/controlled substance are needed as evidence, the deputy will remove a small sample of the substance for testing and place it in a small plastic baggie, sealing it with evidence tape. This sample needs to be assigned its own item number for tracking purposes. The deputy will then place the remainder in a container and label, seal, and initial it as usual. The deputy will place the remaining substance, the sample, and the Form 49 transmittal form in the evidence locker. The Evidence Technician will then forward the sample to the crime laboratory.

801.5 RECORDING OF PROPERTY
The Evidence Control Specialist receiving custody of evidence or property shall record his/her signature, the date and time the property was received and where the property will be stored on the property control card.

A property number shall be obtained for each item or group of items. This number shall be recorded on property tag and the property form.

Any changes in the location of property held by the Lincoln County Sheriff's Office shall be noted in the property logbook.

801.6 PROPERTY ROOM SECURITY
Access to the Property Room is limited to Evidence Control Specialists unless visitors are logged in and out, including the time, date and purpose of entry. All personnel entering the Property Room must be accompanied at all times by a Evidence Control Specialist.

Annual independent audits will be completed of the Property Room function with an audit report to the Sheriff.

801.6.1 RESPONSIBILITY OF OTHER PERSONNEL
Every time property is released or received, an appropriate entry on the evidence package shall be completed to maintain the chain of possession. No evidence is to be released without first receiving written authorization from the assigned investigator or his/her supervisor.

Request for analysis for items other than narcotics or drugs shall be completed on the appropriate forms and submitted to the Evidence Control Specialist. This request may be filled out any time after the booking of property or evidence.

801.6.2 TRANSFER OF EVIDENCE TO CRIME LABORATORY
The transporting employee will check the evidence out of property, indicating the date and time on the property control card and the request for laboratory analysis.
801.6.3 STATUS OF PROPERTY
Each person receiving property will make the appropriate entry to document the chain of evidence. Temporary release of property to deputies for investigative purposes, or for court, shall be noted on the property control card, stating the date, time and to whom released.

The Evidence Control Specialist shall obtain the signature of the person to whom property is released, and the reason for release. Any employee receiving property shall be responsible for such property until it is properly returned to property or properly released to another authorized person or entity.

The return of the property should be recorded on the property control card, indicating date, time, and the person who returned the property.

801.6.4 RELEASE OF PROPERTY
Property may be released to a verified owner at the discretion of the Evidence Control Specialist without further authorization. A Evidence Control Specialist shall release the property upon proper identification being presented by the owner for which an authorized release has been received. A signature of the person receiving the property shall be recorded on the original property form. After release of all property entered on the property control card, the card shall be forwarded to the Support Services Division for filing with the case. If some items of property have not been released, the property card will remain with the property division. Upon release, the proper entry shall be documented in the Property Log.

All reasonable attempts shall be made to identify the rightful owner of found property or evidence not needed for an investigation. Property not claimed within 30 days after notification of owner of its availability for release will be auctioned, destroyed, or disposed of in accordance with these procedures and existing law.

Unless the owner is known, found property and property held for safekeeping will be held for at least 90 days.

801.6.5 RELEASE OF EVIDENCE
Evidence may only be released with the authorization of the DA’s office and the deputy or detective assigned to the case.

Once a case has been adjudicated or passed the statute of limitations for prosecution, a Evidence Control Specialist will request a disposition authorization from the DA’s office and the assigned
Property and Evidence

deputy or detective. Care should be taken to ensure there are no outstanding warrants for suspects or additional defendants for the same case prior to authorizing release.

Release of evidence shall be made upon receipt of an authorized release form, listing the name and address of the person to whom the property is to be released. The release authorization shall be signed by the assigned deputy or detective and must conform to the items listed on the property form or must specify the specific item(s) to be released.

Once evidence has been authorized for release and is no longer needed for any pending criminal case, it shall be considered property and released or disposed of in accordance with those procedures.

801.6.6 DISPUTED CLAIMS TO PROPERTY
Occasionally more than one party may claim an interest in property being held by the Lincoln County Sheriff's Office, and the legal rights of the parties cannot be clearly established. Such property shall not be released until one party has obtained a valid court order or other undisputed right to the involved property.

All parties should be advised that their claims are civil and in extreme situations, legal counsel for the Lincoln County Sheriff's Office may wish to file an interpleader to resolve the disputed claim (ORCP 31).

801.6.7 FOUND PROPERTY
If a deputy receives found property, they will check the property for being stolen and make a reasonable attempt to locate the owner. If the property appears to be stolen property or if the property appears to be significant personal property (purses, billfolds, credit cards, identification, etc.) the deputy will take the property and place it into evidence.

Any other found property valued at less than $100 may be claimed by the finder. If the finder refuses to keep the property, the deputy will take the property into custody and place it into evidence to be later disposed of in a lawful manner.

If the property is valued at $100 or more, the finder may keep and claim the property as specified in Oregon Revised Statutes 98.005. The deputy will give the finder the back of the pink Property Form, which describes Oregon Revised Statutes 98.005, and advise them to read it carefully and refer them to the County Clerk. If the finder refuses to keep the property, the deputy will take the property into custody to be later disposed of in a lawful manner.

Found property in LCSO possession will be kept for a period of 60 days and if not claimed by the rightful owner, will be posted for 30 additional days per Oregon Revised Statutes 98.245. The Evidence Officer will maintain a record of all attempts to contact the rightful owner.

(b) Confirming that the extreme risk protection order is no longer in effect.

If a third party claims lawful ownership or rightful possession to a deadly weapon that was surrendered pursuant to an extreme risk protection order, the Office may return the weapon to the third party if the third party provides proof of ownership and affirms by sworn affidavit that (ORS 166.537(5)):

- He/she may lawfully possess the deadly weapon.
- He/she did not consent to the prior possession of the deadly weapon by the person subject to the extreme risk protection order.
- He/she will prevent the person subject to the order from accessing or possessing the deadly weapon in the future.

A deadly weapon that remains unclaimed shall be disposed of in accordance with Office policies and procedures for disposal of deadly weapons (ORS 166.540).

801.6.9 RELEASE OF FIREARMS IN ORS 166.255 PROTECTION ORDER MATTERS

The Evidence Control Specialist shall request a disposition or status on all property that has been held in excess of 120 days, and for which no disposition has

Restoration of Firearm Serial Numbers

805.1 PURPOSE AND SCOPE
The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines.

805.2 PROCEDURE
Any firearm coming into the possession of the Lincoln County Sheriff's Office as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

805.2.1 PRELIMINARY FIREARM EXAMINATION
(a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.

(b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.

(c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.

(d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

805.2.2 PROPERTY BOOKING PROCEDURE
Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.
Restoration of Firearm Serial Numbers

805.2.3 DEPUTY RESPONSIBILITY
The Evidence Control Specialist receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.

805.2.4 DOCUMENTATION
Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collection until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

805.2.5 FIREARM TRACE
After the serial number has been restored or partially restored by the criminalistics laboratory, the Evidence Control Specialist will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or the data may be entered into the ATF eTrace system.

805.3 BULLET AND CASING IDENTIFICATION
Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to digitize and compare unique markings made by a firearm on bullets and cartridge casings recovered from crime scenes.
Records Maintenance and Release

807.1 PURPOSE AND SCOPE
This policy provides guidance on the maintenance and release of office records. Protected information is separately covered in the Protected Information Policy.

807.4 PROCESSING REQUESTS FOR PUBLIC RECORDS
Any office member who receives a request for any record shall route the request to the Custodian of Records or the authorized designee.

807.4.1 DENIALS
If the Custodian of Records determines that a requested record is not subject to disclosure or release, the Custodian of Records shall inform the requestor in writing of that fact and state the
reason for the denial. When the denial is pursuant to federal or state law, the specific law shall be provided to the requester (ORS 192.329).

When asserting that a record is exempt, the written statement of denial shall include a statement that the requester may seek review of the determination pursuant to Oregon Law as identified by ORS 192.329.

If the denial is challenged by the requester by petition to the Attorney General or the District Attorney, the Office will have the burden to support the denial (ORS 192.401; ORS 192.415).

807.4.2 REQUESTS FOR RECORDS
The processing of requests for any record is subject to the following (ORS 192.324; ORS 192.329):

   1. Access or copies of the requested public records are provided to the requester, if no exemption applies or an explanation is provided to the requester where the records are publicly available.
   2. A written statement is sent to the requester that an exemption exists and that access is denied.
      (a) When a record contains material with release restrictions and material that is not subject to release restrictions, the restricted material shall be redacted, and the unrestricted material released (ORS 192.338).
         1. A copy of the redacted release should be maintained in the case file for proof of what was actually released and as a place to document the reasons for the redactions. If the record is audio/video, a copy of the redacted audio/video release should be maintained in the office-
approved media storage system and a notation should be made in the case file to document the release and the reasons for the redacted portions.

3. A written statement is sent to the requester that the Office is not the custodian of records for the record requested.

4. A written statement that state or federal law prohibits the Office from acknowledging whether the record exists or would result in the loss of federal benefits or other sanctions. This statement shall include the state or federal law citation relied upon by the Office.

(g) If a fee is permitted under ORS 192.324(4) and the requester has been informed, the request is suspended until the requester has paid the fee or the Office has waived the fee. If the fee is not paid within 60 days of informing the requester of the fee or the Office has denied a request for a fee waiver, the request shall be closed.

(h) If necessary, the Custodian of Records or the authorized designee may request additional information or clarification for the purpose of expediting the response to the request. The response to the request is suspended until the requester provides the requested information, clarification, or affirmatively declines to provide the information or clarification. If the requester fails to respond within 60 days, the request shall be closed.

(i) If the public record is maintained in a machine readable or electronic form, a copy of the public record shall be provided in the form requested, if available. If the public record is not available in the form requested, the public record shall be made available in the form in which it is maintained (ORS 192.324).

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, County Counsel or the courts.

providing the notice; the contact information for national consumer reporting agencies; and that any suspected identity theft should be reported to law enforcement, the Attorney General, and the Federal Trade Commission.

(b) When notice is delayed because it will impede an active criminal investigation, the member in charge of the investigation must document the reason why a delay in notification is necessary to the investigation.

(c) Provide substitute notice if notification would cost more than $250,000 or if there were more than 350,000 individuals whose personal information was breached.

(d) If notification is required to be made to more than 1,000 individuals, the Lincoln County Sheriff's Office should also notify consumer reporting agencies.

Protected Information

809.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Lincoln County Sheriff's Office. This policy addresses the protected information that is used in the day-to-day operation of the Office and not the public records information covered in the Records Maintenance and Release Policy.

809.1.1 DEFINITIONS
Definitions related to this policy include:

Protected information - Any information or data that is collected, stored or accessed by members of the Lincoln County Sheriff's Office and is subject to any access or release restrictions imposed by law, regulation, order or use agreement. This includes all information contained in federal, state or local law enforcement databases that is not accessible to the public.

809.2 POLICY
Members of the Lincoln County Sheriff's Office will adhere to all applicable laws, orders, regulations, use agreements and training related to the access, use, dissemination and release of protected information.

809.3 RESPONSIBILITIES
The Sheriff shall select a member of the Office to coordinate the use of protected information.

The responsibilities of this position include but are not limited to:

(a) Ensuring member compliance with this policy and with requirements applicable to protected information, including requirements for the National Crime Information Center (NCIC) system, National Law Enforcement Telecommunications System (NLETS), Department of Motor Vehicle (DMV) records, and Law Enforcement Data System (LEDS).

(b) Developing, disseminating, and maintaining procedures that adopt or comply with the U.S. Department of Justice’s current Criminal Justice Information Services (CJIS) Security Policy.

(c) Developing, disseminating, and maintaining any other procedures necessary to comply with any other requirements for the access, use, dissemination, release, and security of protected information.

(d) Developing procedures to ensure training and certification requirements are met.

(e) Resolving specific questions that arise regarding authorized recipients of protected information.

(f) Ensuring security practices and procedures are in place to comply with requirements applicable to protected information.
809.4 ACCESS TO PROTECTED INFORMATION
Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Lincoln County Sheriff's Office policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

809.4.1 ACCESS TO OREGON STATE PATROL OFFENDER INFORMATION
Access to Oregon State Police (OSP) criminal offender information may be granted when the information is to be used for the administration of criminal justice, employment, or the information is required to implement a federal or state statute, local ordinance, Executive Order, or administrative rule that expressly refers to criminal conduct and contains requirements or exclusions expressly based on such conduct, or other demonstrated and legitimate needs (OAR 257-010-0025).

809.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION
Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Support Services Director for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Office may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Support Services Division to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of deputies, other office members or the public is at risk. In those instances, cell phones should be used if possible. The transmission should be limited to essential details only, with maximized use of law enforcement codes (10 or 12 code), concealing information identifying individuals and offenses as much as possible. Plain text transmission of an entire record (summary or full) is prohibited.

Nothing in this policy is intended to prohibit broadcasting warrant information.
809.5.1 REVIEW OF CRIMINAL OFFENDER RECORD
Individuals requesting to review their own Oregon criminal offender information shall be referred to OSP, Identification Services Section (OAR 257-010-0035).

An individual may review his/her local record on file with the Office under the provisions of ORS 192.345(3), and after complying with all legal requirements.

This office will not release information originated by any other agency (ORS 192.410 through ORS 192.311 et seq). Individuals requesting this information shall be referred to the originating agency.

809.6 SECURITY OF PROTECTED INFORMATION
The Sheriff will select a member of the Office to oversee the security of protected information.

The responsibilities of this position include but are not limited to:

(a) Developing and maintaining security practices, procedures, and training.
(b) Ensuring federal and state compliance with the CJIS Security Policy and the requirements of any state or local criminal history records systems.
(c) Establishing procedures to provide for the preparation, prevention, detection, analysis, and containment of security incidents including computer attacks.
(d) Tracking, documenting, and reporting all breach of security incidents to the Sheriff and appropriate authorities.

809.6.1 MEMBER RESPONSIBILITIES
Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

Members shall only access law enforcement database systems containing CJIS protected data from a county issued or approved device equipped with a mobile device management (MDM) system installed by the county. Examples of CJIS protected databases may include, but are not limited to, county email systems, LEDS/NCIC databases and records management systems.

809.7 TRAINING
All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

809.7.1 LEDS TRAINING
All members who operate a terminal to access the LEDS network shall complete a LEDS System Training Guide at a level consistent with the member’s duties. Each member who operates a terminal to access LEDS must be re-certified by the Office every two years (OAR 257-015-0050).
Computers and Digital Evidence

811.1 PURPOSE AND SCOPE
This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

811.2 SEIZING COMPUTERS AND RELATED EVIDENCE
Computer equipment requires specialized training and handling to preserve its value as evidence. Deputies should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

(a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.

(b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.

(c) If the computer is off, do not turn it on.

(d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
   1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
   2. Disconnect the power cable from the back of the computer box (For laptops, disconnect any power cable from the case and remove the battery).

(e) Label each item with case number, evidence sheet number and item number.

(f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.

(g) Lodge all computer items in the Evidence Room. Do not store computers where normal room temperature and humidity is not maintained.

(h) At minimum, deputies should document the following in related reports:
   1. Where the computer was located and whether or not it was in operation.
   2. Who was using it at the time.
   3. Who claimed ownership.
   4. If it can be determined, how it was being used.
Computers and Digital Evidence

(i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

811.2.1 BUSINESS OR NETWORK COMPUTERS
If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Deputies should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence. Cases involving networks require specialized training which is available through the Northwest Regional Computer Forensic Lab, the Oregon State Police or another agency having certified examiners.

811.2.2 FORENSIC EXAMINATION OF COMPUTERS
If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to the Computer Forensic Examiner:

(a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
(b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
(c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
(d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

811.3 SEIZING DIGITAL STORAGE MEDIA
Digital storage media, to include hard discs, floppy discs, CDs, DVDs, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

(a) If the media has a write-protection tab or switch, it should be activated.
(b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request Property Control to copy the contents to an appropriate form of storage media.
(c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
Computers and Digital Evidence

(d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.

(e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

811.4 SEIZING PERSONAL COMMUNICATION DEVICES
Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

(a) Deputies should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.

(b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.

(c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

811.5 DIGITAL EVIDENCE RECORDED BY DEPUTIES
Deputies handling and submitting evidence recorded by officers and stored digitally using digital cameras, audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

811.5.1 COLLECTION OF DIGITAL EVIDENCE
Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

811.5.2 SUBMISSION OF DIGITAL MEDIA
The following are required procedures for the submission of digital media used by cameras:

(a) As soon as possible following the collection of evidence, deputies should remove the recording media (smart card, compact flash card or any other media) from their digital camera and copy the images from the memory card using appropriate storage media. Upon completion of the transfer, the storage media shall be submitted into evidence following procedures outlined in policy number 804.3.1.

(b) Once it is verified that the images are properly transferred to the storage media, the deputy will erase the memory card for reuse. The storage media shall be marked as the original.
811.5.3 DOWNLOADING OF DIGITAL FILES
Digital information such as video or audio files recorded on devices using internal memory (including the in-car video systems and digital voice/video recorders) must be downloaded to storage media. The following procedures are to be followed:

(a) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

811.5.4 PRESERVATION OF DIGITAL EVIDENCE

(a) Only evidence technicians are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.

(b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.

(c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.
Animal Services

817.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

817.2 ANIMAL SERVICES RESPONSIBILITIES
Animal control services are generally the primary responsibility of Animal Services and include the following:

(a) Animal-related matters during periods when Animal Services is available.

(b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that Animal Services is available for investigation and resolution.

(c) Follow-up on animal-related calls, such as locating owners of injured animals.

817.3 MEMBER RESPONSIBILITIES
Members who respond to or assist with animal-related calls for service should evaluate the situation and determine appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding personnel generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

(a) There is a threat to public safety.

(b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.

(c) An animal is creating a traffic hazard.

(d) An animal is seriously injured.

(e) The owner/handler has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal or transport the animal to the Lincoln County Animal Shelter. The disposition of the animal should be noted in a report.

(a) This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.

(b) With the owner’s consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.

(c) If no person can be found or the owner does not or cannot give consent, the animal should be taken to the animal shelter.
**817.4 DECEASED ANIMALS**
When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

Deceased animals on public property should be removed, sealed in a plastic bag, and properly disposed of by the responding member.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.

**817.5 INJURED ANIMALS**
When any injured domesticated animal is brought to the attention of a member of the Lincoln County Sheriff's Office, all reasonable attempts shall be made to contact the owner or responsible handler. When the owner or responsible handler cannot be located and the animal is not an immediate danger to the community, it shall be taken to a doctor of veterinary medicine as described below.

(a) During normal business hours, the animal should be taken to an authorized veterinary care clinic

(b) If after normal business hours, the animal should be taken to the authorized Veterinary Emergency & Critical Care Services Clinic.

(c) The only exception to the above is when the animal is an immediate danger to the community or the owner of the animal is identified and takes responsibility for the injured animal.

1. When the need to euthanize a seriously injured or dangerous animal exists, the Firearms Policy shall be followed. The decision to euthanize a seriously injured animal will rest with the supervisor.

(d) Injured wildlife should be referred to the Marine Mammal Center, Oregon Department of Fish and Wildlife or the Oregon State Police, as applicable.

(e) When handling dead or injured animals sheriff's office employees shall attempt to identify and notify the owner of the final disposition of the animal.

(f) Each incident shall be documented to include, at minimum, the name of the reporting party and veterinary hospital and/or person to whom the animal is released.

**817.6 POLICY**
It is the policy of the Lincoln County Sheriff's Office to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.
817.7 ANIMAL CRUELTY COMPLAINTS
Laws relating to the cruelty to animals should be enforced, including but not limited to those cited in ORS 133.379 (animal abuse, animal neglect). An animal services deputy may request a certified patrol deputy to assist with the investigation. If a search warrant is needed, the animal service deputy will request a certified deputy for assistance. The certified deputy must sign the search warrant.

(a) An investigation should be conducted on all reports of animal cruelty.
(b) Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.
(c) Members who lawfully seize an animal shall comply with the notice requirements of ORS 167.345.

817.8 ANIMAL BITE REPORTS
Deputies shall obtain as much information as possible for forwarding to the animal services deputies for follow up. An Animal Bite Report Form must be completed and attached to the incident report with a copy forwarded to the County Health Department.

Deputies shall instruct the owner of a biting animal, if contacted, to keep the animal confined on the property for 10 days, or, have the animal impounded and transported to the animal shelter for the quarantine period. If the animal is a stray, every effort shall be made to capture and impound the animal immediately.

817.9 STRAY DOGS
If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the animal shelter.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

817.10 DANGEROUS ANIMALS
In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Supervisor will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.

817.11 PUBLIC NUISANCE CALLS RELATING TO ANIMALS
Members should diligently address calls related to nuisance animals (e.g., barking dogs), because such calls may involve significant quality-of-life issues.

817.12 DESTRUCTION OF ANIMALS
When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor.
817.13  RESCUE OF ANIMALS IN VEHICLES
A member who has a good-faith belief that entry into a motor vehicle is necessary because a domestic animal inside the vehicle is in imminent danger of suffering harm may enter the vehicle to remove the animal (ORS 30.813). Members should:

(a) Determine that the motor vehicle is locked or there is no other reasonable method for the animal to exit the vehicle.
(b) Make a reasonable effort to locate the owner before entering the vehicle.
(c) Take steps to minimize damage to the vehicle, using no more force than necessary to enter the vehicle and remove the animal.
(d) Refrain from searching the vehicle or seizing items except as otherwise permitted by law.
(e) Leave notice on or in the vehicle identifying the location where the animal has been taken and the name and Office of the member involved in the rescue.
(f) Make reasonable efforts to contact the owner or secure the vehicle before leaving the scene.
Animal Shelter Procedures

818.1 PURPOSE AND SCOPE
The Lincoln County Sheriff's Office is dedicated to providing a safe haven for abandoned, lost, and abused and neglected animals; to educate the public on animal welfare issues; and to protect animal welfare and public safety by enforcing Oregon's anti-cruelty and animal control laws. The Sheriff Office operates the animal shelter in a professional manner incorporating sound techniques of kennel science, disease control, sanitation, humane care, and customer service as set forth in these policies and shelter procedures.

818.2 ANIMAL HANDLING AND CARE
All animals will be treated in a humane manner. Employees will not use more restraint than is reasonably necessary under the circumstances to prevent injury to any person or animal. All animals will receive proper medical care; appropriate diet and clean water; clean, sanitary, and comfortable kennels; and exercise, socialization, and enrichment.

818.3 RECEIVING STRAY ANIMALS
Animal Shelter staff, or impounding deputies or officers, must obtain all information on the Intake/Redemption Form including information about the finder, the animal, the location the animal was found, any information about a possible or known owner and their contact information, and a signature from the finder. Impounded dogs will be held for five days (120 hours) if they have identification, and three days (72 hours) if no identification can be determined before being adopted, transferred, or euthanized. If an animal is brought to the shelter with an identification tag, microchip, or current license, the Shelter staff will attempt to notify the owner by phone and mail. A dog or cat who has bitten a person must be quarantined for no less than ten (10) days from the date of the bite. At the end of the quarantine time, a dog may not be released from the shelter until ordered by the County Court, or authorized by the Animal Services Deputy or the impounding Officer of record. Any animal deemed by the shelter staff to be severely injured, medically unstable, dangerous, or present a threat to the health of the current shelter population may be humanely euthanized to prevent further pain, suffering, or danger to the shelter animals or staff.

818.4 RECEIVING OWNER SURRENDERED ANIMALS
An animal surrendered by their lawful owner or agent becomes the property of the Lincoln County Animal Shelter upon intake. Shelter staff will make reasonable efforts to obtain information about the animal's behavior and veterinary history. Owners/agents surrendering their animal(s) must sign a written release and pay owner surrender fees as set forth in the Lincoln County Fee Schedule.

818.5 ANIMAL REDEMPTION
Animals being redeemed will only be released to the legal owner or their agent. Owners/agents may be asked to present identification and pay the appropriate impound and boarding fees as set
forth in the Lincoln County Fee Schedule. If the dog is not currently licensed in the county, the owner/agent must provide proof of rabies vaccination at the time of redemption to purchase a license. If the dog does not have a current rabies vaccination, the owner/agent will need to pre-purchase a license and provide proof of rabies vaccination within 15 days.

818.6 LOST OR FOUND ANIMALS
Employees will record lost and found reports in the shelter database and will make all reasonable efforts to reunite owners with their pets.

818.7 ANIMAL LICENSING
All dogs living in the state of Oregon are required by law to be vaccinated against rabies. All dogs living in Lincoln County are required by law to be licensed at six (6) months of age (or when permanent canines appear) or within thirty (30) days of becoming a Lincoln County resident. The licensing fees are set forth in the Lincoln County Fee Schedule.

818.8 EUTHANASIA
Animals may be humanely euthanized when they have medical conditions that are untreatable or pose an extreme risk to the existing shelter population, or have behavior issues that are untreatable or unsafe for the community.

Animal owners may request euthanasia for medical or unmanageable behavior reasons upon payment of fees set forth in the Lincoln County Fee Schedule.

All euthanasias must be performed by a Certified Euthanasia Technician (CET), or CET in training with a CET in attendance, in accordance with shelter procedures.

818.9 VOLUNTEERS
Potential volunteers, including those interested in fostering, must fill out an application. Upon receipt, Support Services will complete a basic background investigation and return the application to the Shelter. Approved volunteers will attend an orientation session and receive training from shelter staff or from an experienced volunteer. If the application is denied, the applicant will be notified.

818.10 SAFETY
Chapter 9 - Custody
Custodial Searches

**900.1 PURPOSE AND SCOPE**
This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Lincoln County Sheriff's Office facility. Such items can pose a serious risk to the safety and security of members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of trace evidence from an individual in custody.

**900.1.1 DEFINITIONS**
Definitions related to this policy include:

- **Custody Search** - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

- **Physical body cavity search** - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

- **Strip search** - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

**900.2 POLICY**
All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

**900.3 FIELD AND TRANSPORTATION SEARCHES**
A deputy should conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any County owned vehicle.

Whenever practicable, a custody search should be conducted by a deputy of the same sex as the person being searched.

**900.4 SEARCHES AT SHERIFF'S FACILITIES**
Custody searches shall be conducted on all individuals in custody, upon entry to the Lincoln County Sheriff's Office facilities. Except in exigent circumstances, the search should be conducted
Custodial Searches

by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

900.4.1 PROPERTY
Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

Some property may not be accepted by a facility or agency that is taking custody of an individual from this office, such as weapons or large items. These items should be retained for safekeeping in accordance with the Property and Evidence Policy.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another member. The inventory should include the case number, date, time, member's Lincoln County Sheriff's Office identification number and information regarding how and when the property may be released.

900.4.2 VERIFICATION OF MONEY
All money shall be counted in front of the individual from whom it was received. When possible, the individual shall initial the dollar amount on the inventory. Additionally, all money should be placed in a separate envelope and sealed. Negotiable checks or other instruments and foreign currency should also be sealed in an envelope with the amount indicated but not added to the cash total. All envelopes should clearly indicate the contents on the front. The member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope.

900.4.3 RECEIPT FOR PROPERTY OR MONEY
The deputy or other member charged with such inventories shall ensure that the individual receives a receipt for any money or other property received and should have the individual countersign both the original and duplicate receipt. Members will otherwise comply with ORS 133.455 if the individual is unable to sign.

900.5 STRIP SEARCHES
*** Please see Jail Operations policy B3-B01 for more information on strip searches.

900.5.1 SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHES
A strip search may be conducted in the field only with Supervisor authorization and only in exceptional circumstances, such as when:
Custodial Searches

(a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.

(b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.

900.6 PHYSICAL BODY CAVITY SEARCH

Physical body cavity searches shall be subject to the following:

(a) No individual shall be subjected to a physical body cavity search without written approval of the Supervisor and only upon a search warrant or approval of legal counsel. A copy of any search warrant and the results of the physical body cavity search shall be included with the related reports and made available, upon request, to the individual or authorized representative (except for those portions of the warrant ordered sealed by a court).

(b) Only a physician may conduct a physical body cavity search.

(c) Except for the physician conducting the search, persons present must be of the same sex as the individual being searched. Only the necessary department members needed to maintain the safety and security of the medical personnel shall be present.

(d) Privacy requirements, including restricted touching of body parts and sanitary condition requirements, are the same as required for a strip search.

(e) All such searches shall be documented, including:
   1. The facts that led to the decision to perform a physical body cavity search of the individual.
   2. The reasons less intrusive methods of searching were not used or were insufficient.
   3. The Supervisor’s approval.
   4. A copy of the search warrant.
   5. The time, date and location of the search.
   6. The medical personnel present.
   7. The names, sex and roles of any department members present.
   8. Any contraband or weapons discovered by the search.

(f) A copy of the written authorization shall be retained and made available to the individual who was searched or other authorized representative upon request.
Custodial Searches

900.7 TRAINING
The Training Sergeant should provide members training that includes:

(a) Conducting searches of cross-gender individuals.
(b) Conducting searches of transgender and intersex individuals.
(c) Conducting searches in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs.

900.8 CLOSED CONTAINER SEARCHES
The Lincoln County Sheriff’s Office has determined that there is a serious, imminent risk to public safety associated with transporting and storing items of personal property in possession of a person taken into police custody when that personal property has not been inventoried. Transporting or storing un-inventoried property in County vehicles or in Jail facilities puts staff, inmates and public property at risk by allowing the intentional or unintentional introduction of person property that contains toxic, explosive, hazardous or flammable substances, or weapons. No closed containers in possession of a person taken into custody should be transported or stored in Lincoln County facilities or vehicles unless it is inventoried.

In order to balance the need to ensure public safety with privacy rights of persons taken into custody, this policy allows a person to turn their property over to a third party present at the scene where they are taken into custody.

All closed containers in possession of a person taken into custody or transported will be inventoried.
Prison Rape Elimination

902.1 PURPOSE AND SCOPE
This policy provides guidance for complying with the Prison Rape Elimination Act of 2003 (PREA) and the implementing regulation that establishes standards (PREA Rule) to prevent, detect and respond to sexual abuse, harassment and retaliation against prisoners in the Lincoln County Sheriff's Office Temporary Holding Facilities (28 CFR 115.111).

**902.2 POLICY**
The Lincoln County Sheriff's Office has zero tolerance toward all forms of sexual abuse and sexual harassment (28 CFR 115.111). The Department will not tolerate retaliation against any person who reports sexual abuse or sexual harassment or who cooperates with a sexual abuse or sexual harassment investigation.

The Lincoln County Sheriff's Office will take immediate action to protect prisoners who are reasonably believed to be subject to a substantial risk of imminent sexual abuse (28 CFR 115.162).

**902.3 PREA COORDINATOR**
The Sheriff shall appoint an upper-level manager with sufficient time and authority to develop, implement and oversee department efforts to comply with PREA standards in the Lincoln County Sheriff's Office Temporary Holding Facilities (28 CFR 115.111). The PREA Coordinator's responsibilities shall include:

(a) Developing and maintaining procedures to comply with the PREA Rule.

(f) Ensuring a protocol is developed for investigating allegations of sexual abuse in the Temporary Holding Facility. The protocol shall include (28 CFR 115.121; 28 CFR 115.122):

1. Evidence collection practices that maximize the potential for obtaining usable physical evidence based on the most recent edition of the U.S. Department of Justice's (DOJ) Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents" or a similarly comprehensive and authoritative protocol.

2. A process to ensure a criminal or administrative investigation is completed on all allegations of sexual abuse or sexual harassment.

3. A process to document all referrals to other law enforcement agencies.

4. Access to forensic medical examinations, without financial cost, for all victims of sexual abuse where appropriate. Such examinations shall be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible. If SAFEs or SANEs cannot be made available, the examination can be performed by other qualified medical practitioners. The efforts to provide SAFEs or SANEs shall be documented.

5. In accordance with security needs, provisions to permit, to the extent available, prisoner access to victim advocacy services if the prisoner is transported for a forensic examination to an outside hospital that offers such services.

1. The agency shall not rely on other prisoners for assistance except in limited circumstances where an extended delay in obtaining an interpreter could compromise the prisoner's safety, the performance of first-response duties under this policy, or the investigation of a prisoner's allegations of sexual abuse, harassment or retaliation.

(h) Publishing on the department's website:

1. Information on how to report sexual abuse and sexual harassment on behalf of a prisoner (28 CFR 115.154).

2. The data shall be aggregated at least annually.

(j) Ensuring audits are conducted pursuant to 28 CFR 115.401 through 28 CFR 115.405 for all Temporary Holding Facilities used to house prisoners overnight (28 CFR 115.193).

(k) Ensuring contractors or others who work in the Temporary Holding Facility are informed of the agency's zero-tolerance policy regarding sexual abuse and sexual harassment (28 CFR 115.132).

This allows the prisoner to remain anonymous (28 CFR 115.132; 28 CFR 115.151).

902.4.1 MEMBER RESPONSIBILITIES
Department members shall accept reports from prisoners and third parties and shall promptly document all reports (28 CFR 115.151).

Prison Rape Elimination

(a) An incident of sexual abuse or sexual harassment that occurs in the Temporary Holding Facility.

(b) Retaliation against prisoners or the member who reports any such incident.

(c) Any neglect or violation of responsibilities on the part of any department member that may have contributed to an incident or retaliation (28 CFR 115.161).

No member shall reveal any information related to a sexual abuse report to anyone other than to the extent necessary to make treatment and investigation decisions.

902.4.2 PATROL SERGEANT RESPONSIBILITIES
The Supervisor shall report to the department's designated investigators all allegations of sexual abuse, harassment, retaliation, neglect or violations leading to sexual abuse, harassment or retaliation. This includes third-party and anonymous reports (28 CFR 115.161).

If the alleged victim is under the age of 18 or considered a vulnerable adult, the Supervisor shall also report the allegation as required under mandatory reporting laws and department policy.

Upon receiving an allegation that a prisoner was sexually abused while confined at another facility, the Supervisor shall notify the head of the facility or the appropriate office of the agency where the alleged abuse occurred. The notification shall be made as soon as possible but no later than 72 hours after receiving the allegation. The Supervisor shall document such notification (28 CFR 115.163).

If an alleged prisoner victim is transferred from the Temporary Holding Facility to a jail, prison or medical facility, the Department shall, as permitted by law, inform the receiving facility of the incident and the prisoner's potential need for medical or social services, unless the prisoner requests otherwise (28 CFR 115.165).

902.5 INVESTIGATIONS
The Department shall promptly, thoroughly and objectively investigate all allegations, including third-party and anonymous reports, of sexual abuse or sexual harassment. Only investigators who have received department-approved special training shall conduct sexual abuse investigations (28 CFR 115.171).

The first deputy to respond to a report of sexual abuse or sexual assault shall (28 CFR 115.164):

(a) Separate the parties.

(b) Establish a crime scene to preserve and protect any evidence. Identify and secure witnesses until steps can be taken to collect any evidence.

(c) If the abuse occurred within a time period that still allows for the collection of physical evidence, request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating.
(d) If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating.

If the first responder is not a deputy the responder shall request that the alleged victim not take any actions that could destroy physical evidence and should then notify a law enforcement staff member (28 CFR 115.164).

902.5.2 INVESTIGATOR RESPONSIBILITIES
Investigators shall (28 CFR 115.171):

(a) Gather and preserve direct and circumstantial evidence, including any available physical and biological evidence and any available electronic monitoring data.

(b) Interview alleged victims, suspects and witnesses.

(c) Review any prior complaints and reports of sexual abuse involving the suspect.

(d) Conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution.

(e) Assess the credibility of the alleged victim, suspect or witness on an individual basis and not by the person's status as a prisoner or a member of the Lincoln County Sheriff's Office.

(f) Document in written reports a description of physical, testimonial, documentary and other evidence, the reasoning behind any credibility assessments, and investigative facts and findings.

(g) Refer allegations of conduct that may be criminal to the District Attorney for possible prosecution, including any time there is probable cause to believe a prisoner sexually abused another prisoner in the Temporary Holding Facility (28 CFR 115.178).

(h) Cooperate with outside investigators and remain informed about the progress of any outside investigation.

902.5.3 ADMINISTRATIVE INVESTIGATIONS
Administrative investigations shall include an effort to determine whether staff actions or failures to act contributed to the abuse. The departure of the alleged abuser or victim from the employment or control of this department shall not be used as a basis for terminating an investigation (28 CFR 115.171).

902.5.4 SEXUAL ASSAULT AND SEXUAL ABUSE VICTIMS
No prisoner who alleges sexual abuse shall be required to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation (28 CFR 115.171(e)).
Prisoner victims of sexual abuse shall receive timely, unimpeded access to emergency medical treatment. Treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident (28 CFR 115.182).

902.5.5 CONCLUSIONS AND FINDINGS
All completed investigations shall be forwarded to the Sheriff, or if the allegations may reasonably involve the Sheriff, to the N/A. The Sheriff or N/A shall review the investigation and determine whether any allegations of sexual abuse or sexual harassment have been substantiated by a preponderance of the evidence (28 CFR 115.172).

All personnel shall be subject to disciplinary sanctions up to and including termination for violating this policy. Termination shall be the presumptive disciplinary sanction for department members who have engaged in sexual abuse. All discipline shall be commensurate with the nature and circumstances of the acts committed, the member's disciplinary history and the sanctions imposed for comparable offenses by other members with similar histories (28 CFR 115.176).

All terminations for violations of this policy, or resignations by members who would have been terminated if not for their resignation, shall be criminally investigated unless the activity was clearly not criminal and reported to any relevant licensing body (28 CFR 115.176).

Any contractor or volunteer who engages in sexual abuse shall be prohibited from contact with prisoners and reported to any relevant licensing bodies (28 CFR 115.177). The Sheriff shall take appropriate remedial measures and consider whether to prohibit further contact with prisoners by a contractor or volunteer.

902.6 RETALIATION PROHIBITED
All prisoners and members who report sexual abuse or sexual harassment or who cooperate with sexual abuse or sexual harassment investigations shall be protected from retaliation (28 CFR 115.167). If any other individual who cooperates with an investigation expresses a fear of retaliation, appropriate measures shall be taken to protect that individual.

The Supervisor or the authorized designee shall employ multiple protection measures, such as housing changes or transfers for prisoner victims or abusers, removal of alleged abusers from contact with victims, and emotional support services for prisoners or members who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

The Supervisor or the authorized designee shall identify a staff member to monitor the conduct and treatment of prisoners or members who have reported sexual abuse and of prisoners who were reported to have suffered sexual abuse. The staff member shall act promptly to remedy any such retaliation. In the case of prisoners, such monitoring shall also include periodic status checks.

902.7 REVIEWS AND AUDITS
902.7.1 INCIDENT REVIEWS
An incident review shall be conducted at the conclusion of every sexual abuse investigation, unless the allegation has been determined to be unfounded. The review should occur within 30 days of the conclusion of the investigation. The review team shall include upper-level management officials and seek input from line supervisors and investigators (28 CFR 115.186).

The review shall (28 CFR 115.186):

(a) Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect or respond to sexual abuse.

(b) Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender or intersex identification, status or perceived status; gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.

(c) Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse.

(d) Assess the adequacy of staffing levels in that area during different shifts.

(e) Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.

The review team shall prepare a report of its findings, including any determinations made pursuant to this section and any recommendations for improvement. The report shall be submitted to the Sheriff and the PREA Coordinator. The Sheriff or the authorized designee shall implement the recommendations for improvement or shall document the reasons for not doing so (28 CFR 115.186).

902.7.2 DATA REVIEWS
The facility shall conduct an annual review of collected and aggregated incident-based sexual abuse data. The review should include, as needed, data from incident-based documents, including reports, investigation files and sexual abuse incident reviews (28 CFR 115.187).

The purpose of these reviews is to assess and improve the effectiveness of sexual abuse prevention, detection and response policies, practices and training. An annual report shall be prepared that includes (28 CFR 115.188):

(a) Identification of any potential problem areas.

(b) Identification of any corrective actions taken.

(c) Recommendations for any additional corrective actions.

(d) A comparison of the current year's data and corrective actions with those from prior years.

(e) An assessment of the department's progress in addressing sexual abuse.
Prison Rape Elimination

Material may be redacted from the reports when publication would present a clear and specific threat to the safety and security of the Temporary Holding Facility. However, the nature of the redacted material shall be indicated.

All aggregated sexual abuse data from Lincoln County Sheriff's Office facilities and private facilities with which it contracts shall be made readily available to the public at least annually through the department website or, if it does not have one, through other means. Before making aggregated sexual abuse data publicly available, all personal identifiers shall be removed (28 CFR 115.189).

902.8 RECORDS
The Department shall retain all written reports from administrative and criminal investigations pursuant to this policy for as long as the alleged abuser is held or employed by the Department, plus five years (28 CFR 115.171).

All other data collected pursuant to this policy shall be securely retained for at least 10 years after the date of the initial collection unless federal, state or local law requires otherwise (28 CFR 115.189).

902.9 TRAINING
All employees, volunteers and contractors who may have contact with prisoners shall receive department-approved training on the prevention and detection of sexual abuse and sexual harassment within this facility. The Training Sergeant shall be responsible for developing and administering this training as appropriate, covering at a minimum (28 CFR 115.131):

All current employees and volunteers who may have contact with prisoners shall be trained within one year of the effective date of the PREA standards. The agency shall provide annual refresher information to all such employees and volunteers to ensure that they understand the current sexual abuse and sexual harassment policies and procedures.

Evaluation of Employees

1002.1 PURPOSE AND SCOPE
The employee performance evaluation system is designed to record work performance for both the Sheriff's Office and the employee, providing recognition for good work and developing a guide for improvement.

1002.2 POLICY
The Lincoln County Sheriff's Office utilizes an evaluation to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Sheriff's Office evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

1002.2.1 ANNIVERSARY DATES
A new or promoted employee's anniversary date is the first of the month following six full calendar months of service in that class and then yearly on this date thereafter.

For purposes of this section, the term "anniversary date" means the date assigned to an employee for eligibility of step increases within the pay range of the employee and is not the same as years of service or seniority.

For reclassifications, demotions, or transfers the employee's anniversary date will remain unchanged.

1002.3 EVALUATION PROCESS
Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All certified and Non-certified supervisory personnel should attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisor should document this discussion in the prescribed manner.
Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

1002.3.1 RESERVE DEPUTY EVALUATIONS
Reserve deputy evaluations are covered in the Reserve Deputies Policy.

1002.4 FULL-TIME PERMANENT STATUS PERSONNEL
Permanent employees are subject to three types of performance evaluations:

Regular - Evaluations shall be completed on or before the employee's anniversary date.

Transfer - If an employee is transferred from one division to another in the middle of an evaluation period and more than 90 days have transpired since the last evaluation, then an evaluation shall be completed by the immediate supervisor(s) before the transfer is made.

Special - A special evaluation may be completed any time the rater and the rater's supervisor(s) feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (work plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor(s) should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor(s) and employee will sign and date the evaluation. Permanent employees may also write comments in the employee comments section of the performance evaluation report.

1002.5 EVALUATION INTERVIEW
When the supervisor(s) has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor(s) should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor(s) may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor(s) should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor(s) and employee will sign and date the evaluation. Permanent employees may also write comments in the employee comments section of the performance evaluation report.
1002.6 EVALUATION REVIEW
After the supervisor(s) finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater's supervisor (Division Commander). The Division Commander shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Division Commander shall evaluate the supervisor(s) on the quality of ratings given. The Sheriff is the final reviewer and must sign off on the evaluation.

1002.7 EVALUATION DISTRIBUTION
The original performance evaluation will be forwarded to the County Personnel Department. A copy will be given to the employee and a copy shall be maintained in the employee's personnel file in the office of the Sheriff for the tenure of the employee's employment.

Anti-Retaliation

1008.1 PURPOSE AND SCOPE
This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members’ access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement.

1008.2 POLICY
The Lincoln County Sheriff's Office has a zero tolerance for retaliation and is committed to taking reasonable steps to protect members from retaliation who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1008.3 RETALIATION PROHIBITED
No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.

Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member’s identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1008.5 SUPERVISOR RESPONSIBILITIES

(d) The timely communication of the outcome to the complainant.

1008.7 WHISTLE-BLOWING
Oregon law protects employees who disclose or threaten to disclose information that the employee reasonably believes is evidence of (ORS 659A.203):

(a) A violation of federal, state, or local law, rule, or regulation.
(b) Mismanagement, gross waste of funds, abuse of authority, or substantial and specific danger to public health and safety.
(c) A person who is receiving public assistance is subject to a felony or misdemeanor warrant.

Employees are encouraged to report such violations or disclosures of information through the chain of command (ORS 659A.221; ORS 654.062).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Supervisor for investigation pursuant to the Personnel Complaints Policy.

1008.8 TRAINING
The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.
Reporting of Employee Convictions

1010.1 PURPOSE AND SCOPE
Convictions of certain offenses may restrict or prohibit an employee’s ability to properly perform official duties; therefore, all employees shall be required to promptly notify the Office of any past and current criminal convictions.

1010.2 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS
Oregon and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; ORS 107.095(5); ORS 166.270).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

ORS 166.270 carries specific prohibitions on the carrying of firearms or other weapons upon a felony conviction in the State of Oregon, any other state or under federal law.

ORS 107.095(5) addresses when a restraining order can lead to a violation of the firearms prohibitions of 18 USC § 922. Employees that are or have become subject to such an order shall promptly report that information to a supervisor.

1010.3 OTHER CRIMINAL CONVICTIONS
OAR 259-008-0010(4) prohibits any person convicted of a felony and certain other crimes from being a peace officer in the State of Oregon. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee’s ability to fully perform the duties of the job.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this office may be inherently in conflict with law enforcement duties and the public trust.

1010.4 REPORTING PROCEDURE
All members of this office and all retired deputies with an identification card issued by the Office shall promptly notify their immediate supervisor (or the Sheriff in the case of retired deputies) in writing of any past or current criminal arrest or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired deputies with an identification card issued by the Office shall further promptly notify their immediate supervisor (or the Sheriff in the case of retired deputies) in writing
Reporting of Employee Convictions

if the member or retiree becomes the subject of a domestic violence restraining order or similar court order.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to being placed on administrative leave, reassignment and/or termination.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1010.5 DEPARTMENT OF PUBLIC STANDARDS AND TRAINING (DPSST) NOTIFICATION
A deputy or dispatcher who is arrested or who receives a criminal citation to appear, or its equivalent, shall notify DPSST in writing within five business days of the following (OAR 259-008-0010(5); OAR 259-008-0011(3)):

(a) The date of the arrest or citation
(b) The location of the arrest or citation
(c) The reason for the arrest or citation
(d) The arresting or citing agency

1011.3 CONTACTING A SUPERVISOR

   1. Upon receipt of a citation or summons for a traffic crime, traffic violation, or other violation;
   2. Upon arrest for a violation or crime;

   4. Upon any other court action, criminal or civil, as a result of code or law enforcement action.

1011.4 PROCEDURE

(b) This policy does not apply to subpoenas, or other orders to appear, as a result of employment with this office.
Drug- and Alcohol-Free Workplace

1012.1 PURPOSE AND SCOPE
The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1012.2 POLICY
It is the policy of this office to provide a drug- and alcohol-free workplace for all members.

1012.3 GENERAL GUIDELINES
Alcohol and drug use in the workplace or on Sheriff's Office time can endanger the health and safety of members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify an appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1012.3.1 USE OF MEDICATIONS
Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Sheriff's Office while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

Possession of medical marijuana or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1012.4 MEMBER RESPONSIBILITIES
Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on work premises or on work time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.
Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1012.5 EMPLOYEE ASSISTANCE PROGRAM
There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Personnel Department, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1012.6 WORK RESTRICTIONS
If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Office.

1012.7 REQUESTING SCREENING TESTS
A supervisor may request an employee to submit to a screening test under the following circumstances:

(a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.

(b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.

(c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person or substantial damage to property.

1012.7.1 SUPERVISOR RESPONSIBILITY
The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

(a) The test will be given to detect either alcohol or drugs, or both.
Drug- and Alcohol-Free Workplace

(b) The result of the test is not admissible in any criminal proceeding against the employee.

(c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1012.7.2 SCREENING TEST REFUSAL
An employee may be subject to disciplinary action if he/she:

(a) Fails or refuses to submit to a screening test as requested.

(b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

(c) Violates any provisions of this policy.

1012.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT
No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Sheriff's Office will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1012.9 CONFIDENTIALITY
The Sheriff's Office recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening test and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee's other personnel files.
Sick Leave

1014.1 PURPOSE AND SCOPE
This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the County personnel manual or applicable collective bargaining agreement (ORS 653.606; ORS 653.611).

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) and the Oregon Family Leave Act, or leave related to protections because of domestic violence, harassment, sexual assault or stalking (29 USC § 2601 et seq.; ORS 659A.150 et seq.; ORS 659A.270 et seq.).

1014.2 POLICY
It is the policy of the Lincoln County Sheriff's Office to provide eligible employees with a sick leave benefit.

1014.3 USE OF SICK LEAVE
Sick leave is intended to be used for qualified absences (ORS 653.616; OAR 839-007-0020).

Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

1014.3.1 NOTIFICATION
All members should notify the Supervisor or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts or as soon as practicable when there are extenuating circumstances. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (ORS 653.621; OAR 839-007-0040).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Office with no less than 10 days' notice of the impending absence. The member shall make a reasonable attempt to schedule the use of sick time so that it does not disrupt the operations of the Office (ORS 653.621; OAR 839-007-0040).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.
1014.4 SUPERVISOR RESPONSIBILITIES
The responsibilities of supervisors include, but are not limited to:

(a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.

(b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Personnel Director as appropriate.

(c) Addressing absences and sick leave use in the member’s performance evaluation when excessive or unusual use has:
   1. Negatively affected the member’s performance or ability to complete assigned duties.
   2. Negatively affected office operations.

(d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.

(e) Referring eligible members to an available employee assistance program when appropriate.

1014.5 EXTENDED ABSENCE
Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work (ORS 653.626; OAR 839-007-0045).

Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider’s statement for an absence of three or fewer days (ORS 653.626; OAR 839-007-0045).

1014.6 REQUIRED NOTICES
The Personnel Director shall ensure that each employee is provided written notice of the following (ORS 653.631; OAR 839-007-0050):

(a) Accrued and unused sick time available at least quarterly.

(b) The sick leave provisions of the Oregon sick leave law as provided in ORS 653.601 et seq.
Vacation and Comp Time Off

1015.1 PURPOSE AND SCOPE
It is the purpose of this policy to provide members with guidelines for scheduling vacation and comp time off.

1015.2 PROCEDURE
If an employee desires vacation/comp time off they will submit an overtime/time off form to their supervisor indicating the dates desired off. The supervisor will take the following into consideration when deciding to deny or approve the time off request:

(a) The Collective Bargaining Agreement and related Memorandum(s) of Understanding (MOU).
(b) Vacation and comp time off will be administered by the work unit.
(c) The employee submitting the time off request first shall have preference.
(d) Comp time is to be taken at times mutually convenient to the employee and the Sheriff.

1015.3 HARDSHIP
If an employee is denied time off by a supervisor and this creates an undo hardship for the employee, they may make a written request to the division commander requesting an exception to the time off rule. The written request should state the hardship and reason for requesting time off. The division commander will consider the request on a case-by-case basis and may deny the request for any reason.

The employee should consider a shift trade prior to using the hardship exception.

1015.4 NOTIFYING COURTS
It is the responsibility of the employee to notify the district attorney's office and courts of any scheduled time off.

1015.5 CANCELING TIME OFF
If an employee wishes to cancel an approved time off request they should notify their supervisor.
Communicable Diseases

1016.1 PURPOSE AND SCOPE
This policy provides general guidelines to assist in minimizing the risk of office members contracting and/or spreading communicable diseases.

1016.1.1 DEFINITIONS
Definitions related to this policy include:

**Communicable disease** - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

**Exposure** - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member’s position at the Lincoln County Sheriff’s Office. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1016.2 POLICY
The Lincoln County Sheriff’s Office is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1016.3 EXPOSURE CONTROL OFFICER
The Sheriff will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

(a) Exposure-prevention and decontamination procedures.

(b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.

(c) The provision that office members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member’s position and risk of exposure.

(d) Evaluation of persons in custody for any exposure risk and measures to separate them.

(e) Compliance with all relevant laws or regulations related to communicable diseases, including:

1. Complying with the Oregon Safe Employment Act (ORS 654.001 et seq.).

2. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).
Communicable Diseases

The ECO should also act as the liaison with the Oregon Occupational Safety and Health Administration (OR-OSHA) and may request voluntary compliance inspections. The ECO should annually review and update the exposure control plan and review implementation of the plan.

1016.4 EXPOSURE PREVENTION AND MITIGATION

1016.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (29 CFR 1910.1030; OAR 437-002-0360):

(a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or office vehicles, as applicable.

(b) Wearing office-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.

(c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.

(d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.

(e) Using an appropriate barrier device when providing CPR.

(f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.

(g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.

1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.

(h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.

(i) Avoiding eating, drinking or smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.

(j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.
1016.4.2 IMMUNIZATIONS
Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (29 CFR 1910.1030; OAR 437-002-0360).
Other preventive, no-cost immunizations shall be provided to members who are at risk of contracting a communicable disease if such preventive immunization is available and is medically appropriate. A member shall not be required to be immunized unless such immunization is otherwise required by federal or state law, rule or regulation (ORS 433.416).

1016.5 POST EXPOSURE

1016.5.1 INITIAL POST-EXPOSURE STEPS
Members who experience an exposure or suspected exposure shall:

(a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
(b) Obtain medical attention as appropriate.
(c) Notify a supervisor as soon as practicable.

1016.5.2 REPORTING REQUIREMENTS
The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (29 CFR 1910.1030; OAR 437-002-0360):

(a) Name and Social Security number of the member exposed
(b) Date and time of the incident
(c) Location of the incident
(d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
(e) Work being done during exposure
(f) How the incident occurred or was caused
(g) PPE in use at the time of the incident
(h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).
1016.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT
Office members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (29 CFR 1910.1030; OAR 437-002-0360).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

(a) Whether the member has been informed of the results of the evaluation.
(b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1016.5.4 COUNSELING
The Office shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (29 CFR 1910.1030; OAR 437-002-0360).

1016.5.5 SOURCE TESTING
Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member’s supervisor to ensure testing is sought.

Source testing may be achieved by:

(a) Obtaining consent from the individual.
(b) Contacting the Oregon Health Authority to seek voluntary consent for source testing for HIV (ORS 433.065).
(c) Petitioning for a court order to compel source testing for HIV or other communicable diseases as defined by ORS 431A.005, if a good faith effort to obtain voluntary consent is requested from the source person and not obtained (ORS 433.080; ORS 431A.570).
(d) Working with the district attorney if the person is charged with a criminal offense that may involve exposure to a communicable disease (ORS 135.139).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the County Counsel to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.
1016.6 CONFIDENTIALITY OF REPORTS
Medical information shall remain in confidential files and shall not be disclosed to anyone without the member’s written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1016.7 TRAINING
All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (29 CFR 1910.1030; OAR 437-002-0360):

(a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.

(b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.

(c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.
Smoking and Tobacco Use

1018.1 PURPOSE AND SCOPE
This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Lincoln County Sheriff's Office facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1018.2 POLICY
The Lincoln County Sheriff's Office recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Office and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all facilities, buildings and vehicles, and as is further outlined in this policy (ORS 433.845; ORS 433.850).
Military Leave

1020.2 POLICY
The Lincoln County Sheriff's Office takes seriously all complaints regarding the service provided by the Office and the conduct of its members.

The Office will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this office to ensure that the community can report misconduct without concern for reprisal or retaliation.

1020.3 PERSONNEL COMPLAINTS
Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of office policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate office policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Office.

1020.3.1 COMPLAINT CLASSIFICATIONS
Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Supervisor is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Administrative Lieutenant, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Administrative Lieutenant, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1020.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1020.4.1 COMPLAINT FORMS
Personnel complaint forms will be maintained in a clearly visible location in the public area of the deputy facility and be accessible through the office website. Forms may also be available at other County facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

Allegations of misconduct will be administratively investigated as follows.

1020.6.1 SUPERVISOR RESPONSIBILITIES
In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member’s immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Sheriff or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
   (a) The original complaint form will be directed to the Administrative Lieutenant, via the chain of command, who will assign the investigation to the appropriate supervisor or determine who will have responsibility for the investigation.

(b) Responding to all complainants in a courteous and professional manner.
(c) Resolving those personnel complaints that can be resolved immediately.
   1. Follow-up contact with the complainant should be made within 24 hours of the Office receiving the complaint.

(d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Administrative Lieutenant and Sheriff are notified via the chain of command as soon as practicable.
(e) Promptly contacting the Personnel Department and the Administrative Lieutenant for direction regarding the supervisor's role in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.

the member has been given a Garrity advisement. Administrative investigators should consider the impact that compelling a statement from the employee may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

(b) No information or evidence administratively coerced from an employee may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.

(i) The interviewer should record all interviews of employees and witnesses. The employee may also record the interview. If the employee has been previously interviewed, a copy of that recorded interview, and upon request any existing transcripts of the interview or reports describing the interview, shall be provided to the employee prior to any subsequent interview.

(j) All employees subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, to maintain the integrity of each individual’s statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

(k) In a disciplinary or administrative investigation, the employee’s chosen representative cannot be required to disclose, or be subject to disciplinary action for refusing to disclose, statements made by the employee to the representative for purposes of the representation.

(l) As soon as it is determined that the employee may be charged with a criminal offense, the employee shall be informed of the employee’s right to consult with criminal defense counsel with respect to the criminal charge.

(m) All employees shall provide complete and truthful responses to questions posed during interviews.

(n) No employee may be compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation.

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1020.6.4 DISPOSITIONS
Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve office members. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1020.6.5 COMPLETION OF INVESTIGATIONS
The Administrative Lieutenant shall ensure that investigations are completed and peace officers are provided notification of intended discipline no later than six months from the date of the first interview. The Sheriff or Administrative Lieutenant may extend the investigation to a maximum of 12 months from the date of the first interview, provided that, before the extended period begins, the Office gives written notice explaining the reason for the extension to the peace officer and the peace officer’s chosen representative and union representative, if any (ORS 236.360(6)(a)).

The above time limits do not apply when (ORS 236.360(6)(b)):

(a) The investigation involves a peace officer who is incapacitated or unavailable.

(b) The investigation involves an allegation of workers’ compensation or disability fraud by the peace officer.

(c) The peace officer, in writing, waives the limit.

(d) The investigation requires a reasonable extension of time for coordination with one or more other jurisdictions.

(e) The investigation involves more than one peace officer and requires a reasonable extension of time.
Personnel Complaints

(f) The alleged misconduct is also the subject of a criminal investigation or criminal prosecution. Time does not run for the period during which the criminal investigation or criminal prosecution is pending.

(g) The investigation involves a matter in civil litigation in which the peace officer is a named defendant or the peace officer's actions are alleged to be a basis for liability. Time does not run for the period during which the civil action is pending.

(h) The investigation is the result of a complaint by a person charged with a crime. Time does not run for the period during which the criminal matter is pending.

1020.7 ADMINISTRATIVE SEARCHES
Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct. Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

1020.8 ADMINISTRATIVE LEAVE
When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Office, the Sheriff or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

(a) May be required to relinquish any office badge, identification, assigned weapons and any other office equipment.

(b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.

(c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1020.8.1 ANNUAL REVIEW OF PERSONNEL COMPLAINTS
During February of each year, the Division Commander or his/her designee shall provide to the Sheriff an annual report of personnel complaints from the preceding year. The report will focus on complaint trends as well as training needs and needed policy changes. Specific detail, including items such as officer names, case numbers and location of occurrence, is not needed for this purpose and therefore will not be part of this process.

1020.9 CRIMINAL INVESTIGATION
Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Sheriff shall be notified as soon as practicable when a member is accused of criminal conduct. The Sheriff may request a criminal investigation by an outside law enforcement agency.
Personnel Complaints

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

The Lincoln County Sheriff's Office may release information concerning the arrest or detention of any member, including a deputy, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1020.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigation report should be forwarded to the Sheriff through the chain of command. Each level of command should review the report and include his/her comments in writing before forwarding the report. The Sheriff may accept or modify any classification or recommendation for disciplinary action. Forms of discipline include, but are not limited to, training, counseling and punitive action.

1020.10.1 CORPORAL RESPONSIBILITIES

Corporals are authorized to impose verbal or written reprimands at their level without prior approval from superiors. All other potential discipline will be forwarded to a Sergeant.

1020.10.2 SERGEANT RESPONSIBILITIES

Sergeants are authorized to impose any discipline up to a three month, one step demotion in pay without prior approval from a Division Commander, or with Division Commander consultation Sergeants may impose any discipline up to and including termination.

The investigating Sergeant may impose verbal or written reprimands. If the investigating Sergeant considers possible discipline above a verbal or written reprimand, the completed investigation will be forwarded to a Division Commander. The Division Commander will decide to either review the investigation or assign it to a different Sergeant for disciplinary consideration.

In the event disciplinary action is considered, the Sergeant or Division Commander shall provide the employee with written notice of the following information:

(a) Specific charges set forth in separate counts, describing the conduct underlying each count

(b) A statement that the employee has been provided with or given access to all of the materials considered by the Sergeant or Division Commander in the disciplinary decision.

(c) An opportunity to respond orally or in writing to the Sergeant or Division Commander within five days of receiving the notice

1. Upon a showing of good cause by the employee, the Sergeant or Division Commander may grant a reasonable extension of time for the employee to respond.

2. If the employee elects to respond orally, the presentation shall be recorded. Upon request, the employee shall be provided with a copy of the recording.
The Sergeant or Division Commander may return the investigation to the investigating supervisor for further action. Once the Sergeant or Division Commander is satisfied that no further investigation or action is required, the Sergeant or Division Commander shall determine the amount of discipline, if any, to be imposed.

The Sergeant or Division Commander must meet with the employee prior to making any disciplinary decision above a written reprimand and provide the employee an opportunity to respond orally or in writing within five days of the meeting.

1020.10.3 DIVISION COMMANDER RESPONSIBILITIES
Upon receipt of any written recommendation for disciplinary action, the Division Commander shall review the recommendation and all accompanying materials. The Division Commander may modify any recommendation and/or may return the file to the supervisor for further investigation or action.

Once the Division Commander is satisfied that no further investigation or action is required by staff, the Division Commander shall determine the amount of discipline or forward to the Sheriff for further consideration, if any that should be imposed. In the event disciplinary action is proposed, the Division Commander or Sheriff shall provide the member with a written notice and the following:

(a) Access to all of the materials considered by the Division Commander in recommending the proposed discipline.

(b) An opportunity to respond orally or in writing to the Division Commander within five days of receiving the notice.

1. Upon a showing of good cause by the member, the Division Commander may grant a reasonable extension of time for the member to respond.

2. If the member elects to respond orally, the presentation shall be recorded by the Office. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Division Commander or Sheriff shall consider all information received in regard to the recommended discipline. The Division Commander or Sheriff will render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Division Commander or Sheriff has issued a written decision, the discipline shall become effective.

1020.10.4 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT
The Sheriff or the authorized designee should ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (ORS 181A.830).

If the complaint is related to profiling, the complainant shall be notified in writing with a statement of the final disposition within a reasonable time after the conclusion of the investigation (ORS 131.920).
Personnel Complaints

1020.10.5  NOTICE REQUIREMENTS
If an investigation of a deputy of this office results from a complaint, the Office may disclose to the complainant the disposition of the complaint and if necessary provide a written summary of the information obtained in the investigation (ORS 181A.830).

1020.11  PRE-DISCIPLINE EMPLOYEE RESPONSE
The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Sergeant or Division Commander after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

(a) The response is not intended to be an adversarial or formal hearing.
(b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
(c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Sergeant or Division Commander to consider.
(d) In the event that the Sergeant or Division Commander elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.
(e) The employee may thereafter have the opportunity to further respond orally or in writing to the Sergeant or Division Commander on the limited issues of information raised in any subsequent materials.
(f) Once the employee has completed his/her response or, if the employee has elected to waive any such response, the Sergeant or Division Commander shall consider all information received in regard to the discipline. The Sergeant or Division Commander shall thereafter render a timely written decision to the employee of the reason(s) for termination and the process to receive all remaining fringe and retirement benefits.

1020.12  RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE
In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1020.13  POST-DISCIPLINE APPEAL RIGHTS
Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement and/or personnel rules.
Personnel Complaints

1020.14 PROBATIONARY EMPLOYEES AND OTHER MEMBERS
At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Sheriff or the authorized designee.

Any probationary period may be extended at the discretion of the Sheriff in cases where the individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate.

1020.15 RETENTION OF PERSONNEL INVESTIGATION FILES
All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Files Policy.
Safety Belts

1022.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of safety belts and child restraints. This policy will apply to all members operating or riding in County owned vehicles.

1022.1.1 DEFINITIONS
Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1022.2 POLICY
It is the policy of the Lincoln County Sheriff's Office that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1022.3 WEARING OF SAFETY RESTRAINTS
All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this office, while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained (ORS 811.210).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a safety belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1022.4 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES
Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any county vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by safety belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints. In unusual circumstances where it is unsafe or impractical to do so, prisoners may be transported without the use of safety belts (ORS 811.215(6)).

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1022.5 INOPERABLE SAFETY BELTS
County vehicles shall not be operated when the safety belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the safety belt is inoperable.

County vehicle safety belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Sheriff.
Safety Belts

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1022.6 TRANSPORTING CHILDREN
A child restraint system should be used for all children of an age, height or weight for which such restraints are required by law (ORS 811.210).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of safety belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

1022.7 VEHICLES MANUFACTURED WITHOUT SAFETY BELTS
Vehicles manufactured and certified for use without safety belts or other restraint systems are subject to the manufacturer’s operator requirements for safe use.

1022.8 VEHICLE AIRBAGS
In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.
Body Armor

1024.1 PURPOSE AND SCOPE
The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1024.2 POLICY
It is the policy of the Lincoln County Sheriff's Office to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1024.3 ISSUANCE OF BODY ARMOR
The supervisor shall ensure that body armor is issued to all deputies when the deputy begins service at the Lincoln County Sheriff's Office and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1024.3.1 USE OF SOFT BODY ARMOR
Generally, the use of body armor is required subject to the following:

(a) All Deputies are required to wear issued body armor when in uniform.

1. A supervisor may authorize a deputy to not wear their body armor when circumstances exist that it would jeopardize the deputy's safety.

(a) Deputies in uniform will have the vest immediately available at all times when it is not worn.

2. A deputy may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

(b) Deputies shall only wear agency-approved body armor.

(c) Deputies may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.

(d) All members of the Sheriff's Office will wear body armor when participating in Sheriff's Office sanctioned firearms training.

(e) All members of the Sheriff's Office will wear body armor when engaged in high risk, pre-planned incidents, to include all search warrant executions.
Body Armor

(f) The wearing of the protective vest is strongly encouraged, but not required for ceremonial purposes.

1024.3.2 INSPECTIONS OF BODY ARMOR
Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic inspections.

1024.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR
Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1024.4 RANGEMASTER RESPONSIBILITIES
The Rangemaster should:

(a) Monitor technological advances in the body armor industry for any appropriate changes to approved body armor.

(b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.

(c) Provide training that educates deputies about the safety benefits of wearing body armor.

   1. The reasonable cost of lodging and meals is set by the county in the personnel rules.
   2. Lodging arrangements will generally be pre-arranged prior to the event with supervisor approval.
   3. On extended trips involving the purchase of breakfast, lunch and dinner, a daily aggregate rate will be reimbursed for all meals.
(b) When an employee is authorized to utilize the employee's personal vehicle in the performance of official County duties, the employee shall be compensated at a rate of not less than the IRS rate per mile.
   1. Personal vehicle use will likely occur when a county vehicle is not assigned to, or is unavailable and must be approved by a supervisor.

1038.2.1 TRAVELING OUTSIDE OF THE STATE
Any out of state travel must be approved in advanced by the Board of Commissioners.

1038.3 REQUEST FOR PAYMENT

Original receipts will be taped to a blank sheet of paper and attached to the form.
Outside Employment

1039.1 PURPOSE AND SCOPE
In order to avoid actual or perceived conflicts of interest for Sheriff's Office employees engaging in outside employment, all employees shall obtain written approval from the Sheriff prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Sheriff in accordance with the provisions of this policy.

1039.1.1 DEFINITIONS
Outside Employment - Any member of this Sheriff's Office who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this Sheriff's Office for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this Sheriff's Office for services, product(s) or benefits rendered.

Outside Overtime - Any member of this Sheriff's Office who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this Sheriff's Office so that the Sheriff's Office may be reimbursed for the cost of wages and benefits.

1039.2 OBTAINING APPROVAL
No member of this Sheriff's Office may engage in any outside employment without first obtaining prior written approval of the Sheriff. Failure to obtain prior approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must make a written request to the Sheriff through the chain of command. The request will then be forwarded through channels to the Sheriff for consideration.

In order to be approved, the outside employment must:

- Have supervisory approval through the chain of command.
- Not detract from the efficiency of the employee in county duties.
- Not take precedent over the requirements to be recalled to duty.
- Not be a discredit to county employment.
- Does not involve personal advantage gained from the employee's position with the county.
- Agree that there will not be a conflict of interest.
- Be renewed annually.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial.
Outside Employment

1039.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT
If an employee's request is denied or withdrawn by the Sheriff's Office, the employee may file a written notice of appeal to the Sheriff within ten days of the date of denial.

If the employee's appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Collective Bargaining Agreement (CBA).

1039.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS
Any outside employment permission may be revoked or suspended under the following circumstances:

(a) Should an employee's performance at this Sheriff's Office decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Sheriff may, at his or her discretion, revoke any previously approved outside employment request. That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment

(b) Suspension or revocation of a previously approved outside employment may be included as a term or condition of sustained discipline

(c) If, at any time during the term of a valid outside employment, an employee's conduct or outside employment conflicts with the provisions of Sheriff's Office policy, the permit may be suspended or revoked

(d) When an employee is unable to perform at a regular duty capacity due to an injury or other condition, any previously approved outside employment may be subjected to similar restrictions as those applicable to the employee's regular duties until the employee has returned to a full duty status

1039.3 PROHIBITED OUTSIDE EMPLOYMENT
The Sheriff's Office expressly reserves the right to deny any Outside Employment request submitted by an employee seeking to engage in any activity which:

(a) Involves the employee's use of Sheriff's Office time, facilities, equipment or supplies, the use of the Sheriff's Office badge, uniform, prestige or influence for private gain or advantage

(b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this Sheriff's Office for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this Sheriff's Office

(c) Involves the performance of an act in other than the employee's capacity as a member of this Sheriff's Office that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this Sheriff's Office
Outside Employment

(d) Involves time demands that would render performance of the employee's duties for this Sheriff's Office less efficient

1039.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT
No member of this Sheriff's Office may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this Sheriff's Office must submit a written request to the Sheriff in advance of the desired service. Such outside overtime will be assigned, monitored and paid through the Sheriff's Office.

(a) The applicant will be required to enter into an indemnification agreement prior to approval.

(b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.

(c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:
   1. The deputy(s) shall wear the Sheriff's Office uniform/identification.
   2. The deputy(s) shall be subject to the rules and regulations of this Sheriff's Office.
   3. No deputy may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
   4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
   5. No deputy may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Sheriff.

1039.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE
Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to Sheriff's Office policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1039.3.3 SPECIAL RESTRICTIONS
Except for emergency situations or with prior authorization from the Division Commander, undercover deputies or deputies assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which might reasonably disclose the deputy's law enforcement status.
Outside Employment

1039.4 DEPARTMENT RESOURCES
Employees are prohibited from using any Sheriff's Office equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this Sheriff's Office or other agencies through the use of the employee's position with this Sheriff's Office.

1039.5 MATERIAL CHANGES TO OUTSIDE EMPLOYMENT
If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Sheriff through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Sheriff any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material should to report the change.

1039.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY
Sheriff's Office members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Sheriff whether such outside employment should continue.

In the event the Sheriff determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their outside employment, a notice of revocation of the outside employment will be forwarded to the involved employee.

Criteria for revoking the outside employment include, but are not limited to, the following:

(a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the County's professional medical advisers.

(b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.

(c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Lincoln County Sheriff's Office, a request (in writing) may be made to the Sheriff to restore the outside employment.
Line Of Duty Death Or Serious Injury

1040.1 PURPOSE AND SCOPE
This policy establishes the procedures for responding to the serious injury or death of a member of the Lincoln County Sheriff's Office that occurs in the line of duty.

1040.1.1 POLICY
In the event of a serious injury, illness or death of an employee, it is the policy of the Lincoln County Sheriff's Office to provide appropriate emotional care for the seriously injured, ill or deceased employee's family. If the incident involves a line of duty death of an employee, funeral arrangements are to be decided by the family of the employee with their wishes taking precedence over those of the agency.

Although this policy is intended to address the line-of-duty death or injury of a certified deputy, many provisions, including death notification and family assistance, may be applicable to any Sheriff's Office employee regardless of whether or not the death is duty related.

1040.1.2 DEFINITIONS
Line of Duty Death - Any action, felonious or accidental, which claims the life of a Lincoln County Sheriff's Office employee who is performing work related functions either while on or off-duty.

Line-of-Duty Injury or Illness - For the purposes of this policy a line-of-duty injury or illness shall be an injury or systemic illness serious enough that hospitalization or time away from the office is ordered by a physician for an indefinite period.

Beneficiary - Those designated by the employee as recipients of specific death benefits.

Benefits - Financial payments made to the family to assist with financial stability following the loss of a loved one.

Funeral Payments - Financial payments made to the surviving families of an employee killed in the line-of-duty which are specifically earmarked for funeral expenses.

Survivors - The immediate family members of the deceased employee.

Supervisor - A sworn law enforcement Deputy or officer with the rank of sergeant or above, or is the designated Deputy or officer in charge.

Confidential Critical Information form - A document completed by each employee to be used in the event of line of duty death or injury containing information to assist the Sheriff's Office in providing timely notification of family.

1040.2 APPOINTMENTS
(a) In the event an employee is seriously injured or killed in the line of duty and is admitted to a hospital, a supervisor will appoint an employee to be the Emergency Department Liaison (EDL).
(b) In the event an employee is seriously injured or killed in the line of duty, a supervisor will appoint an employee as the Family Assistance Deputy (FAD). The FAD should be an employee of the office known and trusted by the family.

(c) In the event of a line-of-duty death an employee will be appointed as the benefits liaison.

1040.2.1 CRITICAL INCIDENT INFORMATION FORM
A Confidential Critical Incident Information form will be completed by every employee of this office. The form will be sealed and kept in the Administrative Assistant’s office.

1040.3 NOTIFICATION

(a) The name of the injured or deceased employee will be released by the Sheriff or his designee only after notification of the primary family members.

1. The employee’s name will never be released to the media before immediate survivors are notified.

(b) The notification plan will be formulated using the most recent confidential critical incident information provided by the employee.

1. If there is knowledge of a medical condition with a primary survivor, medical personnel will be dispatched to the residence to coincide with the notification along with the notifying personnel.

2. Notification will always be made by two or more persons. The Sheriff, his/her representative, Chaplain, and/or pre-selected persons of the employee’s choice will notify the family if time to assemble these persons exist. Delays in developing the appropriate notification team must be weighed against the importance of the timely notification of the primary family.

(a) If the above suggested persons are not readily accessible, notification shall be made by a supervisor on-duty. The opportunity to get the family to the hospital prior to the demise of the employee is significantly more important than who delivers the notification.

(b) If the family wishes to go to the hospital, they may be transported via Sheriff’s Office vehicles. It is highly recommended the family not drive themselves to the hospital.

(c) If the primary survivors are not in close proximity to Lincoln County. A supervisor is permitted to assist in making transportation arrangements to Lincoln County, but may not assume responsibility for travel expenses without authorization of the Sheriff.

3. As soon as most families see you approach, they will know something is wrong.

(a) Ask to come into the house. Do not make a notification on the doorstep.
Line Of Duty Death Or Serious Injury

(b) Gather everyone in the home and ask them to sit down.

(c) Inform them slowly and clearly of the information you have regarding the incident.

(d) It is important to use the employee's name during the notification.

4. If the employee has already died, relay that information. Do not give the family a sense of false hope.

5. Notifying personnel must be reassuring to the survivors. The most acceptable comment to newly bereaved people is something such as "I'm so sorry this has happened" and "The Sheriff's Office will do everything we can to help you through this".

6. If immediate survivors live outside the area, a supervisor will notify, by teletype or telephoning, the appropriate jurisdiction authority with details of the incident so they may give the personal notification.

7. If possible, the parents of the deceased or severely injured employee should also be afforded the courtesy of personal notification, as well as family support from the office.

1040.4 ASSISTING THE FAMILY AT THE HOSPITAL

(a) An Emergency Department Liaison (EDL) will be appointed by the supervisor to act as information liaison for medical personnel to the family of the employee and fellow officers.

1. It is recommended that the EDL be an employee who has a rapport with emergency department personnel and practices.

(b) The duties of the EDL include, but are not limited to the following:

1. The EDL will ensure the family is updated as soon as they arrive at the hospital;

2. The EDL will insure that pertinent information on the employee's condition is relayed on a timely basis.

3. The EDL shall advise fellow officers and family members of the hospital policy about visitation with the injured employee and/or visitation with the body following the demise.

4. The EDL should prepare the family for what they might see and accompany them to the hospital emergency department.

5. The EDL will be responsible for notifying the emergency admitting personnel that all medical bills relating to the care and treatment of the employee should
be forwarded to the Sheriff's Office. Do not ask a family member to sign as guarantor of payment for treatment. Omit request for any insurance information.

(c) If the injuries to the employee are likely fatal and it is possible for the family to visit the employee prior to death, they should be afforded the opportunity. There is definite need to touch and hold the body while there is still life, and being present when death occurs can be comforting to the family.

1040.5 FAMILY ASSISTANCE DEPUTY
The Family Assistance Deputy (FAD) will be appointed by the supervisor. The FAD should be an employee of the office known and trusted by the family. This is not a decision-making position, but is the role of the liaison between the surviving family and the Sheriff's Office. The FAD tends to the personal needs of the family. These duties may include:

(a) Being constantly available to the family. The FAD is responsible for assisting the family to meet whatever immediate needs the family may have.

(b) Assisting the Hospital Liaison, particularly ensuring proper billing arrangements have been made.

(c) Assisting the family with immediate needs such as arranging necessary transportation; being available at the family home, if requested, to screen telephone calls; coordinate requests from the media for interviews; assist with arranging child care; assist with arranging lodging for incoming family and friends, etc.

(d) Arranging for the family to meet with the funeral director.

(e) The family will be provided with access to other public safety survivors or other support groups to include, but not limited to Concerns of Police Survivors, Survivors of Homicide Victims, Compassionate Friends, Parents of Murdered Children, etc.

(f) Arranging with the Sheriff's Office or other law enforcement agency to provide periodic checks of the family home from the time of the incident until after the funeral.

(g) Arrange for packing of personal belongings and delivery to the family.

(h) Arrange for the return of Sheriff's Office owned equipment, uniforms, keys, etc.

(i) Arrange for a meeting with the County Benefits Manager.

1040.6 SUPPORT FOR THE FAMILY DURING A FUNERAL

(a) Unless initiated by the family, no discussion of funeral arrangements will occur until 24-hours have passed from the time of death.

(b) A command level employee will be designated to handle the media throughout this traumatic ordeal. In the event the family should decide to grant an interview, this employee would attend and offer to screen all questions presented to the family to guard against jeopardizing upcoming legal proceedings.
An employee of this office will be assigned as the liaison for the family and the funeral director. Although the liaison should know the deceased employee and be aware of the family relationships, the liaison should not be so emotionally involved with the loss that he or she would become ineffective. The FAD may assume the role of the liaison. The duties of the liaison shall include, but not be limited to the following:

1. Insure the needs of the family come before the wishes of the Sheriff's Office;
2. Meet with the family and relate the duties of the liaison or allow the family to designate the person, if appropriate, they wish to perform the tasks;
3. Meet with the family regarding funeral arrangements;
4. The liaison will provide the family with a pager or cellular phone number to facilitate an immediate line of communication;
5. The liaison should become familiar with all information concerning the death and the continuing investigation in order to answer family questions;
6. The liaison will be constantly available to the family throughout this traumatic process;
7. The liaison will ensure surviving parents or surrogate parents are afforded recognition and will have proper placement arranged for them during the funeral and funeral procession;
8. If the funeral is a line-of-duty funeral, the liaison will ensure the family is briefed on the funeral procedure including the 21 gun salute, presenting the flag, playing of taps, etc. The family has the option of excluding any portion of the funeral procedure.

Sheriff's Office vehicles and drivers will be made available to the family if they desire transportation to and from the funeral home.

1040.6.1 SHERIFF’S OFFICE ROLE IN FUNERAL PLANNING

(a) An itinerary will be developed identifying the sites, initial traffic routes, and basic services as requested by the family.

(b) Arrangements will be made to have the presence of an Honor Guard from another agency.

(c) Assignments for organization of activities will be made by the division commander. A media release may be necessary to give preliminary information on funeral plans.

(d) Prepare a memorandum from the Sheriff providing employees and participating parties with detailed information to include:
   1. Timetable for each component of the funeral;
   2. Key assignments;
3. Affirmation of the uniform of the day;
4. Traffic and parking instructions;

(e) A walk through the day prior to the services with all participants is strongly suggested.
1. The funeral home may supply an empty casket for practicing with the color/honor guard, pallbearers and other participants;
2. Routes of entry and exit with the casket can be determined at this time;
3. A raised stage for the speakers, some VIP seating and the podium should be arranged;
4. The walk through should include determination of where the hearse/caisson will park, who will open/close doors, positioning of employees, marching with the color guard and the posting of colors, proper locations and times to salute, which directions to face, how items should be placed onto and removed from the casket, and a check of the sound system.

(f) Post funeral debriefing
1. A post funeral debriefing will occur and will be scheduled as soon after the funeral as reasonably possible.
2. The purpose of the debriefing is to evaluate every aspect of procedures contained in the manual to determine what worked well and what needs to be improved.
3. This policy may be revised depending upon recommendations received from this briefing.

1040.6.2 TRAFFIC MANAGEMENT

(a) Traffic management includes victim transport, family transport, escorts, parking and processions. When a line-of-duty death occurs, there will be numerous traffic management issues immediately arise. When coupled with the emotion of the event, providing traffic management for the hundreds of people likely to attend the funeral, the plan makes it manageable.
1. It is essential that a plan be developed that will provide clear direction to all involved.
2. The plan should be divided into the critical elements that when properly organized will minimize confusion and maximize success.
3. These elements are escorts, parking, and processions.

(b) Escorts
1. Motor escorts may be necessary for the safe, unimpeded travel of vehicles.
2. In any motor escort scenario, the intended route needs to be planned prior to escort.

(c) Parking

1. It will be necessary to develop multiple parking plans for each venue.

2. It is essential that the vehicles be "grouped" to expedite the transition from the parking to the procession, and then back to parking.

3. Groupings may include: family, Sheriff's Office employees, VIP’s, outside agencies, and general public.

4. Parking plans will be entirely dependent upon the site.

5. The office may elect to arrive at the funeral in a procession. A parking plan should be utilized to ensure that the procession will flow smoothly from the parking location, into the procession, and then back to parking.

6. The parking plan at the funeral location is critical to the smooth transition into the procession. Vehicles should be grouped in a manner that will allow the procession to be "built" per the plan.

7. The parking plan for the cemetery may be the most challenging as there is generally limited parking. Care must be taken to avoid gridlock that could extend several miles and cause lengthy delays. It will always be necessary to develop a site plan based upon prior visits to the cemetery.

(d) Processions

1. There may be a need for several processions to occur.

2. These processions will be built from the parking lot(s) according to a predetermined order by a supervisor.

3. A control point must be established for each vehicle group so the vehicles can be directed into the assigned place by the procession.

4. Employees staffing these control points must be well versed on the plan so they can cooperatively build the procession.

5. The following individuals should be part of a small procession that precedes the main funeral procession:
   - Honor guard supervisor
   - Funeral home flower vehicles
   - Any ushers to be used at the graveside.

6. The funeral procession should be arranged in the following order:
   - Motorcycle escorts (if available)
Lincoln County Sheriff's Office
Lincoln County SO Policy Manual

Line Of Duty Death Or Serious Injury

- Lead police vehicle
- Chaplain/family clergy
- Pallbearers/honor guard
- Funeral coach
- Family limo
- Family cars
- Policy vehicles
- Other vehicles
- Rear escorts

1040.7 SPECIAL PLANS AND CONSIDERATIONS DURING TRIAL

(a) Trials that occur months or even longer after the death of a deputy can bring back memories of the loss and renew the psychological trauma of that day. Trials, lasting weeks and even months, will require the Sheriff's Office to care for the victim's family and employees of the office.

(b) Prior to the trial, the family and Sheriff's Office must be kept advised and must be educated as to the coming proceedings.

1. As soon as a suspect in the death of an employee is identified the family should be linked with available Victim Witness Assistance services. Families need to be kept informed as to the court proceedings and trial dates.

2. The family must be fully briefed regarding the proceedings and details of the death not heretofore known to them prior to the trial to prevent them from learning these details during the trial. The family should not be surprised by anything they hear in the trial.

1040.8 SURVIVOR'S BENEFITS INFORMATION

(a) After a line of duty death occurs, an employee should be appointed as the benefits liaison.

(b) The benefits liaison should call the Public Safety Officer's Benefits (PSOB) office at 1-888-744-6513 and leave the following information:

1. The name and address of the agency.

2. The liaison's name and title.

3. Phone numbers for the department and liaison.
4. The liaison's e-mail address so the PSOB Office can send the claim initiation packet.

5. The name and title of the deceased public safety officer.

6. The date of the incident and the deceased's date of death.

7. The cause of death and a brief description of the incident.

(c) Relay the information very carefully and include only what is known. If the cause of death is unknown, there should be no speculation.

(d) Leave a phone message with the liaison's name and telephone number if calling during the evening or on a weekend.

(e) After being informed of an incident by the department liaison or other sources, the PSOB Office will e-mail a claim initiation packet to the department liaison. After receiving the claim initiation packet, the liaison should:

1. Meet with the claimant as soon as possible to complete the _Claim for Death Benefits_ and _Report of Public Safety Officer's Death_ forms.

2. Ensure that the family provides a copy of the death notice.

3. Gather the other documentation requested in the claim initiation packet.

(f) The PSOB Office works closely with Concerns of Police Survivors (COPS) and the National Fallen Firefighters Foundation (NFFF), both of which provide an array of support services that may be helpful to the survivors immediately after a line-of-duty death. When the _Consent To Release Confidential Information_ form is signed by the claimant and returned with the other requested documents, the PSOB Office will forward the claimant's name and address to the appropriate partner agency so that contact may be initiated.

(g) A checklist for filing a PSOB death claim can be found here: http://www.ojp.usdoj.gov/BJA/grant/psob/PSOBChecklist.pdf

(h) Once the processing is completed, the PSOB Office will send a letter notifying the claimant and department of the decision reached. Should the claim be denied, information on the appeals process also will be provided.

1041.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, mental health issues and work-related injuries.

1041.1.1 DEFINITIONS
Definitions related to this policy include:

**Occupational disease or work-related injury** - An accidental injury or any disease or infection arising out of and in the course of employment that requires medical services or results in disability or death. The occupational disease (including a mental disorder) must be caused by substances or activities to which the member would not ordinarily be subjected or exposed except during employment with the Lincoln County Sheriff's Office (ORS 656.005(7); ORS 656.802).

1041.2 POLICY
The Lincoln County Sheriff's Office will address occupational diseases, mental health issues and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (ORS 656.001 et seq.).

1041.3 RESPONSIBILITIES

1041.3.1 MEMBER RESPONSIBILITIES
Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate. The member may choose a medical service provider, attending physician or authorized nurse practitioner for medical care (OAR 436-060-0010).

1041.3.2 SUPERVISOR RESPONSIBILITIES
A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate. The supervisor shall provide every injured member with a Report of Job Injury or Illness form (Form 801) immediately upon the request of the member or his/her attorney, or upon receiving notice or knowledge of an accident that may involve a compensable injury (ORS 656.265; OAR 436-060-0010).

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

1041.3.3 DIVISION COMMANDER RESPONSIBILITIES
The Division Commander who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Sheriff, the County’s risk management entity and...
Occupational Disease and Work-Related Injury Reporting

the administrative assistant to ensure any required Oregon Occupational Safety and Health Administration (OR-OSHA) reporting is made as required in the injury and illness prevention plan identified in the Illness and Injury Prevention Policy.

Claims shall be reported to the sheriff’s office insurer no later than five days after notice or knowledge of any claim or accident that may result in a compensable injury (OAR 436-060-0010(3)).

1041.3.4 SHERIFF RESPONSIBILITIES
The Sheriff or designee shall review and forward copies of the report to the Personnel Department. Copies of the report and related documents retained by the Office shall be filed in the member's confidential medical file.

1041.4 OTHER DISEASE OR INJURY
Diseases and injuries caused or occurring on-duty that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Division Commander through the chain of command and a copy sent to the administrative assistant.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1041.5 SETTLEMENT OFFERS
When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1041.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL
No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Sheriff with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Sheriff. The purpose of such notice is to permit the County to determine whether the offered settlement will affect any claim the County may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the County’s right of subrogation, while ensuring that the member’s right to receive compensation is not affected.
Personal Appearance - Certified Employees

1042.1 PURPOSE AND SCOPE
This policy establishes standards of personal appearance for DPSST certified employees.

1046.5 ATTENTION TO DETAIL

(a) The first impression sets the tone for all or subsequent contacts. Consequently, all sworn and non-sworn deputies should have a desire to present the most professional and competent appearance possible.

(b) The following Attention to Detail tips are offered:

1. Care and Maintenance of Uniform Hats:
   (a) Hats should be brushed daily with a long, softly bristled brush to remove dust. A damp lint-free cloth may be used to wipe the hats to smooth the nap and renew the appearance. The hat should be wiped or brushed in only one direction, as a back and forth motion will tend to raise the nap and make it fuzzy.
   (b) When the hat is not in use for a long period, it should be placed in the original box or provided hat holder. The cord and chinstrap must be removed. The press-stay should be placed on the hat, as it will ensure the rigidity and straightness of the brim.
   (c) Rain covers should always be kept handy for inclement weather. If possible, the cover should be used prior to rain, snow, etc.
   (d) If the hat becomes water soaked, it should be dried naturally, after removing the braid and strap, by being placed on a clean surface.
   (e) In case of oil staining or spotting, any commercial fabric spot remover is appropriate. Place the liquid on a soft, dry cloth, letting it evaporate almost completely before using it to clean the hat. The spot remover's vapors, not the liquid itself, does the actual cleaning. Feather-out toward the edges of the stain.
   (f) When storing the hat, place in a cool, dry place in the hatbox or issued hat press.
   (g) "Scotch Guard" does not harm the hat and will make it more water repellent and easier to keep clean.
Uniform Equipment

(h) Soiled felt hats will be surrendered to the deputy's immediate supervisor for reconditioning or replacement. Unserviceable straw hats should be destroyed.

(c) Hat Strap
   (a) The hat strap will be adjusted to secure the hat with the strap looped at the knot on the back of the head.
   (b) The appearance of the strap will be maintained with liquid black shoe polish. The cut sides of the strap will also be dyed black.
   (c) The hat strap buckle will be kept on the right side. The strap's pointed end will be folded under the retaining loop as follows:
      (a) Fold the pointed end of the strap under approximately the width of the retaining loop, then slide the retaining loop over the folded end, securing the loop in place.

(d) Hat Braid
   1. The braid shall be placed on the hat crown in a double strand with no twists. The center "acorn" of the braid will be centered below the hat badge and tight against the crown.
   2. After securing the braid to the hat with the strap, pull the two loose ends away from the hat crown and cut them one inch beyond the edge of the brim. Wrapping the cut ends with scotch tape at this point will prevent the braid from unraveling when reapplying the acorns. Thread the cut braid ends through the acorns and fold one inch of the braid end over, then pull the acorn back over the folded end until the folded end is flush with the outer opening of the acorn. When extended straight forward, the tip of the acorns will be even with the hat brim.

(e) Jackets
   1. Metal buttons on the shoulder are displayed face forward. Breast pocket buttons are displayed upright. When properly fitted, the cuff is approximately one inch shorter than a properly fitted long sleeve shirt.

(f) Leather
   1. Leather and poly laminate duty gear, when visible, will be dyed black.

(g) Shirt
   1. The sleeve cuff should extend to the heel of the hand.

(h) Slacks
1. The length of the leg will be tailored so the front crease touches the top of the footwear selected. The cuff can be cut at approximately a 15-degree angle so that the back crease is slightly longer than the front.

(b) This office will provide training in domestic violence issues to raise the level of awareness. Training opportunities will include training for new employees and their families, Field Training Officers, supervisors, in-service and all employees.

(c) Incidents or information that do not result in charges:

1. When information about domestic violence in an employee's family comes to the attention of a commanding officer or supervisor, it is the commanding officer or supervisor's responsibility to conduct an informal inquiry.

(a) Such a session could be triggered by virtually any source, a family member, a neighbor, friend or colleague.

(b) The commanding officer or supervisor should discuss safety issues and treatment referral.

(c) Employees will be encouraged to make use of the treatment options, which include psychological services and the Employee Assistance Program.
Employee Involved Domestic Violence

2. If an employee is referred to psychological services, notification will be made to the Sheriff regarding an initial assessment and preliminary treatment plan.
   (a) Information beyond this will remain confidential, unless there is suspicion of intent to harm self or others, or if there is information regarding child abuse.

1051.8.1 RESTRAINING ORDERS
   (a) Members who are subject to a restraining order shall notify their immediate supervisor at the earliest possible time.
   (b) Federal law prohibits any respondent (person who has had a restraining order served on them) from possessing firearms and ammunition (actual or constructive possession) if the restraining order bans such possession or he/she is found to represent a credible threat to the petitioner.
      1. There is a military and law enforcement exemption for sworn members, on-duty status only.
      2. However, a restraining order that bans the respondent's possession of firearms and ammunition may still be subject to enforcement under state law, unless the respondent has received relief for that portion of the restraining order in state court.
   (c) Certified Deputies, who have state liability of a restraining order restricting firearms and ammunition possession, subject to such a restraining order, shall not be allowed to work or be in areas where actual or constructive possession of firearms and/or ammunition is possible.
      1. If the deputy/respondent is appealing a restraining order with firearm and ammunition prohibition, the deputy may be placed on administrative leave or in a position where there is no contact with the public through the duration of the appeal.
   (d) Members, who are subject to restraining orders that have firearm and ammunition restrictions, shall ensure all firearms and ammunition are removed from their residence, department locker, and any other location he/she would have actual or constructive possession of such items.
      1. This must be done immediately.
      2. If the restraining order is appealed, and as a result of that appeal, the firearm and ammunition restrictions of the restraining order are eliminated, or the restraining order is vacated, the member may have returned to his/her possession any and all firearms and ammunition that were removed.
Employee Involved Domestic Violence

(e) When a DPSST certified deputy qualifies for the federal exemption and does not have state liability or a restraining order banning firearms and ammunition possession;

1. The employee's immediate supervisor will create a report covering the circumstances of the restraining order and forward the report to the Sheriff through the chain of command.

(f) The Sheriff will make a determination regarding what accommodation, if any, should be made for the firearm restriction.

(g) If directed by the Sheriff;

1. The employee's shift supervisor or designee will issue the deputy's duty firearm(s) and ammunition to him/her at the beginning of each work shift, and collect the firearm(s) and ammunition at the end of each shift;

2. The firearm(s) and ammunition will be stored in a manner that does not allow actual or constructive possession by the officer when he/she is off duty;

3. The office will not facilitate or allow a certified member to work under the federal exemption until he/she has been cleared by a psychological threat assessment;

4. Since restraining orders are twelve (12) months in duration and may be extended, duty status could be terminated;

5. During the month of January, an annual check will be made of every member's law enforcement record, including, but not limited to CCH, by a designee of the Sheriff to determine if there are any entries for domestic violence arrests, convictions or restraining orders;

6. Any domestic violence arrest, conviction or restraining order found as a result of such a check will be forwarded to the Sheriff;

7. A member convicted of a domestic violence crime, whether or not it meets federal standards, shall be subject to discipline up to and including termination.
Temporary Modified-Duty Assignments

1055.1 PURPOSE AND SCOPE
This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, County rules, current collective bargaining agreements or memorandums of understanding. For example, nothing in this policy affects the obligation of the Office to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1055.2 POLICY
Subject to operational considerations, the Lincoln County Sheriff's Office may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Office with a productive employee during the temporary period.

1055.3 GENERAL CONSIDERATIONS
Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the Oregon Family Leave Act (OFLA) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Lincoln County Sheriff's Office shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Office. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Sheriff or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

1055.4 PROCEDURE
Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.
Temporary Modified-Duty Assignments

Employees seeking a temporary modified-duty assignment should submit a written request to their Division Commanders or the authorized designees. The request should, as applicable, include a certification from the treating medical professional containing:

(a) An assessment of the nature and probable duration of the illness or injury.
(b) The prognosis for recovery.
(c) The nature and scope of limitations and/or work restrictions.
(d) A statement regarding any required workplace accommodations, mobility aids or medical devices.
(e) A statement that the employee can safely perform the duties of the temporary modified-duty assignment.

The Division Commander will make a recommendation through the chain of command to the Sheriff regarding temporary modified-duty assignments that may be available based on the needs of the Office and the limitations of the employee. The Sheriff or the authorized designee shall confer with the Personnel Department or the County Counsel as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Supervisor or Division Commander, with notice to the Sheriff.

1055.5 ACCOUNTABILITY
Written notification of assignments, work schedules and any restrictions should be provided to employees assigned to temporary modified-duty assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate operations and the employee's medical appointments, as mutually agreed upon with the Division Commander.

1055.5.1 EMPLOYEE RESPONSIBILITIES
The responsibilities of employees assigned to temporary modified duty shall include, but not be limited to:

(a) Communicating and coordinating any required medical and physical therapy appointments in advance with their supervisors.
(b) Promptly notifying their supervisors of any change in restrictions or limitations after each appointment with their treating medical professionals.
(c) Communicating a status update to their supervisors no less than once every 30 days while assigned to temporary modified duty.
(d) Submitting a written status report to the Division Commander that contains a status update and anticipated date of return to full-duty when a temporary modified-duty assignment extends beyond 60 days.
1055.5.2 SUPERVISOR RESPONSIBILITIES
The employee's immediate supervisor shall monitor and manage the work schedule of those assigned to temporary modified duty.

The responsibilities of supervisors shall include, but not be limited to:

(a) Periodically apprising the Division Commander of the status and performance of employees assigned to temporary modified duty.

(b) Notifying the Division Commander and ensuring that the required documentation facilitating a return to full duty is received from the employee.

(c) Ensuring that employees returning to full duty have completed any required training and certification.

1055.6 MEDICAL EXAMINATIONS
Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations.

The Office may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1055.7 PREGNANCY
If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment.

1055.7.1 NOTIFICATION
Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the County's personnel rules and regulations regarding family and medical care leave.

1055.8 PROBATIONARY EMPLOYEES
Probationary employees who are assigned to a temporary modified-duty assignment shall have their probation extended by a period of time equal to their assignment to temporary modified duty.

1055.9 MAINTENANCE OF CERTIFICATION AND TRAINING
Employees assigned to temporary modified duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided that the certification, training or qualifications are not in conflict with any medical limitations or restrictions. Employees
Temporary Modified-Duty Assignments

who are assigned to temporary modified duty shall inform their supervisors of any inability to maintain any certification, training or qualifications.
Employee Speech, Expression and Social Networking

1059.1 PURPOSE AND SCOPE
This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Sheriff's Office.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or deputy associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1059.1.1 APPLICABILITY
This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

1059.2 POLICY
Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this office. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this office be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Lincoln County Sheriff's Office will carefully balance the individual employee's rights against the Sheriff's Office needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1059.3 SAFETY
Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the Lincoln County Sheriff's Office employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:
Employee Speech, Expression and Social Networking

- Disclosing a photograph and name or address of a deputy who is working undercover.
- Disclosing the address of a fellow deputy.
- Otherwise disclosing where another deputy can be located off-duty.

1059.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT
To meet the office safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or deputy associations, on a matter of public concern):

(a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Lincoln County Sheriff's Office or its employees.

(b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Lincoln County Sheriff's Office and tends to compromise or damage the mission, function, reputation or professionalism of the Lincoln County Sheriff's Office or its employees. Examples may include:
   1. Statements that indicate disregard for the law or the state or U.S. Constitution.
   2. Expression that demonstrates support for criminal activity.
   3. Participating in sexually explicit photographs or videos for compensation or distribution.

(c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.

(d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Sheriff's Office. For example, a statement on a blog that provides specific details as to how and when prisoner transportsations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.

(e) Speech or expression that is contrary to the canons of the Criminal Justice Code of Ethics as adopted by the Lincoln County Sheriff's Office.

(f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Sheriff's Office for financial or personal gain, or any disclosure of such materials without the express authorization of the Sheriff or the authorized designee (or any other act that would constitute a misuse of public information in violation of ORS 162.425).
(g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of office logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Lincoln County Sheriff's Office on any personal or social networking or other website or web page, without the express authorization of the Sheriff.

(h) Accessing websites for non-authorized purposes, or use of any personal communication device, game device or media device, whether personally or office-owned, for personal purposes while on-duty, except in the following circumstances:

1. When brief personal communications may be warranted by the circumstances (e.g., inform family of extended hours).

2. During authorized breaks; such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1059.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS
While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or deputy associations, employees may not represent the Lincoln County Sheriff's Office or identify themselves in any way that could be reasonably perceived as representing the Lincoln County Sheriff's Office in order to do any of the following, unless specifically authorized by the Sheriff:

(a) Endorse, support, oppose or contradict any political campaign or initiative.

(b) Endorse, support, oppose or contradict any social issue, cause or religion.

(c) Endorse, support or oppose any product, service, company or other commercial entity.

(d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or on any website.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g. bargaining group), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Lincoln County Sheriff's Office.

A notice of restrictions on political activities by employees will be posted and maintained by the Office in a place that is conspicuous to all employees as required by law (ORS 260.432).

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or deputy associations, on political subjects and candidates at all times while off-
Employee Speech, Expression and Social Networking

duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1059.5 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to emails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any county or Sheriff's Office technology system (see the Information Technology Use Policy for additional guidance).

1059.6 CONSIDERATIONS
In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Sheriff or authorized designee should consider include:

(a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
(b) Whether the speech or conduct would be contrary to the good order of the Sheriff's Office or the efficiency or morale of its members.
(c) Whether the speech or conduct would reflect unfavorably upon the Sheriff’s Office.
(d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
(e) Whether similar speech or conduct has been previously authorized.
(f) Whether the speech or conduct may be protected and outweighs any interest of the Sheriff's Office.

1059.7 TRAINING
Subject to available resources, the Sheriff's Office should provide training regarding employee speech and the use of social networking to all members of the Office.
